

FROST SWAYED BY DREAM OF EMPIRE

Alaska Promoter Denies Coal Lands Were Leading Factor in His Vision.

FAME CHIEF TEMPTATION

Defendant Unexpectedly Takes Witness Stand, to Testify That Prospect of Being Pioneer Dazzled Him.

CHICAGO, March 27.—Albert C. Frost, with four others on trial in the Federal Court here for an alleged attempt at fraud to get control of many square miles of coal land in Alaska, unexpectedly took the witness stand in his own behalf today.

Frost said that it was a dream of being a pioneer in the development of a great agricultural and commercial territory in interior Alaska, rather than a dream of wealth, that urged him into the promotion of the scheme now being aired in court.

The coal was the least of his interests, he said. The chief immediate aim he had was in the development of the Alaska Central Railroad.

Canadian Opens Ways. Frost is the most prominent of five defendants on trial here charged with inducing more than 50 "dummies" to apply for coal locations in Alaska, which, the indictments assert, were to be turned over to Frost and his associates.

Three other indictments were returned against Canadians who are not under the jurisdiction of the United States Courts.

Frost said that it was Henry C. Osborne, one of the Canadians, who interested him in the promotion of the Alaska Central Railroad.

Coal Not Chief Interest. "I had promoted several small railroads," said Mr. Frost, "but this was the most attractive I had ever heard of. The line was to run through a country teeming with agricultural, mineral and manufacturing possibilities.

"The coal was one of those possibilities, but by no means one of the most important. "I didn't go into this for money. The possibility of being known as a pioneer in opening up this great new country was so alluring that I could not resist it."

PHONE RATE PROBE TODAY

State Railroad Commission to Hear Four Applications.

SALEM, Or., March 27.—(Special.)—Hearings will be commenced tomorrow before the State Railroad Commission to determine the maximum rates of the Pacific States Telephone & Telegraph Company. Four applications will be involved and it is probable that the hearings will consume considerable time.

Among the applications will be those relative to rates at Milwaukee and Oak Grove. Another hearing will be on the question of changing certain irregular and obsolete charges, representing contracts made by the company with individual customers, these being in the nature of special contracts for special rates.

Another application is relative to allowing rates to stand and continue in effect where changes have been made since January 1, 1911. This also involves hundreds of rates.

EDITOR'S CASE PREJUDGED

Guthrie Admits He Wrote Decision in Advance of Hearing.

KANSAS CITY, March 27.—Circuit Judge Guthrie, who recently cited W. R. Nelson, editor and owner of the Kansas City Star, for contempt, testified today before C. C. Crow, Commissioner for the State Supreme Court, admitted that he had written his decision finding Mr. Nelson guilty in advance of the hearing at which the editor appeared before him.

He said he had written the decision the night before, intending to change it if evidence presented at the hearing influenced him to do so.

Mr. Nelson was cited for contempt and sentenced to one day in jail by Judge Guthrie on account of articles published in the Star relating to decisions in divorce cases. He appealed to the Supreme Court.

TONG MURDER DESCRIBED

Seattle Chinese Tells of Escape of Defendant.

SEATTLE, Wash., March 27.—Chin Gung Fong, a witness for the state in the trial of Chin Queng, an alleged kidnaper, charged with the murder of Young Sing last December, testified today that he saw the defendant a few minutes before the shooting, heard shots fired and witnessed the escape of the defendant and Lim Shuey Yee and the Young Sing. Chin Queng is said to be a Hip Sing, and the theory of the state is that he sought to avenge the death of his classmate, Sing Sing, who was slain in Portland and shipped to Seattle in a trunk.

Lim Shuey Yee has not been captured. The murdered man was a Hip Sing. The Hip Sings are alleged to have killed Sing Sing.

PRICE OF POTATOES LOW

California Sales Are at 40 Cents a Sack With Demand Slight.

STOCKTON, Cal., March 27.—(Special.)—Potatoes are selling here at the unusually low price of 40 cents a sack and indications are that a slump will likely occur in the near future. Produce men say that the low quotations are due to overproduction, thousands of acres having been planted last year because of previous high prices. In March, 1912, dealers were unable to supply the demand at \$2 a sack. While there is still a demand, it is by far not proportionate to the supply. A large part of the crop is in the warehouse unused.

Conditions are not likely to improve, as there are large crops still to be marketed in Oregon and Nevada.

COLLEGES DEBATE TONIGHT

Oregon, Washington and Leland Stanford Teams to Clash.

UNIVERSITY OF WASHINGTON, Seattle, March 27.—(Special.)—The University of Washington contends with the Leland Stanford University tomorrow night and at the University of Oregon at Eugene in the Washington and Oregon football games.

The home team comprising Robin Wells and Clifford Newton will uphold the affirmative, the team which goes to Oregon upholds the negative. It is represented by Vincent Roberts and Arthur Younger.

UNIVERSITY OF OREGON, Eugene, March 27.—(Special.)—Oregon will meet Washington and Stanford in debate tomorrow evening to determine the championship of the triangular league. While the affirmative team on the question of the restriction of immigration is defending their institution, the negative team will oppose Stanford to Palo Alto.

Frost the fourteenth annual debate between Oregon and Washington. Washington has won seven and Oregon six of the contests.

Oregon will be represented in the debate against Washington by David C. Pickett, '13, of Prineville, and Vernon T. Mutschbacher, '14, of Klamath Falls.

ONE MORE CHANCE IS GIVEN ALLENS

Governor Refuses Clemency and Then Leaves for New Jersey.

SHORT DELAY IS GRANTED

Lieutenant-Governor Elyson to Get Opinion at Noon as to Right to Commute Sentence; Law Rules End Must Be by Sunset.

REICHMOND, Va., March 28.—After an all-night conference between Lieutenant-Governor Elyson, Attorney-General Williams and friends of Allen, it was announced at 2 o'clock this morning that Superintendent Wood had agreed to postpone the execution of Floyd Allen and Claude Swanson Allen until tomorrow afternoon.

The Attorney-General has agreed to furnish Lieutenant-Governor Elyson with a written opinion as to his right to commute the sentence by noon. The sentence of the court provides that the prisoners must be executed between sunrise and sunset today.

Just before he left the city this afternoon for Trenton, N. J., Governor Mann again declined to commute the death sentence.

Friends of the Allens made desperate efforts to have the Governor extend mercy to the younger prisoner and they even asked that a commission be appointed to determine the justice of the plea for commutation.

Under Governor Mann's orders the gold medal which has been bought for Claude Allen was not presented to him and tonight it is locked in the prison superintendent's desk. The medal carries the inscription: "For bravery in defending his father."

The contention of the defense was that Claude Allen did not begin shooting in the Hillville Courthouse until he was forced to do so in his father's defense.

TRAINMEN UNDER ARREST

Electric Freight Crew Charged With Breaking Oregon City Law.

OREGON CITY, Or., March 27.—(Special.)—Charging with operating freight trains through the city during the day in violation of a city ordinance John Erb, conductor, and Ray Reinke, motorman, of train No. 1403, and J. D. Hatfield, motorman, of train No. 1402, were arrested this morning by Chief of Police Shaw.

The ordinance provides that the Portland Railway, Light & Power Company shall operate freight trains through the city only from 10 o'clock at night until 6 o'clock in the morning unless a permit is obtained from the Mayor. The men arrested today did not obtain permits from the Mayor. They said that they were hauling gravel for a walk between this city and Canemah, and thought the ordinance gave them a right to do so.

They will have a hearing before Recorder Stipp tomorrow.

FRANK E. LEWIS MARRIES

Miss Dorothy J. Joy, of Los Angeles, Is Bride of Portland Man.

LOS ANGELES, March 27.—(Special.)—Miss Dorothy J. Joy, of this city, tonight became the bride of Frank E. Lewis, of Portland, the wedding was performed at the home of Miss Joy's parents. Only relatives and near friends were present. Rev. L. D. Day read the services. Lewis is 45. Miss Joy wore a beautiful satin dress covered with old lace.

Following the wedding a supper was served and immediately following the couple left on a honeymoon, after which they will go to Portland, where they will make their home.

MISSION CHANGES HANDS

Historic Seamen's Institute at San Francisco Under American Control.

SAN FRANCISCO, March 27.—The Seamen's Institute, one of the historic institutions of the San Francisco waterfront for a quarter of a century, formally passed from British to American control today, when Chaplain Ealand turned the work of the mission over to the American Episcopal Church before departing for England.

Chaplain Ealand came to this city immediately after the fire of 1906 to take charge of the institute and has been its director ever since. A farewell presentation was made to him today by Bishop Nichols, of the Episcopal Church.

AUTOPSY HALTS INQUEST

Prosecutor Takes No Action in Case of "Starvation" Doctor.

SEATTLE, Wash., March 27.—The inquest ordered by Coroner Fred R. Lewis, of Kitsap County, over the body of Mrs. Mary T. Bailey, who died at the Ollala Sanitarium of Mrs. Linda Burfield, passed the "starvation" doctor's case today. The inquest was postponed today until an autopsy could be performed, which probably will be tomorrow.

John F. Murray, prosecuting attorney of Kitsap County, has taken no action yet on the findings of the Seattle coroner's jury that Mrs. Ida Anderson, another of Mrs. Hazard's patients, died of starvation.
