## SESSION IS REVIEWED

has been prepared and now awaits action by the board of directors. A. M. Clark, of Philadelphia, chairman of the board, will be here within a few days. During his presence plans for the year's work will be outlined.  
"We had a delightful time in the South," said Mr. Josselyn. "California is filled with tourists. Many of them will return to their Eastern homes through Portland. The weather here is good but the frost damaged many of their fruits."  
Mr. Josselyn gained about 10 pounds in weight and brought back with him a beautiful glow of tan. Mrs. Josselyn and their daughter, Miss Mildred, accompanied him on the trip.

## MISSION FUNDS, DRAINED

**Pisgah Home in Lents Needs Aid, Says Matron Lawrence.**  
Notwithstanding the heavy demands that have been made upon the Pisgah Mission Home in Lents during the past three months, Hattie E. Lawrence, matron, has been able to report successful handling of cases after case, although the resources of the mission have been severely taxed.  
Much of the work of maintenance at the home is done by the inmates, and the chief need at the present time is donations of cash to meet obligations that have of necessity arisen in caring for those in the mission. Besides a feed and grocery bill, Mrs. Lawrence points out the need of funds with which to pay the carpenter for work on the Old Women's Home.  
More than 6000 meals have been served in the last three months to men and women in the home, and 90 men otherwise been cared for who would have otherwise been upon the streets or in jail.  
"I need help to meet the obligations that have arisen in the work of the Pisgah Home," says the matron. "The

## No man is Stronger Than his Stomach

ET the greatest athlete have dyspepsia and his strength will soon fail. One's stamina—forcefulness and strength of mind or muscle depend upon the blood, and the blood in turn, requires a healthy stomach, for the stomach is the laboratory where the food is digested and such elements are taken up—or assimilated—which make blood. In consequence all the organs of the body, such as heart, lungs, liver and kidneys, as well as the nervous system, feel the bad effect if the stomach is deranged.  
**Dr. Pierce's Golden Medical Discovery**  
helps the stomach to digest food properly, starts the liver into new activity, removing the poisons from the blood, and the various organs get rich, red blood, instead of being ily nourished. The refreshing influence of this extract of native medicinal plants has been favorably known for over 40 years. Everywhere some neighbor can tell you of the good it has done.  
Sold by all medicine dealers in liquid or tablet form or send 50 one-cent stamps to Dr. Pierce, Invalid Hotel, Buffalo, and a trial box will be mailed you.
