

23 CASH REGISTER CHIEFS SENTENCED

President Patterson Gets One Year in County Jail and Is Fined \$5000.

DEFENDANTS WILL APPEAL

Judge Hollister Scores Officials Bitterly for Business Methods, Which He Tells Them Are Needless to Pursue.

CINCINNATI, Feb. 17.—John H. Patterson, President of the National Cash Register Company, of Dayton, O., was sentenced today to serve one year in the county jail at Troy, O., and to pay a fine of \$5000 for violation of the Sherman anti-trust law.

The sentences were pronounced after United States Judge Hollister had scored the defendants bitterly for their business methods which he declared were needless in a concern where millions could have been legitimately made and without violation of the law.

Government Power Emphasized. Closing, he declared: "The Government is strong enough to protect its people, whether this protection extends to the transportation of dynamite across the land for the purpose of blowing up bridges or the laying of the hands upon men who seek to stifle competition by illegal business methods."

The sentences imposed were: George Edgerton, of Dayton, secretary of the company, was given the lightest sentence, of three months; William Bippus, treasurer; Alfred A. Thomas, of Dayton, and Jonathan B. Hayward, of New York, were given nine months in jail.

Upon the concurrence of District Attorney McPherson, Judge Hollister set aside the judgment in the case of George A. Edgerton. Edgerton had not been connected with the cash register company in the time fixed in the indictment.

A motion for arrest of judgment was made on the grounds that the Sherman law is unconstitutional in so far as it attempts to create offenses and impose penalties upon the business charged that the Sherman law conflicted with the provisions of the sixth amendment that in all criminal prosecutions the accused shall enjoy the right to be informed of the nature and cause of the accusations against him, and that it conflicts with the tenth amendment, in that the committee of the court were vague and indefinite.

Following a notice of an appeal to the Circuit Court of Appeals the bond of President Patterson, \$10,000, twice its former amount. The other bonds were left at \$5000.

Judge Lectures Defendants. Nine of the convicted men were sentenced with President Patterson to the Miami county jail at Troy, ten were sentenced to the county jail in Dayton and eight in the neighboring jail at Lebanon, Warren County.

Referring to the sentences passed on the employees, Judge Hollister said: "I know that a large salary will tempt many men to do wrong, but business such as was conducted by this company, and I feel that the thought of their families led many of these men to work as they should, knowing that a large compensation awaited them. This excuses but does not justify. You men belong to the walk of life which should be that of honesty. You have lost the opportunity given you by the methods you pursued. In your desire for gain you forgot everything else."

WICKERSHAM FEELS SATISFIED. Attorney-General Says Sentences Imposed Are Just.

WASHINGTON, Feb. 17.—Attorney General Wickersham, when he heard the sentences in the cash register case, declared them eminently just from his knowledge of the evidence.

It is the second case in which jail sentences have been imposed under the Sherman law. In the other case, that against the "turpentine trust," three men were sentenced to three months each and their appeal is pending in the Supreme Court.

MISS PANKHURST IN JAIL. London Suffragette Arrested for Window-Breaking in East End.

LONDON, Feb. 17.—For the third time in this month, Miss Sylvia Pankhurst is under arrest.

mourners gathered to attend the funeral of Louis Dammasch, a charter member of the Portland Lodge, George L. Hutchins conducted the ritualistic work of the fraternity and a number of members of the Apollo Male Chorus sang the hymn, "Heavenly Father, Thy God, to Thee." A choir of 150 male voices from German singing societies of this city also sang with impressive effect. The casket was covered with flowers. The pallbearers were: Peter Wagner, Louis Hamig, Hermann Enke, Charles Sigglin, Theodore Bergmann and E. L. Gale. The body was incinerated at the Portland Crematorium, where a farewell tribute to the deceased was spoken by John Reinsacher, president of the German Aid Society.

HALLOCK IS HELD RIGHT

KLAMATH LIKE EDEN YET, SAYS W. LAIR THOMPSON.

Legislator From Southern Oregon Defends Theory of Scientist and None Doubts Truth.

STATE CAPITAL, Salem, Or., Feb. 17.—(Special.)—"When Cain started forth in his roving over the world, after slaying Abel, he would naturally select a spot wherein to settle similar to that of his native land," emphatically declared Senator W. Lair Thompson, of Crook, Klamath and Lake Counties, today, in talking with several other legislators about Professor Charles Hallock's theory, as set forth in his report to the Peabody Museum at Harvard.

"The thought never occurred to me before in that exact connection, but I am satisfied that Professor Hallock is right. Cain selected, as his abiding place, the Garden of Eden of the continent, which, of course, is South Central Oregon. He found Crater Lake, 2000 feet deep and 2000 feet from the top of the crater to the surface of the lake. He found Wood River Valley, fed by streams of limpid water, alive with fish and all this in a country flowing with milk and honey and of most delightful climate. Why, gentlemen, all these things are there yet."

"I happen to represent this district wherein I am satisfied now, Cain found his final abiding place. Professor Hallock's theory cannot be more than correct, and I am satisfied that it was in the Klamath country that the world-old story of this man seeking out a new country for his own and himself was enacted and it was there that Cain located the City of Enoch, just as Professor Hallock says he did."

RILEY SEES BRIDGE ASSURED. Portland Delegation Believes Senate Will Pass Bill.

STATE CAPITAL, Salem, Or., Feb. 17.—(Special.)—"I have no doubt the inter-state bridge bill will be passed by the Senate, probably without reference to the highway committee," said Frank B. Riley, of Portland, chairman of the inter-state bridge committee, today. "We are here to see how the Senate feels on the subject, and we find it is very favorable."

Mr. Riley, M. G. Mearns, C. S. Jackson and W. L. Hollister, members of the bridge committee, are here tonight to interview members of the Senate, where the bill granting the United States to the County to issue bonds for construction of the bridge is soon to come up for consideration. Inasmuch as the bill has been before the joint committees of the House and Senate on highways, it is likely that the bill probably will not have to go to committee unless it be for the sake of formal inspection.

VOTE ON VETOED BILL DUE. Senate to Take Up "Literacy Test" Immigration Measure Today.

WASHINGTON, Feb. 17.—An agreement to vote at 3 o'clock tomorrow on the question of overriding President Taft's veto on the "literacy test" immigration bill, was reached today in the Senate after a short filibuster by Democratic Senators who demanded an opportunity to speak on the subject.

Senator Lodge succeeded, by a vote of 75 to 19 in having the vetoed bill taken up late in the day, but a persistent objection was made to a final vote before an opportunity had been given for discussion. Opponents of the literacy test to which President Taft objected are prepared to back up his veto with emphatic speeches tomorrow. A two-thirds vote will be required to pass the bill. In case of its success in the Senate it probably will be taken up in the House at once.

CORN IN DUFUR IS SUCCESS. M. M. Burtner Says Seed Must Be Acclimated to Oregon.

THE DALLES, Or., Feb. 17.—(Special.)—"That corn can be grown in this section to a marked degree of success has been demonstrated by M. M. Burtner, of Dufur, whose product is being sent out by the Oregon Agricultural College as seed."

Mr. Burtner has been experimenting with corn for the last ten years. He says: "The experiment has cost us a great deal of money and unbounded patience, due mostly to misinformation and ignorance and lack of knowledge of the country."

He points out to growers of corn that their chief fault is using Eastern seed corn, the only kind sent out by the seed houses on the Coast. It has been demonstrated by Mr. Burtner and the agricultural colleges of Oregon and Washington that corn can be successfully produced in the Northwest without acclimated seed, and the time that is required to produce seed corn that is acclimated is from five to eight years.

JOY RIDERS KILL LABORER. Three Women and Two Men Are Arrested in Tacoma.

TACOMA, Feb. 17.—Whirling through South Tacoma at 8 o'clock this morning, a party of joy riders, two men and three women, ran down and instantly killed Antonio Tomp, a Polish molder, on his way to work. He leaves a widow and one child.

The three women in the automobile, Mrs. A. Shaner, of Fuyallup, Kenneth Winters and Georgia Eckley and the two men, Henry Anderson, the chauffeur, and Emanuel Adams, were arrested. Anderson is a son of Patrolman Anderson, of the Tacoma police force.

They are strongly built and very light. Experienced travelers consider the Innovation trunks the best in the world. —Priced from \$27.50 to \$75.00. Basement

GARMENT SHOPS SCORED WORKERS TELL OF LOW PAY AND LONG HOURS. Strikers at Boston Assert That Most Clothing Establishments Patronize Tenements.

BOSTON, Feb. 17.—There scarcely is a clothing shop in Boston that does not have a room of its garments made in tenement houses, according to a statement made today by striking garment workers before the State Board of Conciliation and Arbitration, which began in investigation today of the grievance of the strikers.

Samuel Zorn, head of the joint executive board of the United Garment Workers, named several shops in the city which he said absolutely were unfit for persons to work in. Other speakers described working conditions and told of the long hours of labor.

Morris Procausky, a vestmaker, said that he worked from 6:30 A. M. to 6:30 P. M. with one hour for dinner. He received \$11 a week if he worked the 12 hours. Girls were paid \$3, \$5 and \$7 per week, the witness said.

Annie Winer, a machine operator, said she worked from 7 A. M. to 6 P. M. and was supposed to get \$9 a week, but her average pay was between \$3 and \$4. Louis Greenbaum, 65 years old, who does piece work, is married and has seven children. He said he could make \$5.50 a week in the busy season and in the slack season between \$3 and \$4.

as he told the committee that he had been 13 years in the trade. After five years as a piece pressman, he said he got \$7 a week. He now works from 3 A. M. until 9 P. M. and gets \$13 to \$14 a week. He said that the boys gave him the key and he often went to the shop as early as 4 A. M. and worked until 9 and even 10 at night.

For the second time since the strike of garment workers was declared, police reserves were called out today to disperse a crowd near a non-union clothing establishment. Two strikers were arrested.

POTTS WILL TAKE CHARGE Brigadier-General Will Command New Fourth Brigade.

LEAVENWORTH, Kan., Feb. 17.—Brigadier-General D. Potts was relieved today as commanding officer at Fort Leavenworth and the Army service board was ordered to Chicago to take command of the newly-organized Fourth Army brigade. The orders will take effect when General Potts' present leave of absence expires.

The Fourth Brigade, of which General Potts is to be commander, includes schools, and was ordered to Vancouver at a meeting of the Vancouver inter-state bridge committee tonight, A. M. Blaker and J. H. Elwell were named as a subcommittee to make the trip to Olympia to watch legislation relative to the Columbia crossway. They will remain in the Washington capital

until Saturday night, returning here to meet on Sunday with J. E. Nolte, of the Portland committee, to formulate plans effecting final action on the proposition in both Legislatures. They will meet at the Commercial Club here.

Overheard in the Lobby of the Imperial: "I always stop here when I come to Portland, because I feel at home here. There is sure to be someone here in the lobby whom I have done business with, and meeting them is the best part of my trip." If we mentioned his name, you would recognize it at once. He is one of Eastern Oregon's "cattle kings." Luncheon Fifty Cents

ITCHING STOPS WHEN POSLAM IS APPLIED. Do not endure that awful itching one day longer. Immediate relief comes with first application of Poslam, the perfect skin remedy. Aggravated skin is soothed and comforted; restful sleep may be enjoyed. The complete eradication of the disease follows. The progress of the cure is rapid and improvement noted daily. Worst cases of eczema—that many-formed malady—scne, psoriasis, tetter, barbers' itch, scaly scalp, piles, etc., yield readily to Poslam after treatment by all other means has failed. POSLAM SOAP makes the skin velvety; beautifies complexion; purifies the scalp; brings health to hair. All druggists sell Poslam (price, 50 cents). For free samples, write to the Emergency Laboratories, 32 West 25th Street, New York City.
