WEATHER CONDITIONS.

A low-pressure area of considerable energy is central over Chifernia. It has caused the phenomenally heavy rainfall of 5.08 inches at Los Angeles in the last 24 hours and lesser amounts elsewhere in California. Some snow has fallen in the Great Sait Lake Basin and local rains have occurred in the South Atlantic States. A large high-pressure area overfiles the Mesmasipp Valley and fair weather generally prevails in that district. The changes in temperature since yesterday have been unimportant, except in perions of the South Atlantic and East Only States, where it is colder.

The conditions are favorable for fair weather in this cluttet Tuesday, except in Southern Oregon and Southern Idaho, where rain or snow will fall.
