

CABINET COMPLETE WITH 2 EXCEPTIONS

Bryan Slated for Portfolio of State.

GOETHALS WILL HAVE PLACE

Burleson, of Texas, Will Be Postmaster-General.

ANNOUNCEMENT IS NEAR

Josephus Daniels and William G. McAdoo Join Circle, as Secretaries of Navy and Treasury, Respectively.

NAMES OF MEN CERTAIN TO BE MEMBERS OF WILSON CABINET.

Secretary of State—William J. Bryan, of Nebraska.

Secretary of the Treasury—William G. McAdoo, of New York.

Postmaster-General, Albert S. Burleson, of Texas.

Secretary of the Navy, Josephus Daniels, of North Carolina.

Two Places Still Undetermined.

The foregoing names and positions are said to have advanced entirely beyond the stage of conjecture or gossip and become finalities in the forthcoming cabinet list.

The name of A. Mitchell Palmer, of Pennsylvania, which has been mentioned prominently in connection with the Attorney-Generalship, now is eliminated.

It appears that a cabinet position was tendered to Mr. Palmer and declined, the expectation being that he would remain in the House of Representatives to be in a sense the personal representative of Mr. Wilson in the important legislation about to be formulated.

Palmer to Head Caucus.

This plan was carried into partial execution late today when the announcement of Representative Burleson that he would resign the position of chairman of the Democratic House caucus at an early date was coupled with the announcement by House leaders that Mr. Palmer would succeed as chairman of the caucus.

Other names which have been prominently mentioned for the Attorney-Generalship, but which now are eliminated from this or other cabinet portfolios, are Chancellor Walker of New Jersey and Representative Henry, of Texas.

Goethals Strongly Considered.

Information from other sources gave assurance that Colonel George W. Goethals, chief engineer and chairman of the Panama Canal Commission, is under consideration for Secretary of War.

McAdoo Noted Business Man.

Mr. McAdoo, in the recent campaign, was a prominent figure and was in charge of the Democratic forces much of the time when National Chairman McCombs was ill.

Attorney for Gould Road Says That Decision Blazes True Line on Which Competition Problem Will Be Solved.

SAN FRANCISCO, Feb. 25.—The giving out of a supplementary opinion elaborating the reasons of the California Railroad Commission for upholding the plans for dissolving the Union Pacific-Southern Pacific merger, and a statement by one of the Commissioners, Max Thelen, that the "plans by which the Union Pacific and Southern Pacific railroads had intended to dissolve cooperation were so excellently prepared that they would have left the Union Pacific Railroad in complete control," were developments in the merger case today.

From his home in Stockton, Commissioner Thelen issued a statement, saying: "I have no doubt that the Union Pacific intended to gobble up the Southern Pacific and it would have been enabled to do so under the decision of the Attorney-General had not the State Railroad Commission of California taken the action it did last night."

CITY OF PORTLAND BUYS OWN BONDS

PURCHASE MADE WITH MONEY IN STREET FUND.

Amount Involved \$310,486, and Municipality Will Clear \$9000 in Year, Say Officials.

The City of Portland yesterday bought \$310,486.23 worth of its own street improvement bonds and will pay for them out of the street improvement bond sinking fund.

The bonds draw 6 per cent interest, while the money with which the city buys them from itself is drawing but 2 per cent on deposit in the banks.

However, all the bids were rejected, for the reason that the city could make money by becoming its own creditor.

APPROPRIATION BILL VETO IS OVERRIDDEN

Governor Fares Badly in Test of Strength.

EVASIVE MESSAGE RESENTED

Executive's Sincerity Doubted and Rebuke Administered.

OVER MILLION INVOLVED

House and Senate Overwhelmingly Pass Measure Over West's Head, Indicating What Will Happen to Others Yet to Come.

LEGISLATURE MAY ADJOURN TODAY TO REOPEN OUT OF SESSION FIVE DAYS.

STATE CAPITOL, Salem, Or., Feb. 25.—(Special.)—From appearances tonight the Legislature will adjourn tomorrow for five days, which will bring the legislators back here probably next Monday. The adjournment in both bodies probably will be finally cleaned up early some time tomorrow and the main reason for sitting longer would be only to act on the reports of conference committees.

On a few of the bills the two houses seem to be near a deadlock and it may take a little time to get over these reports and reach some compromise which may be satisfactory all around.

STATE CAPITOL, Salem, Or., Feb. 25.—(Special.)—In the first real tussle at arms, Governor West was decidedly worsted by the Legislature today.

vetoing the general appropriation bill, carrying considerably over \$1,000,000 and representing practically the conduct of the main branches of the state government, he hurled it back at the Legislature with an evasive veto message which carried no specific reason why he should apply such a veto.

Sincerity of Veto Doubted.

This is taken as a good criterion of what was meant when he endeavored to veto other important bills of a similar nature, which rumor has had he would veto.

Message Is Held Evasive.

"I wish to say, like other Senators have stated," he continued, "that when the Governor sent to this Senate a message warning us to strike out or amend a clause in the good roads county bonding bill, that he would veto the bill unless such a clause was stricken out or amended, he did not press himself in general terms, as he has done in his message relative to this general appropriation bill."

In the House the debate also was heated over the appropriation bill.

Smith Urges Passage.

Smith, of Klamath, said that it has been the custom for years to include all the salary and other items in a single bill. He thought it should pass.

Parsons said the Governor had been interviewed on the forestry item and was in favor of it. Abbott, chairman of the ways and means committee, declared that the bill was submitted just as in this year. Speaker McArthur asked Abbott if it would not be necessary for the state to borrow money on which to operate the state for two years, in case the veto were sustained.

Reames took the floor and defended the Governor's veto, saying the veto, in his opinion, was directed against the general scheme of lump appropriations.

Carlin created a sensation when he contemplated cost is \$375,000.
