Woman is Said to Have Stubbed Checks She Paid Graft Representatives for Protection.

NEW YORK, Feb. 20.—

Another police officer, Sergeant Peter J. Duffy, was indicted today on a charge of bribery by the extraordinary grand jury that is investigating police graft. Duffy was confidential man, and said to be collector for ex-Police Inspector Sweeney, who also is under indictment.

Duffy's indictment was based on evidence that "collections" from disorderly resorts in Sweeney's inspection district amounted to \$30,000 a year. District Attorney Whitman said that he expected to receive important information from a woman known as the "Queen of the Vice Trust," a keeper of a syndicate of disorderly houses for the last 20 years. BOISE, Idaho, Feb. 20.—(Special.)—Idaho's state insane asylum at Blackfoot is under the fire of the present Legislature. The Senate has ordered an investigation of the unlawful commitment to that institution of Carl Machold, a newspaperman of Blackfoot, who was placed in the asylum on the ground that he was insane. The special Senate committee, composed of Senators Shepard, Defenbach and Dunning, appointed to probe into the incarceration of Machold, held a meeting this afternoon and decided to issue summons to Dr. Poole, head of the asylum, and his assistants.

It is asserted by the asylum people that the newspaperman suffers from "persistent delusions of being persecuted" and recites his "constant enmity against neighbors, corporations, judges, local government, doctors and others." STATE CAPITOL, Salem, Or., Feb. 20.—(Special.)—The State Industries committee tonight decided to report adversely with a full report on the House bill which would provide for a free employment bureau and make it a misdemeanor for any person, firm or corporation to receive a fee for employment purposes.

The bill was actively opposed on the grounds that in event of a strike, should the free employment bureau be under the domination of labor interests, that it would prove a heavy club for the labor interests to wield, and practically to make them invulnerable in case such a situation developed.

The committee also decided to report adversely on a bill which would prevent the throwing of refuse into rivers flowing into the Pacific Ocean, assuming the attitude that similar legislation is on the statute books.
