

# FRIEDMANN HOLDS MONTREAL CLINIC

Patients Chosen by Medical Board Typify Various Tuberculosis Phases.

50 DOCTORS ARE PRESENT

Case of Babe, Where Vein in Arm Is Too Small to Permit Usual Injection, Met by Adoption of Rare Procedure.

MONTREAL, March 11.—Dr. Friederich F. Friedmann, of Berlin, demonstrated his treatment for tuberculosis upon 56 patients at the Royal Edward Institute today.

Dr. Friedmann's patients were selected from a list of 90-odd cases presented by Dr. F. S. Harding, of the medical board of the institute. The patients were chosen from a list of several hundred.

The medical board in making its selection was guided by a desire to secure cases typical of every class and every stage of the disease, with the exception of cases so advanced as to be hopeless.

Fifty Physicians Attend.

Dr. Friedmann, resident here this morning from New York and shortly after noon gave a brief preliminary demonstration, treating seven patients, giving an average of five minutes to each. The main demonstration of the day was started at 2:30 o'clock and continued until a late hour, when 49 patients had been treated. To facilitate the process the demonstration of the history of each case had been printed on two cards, one in English and one in German.

Dr. Friedmann's methods were followed with the closest attention by the 50 or more physicians present and his rapid diagnosis of the cases presented and his professional technique were the subjects of comment.

Three Phases Represented.

The cases represented the three main divisions of tuberculosis infection—pulmonary, glandular and bone or joint affection and ranged from the early stages of the disease to well advanced cases of several years' duration.

The youngest patient was a 14-month-old baby girl and the oldest was a man of 60. Most of the patients were able to walk in without assistance and to stand while the treatment was given but for a few, mostly children, an operating table was found necessary. In every case except one an intravenous injection of the vaccine was made in the patient's arm, while in number of additional intramuscular injections was made in the hip.

Child's Case Exceptional.

One of the most interesting cases was that of the 14-month-old girl who had been a sufferer from tuberculosis for about two months. The vein of the arm was so tiny that Dr. Friedmann found it impossible to make the usual intravenous injection, and he performed the rarely attempted operation on so young a child of inserting the needle in a vein of the neck, while on this case he also made an extra injection in the hip. The little one bore the ordeal well and Dr. Friedmann remarked in a confident tone that its complete recovery might be expected.

Dr. Kinney to Leave Thursday.

ASTORIA, Or., March 11.—(Special.)—Dr. August M. Kinney will leave on Thursday morning for New York City, where he goes as the representative of the State Board of Health to investigate the Friedmann tuberculosis cure. He has an appointment with Dr. Friedmann and expects to consult with him March 19. Dr. Kinney also will meet with Government scientists and will arrange to have some of the serum sent to Oregon at the earliest possible moment if their reports are favorable.

Disappointed Sufferer Dies.

JERSEY CITY, N. J., March 11.—Jacob Heideker, who had traveled 2194 miles from his home in Denver to New York, only to be disappointed in the hope that he could gain an audience with Dr. Friedmann and be treated for tuberculosis by the German specialist, died today in a Hoboken boarding-house. He had taken a room there after failing to get Dr. Friedmann to treat him. He was 33 years old.

COAL LAND AIM OF ROAD

Ballaine Says Successor in Alaska Road Admitted Purpose.

CHICAGO, March 11.—In an effort to prove that the sole purpose of Albert C. Frost and others in buying the Alaska Central Railway was to procure the coal lands adjoining it, John E. Ballaine, promoter and first president of the road, was placed on the witness stand today by the Government in the United States District Court, which is trying Frost and four others on charges of conspiracy to defraud the Government. Frost took over the road in 1904 and became president of it.

"When you discuss the sale of the road, did Frost say anything about the coal lands?" Special Prosecutor Townsend asked Ballaine.

"Yes," Ballaine replied, "he said that the line was worth little to him except for coal purposes. He said that until he could procure coal property along the line he would not desire the railroad."

Other witnesses called today were United States Commissioner Van Slyke, of Seward, Alaska; F. A. Boyle, receiver of the Juneau, Alaska land office; United States Commissioner J. J. Finnegan, of Seward, Alaska; and George E. Parks, a Government mining engineer.

PLEA MADE FOR CHICKENS

Associated Charities Seeks to Aid Feeble Egg Merchant.

The Associated Charities workers are sending out a plea for donations of live chickens to be sent to an old man whose case has come under their care. He is 82 years old, unable to undertake heavy work, and upon his shoulders the task of supporting a wife, two children and three grandchildren. The Associated Charities has sent for the father of the grandchildren to come out from Detroit and take them, but in the meantime the old man is the sole breadwinner. Any suggestion that the children be sent to some home he stoutly resists, and, by selling the eggs from the few chickens he possesses, he manages to scrape together enough money to live from day to day.

Kid Exposed, the Portland lightweight, is in San Francisco clamoring for matches with boys of the Red Watson and Willie Hoppe class.

# \$75 for this genuine Victrola

This instrument is a genuine Victor-Victrola, of the same high quality which characterizes all products of the Victor Company, and is equipped with all the exclusive Victrola patented features.

If you are fond of music, you should certainly get acquainted with the versatile, entertaining Victrola, and you'll want one in your home.

It will provide the best entertainment any one could desire. You can select talent from the foremost artists in every line, arrange a program to suit yourself and have an entertainment that is impossible in any other way.

Why deprive yourself and family of the world of entertainment which the Victrola affords? Visit our Victor Department any time and select the instrument best suited to your home. An initial payment of a few dollars and we will send that Victrola home the day of selection.

Any Victrola sold on easy terms.

The following is the list of assistants, with the chairmen and the committee: E. Plowden Stott, football, Martin Pratt, Edward R. Morris, baseball, Lytle Brown, Rex Conant, Harold Chamberlin, A. H. Allen; O. K. Jeffery, squash, John R. Latourrette; Dr. A. D. Walker, billiards, H. H. Saech, Richard Claret, S. M. Luders, library, C. Henri Labe, Gwilyn Jones; R. M. Clagett, house, Ralph Knight, D. H. Stephens; Lyle F. Brown, baseball, Bell O'Hanlon. A number of chairmen will name no assistants.

## Telegraphic Sport Briefs

SAN ANTONIO, Tex.—The Philadelphia American League team defeated the local Texas League here, 3 to 1. Houck, Plank and Harrell alternated as pitchers for Philadelphia.

Waco, Tex.—The St. Louis American League team was defeated by the local Texas League team, 6 to 4. Schwenk, Stone and Weldman (recruits) pitched for St. Louis. Weldman is said to be the tallest pitcher in either major league.

Paris—A new world's altitude record was established at the Buc Aerodrome by the French aviator, Perreyon. He rose in an aeroplane to a height of 6667 meters (approximately 19,559 feet). The previous world's record was held by Georges Legagneur, who reached an altitude of 18,116 feet.

Grand Rapids, Mich.—Dannie Claire, infielder for the Sioux City team of the Western Baseball League, pleaded guilty to a charge of violating the Mann act. He was accused of bringing a woman from Pueblo, Colo. to his home town, Ludington, Mich.

Minneapolis—The National Reliability run of the American Automobile Association for 1913 will start from Minneapolis. The route is to be selected by the Minneapolis organizations. It is proposed to route the tour via the Yellowstone and Glacier National Parks.

Chicago—Walter Fovargue, the Skokie professional, will be one of the Americans to take part in the British open golf championship in June. Fovargue has been playing remarkable golf in the South this winter.

Thomasville, Cordole and Valdosta, Ga. Both qualified in class D.

Vancouver Title in Dispute. VANCOUVER, Wash., March 11.—

Indianapolis—In the closing hours of the Indiana Legislature a racing commission bill was passed by the Senate and went to the Governor.

New York.—Whether horse racing on New York state race tracks is to be resumed remained an open question after a meeting of representatives of the racing associations. It was taken as significant that William A. Engeman, of the Brighton Beach Racing Association, which has not been considered in the matter since the revival of racing was spoken of, was in attendance.

St. Louis.—George Sutton won from C. C. Peterson, 400 to 322, and Calvin Demarest defeated Jose Ortiz, 400 to 188 in the second day's play of the 18.2 ball line billiard tournament. Sutton ran 236 in his ninth inning and Peterson 144 in his tenth.

WHITE SOX POUND ARRELLANES Sacramento Succumbs to Veteran Chicago American Pitchers.

SACRAMENTO, Cal., March 11.—The Chicago Americans used their veteran pitchers against the Sacramento team of the Coast League and won today 7 to 3. Six of the Sox' runs were made in the fifth off Frank Arrellanes, one-time big-leaguer. The score: R. H. E. Chicago... 7 10 1 Sacramento 3 8 1 Batteries—Walsh, Lange, Benz and Schalk; Munsell, Arrellanes, Williams and Bliss.

Two New Leagues Formed. AUBURN, N. Y., March 11.—Secretary Farrell, of the National Association of Professional Baseball Leagues, announced today the formation of two new leagues which have received protection from the National Association. They are the Southern California Association composed of San Diego, Pasadena, Long Beach and San Bernardino and the Empire State League, composed of Brunswick, Waycross, Americus.

## Men Welcome Mother's Friend

A Duty that Every Man Owes to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells; the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with renewed strength she will eagerly devote herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.
