

# SONORA REBELLION WORRIES HUERTA

## Recalcitrant Governor Fortifies Self Against Administration Forces.

### STERN ACTION CONSIDERED

#### Hope Is to Restore Order Without Soldiers, However—Executive of Aguas Calientes Surrenders to Federal General.

LAREDO, Tex., Feb. 28.—The Huerta government was unequivocally recognized today at the peace conference at Nuevo Laredo by representatives of the northern revolutionary leaders.

This information was given out tonight by Colonel Pascual Orozco, Sr., father of the rebel chieftain of the northern states. Colonel Orozco expressed the opinion that peace throughout Mexico now is a question of but a short time.

MEXICO CITY, Feb. 28.—Conditions in the State of Sonora where the authorities have refused to adhere to the new administration, were admitted at the National Palace tonight to be serious. It was thought, however, no resort to arms would be needed to bring the recalcitrants into line.

General Garcia Hidalgo solved today at Aguas Calientes, capital of the state of the same name, a problem which no one believed could be settled with the use of soldiers. The rebellious Governor of the state, who had fortified himself in the palace and defied General Hidalgo to remove him, surrendered at the last moment today and general Hidalgo took charge of the state government. This gives the provisional government one more state and materially strengthens its position.

#### Hermosillo Rebels Fortify.

Ex-Governor Maytorena, of the State of Sonora, is admitted to be in possession of Agua Prieta, Nacozari and Fronteras, along the international border, and Governor Pesquera, his successor and personal friend, has fortified himself in the government palace at Hermosillo and surrounded the building with artillery. To suppress this rebellion, the government's only available forces are a few regulars at Torin, but probably reinforcements will be sent from Guadalupe to Manzanillo and dispatched from there by boat to the disturbed region.

#### CASTRO LIKES WILSON

EX-DIRECTOR SAYS FUTURE OF CONTINENT IS SAFE.

Denial Made That President-elect Invited Him to Inaugural—He Goes of Own Accord.

HAVANA, Feb. 28.—Cipriano Castro, when questioned on the subject of his visit to Washington for the Presidential inauguration, said:

"I have not been invited to the inauguration by President-elect Wilson, but am going on my own accord. You may absolutely and without qualification deny all other stories. Several Cuban newspapers have published stories for which they alone are accountable. I accept no responsibility whatever for them."

General Castro expressed his admiration for Mr. Wilson and gave out the following statement:

"My opinion is that the magnificent future of the American continent was saved with the triumph of the candidacy of Woodrow Wilson. I understand that the policy of Mr. Wilson, judging from his political documents that have been circulated up to the present, is one of equity, justice and mutual respect, which is precisely what the American republics have claimed from the sister republic in the north."

"If this is so, as we should expect it to be, coming as it does from such a prominent authority, the die is cast and it would be a crime not only to go backward, but even to impede the triumph of the American continent, which is destined to perform such important duties in the future fortunes of humanity."

"The grand ideal which I have followed and by which, with much pleasure I have sacrificed my life interests and the tranquility of my family, but I shall be satisfied if we reach the end of our journey with the standard of American rights and our integrity saved. In a word, my motto today is 'union and continental fraternity.'"

General Castro will leave tomorrow for Key West and arrive March 3 in Washington. Later he will go to New Orleans and probably will sail soon afterward to rejoin his wife and sisters, who are at Tenerife, Canary Islands.

General Acosta, formerly of Castro's army, said today that Castro considered the moment not ripe for his returning to Venezuela.

#### FREDERICKS WILL TESTIFY

Prosecutor to Be Called to Impeach Darrow's Statements.

LOS ANGELES, Feb. 28.—Questions which frequently brought sharp replies charged against the cross-examination of Clarence S. Darrow at the afternoon session of his trial for alleged jury bribery.

The questioning developed that District Attorney Fredericks would be produced in an effort to impeach the testimony of Darrow, as well as that of Lincoln Steffens and others who testified concerning the McNamara negotiations.

In an effort to show that Darrow knew the case against the McNamaras was "hopeless" from a defense standpoint long before the negotiations were entered into, the prosecution introduced the testimony of Orville McManigal before the grand jury, a transcript of which has been furnished the defense's attorneys before the beginning of the McNamara trial.

#### WICKERSHAM HALTS PLAN

Proceedings to Take Land From Virginia Is Not Advised.

WASHINGTON, Feb. 28.—In an opinion to President Taft, Attorney-General Wickersham today declared he felt unable to begin proceedings in the Supreme Court to turn back to the District of Columbia territory across the Potomac, now part of Virginia.

Mr. Wickersham did not agree with the argument that Congress had no right to restore the territory to Virginia without a constitutional amendment. Attorney-General Wickersham declared further he was strongly of the opinion that Congress might at any time remove the capital of the United States to any place it deemed expedient.

Traffic Laws Governing Autos Said to Be at Fault.

CLELAND TRAGEDY CITED

Police Urge Requiring of Machines to Pass Cars Only on Right or Curb Side of Street, as Being Safest.

Need of an amendment of the traffic ordinance regulating the passing of automobiles to the left or "blind" side of streets is a lesson drawn by the police from the tragic death of W. A. Cleland at East Fifteenth and East Morrison streets Thursday. That this practice is a prolific source of collisions and other accidents is an assertion borne out by the reports on file at headquarters.

Dr. F. J. Wiley, who was driving the automobile which caused the tragedy, was complying with all regulations, according to his own statement and all other information at hand at present, and the members of the Cleland family have said that they believe him free of any blame. Formal inquest will be held today by the coroner.

Traffic Rules Obeyed.

When Mr. Cleland was struck Dr. Wiley's car was attempting to pass a streetcar by verging to the center of the street. In this he was justified by the rule of the road, as expressed in the former traffic ordinance, but the point was overlooked when the new ordinance was drafted. The rule is that one vehicle overtaking and passing another shall do so to the left or center. That this should be changed and the ordinance amended to require passing only on the right hand or curb side of the street is the belief of police officials versed in traffic regulations.

This would bring automobiles to a stop when directly behind a streetcar taking on or discharging passengers, but it is argued that they could pass in front as soon as the car resumed motion and lose little time.

Funeral to Be Sunday.

Funeral arrangements for Mr. Cleland were completed yesterday. Services will be held Sunday at 2 P. M. in the auditorium of the Masonic Temple, at West Park and Yamhill streets, and will be conducted by the Grand Lodge, Ancient, Free and Accepted Masons, and the Grand Commandery of the Knights Templars, members of the latter body appearing in uniform.

Arthur Langhuth, president of the Milwaukie Bar Association, has called a meeting of the lawyers of the county in Judge Morrow's courtroom at 9:30 this morning to take action concerning the attendance of the bar at the funeral. The attendance of attorneys is requested without regard to whether they are members of the association.

#### WRITER AIDS THAW

Alfred Henry Lewis Appears as One of Staff.

ALBANY, N. Y., Feb. 28.—Governor Sulzer's committee of inquiry learned today, through Horace A. Hoffman, a representative of Harry K. Thaw, that William F. Clark, the committee's former secretary, was recommended by Alfred Henry Lewis, the writer, to perform a mission for Thaw in Utica. Hoffman testified that, at Lewis' request, he made out a check for \$100 payable to Clark for "expenses."

It was understood, Hoffman said, that a proposition was to come before the meeting of the State Bar Association to limit the number of habeas corpus proceedings that might be taken. Thaw wanted Lewis to go to Utica to get into the public print certain letters on the subject from Mrs. Thaw and others, but Lewis recommended Clark.
