BULL MOOSE PLEA FOR RECOGNITION

Legislature Asked to Grant **Progressive Party Legal** Status in Oregon.

LAWS WANTED OUTLINED

Extension of Direct Primary, Pop ular Review of Judicial Decisions and Wage Publicity Part of Acts Enumerated.

The legislative committee of the State The legislative committee of the State Central Committee of the Progressive party, consisting of B. Elmer Kennedy, G. C. H. Corliss, Fred S. J. Tooze, George Arthur Brown, A. L. Moulton, Paul B. Wallace and A. V. Swift, met yesterday and drafted an outline of legislation desired, which they have lasued as an open letter to the Legis-lature of Oregon. The text of their statement is as follows: "The Progressive party of Oregon, having in mind the weitare of the peo-

having in mind the welfare of the peo-ple of the state, regards it as its boundple of the state, regards it as its ound-en duty to recommend to the Legisla-ture the enactment into law of certain measures intended to promote social and industrial justice. Civilization and progress, if they mean anything, mean the betterment of the conditions mean the betterment of the conditions under which we live. The time has come when the demand of the people for legislation which shall improve their condition, with special reference to the interests of industrial workers to the interests of industrial workers and agricultural communities, must be hearkened to. The most vital problem of human life is human happiness and, strange as it may seem, this is almost purely an economic question. It is not a question of how much riches we can acquire, but rather how much of wholsacquire, but rather now much of whole some, healthful happiness and pleasures the average individual can get out of life. There is an unalterable rule of nature that the good of each is insepar-bly bound up in good of the whole and when our system or our conditions run consists to this axiometic truth there counter to this axiomatic truth, there but one result, and that, sooner or later, is National disaster.

Extension of Primary Urged.

As a party, whose expressed mission As a party, whose expresses mission it is to secure the adoption of laws that will embody the splendid human-istic principles enunciated in the Pro-gressive National platform, we feel it incumbent upon us to urge the enact-ment of legislation that will secomment of regimetron that will actom-pilsh these principles is that of the direct primary. The various states of the Union are adopting this funda-mental doctrine of popular rule and the Progressive party is squarely on record as favoring its further extension. As a pledge of good faith in this re-gard, we herewith formally ask the Republican majority of both houses of the Legislature to pass a bill giving the Progressive party of Oregon a legal infus as a party under the primary lection laws, in order that Progressive for negatives and go before the people for nomination at the same time and in the same manner as the candidates for Republican and Democratic nomifor Republican and Democratic nomi-nations. Having cast practically 40,000 votes in this state at the recent clot-tion, we feel that we are entitled to recognition as a legal party. Such statutory recognition of the Progres-sive party would enable us to obviate the necessity of nominating our can-diance by the discreding composition didates by the discredited convention

system. "In this connection we desire to en-dorse the Lofgren bill, now pending before your body, giving voters the right to vote at Presidential primaries entire enterprise, not in the interest of speculators but for the benefit of act-ual settlers. "For the reasons indicated we favor a system of agricultural credit for the use and benefit of those on the farm, for the whole number of delegates to National conventions to which their party is entitled. We also favor the addition of a proviso that the National committeemen shall be chosen in the primaries at the same time that dele-gates are chosen to the National con-

hands for a portion of the expense of their development, as well as in going irrigation projects and in longed-off hands, is a safe investment. Those who are devoting their energy and their small fortunes to these enterprises, and have demonstrated their ability to make a success therein, are morally entitled to the support and encourages a whole, should receive the benefit of the fuller development of our land re-sources at the earliest possible moment onnsistent with safety to the Invest-ment. We believe, therefore, that the state should establish a department on the supervision loans at a low inder whoes supervision loans at a low rate, under careful safeguards, shall be made to the people engaged in these arricultural enterprises. The Caref in the Interest of the settlers, along lines suggested by the recent Irrigation for the interest of the actual settler shall have full consideration This land department should take up the matter of logged-off linds, security

Captain John W. Cochran

The ploneer steamboat captain to navigate the Upper Willamette was Captain John W. Cochran, who celebrated his 90th birthday

on January 22, with a reception to his friends at his residence, 1286 Williamette boulevard, in this

city, Many letters and telegrams of congratulation on his con-tinued excellent health were re-ceived on that day. In 1856 Captain Cochran took the steamer James Clinton as far

up the river as Eugene, it being

up the river as Eugene, it being the first steamer to navigate the Willamette above Corvallis. It was done at the request of the following merchants of Eugene and Harrisburg: A. A. and David McCully, L. and Jacob Fleischner, Joseph Teal and Steven Church, it being promised, if the trip proved feasible that they would

proved feasible, that they would help build another boat, which was done the following year, be-ing named the Surprise. Later the same parties organized the People's Transportation Com-
