DR. M'CAULEY WEDS

Miss Lena Simpson Becomes Wife of Physician.

CALIFORNIA TRIP IS TAKEN

St. Stephen's Pro-Cathedral Scene of Social Event When Portland Couple Take Marriage Rites.

Couple Take Marriage Rites. Miss Keck Maid of Honor.

St. Stephen's Pro-Cathedral was the scene last night of a beautifully appointed wedding, at which Miss Lena Simpson became the bride of Dr. Frank J. McCauley. The church was decorated with white lilies and palms. Preceding the ceremony, Carl Denton, the organist, played "Duo" from a suite by Liszt; "Noel," by Gullmair, and the "Festival Prælude" by Tschichow. The bridal party approached the altar to the strains of the bridal chorus from "Lohengrin" (Wagner). The bride wore a robe of creamy crepe satin elaborated with duchesse and rose point lace. Her veil fell in graceful folds from a mob cap of orange blossoms. A shower bouquet of lilies of the valley and bride roses, caught with tulle streamers, completed her costume.

Miss Crystal Keck, a younger sister of the bride's mother, was maid of honor. She was gownned in pastel pink satin with overdrapes of lace. Miss Edith Shueley, as bridesmaid, was attired in pink chambray. Both the attendants carried pink bridesmaid roses. Dr. John McCullom was best man. The ushers were: Dr. Marr Bissonell, Edward Brazell and John Hickson. The service of the Episcopal Church was read by the Rev. Horace M. Ramsey. As the party left the church the organist played the Mendelssohn "Wedding March."

Following the ceremony there was a reception at the home of the bride's parents, Mr. and Mrs. G. W. Simpson. In the drawing-room and hall enchantress carnations, smilax and palms were used as an effective decoration, while in the dining-room, the table was adorned with pink begonias. The bride and bridegroom received, in company with Mr. and Mrs. Simpson.

The bride's mother was gownned in amber chambray with drapes of black net embroidered in orchid tints. Mrs. Alice McCauley, mother of the bridegroom, wore lavender satin, with overdrapes of black lace. Mrs. Hattie Mack, an aunt of the bride, was gownned in apricot chambray, elaborated with jet trimming. In the dining-room, Mrs. R. R. Gillette and Mrs. McKinley Mitchell served. Mrs. N. T. Palmer and Mrs. R. T. Cleston assisted about the rooms. Several scores of friends were in attendance to congratulate the young couple after the reception. Dr. and Mrs. McCauley left for their honeymoon, which will include a month's visit to the principal points of interest in Southern California. On their home-coming they will reside in Portland.

Mrs. Lanron R. Mason was hostess yesterday at an attractive afternoon tea, at which she honored Miss Beatrice Tyson, who will leave to-day for her home in San Francisco. Mrs. Mason entertained, informally, receiving about 25 of the younger members of the smart set. Assisting her in her duties were Mrs. Kenneth Beebe, Miss Jean MacKenzie, Miss Virginia Burns and Miss Harriet Cumming. Daffodils and asparagus fern adorned the rooms of the Mason house.

The home of Mrs. Charles Woodcock was the scene of a reception Monday afternoon, when the women of the Piedmont Presbyterian Church entertained. The house was decorated in spring blossoms and greenery. Assisting in the receiving line were Mrs. William R. Russell, Mrs. L. Van Vleet, Mrs. J. E. Snyder and Mrs. Woodruff presided in the dining-room and were assisted by Miss Ruth and Miss Edith Woodcock, daughters of the hostess, and their cousins, the Misses Naomi and Ruth Woodcock. An excellent program was given, at the pleasure of the 75 guests, who called during the hours. Miss Leah Slusser sang a group of the solo; Miss Eva Jackson contributed a solo, "My Lovely Rose" and Miss Edith Woodcock, who is a gifted pianist, played.

At a simple ceremony on Monday afternoon at the Hotel Portland, Miss Theresa Harrigan became the bride of H. Arthur W. Graham; Rev. Matthews was the officiating clergyman. Both bride and bridegroom are residents of Canby, Or., but have many friends in and about Portland. Mr. and Mrs. Graham left yesterday for Gearhart, where they will pass their honeymoon. Those present at the marriage were Mr. and Mrs. J. H. Graham, Mr. and Mrs. Harrison, Charles Levy and Charles Graham.

R. G. Morrow and C. Stanley Rogers are among the Portland residents recently noticed at the U. S. Grant Hotel, San Diego, Cal. At the same hostelry are Mr. and Mrs. H. L. Fording, of Hood River, who will remain in the south for several weeks.

A card party was given last night by the prominent members of St. Rose's Catholic Church. The affair took place in the parish hall in Rose City Park and was well attended, being the last social affair to be given by the members until after Easter. Mrs. C. H. Still, Mrs. E. J. Ryan and Mrs. Frank Collins were among those who planned the party.

An event of note last night was the dancing party given at the Hotel Malvern by the Lux Urbis Society. An attractive musical programme added to the success of the affair. A number of prominent matrons acted as patronesses. In the group were: Mrs. Charles E. Sitton, Mrs. B. W. Jessup, Mrs. G. W. Brown, Mrs. M. G. Munly, Mrs. L. G. McAloney, Mrs. M. B. Marcellus and Mrs. John Manion. Those in the receiving party were: Mrs. Thomas O'Connor, Mrs. Margaret Walker, Miss Lucie Suzanne Schmit, Miss Katherine MacDonald, Miss Julia Rathless Bohan, Mrs. Rafferty, Dr. L. G. McAloney, W. M. Ryan, Dr. M. B. Marcellus, W. J. Mason and Dr. Kilpatrick.

was a discussion of single tax. Mrs. Mary Sayer and Miss Miriam Snyder were the principal speakers and handled the subject capably. There was a large attendance and several new members were added to the roster. A similar meeting will take place next Tuesday, when "Taxation" again will be considered. The club is popular in that it is non-partisan and handles all subjects along broad, unbiased lines.

Mrs. Thomas Robertson and Miss Couch were hostesses at a bridge yesterday afternoon. Guests made up five tables of the game, and several additional called later. The rooms were attractively decorated with spring blossoms. Presiding in the dining-room were Mrs. Henry W. Corbett, Mrs. C. E. Wood, Miss Mary Forbush Palling and Miss Wilson.

Mr. and Mrs. E. W. Ring left on Monday night for California. They will visit at Palo Alto, where their son and daughter are attending college, and will then go to Los Angeles and later to San Diego.

On "Earth Education day," February 12, programmes and exhibits will be held in schools in all parts of the state. State School Superintendent Alderman has sent to each county school superintendent a letter calling attention to the day and urging that efforts be made to have its observance as broad as possible. One of the prime purposes of the exercise today will be to arouse sentiment in favor of Senate bill 72, providing for the extension of farm demonstration work in all counties of the state, and for the extension of the school gardening and exhibit work, which was begun and carried on last year with private subscriptions from citizens of the state.

"It is desired," says Superintendent Alderman, in his letter, "that we have exercises in the schools, February 12, on industrial education, this being Earth Education day. Last year thousands of boys and girls had gardens and made exhibits of their products as well as other work of their own hands. These contests showed that our boys and girls can do things. This year we want to show the people what we can do when we all take part. It is fitting that we do this on the birthday of Lincoln, who knew how to work with his hands and had a heart made sympathetic with humanity by work."

FREIGHT PLANS UNDER WAY

District Offices to Be Established by Southern Pacific Railway. District freight offices for the Southern Pacific will be established in connection with the general offices in the Wells-Fargo building and three soliciting freight agents will be employed before the end of the present week. This move is a result of the recent unmerging readjustment of the Union Pacific and Southern Pacific properties. The office of district freight agent, however, will not be established, all the men reporting direct to H. A. Hinshaw, general freight agent. Frank Dunn, travelling freight agent in the Willamette Valley, will continue in that capacity. Other applicants for the other positions now are being considered.

LAND TO BE LEASED

Government Includes 83,000 Acres in Plan.

TRACT GOOD FOR GRAZING

Acres Along John Day and Deschutes Rivers in Wasco, Sherman, Gilliam, Crook and Wheeler Counties.

OBSERVANCE IS REQUESTED

"Earth Education Day" Declared to Be Important.

Government lands in Oregon, aggregating 83,000 acres, will be leased to the highest bidder on March 3 under the supervision of E. G. Hopson, supervising engineer of the United States Reclamation Service, with offices in the Central building.

This land, which has been withdrawn from all forms of entry, is along the shores of the John Day and Deschutes rivers, in Wasco, Sherman, Gilliam, Wheeler and Crook counties, and is designated as only suitable for grazing purposes.

The withdrawal of these lands was for power purposes in connection with the project of the John Day project, so far as they relate to the pumping of water on lands that cannot be reached by gravity and which features of the projects are not under immediate consideration by the department and may not be for a number of years.

CHILDREN NEED "CASCARETS" WHEN CROSS, FEVERISH OR CONSTIPATED

Any child will gladly take "Cascarets Candy Cathartic" which act gently—never gripe or produce the slightest uneasiness—though cleanses the little one's Constipated Bowels, sweetens the stomach and puts the liver in a healthy condition. Full directions for children and grown-ups in each package. Mothers can rest easy after giving this gentle, thorough laxative to children.

Homely and Aged Faces Now Easily Beautified

Aunt Sally in Woman's Realm. I have seen the plainest women made beautiful and the complexion of good looking women improved—I've seen old faces made young and pretty, blemished and weather-beaten faces made spotless, white and satiny—in less than two weeks; by a very simple and harmless process that acts almost like a miracle. This is all there is to it: Ordinary mercolized wax, procurable at any drugstore (one ounce will do), is applied nightly like cold cream, and washed off mornings. This gradually peels off the lifeless particles of surface skin, permitting the underlying skin to show itself. The newer, fresher skin, when wholly in evidence, forms a complexion which for beauty and youthfulness is incomparable with one produced by other means. A complexion so natural, so free from artificiality, no one guesses the secret of its acquirement. You'll not regret trying this really marvelous treatment.

Advertising Not Provided.

By a peculiar feature of the ruling of the department the description of the property to be leased cannot be advertised in newspapers, but will be displayed in the Portland Postoffice and in 25 other such offices within the boundaries of the property to be leased. The terms are that no bid will be received at a less rate than 2 cents an acre a year and that none will be considered that does not amount to \$10 a year. The leases may be made for a period of ten years, but the Government can cancel any with six months' notice, while the tenant can stop at any time, his rental being payable yearly in advance.

In consideration of the bids many are expected to overlap and in the segregation of these the department announces that it will favor the applicant for the smaller tracts, bids being approximately equal, so as to avoid large tracts falling into the hands of a few individuals.

While there is no immediate possibility of any of the land being utilized by the Government for the purposes for which it was withdrawn, the statement is authorized by the Reclamation Service that among the 83,000 acres are several choice pieces of land that would be adapted for farming purposes, although as a general proposition it will make even poor grazing land.

Use Is Limited. The remoteness of the prospects of work on the projects being commenced is the basis of the department in offering the lands for lease, as it is acting on the theory that if it is of any value to the public, it should have advantage of it under terms that are fair and reasonable, as for all time, under the withdrawal, the land cannot be finally used for any other purpose than for creating power to raise water for the upland districts of the Umatilla and John Day projects.

Prisoners Sent to Leavenworth. VANCOUVER BARRACKS, Wash., Feb. 4.—(Special.)—Bound for the Federal Prison at Leavenworth, a tourist car of prisoners were sent from here today. The Government formerly sent its military prisoners from here to Alcatraz, but only the hardened offenders are sent there.

An electric lighting plant has been installed in Arabia.

Buy the Flour Made From the Best Wheat—then you get your money's worth.

Occident Flour Costs More—Worth It. OCCIDENT FLOUR costs more in the sack than ordinary flour but it costs you less than any other flour in your baking results. It goes further—makes more bread. You use less flour for every batch of bread. Your bread stays fresh longer—moist and sweet. It is whiter, lighter, better tasting, and more important than anything else—every loaf has more substance—more of the muscle-building properties that strengthen the body.

Our Written Money-Back Guarantee is in Every Sack. Ask your Grocer for one sack. Try it. If it doesn't suit you your money will be refunded without any argument.

DIRECTIONS—Work dough soft as possible; use less flour and more liquid—knead thoroughly and let rise longer than with other flour. Russell-Miller Milling Co., 474 Glisan Street, Portland
