

MEMORIAL BROUGHT BACK BY PROTEST

Legislature Reconsiders Indorsement of Owens' Bill in National Congress.

EXCESS HASTE IS ALLEGED

Petition for Rehearing by Opponents of Measure Results in Its Being Taken to Committee Once More.

STATE CAPITOL, Salem, Or., Feb. 6.—(Special.)—Protest made to the Legislature today caused the Senate to call back from the Secretary of State Senate joint memorial No. 11, memorializing Oregon's delegation in Congress to support the Owen bill and to return it to the House. It was there unanimously reconsidered and referred to the committee on resolutions.

The memorial had already been transmitted by wire to Oregon's delegation in Congress, but, if possible, efforts will be made to counteract the effect of the telegram.

Protests by Wire and Personal. Individuals and organizations made protest by wire and in person here today. The Owen bill would establish a National Health Bureau, co-ordinating the various branches of the Federal Government devoted to health regulations.

Paul S. Seely, of the Christian Science publication committee for Oregon, with other individuals from Portland and Salem, appeared to make a fight to have the memorial retracted.

Allegations were made that the Owen bill would establish a "medical trust" that the memorial was railroaded through and that the memorial did not express a representative feeling of the people of the state.

The Health Defense League, by Charles W. Ertz, and the Oregon Federation of Medical Freedom Clubs, by F. H. Patton, sent a night letter from Portland protesting against the action taken, as follows:

"Without reference to committee or opportunity for public hearing, your honorable body adopted on February 3 Senate joint memorial No. 11, calling on Oregon Senators at Washington to support the Owen bill for the establishment of a National Health Bureau. We most earnestly protest against the unusual, unfair and unjust methods used to adopt this memorial without giving its opponents an opportunity to be heard.

Many Oppose Its Legislation. "Many thousands of your constituents are opposed to the Owen bill, which would place all Government health activities under one school of medicine and give the stamp of Government approval to their theories and practices in disregard of all other systems of therapeutics. Your action has prevented opponents of the bill from being heard upon a subject in which they are vitally interested. We do not regard such action as representative of the people of the State of Oregon and we respectfully urge that you reconsider such action and refer said memorial to the proper committee on medicine and pharmacy, which includes two physicians.

The memorial was introduced in the Senate February 5 and passed under suspension of the rules and sent into the House, where it also was speedily passed. Today was the day named when the committee of the United States Senate was to consider the Owen bill and this fact was given as the reason for desiring to rush the memorial through the Legislature.

TAX LAW CHANGE PROPOSED

Malarkey Would Amend Statute Relating to Inheritance.

STATE CAPITOL, Salem, Or., Feb. 6.—(Special.)—To cure for as possible what he asserts is an evil which has robbed the state of thousands of dollars during the last few years, President Malarkey has introduced in the Senate a bill to amend the inheritance tax laws by placing the County Clerk as ex-officio member of each of the boards of appraisers named to pass on the value of a decedent's estate.

also as a general rule friendly to the estate. "I have been told that one of the grossest instances of undervaluation was in the estate of Jacob Kamm. They have told me that this estate was undervalued by \$1,000,000 or more. Inasmuch as the estate was made to develop an immense fortune by Portland growing up around it, the state is entitled to a proper tax. By making some public official a member of the board of appraisers to guard the state's interest the public will not be so likely to lose as under present conditions."

BIG CITIES SEEK POWER

SENATE BILL EXTENDS EMINENT DOMAIN RIGHTS.

Measure Requested by Greater Portland Plans Association Intended for Towns Above 10,000.

STATE CAPITOL, Salem, Or., Feb. 6.—(Special.)—As a definite preliminary step toward carrying out the ideas of the Greater Portland Plans Association, Senator Day today introduced a bill extending eminent domain powers of cities of more than 10,000 inhabitants.

The bill gives to such municipalities the power to acquire, appropriate and use private property for the purposes of a public square, park, playground, boulevard or street or avenue or for comfort stations, docks or wharves.

Perhaps the most important provision of the bill is that which would allow the condemnation of land in excess of that needed for the particular purpose in view. The bill gives this right, not to exceed, however, within 200 feet of the boundaries of the property desired to be used for such park or playground or other purpose set out.

Reason for this is to give the right to secure such additional property and resell it with restrictions. This would serve as a protection against adjoining property being put to undesirable uses, it is stated.

Municipal authorities, under the bill, are also given the authority to issue bonds in connection with such improvements. The bill was introduced at the request of the Greater Portland Plans Association.

ROAD COMMITTEE WINS FIGHT

House Members Resent Harmony Resolution, Which Is Tabled.

STATE CAPITOL, Salem, Or., Feb. 6.—(Special.)—A hot fight developed in the House today over a Senate resolution calling for a joint committee to harmonize road legislation. TEACHERS WIN BILL

200 Invade Capitol in Interest of Applegren Measure.

ACTION RUSHED THROUGH

Pedagogues Standing in Back of Senate Chamber Get Unanimous Vote and Governor's Signature Will Assure Civil Service.

STATE CAPITOL, Salem, Or., Feb. 6.—(Special.)—Over 200 school teachers from Portland invading Salem on a special train and standing at the back of the members of the State Senate when they voted on Applegren's bill providing what is practically civil service for the teachers of counties of more than 20,000 population brought about a rush of action in favor of the bill and now it remains only for the Governor to affix his signature.

Farrell and Applegren introduced practically identical bills. The Applegren bill got past the House into the Senate before the Farrell bill was acted on. As a result, when the invading force of school teachers filed into the Senate it was decided to expedite consideration of the bill and the Applegren bill was rushed through first and second reading to third reading. Many of the Senators in declaring their support for the bill touched on woman's suffrage and the effect that it has had and it was palpable in the pastures of the Senate that the teachers were more than inclined to pay due deference to the new class of voters.

Governor West, impersonated by Senator Joseph, of Portland, said he would surely veto it. "Every member was authorized to employ not less than five stenographers at state expense."

Bill 1091 abolished all trusts, except the Ice cream and chocolate trusts. Singer came near losing the job of Senator, as Dr. Owen Adair was nominated and lost by a narrow margin.

Glenn O. Holman was Speaker and Senator Kellaher and Representative Westerlund, the fattest ones present, were paged. Many amusing stunts were put on in the House chamber, which was jammed with people, who had an enjoyable time.

F. P. O'NEIL IS ARRESTED

Prisoner Is Believed to Be Prowler as Well as Forger.

Believed to be a prowler as well as a forger, F. P. O'Neil, apparently 25 years old, but who gave his age as 18, was arrested last night at a downtown drugstore, where he had tried to pass a check drawn in favor of W. E. Wright, assistant state secretary of the Young Men's Christian Association. Detectives Fitchner and Abbott made the arrest, after an employe of the store had become suspicious of the young man.

Among O'Neil's possessions were a city and telephone directory and a number of ornaments and other jewelry of value. Morphine and cocaine, together with a bank check book, were found upon him.
