POLICE HERD VEHICLES

ARMY OF OWNERS RUN AFOUL OF TRAFFIC LAWS. Streets About Station Turned Into Pound for Cars Stopping Over-time in Business Streets.

Both sides of the street in front of the police station yesterday were lined with automobiles, horse vehicles and popcorn wagons, when the patrolmen in the downtown district, acting under general orders, swooped down upon alleged violators of the traffic ordinance and removed to the station every vehicle which remained more than 30 minutes in the district between Morrison and Oak streets. Whenever the time limit was exceeded, the officer summoned a chauffeur from the station and drove the car in, leaving the owner to find out what had become of it.

The drastic proceedings, it is hinted, were the result of Judge Tagwell's action on the day before, in reducing the minimum fine established by the ordinance, under the guise of assessing "costs" instead of fines. The police argue that automobile owners who are disposed to strain their privileges, have been encouraged by this action, arguing that they may escape notice, and if they do not the penalty is made light for them.

Mrs. C. E. Patterson, wife of a jeweler, drove her pony phaeton to Fifth and Alder streets yesterday afternoon and left it there more than an hour, according to the police. When she finished her shopping, it was gone and in the meantime Patrolman Vessey was enjoying a nice little spin in the trim turn-out. Mr. Patterson reclaimed the vehicle at the station and promised to appear in court today.

Joseph C. Gibson, M. H. Griffin and A. B. Slauson, real estate dealers, are on the docket, charged with leaving their cars in the district for more than an hour.

In the dragnet were caught Joe Dhin and Herbert Jones, popcorn vendors, who took station along Morrison street and are charged with overstaying their time. All were released under bail of \$20, which is equal to the minimum fine.

HOSPITAL IS CONSIDERED

TENTATIVE PLANS FOR COUNTY INSTITUTION PREPARED. Commissioner-elect Advises Employment of Architect to Design and Oversee Work.

At sparse intervals for the past few weeks the County Commissioners have been considering tentative plans for a new county hospital prepared by Bridges & Webber, architects, but so far no definite action has been taken on their adoption. Rufus C. Holman, who will be County Commissioner in Jane, has been called into consultation as a matter of courtesy. He has suggested that the county employ an architect to draw plans for and supervise the construction of the proposed new hospital, which, it is estimated, will cost in the neighborhood of \$400,000.

The 1911 Legislature passed a law enabling the county to take pay patients and Bridges & Webber were tentatively employed to sketch plans. Dr. E. P. Geary, County Physician, and

FIVE THOUSAND DRUGGISTS

Unite in Opinion Regarding One Medicine.

If any one should know the value of a medicine it is the retail druggist who sells it.

Therefore, when over five thousand of the best retail druggists in the country recommend Pape's Diapepsin, our delicious cod liver and iron tonic, without oil, as the greatest tonic reconstituent and strength creator they have ever sold, it must indicate the value of Pape's Diapepsin.

We could publish columns of such testimony as the following: Mr. E. C. Spens, Druggist of Alpena, Mich., says: "Vinol is the ideal tonic reconstituent, as it really today is the best remedy we have on our shelves."

Mr. C. F. Bucholtz, the leading druggist of Springfield, Ohio, says: "Vinol gives better satisfaction than any medicine I have ever sold in my store."

We ask every run-down, nervous, debilitated, aged or weak person or any person suffering from chronic cough, colds or bronchitis to try a bottle of Pape's Diapepsin. The understanding that their money will be returned if it does not do all we claim.
