It has got to be a by-word with the people of Portland that "Damascus Means Best"

RESINOL RELIEVED ITCHING AT ONCE
And Completely Cured Skin Humor.

If you have eczema or any other itching, burning skin trouble, the best evidence of what Resinol Soap and Resinol Ointment do for you is the word of one who was cured by them after weeks of suffering. Adolph Schoen, 742 Shepherd Ave., Brooklyn, writes: "Not long ago I had a bad case of eczema. It was seen on my arms and body, which I noticed were getting larger every day. They itched me so much that I scratched myself until I bled. There were times when I stood up all night and scratched. I was troubled about three weeks, during which time I used every remedy that I could get my hands on. Nothing seemed to do me no good whatever. Then, finally, I thought of trying Resinol Soap and Resinol Ointment. As soon as I applied Resinol Ointment I felt much relief. After using it a few times, I noticed the sore spots slowly fading away, and in about a month I was cured completely."

The soothing, healing balsams in Resinol Ointment and Resinol Soap, penetrate every pore of the skin, clearing it of all impurities, driving away eczema, rashes, ringworm, psoriasis, and other eruptions, and making pimples and blackheads impossible. Prescribed by physicians for sixteen years. For free samples write to Dept. 18-T, Resinol, Baltimore, Md. Every druggist sells Resinol Ointment and Resinol Soap.

We ask you to try this really good Laundry Soap... 5 bars, 25¢; box of 90 bars, \$4.15

GERMAN WAR BOAT SINKS; 66 ARE DEAD
Cruiser Cuts Torpedo Craft in Twain and All Except 17 Go to Bottom.
MISTAKE IN TIMING CAUSE
Commander and First Officer Die With Vessel at Maneuvers in North Sea—Entire Fleet at Scene of Disaster.

HELIGOLAND, Germany, March 5.—Sixty-three men lost their lives when the German cruiser York rammed the torpedo boat G-178 in the North Sea last night. The dead men are all members of the crew of the torpedo boat, which sank immediately after the disaster. Lieutenant Kock, commander of the boat, and his first officer, are among the dead. Seventeen were saved from the damaged vessel, among the number being the surgeon and the chief engineer.

A mistake in calculation of distance on the part of the commander of the sunken vessel caused the accident. The torpedo boat attempted to pass between a line of moving warships which were returning from maneuvers, and running across the path of the York, was cut squarely in two. It sank at once. Taking part in the maneuvers were the battleship fleet, the cruiser squadron and 65 torpedo boats or torpedo boat destroyers.

It was the members of the crews of these other vessels who succeeded in rescuing the 17 men from the sunken craft. The York signaled immediately to the other vessels which at once slowed down and began combing the sea with their powerful searchlights. Men were seen bobbing on the surface here and there and small boats were lowered and picked up the struggling seamen.

Torpedo destroyer "S-173" was one of the newest in the German fleet. It displaced 836 tons and carried a complement of 84 officers and men.

Joseph C. Grew, secretary of the American Embassy, went to the Ministry of Marine at Berlin today to express to Admiral Von Tirpitz the condolences of America in connection with the sinking of destroyer "S-178." The disaster is the worst that has happened in the annals of the modern German navy.

RIVAL LINES FAIL TO AGREE
Hill Roads Ask Railroad Commission to Fix New Bridge Rate.

SALEM, Or., March 5.—(Special.)—The State Railroad Commission this morning received a formal complaint from the North Bank Railroad praying that the Commission interfere to secure an equitable adjustment of charges for the use by the Hill roads of the new railroad bridge built and controlled by the Harriman system.

The complaint alleges that the Spokane, Portland & Seattle Railroad wants to use the bridge only as a means of communication between the east and west side freight yards, but that so far the roads have been unable to agree upon a basis of charges. The Harriman roads demand that an annual rent of 1 and 2-3 per cent upon the total railroad cost of the bridge, and further that the cost of maintaining and operating the bridge be assessed in proportion to the number of Hill cars run across. Such a rate the Hill people consider unreasonable, and ask that the Commission assist in helping them to arrive at the proper charge.

JUDGE FREES PROMOTERS
Mere Failure to Accomplish Purpose Held Not Criminal.

KANSAS CITY, March 5.—Judge Smith McPherson, in the Federal Court, directed a jury today to acquit Ernest D. Martin and Frank C. Avery, who were charged with using the mails to defraud in connection with promoting an electric line from Kansas City to St. Joseph, Mo. Judge McPherson said:

"Every witness who has testified in this case has admitted that such an electric line is feasible and needed. Such a project undoubtedly would have been profitable. There is not evidence of fraud on the part of the promoters. They failed to build the road only because they failed to sell bonds enough to obtain the capital."

Improvement Benefits Felt.
COTTAGE GROVE, Or., March 5.—(Special.)—Property owners of the city are feeling in increased prices for their property the effect of the extensive street improvements made during 1912. Sales have also been much easier to make and a large number of transactions have been closed along West Main this year, due to the improvement of that street. Herman Venske, who sold his extensive residence property this week to Dr. A. J. Hendry, of Marshfield, who recently visited the city, said he could not have made the sale but for the fact that the street had been improved.

WOMEN OVERCOME IN CRUSH AT TRIAL
Riot Conditions Prevail as Clarence Darrow Speaks in Own Behalf.

LAWYER'S CLOSING BITTER
"Great Forces of Evil," Controlling United States, Charged With Committing Bribery to Destroy McNamara Counsel.

LOS ANGELES, March 5.—Clarence S. Darrow, charged with the bribery of jurors in the McNamara trial, began this afternoon the closing argument in his own defense. Great crowds tried to obtain admittance to the courtroom which could accommodate comparatively few.

Conditions approaching a riot were reached when the doors were thrown open. Several women fainted and so locked the way that few obtained seats, although a throng of men and women charged into the courtroom in great numbers.

In the beginning Darrow bitterly assailed ex-Judge Weston A. Gray, special prosecutor, who yesterday afternoon scored Darrow.

Trial Called Persecution.
"Only once before," said Darrow to the jury, "have I had occasion to speak to a jury for myself, and one feels on such an occasion that he may say too much or too little. So I will try to forget that I am a lawyer and will talk to you as man to man, fairly, honestly, as I have always tried to talk and tried to live."

"Had I been a robber or a burglar or a defaulter or a bank cashier and had been tried once and acquitted, no one would have dared to place me on trial again in a community of intelligent men."

"But I had to be tried again because the forces which control this United States—the great forces of evil—want to destroy me. They have bribed every gutter snipe and every sewer rat they could get their hands on, so that their masters might 'get me.'"

He proceeded to belittle the prosecutors and the evidence they had mustered against him, saying:

"There isn't enough evidence against me to warrant any one of you whipping your dog, if you have one, if that evidence were against that dog."

Before Darrow began his arguments, ex-Judge Powers, of Salt Lake City, a member of the defense, concluded his after denouncing Bert H. Franklin, the former McNamara defense detective, who confessed jury bribery; John R. Harrington, the Chicago attorney associated with the McNamara defense, who became a state witness, and Guy Biddinger, an employee of Detective W. J. Burns. Powers launched into an eulogy of Darrow.

"Clarence S. Darrow is a great man," asserted Powers. "He belongs to that great army of noble souls that in all ages have blazed the way for liberty and for human freedom."

Darrow spoke more than two hours and was scheduled to finish his arguments tomorrow morning.

MARSHAL PREVENTS RIOT
Harrisburg Arrests Laborers and Drive Them Out of Town.

HARRISBURG, Or., March 5.—(Special.)—Only the prompt action of the Marshal, aided by the foreman, prevented a small riot here last night, when some of the laborers from a crew working for the Oregon Electric Railroad tried to entice a number of school-boys to go with them to their car.

Some of the citizens were so incensed that an attack was being planned on the camp when Marshal Hawk and the foreman succeeded in getting action put off until morning, when arrests were to be made. This morning the boys identified four of the five offenders, who were taken before the City Recorder and fined \$10 each and given until 6 o'clock to get out of town. They were promptly discharged by the foreman.

TRIPLE DAMAGES ASKED
Fireproofing Trust Sued by Competitor Under Sherman Law.

CLEVELAND, March 5.—Suits under the Sherman anti-trust law to recover \$1,921,011.99 from the National Fireproofing Company, of Pittsburgh, were filed today in the Federal Court here by attorneys for the Great Eastern Clay Products Company, of South River, N. J.

The Great Eastern declares it has been damaged to the extent of \$640,377.33 and under the Sherman law may sue for triple damages. It is said this suit of a private corporation against another corporation as a trust is the first noteworthy instance of its kind in the country.

The plaintiff alleged that the National company controls 28 fireproofing and clay products companies in the

RESPIRE IS GIVEN ALLENS
Virginia Murderers May Die on Scaffold March 28.

RICHMOND, Va., March 5.—Governor Mann granted today a respite until March 28 to Floyd Allen and his son, Claude Swanson Allen, under sentence to die in the electric chair at the State Penitentiary on Friday next for their part in the Hillsville Courthouse murders on March 14, 1912.

The Governor announced that he would issue a formal statement tomorrow, although he did not indicate what action he would take on the pending petition for commutation.

VERMONT VOTE CHANGES
CONCORD, N. H., March 5.—The feature of the ballot today for United States Senator in the Legislature was the jump to second place by John H. Bartlett, Republican. He received 93 votes.

Edward N. Pearson, the Republican caucus candidate, had 79 votes, and Henry F. Hollis, Democrat, 194, four less than the number required for election. Robert P. Bass, Progressive, received 14 votes.

LANSING, Mich., March 5.—The State Senate adopted today a resolution previously adopted by the House re-submitting the equal suffrage amendment to popular vote at the statewide election on April 7.

SUNDAY CLOSING OPPOSED
New York Legislators Told Public Favors Open Saloons.

NEW YORK, March 5.—The people of New York do not want saloons closed on Sundays the Wagner legislative committee, which is investigating public conditions here, was told today by Edward D. Page, testifying as a representative of the Merchants' Association.

"The people are not in sympathy with the restriction of the sale of
