WAITRESSES SOUND ALARM

Young Women Rush Through Burning Halls, Assisting Those Overcome by Smoke—One of Dead Is Widely-Known Artist.

SACRAMENTO, Feb. 2.—Four persons are known to be dead, two others are dying, 10 others are in hospitals suffering from burns or broken bones, and the search for bodies continues tonight in the ruins of the St. Nicholas apartment-house, which went up in flames while some of the guests were at breakfast this morning and others were still in their rooms.

An explosion of fumes of oil which had escaped from a defective burner in the basement started the fire which quickly enveloped the building.

Four in List of Dead.

The dead: Mrs. Nora Lawrence, 47 years old, clerk for Wells-Fargo Express Company. Body found in ruins.

Albert Febr, 65 years old, pensioned Southern Pacific machinist. Body found in ruins.

W. J. Dunn, 30 years old, local manager of Underwood Typewriter Company.

Unidentified body, found in ruins, is fatally injured.

Harold Protzman, engraver, back broken, internal injuries.

Walter E. Febr, machinist.

Dunn and Protzman jumped from the windows, as did Charles E. Cox, minute clerk of the State Assembly; R. E. Campbell, clerk of the State Fish and Game Commission, and many others.

Waitresses Do Heroic Work.

That nearly all of the 30 persons occupying rooms in the house were not burned to death was due to the heroic work of Miss Frances Reddick and Miss Mary Courtwright, waitresses who ran through the burning halls, awakening everyone and assisting those who were overcome by smoke. After dragging Einer Sorenson, who had collapsed within a few feet of the front entrance, to safety, Miss Reddick rushed back into the burning building, aiding and directing those who had become confused. She was herself rescued by a fireman when she fell exhausted.

Mary Courtwright saved the little son of Mr. and Mrs. Thomas Driver by snatching him from his mother's arms. Mrs. Driver barely escaped with her life.

Dunn was an artist of considerable repute. He had drawn a number of cover designs used by magazines and weeklies of National circulation.

The property loss is about \$70,000.

TOPEKA, Kan., Feb. 2.—(Special.)—Out of 1500 corporations of all sorts that have tried to do business in Kansas, only 97 have been found to be of sufficient strength to allow the Kansas farmers to make investments. The Kansas Blue Sky Law, which requires that each corporation must first obtain a permit from the State Banking Department, which has authority to examine the company and see whether or not investors have any chance of getting their money back. In 20 months the law has been in operation 1500 companies have asked for certificates of authority and only 97 have been found worthy.

MILLIONAIRE TO BE TRIED

Beach, Charged With Attempt to Kill Wife, Has Hearing Tomorrow.

AIKEN, S. C., Feb. 2.—Frederick O. Beach, of New York, will be placed on trial here Tuesday in the Court of General Sessions on a charge of assaulting his wife with intent to kill her. The hearing will be the sequel to a mysterious attack on Mrs. Beach on the lawn of the Beach residence here February 25, 1931. In addition to being bruised, the millionaire's wife suffered a serious cut on the throat.

Immediately after the assault it was announced that Mrs. Beach had been attacked by a negro from whom she was in the act of taking a note to be delivered to one of the Beach servants. Rewards aggregating several thousand dollars were offered for the apprehension of her mysterious assailant. Detectives put on the case later caused the arrest of Mr. Beach.

Pearl Hampton, a negro woman said to have witnessed the attack on Mrs. Beach, and a detective employed by the town of Aiken to investigate the case, probably will be the state's chief witnesses.

It is understood that Mrs. Beach will take the stand.

OFFICER SHOTS MANIAC

Man Who Terrorized Town With Two Revolvers Now in Hospital.

SAN MATEO, Cal., Feb. 2.—While the Chief of Police was telephoning the county authorities at Redwood City for permission to use extreme measures in capturing an insane man who had the town terrorized this afternoon, Constable Ferguson Owen got a rifle and had the culprit in a hospital before the Chief received word to go ahead.

Until Owen took the responsibility upon himself the insane man, Mike Angjelmik, was using two revolvers to clear the streets in the business part of town. He fired more than 30 shots and narrowly missed several persons.

Owen's bullet struck him close to the heart and he probably will die.

MORGANATIC WIDOW OF BELGIAN KING WHOSE EFFORT TO ENTRAP PRESENT HUSBAND CAUSES AMUSEMENT.

BARONESS VAUGHAN.

"MAID" IS ACCUSED

Baroness Finds Jeweled Woman in Servants' Room.

HUSBAND IS SUSPECTED

Former Morganatic Wife of Late King of Belgium Causes Talk in Vienna by Recent Efforts to Entrap Spouse.

VIENNA, Jan. 25.—The efforts of Baroness Vaughan, morganatic wife of the late King Leopold of Belgium, to entrap her present husband, M. Durieux, have caused much amusement in Vienna, as well as in other European capitals where the Baroness is well known and much talked about.

The Baroness went to the Palace of Justice and complained that her husband was taking women into their home. The judge issued a warrant and sent several detectives in charge of a commissary of police to the house.

The officers demanded and obtained admittance. Durieux declared that he was alone. The detectives did not find any women, but they picked up shoes and stockings, which they pocketed.

Then they searched the house and found a woman in the servants' quarters. Her fingers were covered with jewels. She insisted that she was one of the maids.

This was a poser, and the situation was not simplified when the police commander intimated that the woman was put on a pair of shoes which were found in the cupboard, in which she was unable to walk. The detectives, believing that they had secured sufficient evidence, restored the shoes and stockings.

The Baroness Vaughan a short time ago is the old story—the other sex is not conducive to increasing the weight of the treasury coffers.

J. H. Brinkerhoff, superintendent, characterized the contemplated changes as disciplinary ones. He was inclined to scoff at the idea that pretty girls have anything to do with it. He says if the order goes into effect, all it will be for the purpose of lessening the possibility of collusion between agents and gatemen.

Upon the station platforms it is whispered about that some of the girls have been commuters so long and some of the gatemen at the turnstile stations have been at the same stations so long that friendships have formed. It is suggested that possibly the gatemen or agents try to lighten the financial burdens of the pretty girls.

RAILWAY GATEMEN FORGET TO PUNCH THEIR TICKETS.

Illinois Central Employees to Be Transferred to Places Where Commuters Are Strangers.

CHICAGO, Feb. 2.—Because suburban agents and gatemen on the Illinois Central Railroad have become so friendly with the pretty girls that they sometimes forget to punch their commutation tickets, officials of the road are about to transfer a number of the agents and gatemen to fields where they are not so well acquainted with the lassies who make regular trips over the suburban line.

COUNTY GETS INTEREST

Public Funds Credited With \$89.35 for January.

For the first time in the history of Multnomah County the balance sheet which County Clerk Coffey's deputies drew for the benefit of the County Court yesterday, covering January's business showed entries crediting the county with interest on daily balances in the banks and with half the amount received as naturalization fees. The amount credited for interest was \$89.35 and half the naturalization fees amounted to approximately \$80, making a total of practically \$170. The interest was paid by the Northwestern

NURSE MISSING AND PROVES AGAIN

Agnes Mannion, Formerly of Portland, Wanders Away From Roseburg.

GIRL THOUGHT TO BE ILL

Leaving Home of Binger Hermann, Apparently to Attend Church, She Disappears in Direction of City Reservoirs.

ROSEBURG, Or., Feb. 2.—(Special.)—Leaving the home of Mr. and Mrs. Binger Hermann, where she was employed in nursing Madge Miller, this morning, with the apparent intention of attending church, Agnes Mannion, a nurse, has disappeared and all efforts to find her tonight failed. Miss Mannion was a Catholic and, according to custom, left the Hermann home this morning and started to church. Nothing was thought of the incident at the time and not until 4 o'clock P. M. did members of the family suspect she had wandered away while suffering from a temporary spell of nervousness, to which she was subject.

The officers were notified, and it was discovered that she had not reached the church. Further inquiry led to the discovery that the girl was last seen at 10 A. M., walking in the direction of the thickly timbered districts east of town. In fact, one person from whom the officers inquired said he was well acquainted with the girl and conversed with her as she passed his residence.

Actions Deemed Peculiar. This man said she acted peculiarly and at first shunned recognition. Following this, the officers dispersed a crowd of men to the hills, where tracks resembling those of a woman were found leading over a steep hill and in the direction of the city reservoirs. She disappeared along the side of the hill and finally terminated at the fence enclosing the reservoirs. At this point all trace of the missing girl was lost.

Tonight one posse is searching the hills west of town, while another is dragging the reservoirs through fear that she has committed suicide.

Miss Mannion formerly lived at Portland and came to Roseburg about 18 months ago. She spent some time in a hospital, but later accepting employment at the Hermann home. She is about 23 years old and, from information gathered tonight, was once treated at a sanitarium for a nervous ailment. It is said that she once wandered away while living at Portland.

Parents Live in Portland. The address of her father and stepmother, who live at Portland, could not be ascertained tonight. When the girl left the Hermann home she wore a house dress and had no hat. It is said Miss Mannion had been very nervous lately and on one occasion told members of the family that it would prove useless to search for her in the event she wandered away.
