## RUSHLIGHT SAYS HE IS CANDIDATE

Mayor to Run Even if Commission Charter Passes at Election.

AMBITION IS MADE KNOWN

City's Executive, in Interview at Medford, Says He Likes Portland Better Than Ever and Is Glad to Get Back Home.

MEDFORD, Or., March 6.—(Special.)
—"I now intend to enter the Republican primaries," said Mayor Rushlight.
of Portland, as he was passing north through Medford tonight. "Although I

through Medford tonight. "Although I would like to reserve the right of changing my mind. If the commission form is adopted, I shall certainly enter the race for Mayor anyway.

"I am returning to Portland with renewed admiration for my city and greater determination to help in the cause of civic betterment. I pledge myself to work for a commission form of government and I believe such a charter will be adopted by the people. Naturally I should aspire to a place on the directorship.

Naturally I should aspire to a place on the directorship.

"We have visited all the cities south of Portland and let me tell you that Portland is the best lighted, best paved, cleanest and most economically managed city on the Pacific Coast. Morally there is no comparison. Portland is much the best in spite of the reform Shariffs, and District. Attorneys in Sheriffs and District Attorneys, in spite of Governor West, and what disclosures of vice and wickedness have been there. These men ought to admit that Portland is in no need of crusades or that they are four-flushers." Mayor Rushlight eagerly plunged in-to The Oregonian just received and after hurrying through it smiled and

"Guess I better be getting busy." Guess I better be gettling busy."
Mrs. Rushlight was most enthusiastic over the trip, particularly Honolulu and the sugar plantations. She heartily indorsed her husband's view of Portland's superiority.
"They haven't any department stores down there." she said, "over four stories high."

Mayor Rushlight will be met this morning by Acting Mayor Baker when he and his bride reach this city from their honeymoon trip. The train is

on the ground for the reason that we,
in conference recently, thought it would
be unnecessary for him to run for
Mayor in the primaries. He is sincerely in favor of commission government and we believed that, as this is
all but assured, he might as well remain out of the primaries and go into
the general election in June on the
commission ticket. Now, if he decides,
after ascertaining our views, to run in
the primaries anyway, we are with him
in that and will give him our hearty
support. It is for him to say."

The shooting occurred at 2 o'clock this morning when Lewis was walking

back from Springfield. He wandered into the Kingwell yard, arousing Mrs. Kingwell by his muttering, and when ordered away, according to Kingwell's testimony, swore vehemently. Kingwell shot into the air, and Lewis rewell shot into the air, and Lewis retreated to the henhouse, swearing and
daring Kingwell to shoot again. Thinking there was a gang of chicken
thieves, Kingwell went into the yard
and at more words from Lewis, fired,
the bullet taking effect in the chest.
Lewis died in the Springfield Hospital.
Lewis was an expert accountant, a
Virginian by birth, but a resident of
the Coast for the last ten years, the
greater part of which time was passed
in Portland.

It is a pity more women do not know of Mother's Friend. Here is a remedy that softens the muscles, enables them to expand without any strain upon the ligaments and enables women to go through the ordeal without pain, nausea, moraing sickness or any of the dreaded symptoms so familiar to many mothers.

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign

mind. The thoughts do not dwent upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found how easy it is with this wonderful penetrating remedy to banish all those dreaded experiences which have been talked about ever since memory began.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is only \$1.00 a bottle. It is for external use only, and is really worth its weight in gold. Mayor Rushlight will be met this morning by Acting Mayor Baker when he and his bride reach this city from their honeymoon trip. The train is scheduled to arfive at the Union Depot at 7:40 oclock.

Undoubtedly a conference of the Mayor and his political lieutenants will be held during the day to determine finally upon the course to be followed by him. That he is a candidate for Mayor of Portland to succeed himself there is no doubt.

His friends here, in whose hands he placed his affairs when he left San Francisco for Honolulu, believe that it is unnaccessary for him to enter the primaries, as they declare their belief that the commission charter is going to be adopted by the people May 3 and that any campaign conducted for the primaries would therefore be time and cherry wasted.

"We figure that commission government is practically assured for Portland," said Acting Mayor Baker last night, "and we have withheld Mr. Rushlight's announcement until his arrival.
