GRAIN BAG PROBE URGED

UMATILLA COUNTY FARMERS CHARGE MONOPOLY.

Price Advances Over Four Cents in Year Despite Heavier Crop of Jute, Is Complaint.

PENDLETON, Or., Feb. 2.—Through the local branch of the Farmers' Co-operative and Educational Union, Umatilla County agriculturists are making preparations to resist a so-called monopoly on grain bags, which they say, bids fair to hit farmers of the Northwest hard this year during the coming harvest season.

At this season last year bags were quoted at 6 1/2 cents while this year 11 cents is asked, notwithstanding the jute crop is reported to be unusually heavy one. It is said that the cost of trouble is with the company supplying jute. In support of this contention the case is cited of the State of Washington last season sending a man to India to buy jute for use in the Walla Walla penitentiary and of his finding the India supply cornered. He was unable to buy the product any cheaper there than at home.

A shortage of bags is not plausible, the farmers declare, for past experience has shown that the number of bags can be had if the necessary price will be paid for same.

RECALL THREAT IS MADE

Medford Citizens Divided Over Appointment of Mayor Effert.

MEDFORD, Or., Feb. 2.—(Special).—Medford is divided over Mayor Effert's selection of a market master. The city market, established last year, was successfully managed by E. Runyard, and there was considerable demand for his reappointment.

Following a precedent, Mayor Effert selected his own man for the office, but only the Councilmen supported the new appointee. Meanwhile petitions have been circulated by Runyard's friends asking for his retention and, if the Mayor does not comply, threats of recall are made.

According to Mayor Effert's friends, this is merely a political move on the part of the Councilmen to embarrass the new administration, and they will oppose an appointment unless it replaces Runyard.

The issue has divided the city into violent factions and the women are taking an active part.

Miss Muck First to Register.

ST. JOHNS, Or., Feb. 2.—(Special).—Miss Emma Muck, daughter of Mayor A. A. Muck, was the first woman to register for election in St. Johns. The books were opened Saturday for registration for the city primaries, to be held March 8.

SIDELIGHTS ON OREGON LEGISLATURE

MEMBERS have been drinking Bull Run water for some time out of the ice-water cooler at the rear of the Senate chamber. Members of the House are not so well treated and have to walk way across the Capitol to get a drink of Bull Run if they wish it.

Two years ago some practical joker poured a quart of "blind pig" whisky into the water cooler and a few of the members complained, while others did not. There was considerable talk against an attempt to inject a new flavor into the Bull Run water. The water is shipped from Portland in large quantities.

BOTH the Elks' Club and the Hillside Club of Salem have extended their full privileges to the members of the Legislature and the press during the session. The past week none of them, particularly the latter, have found much opportunity to take advantage of the invitation.

CHARLES H. T. JONES conducts a teachers' magazine as a pastime and every two years engages in actual work by "doing" the Senate part of the Legislature for the Salem Statesman. He is a biennial fixture at the State Capitol in the Senate Chamber, watching the proceedings his one intense interest is in educational bills, and when one of such is running the gauntlet of debate he is on tenterhooks.

BEN OWEN, OLCOTT, Secretary of State, owns a dog christened "Governor," in honor of Oswald West, but who answers principally to "Puppo." "Puppo" is an Irish setter and came from Astoria, a present from Charles Brown. He has been active in making acquaintances among the legislators.

THE "third House" is scheduled to meet next Thursday night in the Hall of Representatives. The appellation is no misnomer. It includes the clerks, stenographers and such of the old guard of the lobby regiment as can be persuaded to join in the festivities. It is a sacred biennial legislative custom that has been handed down through many sessions. Members of the "third House" hold a mock session of the genuine House. It is generally a rather humorous affair, as a burlesque on the legislators. It always draws a big crowd, and from the plans that have been made this year it should be better than ever.

"JUNK" is the term that Governor West applies to the obsolete sections of the code that are being repealed, and the repeal of which he advocates. On the face of them the term is apt. As witnesses, one of the sections repealed provided for construction of bicycle paths, and another that

of the trip of a Mount Rainier mountain climbing party. Some of the adventures were thrilling and the scenery of the entire trip was enchanting. Miss Allen featured in a song and a rousing round of applause was given the Ad Club quartet.

Five association films were on the program at the Star Theater and hundreds patronized this house. There was a Vitaphone comedy, an Edison drama, an Essanay Western, with Gilbert Anderson in the lead as Bronco Billy, and a foreign Pathe educational, in which was shown a battle royal between two different species of chamberlains. A Harry Lauder, Scotch comedian, a trice violinist and Miss Baker furnished the musical numbers of the bill.

The best show of the company was at the Arcade, where the management offered two two-reel features. "When Lincoln Paid," told of a great episode in the life of the martyred President. The other was the third of the Sherlock Holmes pictures. There was also a monologue with Lincoln in the background most appropriate to the big feast, and Roy Dietrich sang with fervor.

The Sunnyside Theater had four good pictures and a song by J. C. Huber, who appeared before the audience next at 3 P. M., there will be a meeting at this theater of the Parent Teachers' Association. All the mothers and best of all, the children, are cordially invited to attend. Admission will be free.

There are a few bills that have come out of the committees with appropriations attached, but few have passed in either the House or the Senate, but none have gone past both bodies. These bills which have passed in one or the other house do not carry heavy appropriations, being such measures as the one carrying \$2,000 additional for the State Dairy and Food Commissioner or the bill installing an appropriation of \$1,500 to carry a stenographer at the State Asylum for the Insane.

The ways and means committee has so far not reported on the budget for institutional institutions, although in fact practically all of them, have been introduced.

Whether the committee will prune the requests of the superintendents of the institutions when they send in the big appropriation bills is not fully decided. It is probable that the budget system will be used as it stands as recommended by the superintendent and introduced in the House and then be re-referred to the ways and means committee. This is considered a possibly the most expeditious manner and will furnish the committee an opportunity to go completely into the recommendations.

North Yakima Debt Reduced. NORTH YAKIMA, Wash., Feb. 2.—(Special).—After six months of the commission form of government, Yakima has reduced its bonded indebtedness \$20,000. In addition, \$40,000 for sewerage works and \$42,000 less January, 1912, than they were January, 1912.

Sewer Bonds To Be Voted On. NORTH YAKIMA, Wash., Feb. 2.—(Special).—A special election to vote on a bond issue of \$150,000 for sewerage works and a plant will be set Monday by the City Commission, for March 18.

Liquor Measures Many. McDonald has introduced a bill providing for the regulation of the sale of liquor by druggists. Bonchrahe has a bill defining intoxicating liquors; Gill a bill to prevent the sale of liquors outside of incorporated cities and towns; Blanchard a bill to close houses of prostitution, and another to keep minors out of poolrooms; Gill also has a bill making a heavier penalty for the sale of liquor without a license, and Howard has two bills—one to regulate dancehalls and another providing for the abatement of nuisances by injunction. Also introduced is a bill to prevent the sale of liquor to drunks and to provide for a right of action for such sale, and still another to prevent the shipment of liquors into "dry" territory. This is also considered one of the more important in connection with the Governor's program.

Morals Court Urged. Hoskins has a bill to prevent the sale of liquors outside of incorporated cities; Wood one to prevent the sale of narcotic drugs to prisoners or inmates of state institutions; Bear to punish for non-support of a wife or child, which has already been signed by the Governor; Smith, of Coos, a bill to prevent sales of liquor near county fairs; Hoskins, a bill to prevent the sale of liquor in depots, and Farrell a bill providing for a morals court, as well as a sterilization bill.

It is possible that some more legislation in the lines of moral reform may be forthcoming before the Legislature adjourns.

FLO IS SCOUT MASTER. Council of Albany Boy Organization Is Selected. ALBANY, Or., Feb. 2.—(Special).—Hans Flo, principal of the commercial department of Albany College, has been chosen scout master of the council of Boy Scouts formed recently in this city, and Delos L. Foster, secretary of the Young Men's Christian Association, has been selected scout commissioner.

The following local men have been chosen to form the council which will manage the Boy Scout movement in this city: C. W. Boetticher, J. C. Holbrook, A. C. Schmitt, F. E. Van Tassel, Frank M. Powell, C. G. Ginton, Page, George H. Crowell, S. M. Braden, J. C. Irvine, J. W. Dickover and C. B. Winn. Professor Boetticher, who is superintendent of the Albany public schools, was elected president of the council, and City Recorder Van Tassel, secretary. J. C. Holbrook was chosen vice-president and C. B. Winn, treasurer.

J. C. Irvine, S. M. Braden and Delos Foster were selected as members of the court of honor, and J. W. Dickover, George H. Crowell and

This is considered a possibly the most expeditious manner and will furnish the committee an opportunity to go completely into the recommendations.

REFORM BILLS MANY

Legislature to Consider Legislation of This Kind.

GOVERNOR BACKS SOME. Majority of Measures of Moral Tenor Are Proposed of West or Ones to Which He Has Given His Approval.

STATE CAPITOL, Salem, Or., Feb. 2.—(Special).—Moral and reform legislation is now well scattered through both houses, and there are large numbers of bills with this end in view. A majority of them are bills of the Governor or bills to which he has given his stamp of approval.

Probably the one which is considered as the most important in his program, but which is not directly aimed at a moral reform is the bill giving him the right to supplant District Attorneys, Sheriffs and Constables with special officers.

McDonald has introduced a bill providing for the regulation of the sale of liquor by druggists. Bonchrahe has a bill defining intoxicating liquors; Gill a bill to prevent the sale of liquors outside of incorporated cities and towns; Blanchard a bill to close houses of prostitution, and another to keep minors out of poolrooms; Gill also has a bill making a heavier penalty for the sale of liquor without a license, and Howard has two bills—one to regulate dancehalls and another providing for the abatement of nuisances by injunction. PUPILS RAISE POULTRY

Orengo Schoolchildren Engaged in Contest on Chickens.

ORENGO, Or., Feb. 2.—(Special).—The Orengo school children are taking up a contest on poultry-raising and through M. McDonald, president of the Orengo Nursery Company, each school has been offered a setting of pure blood Barred Plymouth Rocks, White Plymouth Rocks and White Orpingtons.

In order to make the contest interesting the ten securing the highest percentage in their school studies receive the highest-priced egg. All those receiving above 92 in general average for January and February, second, and those between 80 and 91, third. This will enable every child in the school of Orengo to secure a setting of pure blood chickens.

The children are enthusiastic over this contest and over the school gardens which will be raised here during the summer. About 30 of the girls have signified their intention to grow a flower garden, and about an equal number have a school garden, and an equal number home gardens.

Special committees have been appointed to assist the children in the poultry raising, and the contest will be a fair will be held in the fall at which exhibits will be made.

ROADBUILDING TO BE TOPIC

Linn County Supervisors Will Hold Convention Thursday.

ALBANY, Or., Feb. 2.—(Special).—To discuss methods of road building, with a view toward having uniform work throughout the entire county, all of the road supervisors of Linn County will meet in convention with the members of the County Court in this city next Thursday. The entire day will be devoted to a discussion on road building.

There are 33 road districts in Linn County, and it is expected that the supervisors from all of them will be in attendance at the convention. D. B. McKnight, County Judge, and O. H. Russell and T. J. Butler, County Commissioners, will discuss road improvement plans and methods of work with the supervisors at this time, and the year's work will be outlined.

Linn County has a 2-mill levy for road purposes this year, and this will raise about \$20,000 for road improvement work. Besides this general levy, which will be raised in every district in the county, eight road districts have made special levies for road improvement work. These special road district levies range from 1 1/2 to 3 mills.

PASCO Will Celebrate. PASCO, Wash., Feb. 2.—(Special).—Plans are being made for the formal opening of Franklin County's magnificent new Courthouse early in March. It is intended to have Governor Lister, members of the Supreme Court, Judge

STOMACH SOUR AND FULL OF GAS? GOT INDIGESTION? HERE'S A CURE.

Time! In five minutes all stomach distress will go. No indigestion, heartburn, sourness, or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache. Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain remedy in the whole world and besides it is harmless.

Millions of men and women now eat their favorite foods without fear—they know now it is needless to have a bad stomach.

Holcomb, of the local Superior Court, and representatives of the commercial organizations of Spokane, Seattle, Tacoma, Portland and other cities take part in the dedication ceremonies. Vancouver to Lobby For Bridge. VANCOUVER, Wash., Feb. 2.—(Special).—Part of the Pacific highway bridge committee, Messrs. A. L. Miller, Donald McMaster and James P. Stapleton, will go to Olympia tomorrow to appear before the committee there in the interests of the proposed bridge to be built between Vancouver and Portland. The men will be armed with statistics showing the urgent need of the bridge. Liquor Cases Up at Albany. AL
