SAGE TEA BEAUTIFULLY DARKENS THE HAIR WHEN FADED AND GRAY

Mixed With Sulphur, Makes Hair Soft, Lustrous and Cures Dandruff.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time.

A well-known downtown druggist says his customers insist on Wyeth's Sage and Sulphur, because, they say, it darkens so naturally and evenly that nobody can tell it has been applied.

But brewing at home is messy and out-of-date. Nowadays, skilled chemists do this better than ourselves.

By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents.
