Obstacles in California to Railroad Plans Do Not Affect O.-W. R. & N.

NEW WORK MAY SUFFER

Transportation Men Think Western Pacific's Plea for Right to Use Track Will Lead to Decision for Common User Rights.

Denial by the California Railroad Commission of the Union Pacific's application for lease of the Central Pacific tracks between Sacramento and Oakland to the Southern Pacific and for other provisions that virtually would give the former Harriman system complete control of the business in California, will not affect the reorganization of the Southern Pacific and O.-W. R. & N. Co.'s properties in Portland and in other parts of the Northwest.

BEAUTY NAP NOT IN DONALD BRIAN'S ROUTINE

Star in "The Siren" Admits He Cares for His Voice; but His Face and Figure, "Certainly Not," in Excess—Notes Not All "Mash" Missives.

HE HAD just come in from a strenuous day on the coast, and he rolled out at the Waverly Links—had Donald Brian when he permitted himself to be interviewed. A lady friend who insisted on tagging along with me so she could get a good close-up of the handsome Brian said afterward that she'd bet he was in the midst of a beauty nap. Rumor says he takes them, you know, right in the middle of every afternoon, asked him if he did.

Boon Pain

Knocks Rheumatism

Remarkable Effects of a Remedy That Actually Irrigates the Entire Blood Supply.

It sounds queer to take a blood bath but that is precisely the effect of a most remarkable remedy known as S. S. S. It has the peculiar action of soaking through the intestines directly into the blood. In five minutes its influence is at work in every artery, vein and tiny capillary. Every member of every organ of the body every sanctuary becomes in effect a filter to strain the blood of impurities. The stimulating properties of S. S. S. compel the skin, liver, bowels, kidneys, bladder to all parts of the system of casting out every irritating, every pain-inflicting atom of poison; it dislodges and dissolves acid accumulations in the joints, dissolves acid accretions, renders them neutral and scatters those peculiar formations in the nerve centers that cause such mystifying and often baffling rheumatic pains.

And best of all, this remarkable remedy is welcome to the weakest stomach. If you have drugged yourself until your stomach is nearly paralyzed, you will be astonished to find that S. S. S. gives no sensation but goes right to work. This is because it is a pure vegetable infusion, is taken naturally into your blood just as pure air is inhaled naturally into your lungs.

The great Swift Laboratory has spent millions of dollars in perfecting the production and placing in the hands of the public this wonderful remedy. So give your blood a good bath with S. S. S. for it knocks the worst forms of rheumatism every time.

You can get it at any drug store at \$1.00 a bottle. It is a standard remedy, recognized everywhere as the greatest blood specific ever discovered. If you are in a peculiar case and you desire expert advice, write to The Swift Specific Co., 25 Swift Place, Atlanta, Ga.

Looking for a man who might have blown up a safe here last night, the officers found Ruff with cash and certificates of deposit aggregating over \$400. He was arrested on suspicion and later confessed he is wanted at Wenatchee. His brother is serving time now at Walla Walla for complicity in the same crime.

IN SUCH PAIN

WOMAN TOLD HER CLOTHES

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Malone, N. Y.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a lot of good. I first heard of it when I was a girl and I always said that if I ever had female trouble I would take it. I suffered from organic inflammation and would have spells when I would be in such pain that I would tear my clothes. One day my husband got the neighbors in to see what the matter was but they could not help me. My first thought was for Lydia E. Pinkham's Vegetable Compound and I sent my husband out for it and took it until I was entirely cured. I am a woman of perfect health and my health is due to the medicine from Lydia E. Pinkham's medicine. You may rest assured that I do all I can to recommend your wonderful medicine to my friends."—MRS. FRED STONE, Route No. 3, Malone, N. Y.
