SUIT INTERFERES WITH SELLWOOD
WORK.—John Golden, Sellwood sug-
gested that those who started the suit
to prevent the James Kennedy Con-
struction Company from building the
Sellwood sewer in the Lambert
district withdraw proceedings, and permit
the street improvements in Sellwood
to go forward. He says that this suit
may hold up the paving of Umatilla
Street, indefinitely, as sewers must be
laid there first. The suit has been set
for a hearing March 10, but it
reached there a difference of about
\$1500 between the bids of the Kennedy
Company and William Land, the latter
being the lowest bid, but rejected on
a technicality.

Fulton, and G. C. Fulton, of Astoria,

weeks ago to visit her sons, which was
her expressed pleasure although she is

date at a later date, will be dispensed
with entirely.

CHARTER COMING UP

No Protest Expected When
Council Acts Today.

DOCUMENT IS OFFICIAL

Draft Prepared by Special Commis-
sion Is Amended to Meet Desires
of Various Organizations
Showing Interest.

Not a single protest is expected at
the City Hall tomorrow morning when
some member of the Council, meeting
under special order of business, to con-
sider the commission charter drafted
by the committee appointed by Mayor
Rushlight, moves that a special elec-
tion be called for May 3 for the ap-
proval or rejection of the charter by
the people of Portland.

The charter as it goes to the Council
tomorrow is a straight commission
form instrument, and it is accompanied
by no suggestions for amendment or
for the submission of alternate clauses.
It is in its present form it is the of-
ficial" charter, amended to meet the
demands of all who manifested any
interest in charter-making before the
committee. The greater part of the
amendments were made at the sug-
gestion of W. C. Benbow, acting on
the committee as the representative of
the East Side clubs, and other
amendments were made at the sugges-
tion of other members of the com-
mittee.

Common User Clause Definite.

One of the important amendments,
which provides that franchisees granted
to commercial railways must be sub-
ject to the common user clause
throughout their entire route, was
proposed by J. B. Ziegler. This means
that the common user clause cannot
be rendered inoperative by the inter-
vention of a block of track privately
owned between the extreme limits of
any franchise.

The charter carries a provision
which, in its passage, will
render void any nominations which
may be made under the primary elec-
tion which will be held the same day.
The possibility of its passage has had
a restraining effect on candidates for
city offices, but few announcements
having been made.

In the event that the charter carries,
there will be but one election for city
offices, when a Mayor, four Commis-
sioners and an Auditor will be chosen.
The first election, if the charter is
passed, will be held June 2, and will go
into general effect July 1.

Biennial Election Provided.

The Mayor and the two Commissioners
who shall receive the highest num-
ber of votes at the first election shall
hold office for four years, and the
Auditor and the other two Commis-
sioners shall hold office for two years.
Thereafter every officer shall hold of-
fice for four years, with an election
biennially.

All the positions, except those of
Mayor, Commissioners and Auditor, are
made appointive by the proposed char-
ter.

'PRINCE DANILLO' COMING

DONALD BRIAN IS LATEST OF
'PROHMAN STARS.

Star Who Jumped to Fame in "The
Merry Widow" Will Be Seen in
"The Siren" This Week.

Donald Brian, the newest of Charles
Prohman's stars to be sent on a tour
to the Pacific Coast will be seen at
the Heilig Theater for three nights be-
ginning tonight with a special matinee
Saturday.

Although Mr. Brian has never been
seen here before, his fame has pre-
ceded him. Almost every theatergoer
is aware that Donald Brian be-
came famous in a single night when
he danced the original role of Prince
Danillo in "The Merry Widow." Im-
mediately he was recognized as pos-
sibly the foremost dancer and light
comedian on the American stage. His
progress since has been steady, and
culminated in his being elevated to
stardom by that greatest of all pro-
ducing managers—Charles Prohman.

Brian will be seen in a musical
comedy, entitled "The Siren." It is of
Viennese origin, and to be exact should
be classified as romantic opera. The
story is an unusually pretty one, and
throughout Brian and his excellent sup-
porting company whirl to the left and
swing of Leo Fall's delightful music.
The piece abounds with comedy and
witty situations. The supporting com-
pany is of extraordinary caliber, and
includes such well-known names as
the General himself, Blaine for West,
Ethel Coedman, Harry Clair, Florence
Morrison, Cicely Sewell, Cyril Biddulph
and 50 others.

NATIONAL PARK IS AIM

TELEGRAMS SENT CONGRES-
SIONAL DELEGATES.

Commercial Club Indorses Senator
Bourne's Attitude Toward Crater
Lake Appropriation.

Telegrams approving Senator Bourne's
course of action regarding the \$150-
000 appropriation for the Crater Lake
National Park and urging Representa-
tive Lafferty to co-operate with him in
his effort to procure it were sent yes-
terday by the president of the Port-
land Commercial Club to these two
members of the Oregon delegation in
Congress. The text of the two mes-
sages follows:

Honorable Jonathan Bourne, United States
Senator, Washington, D. C.:
The Commercial Club approves your
course in urging an appropriation for con-
tinuing road construction in Crater Lake
National Park. We agree with you in any
suggestion from any source that the State
of Oregon is ready and willing to take over
the road construction of the park. The
Public sentiment here is unanimous in desiring
Federal control and development of Crater
Lake National Park. We wish you success in your
efforts for the park.

Honorable W. Lafferty, Member of
Congress, Washington, D. C.:
Newspapers here report you as suggest-
ing that the State of Oregon be ready and
willing to take over Crater Lake Park. This
is a suggestion which we here un-
doubtedly desire continued Federal con-
trol and development of park. We trust
you may be able to co-operate with Senator
Bourne in procuring one hundred fifty thou-
sand dollar appropriation for road construc-
tion.
