## "Kid" Mead Fails in Attempt to "Fix" Police for Sojourn in Portland.

### OCEAN GAMBLER IS CAUGHT

Passenger on Ship Bear, Is Held.  
Lawless Arrivals Keep  
Officers on Alert.

#### ARRIVALS TO DATE OF PRO- FESSIONAL CRIMINALS AN- SWERING MYSTERIOUS QUESTIONS

February 25—Charles Barrett and  
Frank Caviness caught in alleged at-  
tempt to flee countryman.  
March 2—Kid on Netherlands Hotel  
discovers a party of five recently  
arrived professionals.  
March 3—Three professional card  
sharp go over side of steamer Bear  
after exposure of trickery; one ar-  
rested here.  
March 4—"Kid" Mead, noted shop-  
lifter, comes to Portland expecting to  
remain, but is ordered out.

In his own automobile, "Kid" Mead,  
a shoplifter and "moll-buzzer" with a  
Coast-wide reputation, drove into  
Portland yesterday and with the ut-  
most confidence went direct to detec-  
tive headquarters and reported to Cap-  
tain Baty. He said that he had come  
to stay, having heard that the town  
was right.

Mead had been expected, as an ad-  
vancer tip had been given Detectives  
Hellyer and Howell that he was to  
make one of the gang they arrested  
in a Washington-street hotel a week  
ago. Unless you do not believe you  
necessary to dispel any doubt that  
someone, on better or worse authority,  
had spread the announcement that  
Portland was fixed to be a haven for  
the professionals at a time when all  
other Coast cities are making it  
unpleasant for them.

So it was with visible chagrin that  
Mead listened to a curt order from the  
detective captain to get out of the  
city before another day. "You can go  
and see the Chief," said the officer,  
"but unless you do it in a hurry you  
different answer, my advice is that  
you will not enjoy a stay in Portland."  
Mead, up to last night, had not car-  
ried his case to the head of the de-  
partment.

#### Men Has Criminal Record.

This latest arrival of a dozen or  
more confidence men who have quar-  
tered here within the past two weeks  
has a record for a long time ago,  
when he was picked up but "floated."  
His criminal history includes a term  
in San Quentin, where he served three  
years from San Diego.

A year ago he came here, on his  
way to Chicago, and was "shown-up"  
and ordered out. Of late years he  
has been active as a shoplifter and  
prospered to the extent of owning his  
automobile. It is said that he and a  
woman, who accompanies him, recent-  
ly "squared" a case in a California city  
for \$2000.

By "blowing back" with \$150, a part  
of \$300 won from E. A. Higginson, a  
mining engineer, on the steamer Bear,  
Charles P. Sly, who after going over  
the side of the steamer at Astoria, ar-  
rived here by train at midnight Mon-  
day, and was promptly arrested by  
Detectives Maloney and Swenow, es-  
caped with a "float" in Municipal  
Court yesterday, where he answered to  
a charge of vagrancy. Had this failed  
the officers concerned would bring him  
before the Federal court on a charge  
of larceny on the high seas.

#### Others Not Found.

Though detectives watched the  
trains yesterday, two other profes-  
sional gamblers, who were expected to  
arrive here by train at midnight Mon-  
day, did not arrive. Higginson says  
that a warning against gamblers  
aboard was posted in the smoking-  
room, and was intended to warn the  
swindlers.

#### The Five Men Caught at the Nether- lands Hotel were to have been tried in Justice Bell's court yesterday but the District Attorney asked for more time to prepare the case and it went over till today. Justice Bell refused an ap- plication for a reduction of the \$1000 bond under which the men are held.

#### District Attorney Evans has inter- ested himself keenly in the develop- ments and is co-operating with Cap- tain Baty in putting a check on the influx before it reaches the point where it cannot be curbed. Excepting one small job of shoplifting there have been no reports of crimes attributable to this class of men.

### DAVIS TO TRY SLEETH CASE

Defendant May 10th Demurrer to  
Libel Indictment.

Circuit Judge Davis will try the case  
of the Portland News Publishing Com-  
pany and Dana Sleeth, its editor, John  
indicted for libel. The case was  
drawn by Judge Davis under the  
lot system now in vogue. Sleeth has  
not been arraigned yet, and if the  
plans of Dan Powers, his attorney, ac-  
ceeded in, it probably will be several  
days before he is. As a matter of  
form, he has signed a recognizance  
bond promising to make himself avail-  
able to the orders of the court.

### VETERANS PLEAD FOR SHIP

Scout Young Camp Against "Scrap-  
pling" Historic Oregon.

The Spanish War veterans of Port-  
land have joined the movement to save  
the battleship Oregon from the scrap  
heap. Resolutions, copies of which  
have been mailed to the Secretary of  
the Navy, and to each of the camps of  
the United Spanish War Veterans  
throughout the Nation, request that  
they join in the movement. It is main-  
tained that although the Oregon has  
become obsolete as a fighting craft,  
yet her heroic service in the war with  
Spain entitles her at least to be pre-  
served as a training ship for the grow-  
ing naval militia of the country.  
The resolutions were adopted at a  
recent meeting of the Scout Young  
Camp No. 2, United Spanish War Vet-  
erans, and in them the Secretary of  
the Navy is memorialized to deliver the  
battleship to the State of Oregon for  
service as a militia training ship.

### BUST OF SUFFRAGE LEADER, MODELED BY PORTLAND SCULPTOR.

MRS. ABIGAIL SCOTT DUNIWAY, BY ROSWELL DOSCH.

### IMAGE IS FINISHED

Sculptor Completes Bust of  
Mrs. Abigail Scott Duniway.

### ROSWELL DOSCH ARTIST

Skill and Talent Revealed in Finely-  
Chisled Likeness of Oregon  
Woman Prominently Ident-  
fied With State.

BY EDITH KNIGHT HOLMES.  
Mrs. Abigail Scott Duniway is the  
subject of a bust that has been mod-  
eled by Roswell Dosch, a Portland  
sculptor. This interesting piece of  
work is to be placed on exhibition to-  
day at the Art Museum.

The bust that will immortalize the  
features of Mrs. Duniway shows that  
the young artist possesses skill and  
great talent, for he has brought out  
the strength of character that makes  
Mrs. Duniway's face distinctive. The  
position of the head denotes, deep  
thought, a certain amount of satisfac-  
tion at many successes deservedly  
won and shows that there is still the  
fire of ambition for other and greater  
efforts for the benefit of humanity.

Time, profound learning, the use of  
common sense and her universal kind-  
liness and splendid ability have chis-  
eled her lines upon the countenance  
of the well-beloved woman and these  
have been faithfully reproduced by the  
sculptor.

In speaking of her life work, Mrs.  
Duniway said: "My motto has been  
'Make Friends' and in my opinion  
this is a good policy. Even when the  
small boys made fun of me in earlier  
days I made friends with them and  
they soon became my most enthusiastic  
supporters." She says that she never  
intended to be a leader in the begin-  
ning, but was just urged into the place,  
Mrs. Duniway is an inveterate reader  
and besides keeping up with the times  
through the daily press, she is most  
interested in the life of great Ameri-  
cans, particularly that of Abraham  
Lincoln. She laughingly said that she  
thought that Mr. Doach had made her  
likeness to resemble that of Lincoln.

### FEDERAL CHARGE LIKELY

MRS. AYERS FACES INDICTMENT  
FOR SELLING LIQUOR.

Officers Find Quantity of Intoxicants  
in House—Grand Jury Report  
Is Due Today.

New troubles for Mrs. Lucille  
Ayers, arrested Saturday night on a  
charge of white slavery, are in pros-  
pect since the Federal Government has  
expressed interest in the case, under  
supposition that she has violated the  
internal revenue laws by selling liquor  
without a license. To this end, Ser-  
geant Harms and Inspector McGill, ac-  
companied by Mrs. Ayers and W. T.  
Hume, her attorney, went to the house  
pursuant to a search warrant issued  
from the Justice Court, and unearthed  
a quantity of fine wines and liquors.

It has developed that during all the  
time that Governor West, Sheriff  
Word and the police have been seeking  
evidence against Mrs. Ayers' house for  
violations of the state laws, the Fed-  
eral officers also have been active,  
even bringing a special agent here  
from Seattle in an attempt to get evi-  
dence that the place was a "blind pig."  
Like the others, they were balked and  
it was not till the policemen climbed  
in at windows Saturday night and  
took possession of the place that an  
opening was made. Four women who  
confess being inmates of the house  
are relied upon to establish the Gov-  
ernment case as well as the state  
charge.  
Report of the grand jury upon this  
case is expected today, as it is known  
that two indictments have been pre-  
pared, on which the jury is prepared  
to vote one way or the other. One  
charges Mrs. Ayers with being a pro-  
curer and the other with running a  
disorderly house.  
Fruitless appeal was made to the  
District Attorney yesterday by attor-  
ney for Mrs. Ayers to reduce the  
\$5000 bail under which she is held and

# "SALMON DAY" TO BE NATION-WIDE

## Campaign to Pay Tribute to Food Fish March 14 Takes Big Proportions.

### RECIPE CONTEST STARTED

Prizes Offered for Best Methods of  
Preparing Dish—Hotels, Clubs,  
Cafes and Railroads Join in  
Exploiting Product.

Friday, March 14, will be "Salmon  
Day" throughout the United States and  
wherever people congregates on that  
day they will be urged to pay tribute  
to the delicious and nutritious food  
that has aided enormously in en-  
riching the whole Northwest.

Hotels, clubs, restaurants and cafes  
have arranged to serve salmon as the  
special item on their menus. The  
railroads in the Northwest will serve  
them free on their dining-cars. Peo-  
ple everywhere, and especially in the  
Northwest, are expected to eat them at  
their homes.

In an effort to call particular atten-  
tion to the salmon industry and to en-  
courage residents of the Northwest to  
eat salmon at all times of the year, but  
on "Salmon Day" in particular, the  
salmon packers and the commercial  
bodies of Portland will break bread to-  
gether and eat salmon at a banquet at  
the Commercial Club on the evening of  
March 14. The details of the function  
are in charge of the Transportation  
Club. Every other club in the city  
has been asked to join in celebrating  
the occasion.

#### Recipe Contest Started.

W. C. McBride is chairman of the  
committee. Associated with him are  
S. J. French, Russell Stanley, A. M.  
Burns and V. Kistler. Salmon men of  
Astoria and other points along the  
Columbia have been invited to join  
with them.

Coincident with the preparations to  
celebrate "Salmon Day," the Oregon-  
Washington-California Salmon Pack-  
ers' Association, through The Oregon-  
ian, will conduct a contest to deter-  
mine the best recipe for which canned sal-  
mon can be used. This contest will be  
open to all, but the women are  
especially urged to join.

The recipes will be passed upon by  
a board of competent judges. Prizes  
will be awarded on March 14.

Contestants are urged to write their  
recipes plainly and to mail them to  
the "Salmon Recipe Contest," care The  
Oregonian, Portland. The contest will  
close on Wednesday, March 13, and all  
recipes must be in The Oregonian of-  
fice on that day.

#### Prizes Are Offered.

The prizes which will be given by  
the packers' association will be as  
follows:  
First prize, one case Columbia River  
one-pound flat Chinook.  
Second prize, one case one-pound flat  
Oregon Red salmon.  
Third prize, one case half-pound flat  
Chinook.  
Fourth prize, one dozen Chinook tails  
salmon.  
Fifth prize, one dozen Oregon Red  
tail salmon.  
Sixth prize, one dozen half-pound  
Oregon Red salmon.

Chefs and cooks around the hotels  
and restaurants are figuring out ap-  
petizing dishes in which salmon can be  
used. They will offer many innova-  
tions to their patrons on "Salmon  
Day." The formal function at the  
Commercial Club will offer some treats  
in this respect. John Anzani, man-  
ager of the club, is planning to give his  
patrons something original. While  
there will be a lot of other good things  
to eat, salmon will be the "piece de re-  
sistance."

### HARBOR WORK TO BEGIN

BAY CITY PORT COMMISSION  
MAKES ARRANGEMENTS.

Members of Body Assure Federal En-  
gineer That \$407,000 Will Be  
Ready April 1.

Arrangements were agreed upon for  
the permanent deepening of the en-  
trance to Tillamook Bay at a meeting,  
yesterday, between the members of the  
Port of Bay City Commission and Major  
Mowbray, Corps of Engineers, U. S. A.,  
representing the Government.  
After the project was proposed it  
was found that the cost would approxi-  
mate \$414,000 and to raise half of this  
amount the establishment of the Port  
of Bay City was presented to the  
voters of a district that included 500  
square miles of land in Tillamook  
County. A general election this  
port was declared to exist. To insure  
its legality, a suit was brought to  
have the port's existence cancelled, but  
the State Supreme Court made the  
commission a legal and permanent  
body.  
The territory covered in the district  
of the port is assessed for \$5,000,000  
and the port commission had no diffi-  
culty in selling bonds to the amount  
of \$407,000 to provide for one-half of  
the cost of the contemplated work.  
At the meeting yesterday there were

### INHERITANCE TAX CLAIMED

State Treasurer Wants Estate of  
Herman Baumhoer Reopened.

State Treasurer Tom Kay has written  
Probate Judge Clever asking that the  
estate of Herman Baumhoer, who died  
May 31, 1911, be reopened. The state  
received no inheritance tax from this  
estate, Mr. Kay writes, and he wants it  
collected and paid in. The estate was  
closed some time ago.

A few days previous to his death Mr.  
Baumhoer deeded to legatees property  
which they were devised under the will  
as filed for probate. This reduced the  
value of the estate from \$13,000 to less  
than \$5000.

A large part of the property went  
to Luella Magruder, not a relative, the  
same property she was devised by the  
will, and Mr. Kay's letter indicates a  
determination to collect the amount she  
is alleged to owe the state as inheri-  
tance tax. If property is succeeded to  
by people in the direct line of descent  
there is an exemption of \$5000 from in-  
heritance tax and the tax is only a  
fraction of what it is if the property  
goes to non-relatives.

County Clerk Coffey, whose office  
checked up and reported to Mr. Kay  
on the Baumhoer estate, is now en-  
gaged in checking up other estates in  
which he believes the inheritance tax  
was dodged by somewhat similar  
means.

### FUND CAMPAIGN PLANNED

Rosarians Getting Ready to Collect  
Cash for Rose Festival.

Preparations for the campaign to  
raise \$100,000 for the 1913 Rose Festi-  
val are under discussion by the Royal  
Rosarians and the executive board is  
going into the matter thoroughly. W. C.  
Bristol, Crown Prince of the Rosari-  
ans, probably will call at meeting  
of the organization Friday to settle  
upon final plans.

"We propose a Rose Festival sub-  
scription week," says Mr. Bristol, "and  
in that week we expect to get the  
\$100,000 fund. We will put it up to  
the business men that here is a festival  
which will cost \$100,000 and will bring  
to Portland not less than 500,000 per-  
sons. Every other city in the state has  
\$5 apiece, or a total of \$2,500,000. If  
the business men are not ready to  
spend \$100,000 to bring to Portland  
\$2,500,000, then they are not worthy  
of the city in which they live or the  
business they represent."

The city is being distracted as to lo-  
cality and profession or occupation of  
those who will be expected to assist in  
making up the fund needed, and mem-  
bers of the Rosarians will be assigned  
to visit the business men.

### OLD RIVALS HAVE REUNION

John Y. Calahan, of Nickel Plate  
Road, Visits in Portland.

John Y. Calahan, of Chicago, assist-  
ant general passenger agent for the  
Nickel Plate road, visited Portland yester-  
day on his annual trip to the Pacific  
Coast. He was accompanied on his  
calls to Portland transportation and  
mercantile men by Harry Bonn, district  
passenger agent for the Nickel Plate in  
the Northwest.  
Mr. Calahan had an interesting meet-  
ing with Attorney W. M. Calk. The  
two used to be schoolboys back in  
Portland, Ore., and even were so inti-  
mate at one time that they courted the  
same girl for a while. The girl now is  
Mrs. Calahan, who accompanies her hus-  
band on his present trip. Anyday they  
all had a mighty pleasant time together  
talking over old times.

Just before starting for the Coast Mr.  
Calahan attended the annual meeting  
of the Veterans' Association, composed  
entirely of men who have been in the  
employ of the Nickel Plate road for 25  
years or more. Although the road is  
only 523 miles long it has more than  
400 employees eligible for membership.

### CHILD - BEATING ALLEGED

Jack Marks Arrested on Complaint  
of 13-Year-Old Daughter.

With her lips puffed and her eyes  
blackened, Ethel Marks, 13 years old,  
was taken from her home at 53 East  
Seventy-fifth street yesterday to the  
Y. W. C. A., while her father, Jack  
Marks, a carpenter, was placed in the  
City Jail under charge of inflicting the  
injuries.

Refusal to eat stale bread Monday  
night, is ascribed by the girl as the  
reason for an attack made upon her by  
her father, who, she says, was drunk.  
He set upon and beat her, she charges,  
till her screams brought the neighbors  
and they forced him to desist. The  
girl's mother has been dead 10 years,  
and Marks' mother died Saturday in  
the East.

The house, says Burstow, is the filth-  
iest place he ever entered, and is a  
mere shack. The neighborhood is in-  
dignant, and the complaint in the case

# "This soup beats a cock-tail!"

That's how a tired hungry business  
man feels—and he often says so, too,  
when he sits down to a steaming plate  
of our savory Tomato Soup.

And he is doubly right. This whole-  
some soup not only beats a cock-tail  
as an appetizer but beats it still further  
in the nourishing body-building after-  
effect. Prepared either with hot wa-  
ter, or with milk or cream. It makes  
the whole meal relish better and digest  
better, and do you more good.

### PROSPERITY NOTED AFAR

Theatrical Man Predicts Four Years  
More of Bounty.

Four years more of prosperity! That  
was the exclamation of Jacob Wilk,  
theatrical representative of the Shu-  
berts, and W. A. Brady, who arrived  
in Portland yesterday and is at the  
Montevilla school for a week when  
asked "How's business?" Mr. Wilk is  
at the head of "Bunty Pulls the Strings,"  
which will be seen at the Hel-  
lig March 10 for a week's run.  
"It has proved one of the best years  
in the theatrical business and particu-  
larly so for 'Bunty Pulls the Strings,'"  
said Mr. Wilk. "We have done a  
business amounting into the thousands,  
clear gain, mind you, and everything  
has been so good and promises so much  
better that we will be found running  
all summer, though the average year  
finds big shows closing down during  
the usual season. Not so with us."

### New Method of Reducing Fat

Good News From Paris.  
A news item from Paris informs us  
that the American method of producing  
a slim, trim figure, is meeting with aston-  
ishing success. This system, which has  
made such a wonderful impression over  
there, must be the Marmola Prescription  
Tablet method of reducing fat. It is  
safe to say that we have nothing better  
for this purpose in this country. Any-  
thing that will reduce the excess flesh  
a pound a day without injury to the  
stomach, the causing of wrinkles, the  
help of exercising or dieting, or inter-  
ference with one's meals is a mighty im-  
portant and useful addition to civilization's  
necessities. Just such a catalogue of good  
results, however, follow the use of these  
pleasant, harmless and economical little  
fat reducers. We say economical because  
Marmola Prescription Tablets (made in  
accordance with the far-seeing prescrip-  
tion of Dr. Marmola) can be obtained of any druggist or  
the makers, the Marmola Co., Farmer Bldg.,  
Detroit, Mich. At seventy-five cents the  
large case, which is a decidedly economi-  
cal price considering the number of table-  
ts each case contains.

for which Jayne's Tonic Vermifuge is

### BACKACHE IS A DANGER SIGNAL

Kidney Troubles, Bladder Dis-  
orders, Rheumatism, and  
Serious Diseases Follow.

There are other symptoms, such as  
pains in the region of the kidneys,  
nervousness, dizziness, tired and worn-  
out feeling, weak bladder, painful,  
scaldy, or urinary troubles, which are  
just as dangerous, for the slightest  
kidney derangement if neglected may  
develop into the deadly Bright's Dis-  
ease, Dropsy or Diabetes.

It is not only dangerous, but need-  
less for you to suffer and endure the  
torments of these troubles, for the new  
discovery, Croxone, quickly and surely  
ends all such misery.  
There is no more effective remedy  
known for the cure of kidney, blad-  
der trouble and rheumatism, than this  
new scientific preparation, because it  
removes the cause. It soaks right into  
the kidneys, through the walls and  
linings, cleans out the clogged-up  
pores, neutralizes and dissolves the  
poisonous uric acid and waste matter  
that lodge in the joints and muscles  
and cause those terrible rheumatic  
pains and makes the kidneys filter the  
poison from the blood and drives it  
out of the system.  
Three doses of Croxone a day, for  
a few days, is often all that is ever  
needed to cure the worst backache or  
overcome disagreeable urinary disor-  
ders, and you can take it with the ut-  
most confidence that nothing on earth  
will so quickly cure the worst case  
of kidney, bladder trouble, or rheuma-  
tism.  
You will find Croxone different from  
all other remedies. There is nothing  
else like it. It is so prepared that it  
is practically impossible to take it in-  
to the human system without results.  
An original package costs but a trifle  
at any first-class drug store. All drug-  
gists are authorized to personally re-  
turn the purchase price if Croxone  
should fail in a single case.

### "COLDS"

Caused by Lowered Vital Resist-  
ance—What to Do for This.

It is a well-known fact that when a  
person is run down, stomach out of  
order, or the system overloaded with  
waste matter, vital resistance is low-  
ered and colds and coughs are easily  
contracted.  
The safest and surest method we  
know to overcome this condition is by  
taking our delicious cod liver and iron  
tonic, Vinol. In the most delicate form,  
our Vinol tones up the digestive or-  
gans, promotes a hearty appetite, en-  
riches the blood and creates strength  
for every organ in the body and as a  
specific for chronic coughs, colds and  
bronchial troubles Vinol is unequalled.  
Mr. Albert Porter, of Richmond Hill,  
L. I., says: "All Winter I had a bad  
cold and cough which I could not get  
rid of, and was badly run down be-  
sides. Vinol was the one remedy which  
cured my cough and made me well in  
every way."
