

SENATE IS PROMPT TO PROBE INDIGNITY

Committee to Begin Today to Fix Blame for Trouble at Suffrage Parade.

POLICE FORCE INADEQUATE

Washington Official Says Congress Has Refused His Requests for More Men—Women Charge Indifference Was Shown.

WASHINGTON, March 5.—Aroused over the failure of the Washington police department to maintain order during the parade of the suffrage contingent of March 3, the Senate began today an investigation to place the responsibility for the lack of protection for the women marchers.

Acting under a resolution adopted just before the Senate adjourned Monday, Senator Chandler, the retiring chairman of the District of Columbia committee, named Senators Jones, Dillingham and Pomeroy as an investigating committee. At a meeting today the committee determined to begin hearings at 1:30 o'clock tomorrow. Major Richard Sylvester, superintendent of police, probably will be one of the first witnesses called.

Police Inadequate, Says Chief.
It is the plan of the committee to examine a large number of persons to determine accurately the attitude of the police toward the suffrage marchers and the character of protection given. Superintendent of Police Sylvester said today that the department could not be blamed for the failure to preserve order. He pointed out that the police force was inadequate to meet the situation that confronted it—requiring the guarding the suffrage line of march and handling the arrival of President Wilson at practically the same time. His requests for more men, he added, have been unheeded by Congress for the last five or six years.

Witnesses Charge Indifference.
The fact that so many members of Congress are from suffrage states is counted upon by the women to aid them in punishing those responsible for the indignities they say they were compelled to suffer at the hands of drunken and ruffianly men. They are making every effort to obtain evidence to present to the committee.

General Anson Mills, U. S. A., retired, and Rear-Admiral Walnwright and Mrs. Walnwright and Mrs. Stanton, granddaughter of Lincoln's Secretary of War, are among those who are said to have submitted evidence of indifference on the part of the police.

Miss Alice Paul, chairman of the Congressional committee of the National suffrage organization, has taken personal charge of the work of pushing the investigation. She declares she already has obtained conclusive evidence regarding policemen who refused to keep back the crowds along Pennsylvania avenue.

Government Wants Legislation.
It is reported that the government has decided to introduce in Parliament at a date as early as possible the bill dealing with the suffragette difficulty. The first will empower the Home Secretary to exercise the same licensing control over persons committed to prison as he now does over convicts. Thus a suffragette prisoner adopting the hunger strike would be sent to a hospital or a home until her health had been restored and then would be recommitted to prison. This method would be repeated until the prisoner had served the full term, in which the time out on license would not be counted.

The second bill will provide a better procedure for recovering fines and damages from suffragettes convicted of attacks on piers. It will modify otherwise the criminal law in the desired direction.

LARGE PIER IS AUTHORIZED

Gotham Structure 1200 Feet Long to Accommodate Big Ships.

NEW YORK, March 5.—Authorization was given by the city today for the first of the projected 1200-foot piers to accommodate giant ocean liners of the type now building or planned abroad for service between this port and Europe. The new pier will be constructed at Forty-sixth street and the Hudson River, a point far north of the present group of berths for big trans-Atlantic steamships, the additional width of the river there permitting the longer piers.

CEMETERY SITE UNCERTAIN

City of Vancouver Defendant in Injunction Proceedings.

VANCOUVER, Wash., March 5.—(Special.)—C. L. McKinley has filed a suit for an injunction against the city of Vancouver to keep it from locating the proposed new cemetery near property he owns outside of the city limits and a hearing has been set for March 15. The Council Monday night passed a resolution to buy this tract. All previous attempts to locate the cemetery have met with legal obstructions. It is probable that a special election will be called to vote on the proposition.

WOMAN DIVORCES "REV." FRANK HORN

Pastor of Twin-Brother Fame Not Present in Court When Decree Is Granted.

MAN MISSING TWO WEEKS

Wife Tells on Stand of Musical Ambitions and of Being Wooed by Minister While Engaged as Choir Singer.

SAN FRANCISCO, March 5.—(Special.)—Rev. Owen de Tovrea, alias Frank Horn, pastor of "twin brother" fame, has been missing two weeks. De Tovrea's disappearance became known today at the trial of the divorce suit brought against him by his wife, Mrs. Eva Metz de Tovrea, who was married to the pastor in 1910. Mrs. De Tovrea obtained an interlocutory decree of divorce after she had told her story to Superior Judge Mogan. The wife's parents also testified as to the pastor's alleged misconduct. But De Tovrea was not present to take the stand in his own behalf and so it became known that he had disappeared and that all efforts to find him had proved of no avail.

Preacher Missing Two Weeks.

"Attorney Hall, counsel for the prosecution, addressed Judge Mogan, saying: "He has not been seen for two weeks. We do not know whether he is living or dead."

Judge Morgan Awarded Mrs. de Tovrea \$25 a Month Alimony.

Mrs. de Tovrea is the daughter of Charles Metz, a contractor. She testified today that she was living here in 1910, when she first met de Tovrea, who introduced himself as a delegate to Bolivia from the Presbyterian Mission. Prior to her meeting with the pastor she had been studying music and taking vocal lessons, she said, and was ambitious to star in operas. It was through her engagement in various churches as choir singer that she first met the clergyman, who wooed and won her.

Idol Has Feet of Clay.

After their marriage they traveled to Portland and other Northwest cities. When Charles Metz dismissed her before Christmas, 1910, they went to the home of Mrs. de Tovrea's parents in Redding.

On that visit the clergyman's bride told her parents that she could not get along with her minister-husband, she related today on the witness stand. She had already learned, she said, that he was not the good man she thought him to be.

They remained at the Redding home of the Metz family until February, 1911, when Charles Metz dismissed his son-in-law from the house because of misconduct.

It Was Identified This Morning by Mrs. de Tovrea.

Mrs. de Tovrea said that her husband had shown her pictures of his family, but that no mention was made of a twin brother, nor was the name of Horn brought out.

Voice Lost From Worry.

Since the estrangement Mrs. de Tovrea had not seen her husband, she said, until they met for the first time in the jail in Richmond, at which time "Horn" declared he had never seen the woman before.

Mrs. De Tovrea said she lost her voice completely from worry after her marital troubles and that it was many months before she was able to speak above a whisper. She is only now beginning to sing again, she said.

Charles Metz, the pastor's father-in-law, corroborated the charges made by his daughter. Asked what De Tovrea's conduct at the Redding home consisted of, Metz said:

"I don't know what it was."

A prominent Richmond man is now suing his wife for divorce, naming the runaway preacher as co-respondent.

UNBORN BABE SAVES MAN

San Francisco Judge Merciful to Thief for Family's Sake.

SAN FRANCISCO, March 5.—A life not yet born saved Walter McGrew, a thief and clerk, from spending four years in the Alameda County Jail.

When Judge Van Fleet, in the United States District Court, heard today that McGrew's wife expected a baby soon, he deliberated in puzzlement. Finally he said:

"McGrew, you spent the money you stole for drink. You don't deserve mercy, but I cannot see the justice of making the innocent suffer with the guilty. Rather than cast the shame of a felon's stripes across the lives of your wife and her children I sentence you to one year in the Alameda County Jail instead of the five you would otherwise have passed in the Penitentiary."

Universal Strike Averted.

LONDON, March 5.—The threatened "universal" strike of the railroad systems throughout the British Isles was averted today, when the railroad workers' unions accepted the offer of the Midland Railway Company to reinstate Conductor Richardson. His dismissal

MRS. THOMAS PROTESTS

MUSICIAN'S WIDOW OBJECTS TO ORCHESTRA'S NAME CHANGE.

Heirs Declared to Have Been Willing to Make Sacrifice Only to Perpetuate Memory.

CHICAGO, March 5.—Mrs. Rose Fay Thomas, widow of Theodore Thomas, entered a vigorous protest today against the action of the directors of the Theodore Thomas orchestra in changing its name to the Chicago Symphony Orchestra.

Mrs. Thomas asserts that the gift of the Theodore Thomas Orchestra Library, the largest in the world and representing four-fifths of the late musician's estate, was made to the Theodore Thomas Orchestra and not to the Chicago Symphony Orchestra.

Mrs. Thomas doubts the right of the trustees to change the name, after accepting the library, without the consent of the Thomas family. In a letter Mrs. Thomas says: "When we were assured that the orchestra was to be named after Mr. Thomas, we thought no sacrifice too great if there would help to establish, permanently, the noble institution which should preserve the name of Theodore Thomas and his art standards to future generations."

"His heirs were not rich people who could afford lightly to toss away the greater part of their inheritance, but quite the contrary."

SOUTH WELCOMES TAFT

EX-PRESIDENT HASTENS TO HIS GAME OF GOLF.

Large Gallery Witnesses Play on Links at Augusta, Ga.—Stay Will Be Informal.

AUGUSTA, Ga., March 5.—"Citizen" Taft showed his appreciation of a demonstrative reception here today and the Taft smile was much in evidence from the time he left his private car until an automobile carried him, Mrs. Taft and Miss Helen away to their hotel. A thousand school children, waving American flags; 150 Richmond cadets, drawn up in line, and several hundred citizens, including the Mayor, met him at the train.

"I am impatient to get to my golf club," said Mr. Taft, "and I am indeed glad of the chance to come to Augusta for a few weeks."

Mr. Taft was on the golf links of the country club soon after his arrival. His playing was witnessed by a large gallery. The ex-President expressed himself after his trip around the course as feeling splendidly.

At the request of the ex-President, no formal entertainments have been arranged for his visit here.

Reports that Mr. Flagler's hip was broken by the fall are denied. It is said his condition probably will be normal in a few days.

Physicians Are Divided.
Medical circles are still badly divided on the merits of the Friedmann treatment. Many leading practitioners of the city declare their utter disbelief in the cure and denounce the cruelty of building up the hopes of thousands of sufferers until positive relief is in sight for them.

From Aurora, Ill., came the announcement that the millions left by the late John W. Gates were at the command of Dr. Friedmann providing he could cure Frank Gates, favorite nephew of the millionaire, who is now in Colorado, suffering from tuberculosis. Other liberal offers have been made to the German physician and he can name his own price if his claims can be substantiated.

Charles E. Finlay, the banker who has interested himself in the German physician, said that Ottawa, Canada, had "offered Dr. Friedmann the freedom of the city," if he would make tests there.

Treatments to Begin Today.
His secretary, Dr. Charles DeV. Huntz, announced tonight that Dr. Friedmann positively would begin his treatment of tuberculosis patients tomorrow, but the secretary would not make known where the physician's headquarters for this purpose would be established.

Messages were received by Dr. Friedmann and his brother tonight from the Chicago Medical Society, inviting him to that city and assuring him every facility for making thorough tests of his serum. This offer may be accepted later, but for the present Dr. Friedmann insists he desires to satisfy his critics here that he is sincere. Those responsible for bringing him to New York still express faith in his claims and criticize the city authorities and medical societies here for throwing so many restrictions around his experiments.

NOTE WRITER IS SOUGHT
ANONYMOUS LETTERS IDENTIFY BODY FOUND IN CANYON.

Police Now Believe Sender of Missives Is Slayer of Los Angeles Man and of Wealthy Girl.

LOS ANGELES, March 5.—Statements contained in a series of anonymous notes, which the police of Santa Monica had heretofore believed were the work of a mad man, today showed that the body of a man found several days ago in Dead Man's Canyon was identified as that of Harry Meyers, the former employe of a telegraph company in this city.

In all the notes received the anonymous writer declared that the dead man's name was Meyers and that the writer had killed him.

The body of Meyers was found near the spot where that of Miss Nettie Soards, a wealthy resident of the beach district, was found early last month, and the fact that the letters have also mentioned the woman set the police of the body the police of Santa Monica received another note, saying:

"Don't ever figure you can get me by my writing, as I can write all sorts of ways. You can ask questions about Miss Soards and Meyers through the newspapers and I will answer by mail. So you can clear up the case without catching me."

A letter written by the same hand and received two days ago said:
