Ohio Societies in Portland Raise Close to One-Fourth of Total Amount—Band Concert for Aid of Flood Sufferers.

With many small communities out in the state and in neighboring counties of Washington the Chamber of Commerce fund for the relief of flood sufferers in Ohio and Indiana gradually is growing and is near the \$25,000 mark. With cash contributions from other sources makes the total in cash only raised in Portland and Oregon cities over \$21,000.

It is probable that the committee in charge of the fund-collecting campaign will meet today to determine what disposition is to be made of the funds totaling nearly \$25,000 remaining on hand—whether they are to be sent to Ohio and Indiana or whether they are to be forwarded to Cairo, Ill., and neighboring cities which are in growing need of help.

When the books closed last night the collections aggregated \$12,888.25. Of this sum \$5000 already has been sent to Ohio and \$2500 to Indiana.

Members of the Commercial Club supplemented their previous contribution of \$1128 with \$75.50, making the total collected amount, \$12,888.25. All this money has been sent to the Chamber of Commerce.

Members of the committee were happy yesterday when they learned that their collections, exclusive of the Commercial Club contribution and the receipts from "The Folies" performance, exceeded the minimum limit of \$10,000 established when the campaign was started.

Exclusive of these two items the fund aggregates \$10,588.25. This figure, however, includes \$250 sent yesterday by the citizens of Silverton, \$150 sent from Brownsville, Or., and \$119 sent from Doty, Wash. The \$119 donation voted by the Royal Rosarians from their treasury a few days ago also is included in this total.

Another community donation received yesterday was one of \$22.50 from the citizens of Gold Hill, Or.

The Ancient Order of Hibernians in Portland has contributed \$200 to be spent direct through their committees doing relief work in the field.

Many of the churches are sending contributions direct to local denominational committees in Ohio and Indiana. Several hundred Portland persons gathered at St. Mary's Cathedral yesterday to hear the requiem high mass at which Archbishop Christie officiated. Father O'Hara delivered a sermon in which he pointed out the lessons to be derived from the floods.

The Third Regiment band will give a concert at the Armory tomorrow evening, the entire proceeds to go to the flood victims. The following will be the programme:

Blank Powers of Attorney Are Requested by Frost.

CHICAGO, April 1.—

Send Frost 50 copies of power of attorney to locate. Ask him to fill in names and forward to me by first mail.

These sentences in a letter to Albert C. Frost, read at his trial today, support the Government attorneys' charges on which he was indicted; that he conspired by means of "dummy" locators to obtain control of immense coal tracts in Alaska. Frost, promoter of the Alaska Central Railroad, and four associates are being tried in the Federal court here.

Frost admitted that later he acted in accordance with this letter, but declared that fact to be a coincidence and that he acted under instructions from his attorneys, Ballinger, Battle & Tennant, the head of which firm was Richard A. Ballinger, ex-Commissioner of the General Land Office.

Letter One of Several.

The letter, written September 29, 1905, by O. G. Laberee, of Spokane, the first promoter of the Alaskan Railroad, was one of several introduced today.

8-HOUR SCHEDULE PLAN

OREGON CITY PAPER MILLS TO OPERATE THREE SHIFTS.

Pay of Men Not to Be Reduced to Any Great Extent, Is Report.

Change in Effect June 1.

OREGON CITY, Or., April 1.—(Special.)—Although the management of the companies have declined to divulge the plans, it has been definitely learned that the Willamette Pulp & Paper Company and the Crown Columbia Paper Company will adopt an eight-hour schedule for its workmen about June 1.

The decision to change the schedule is largely the result of the 10-hour a day law passed at the last session of the Legislature. It is planned for the mills to operate continuously, as now, but the shift men will work only eight hours a day instead of 10 one week and 14 the next, as at present.

One of the pleasing features of the proposed change is the feature of the management of the mills not to cut the wages of the men to any great extent. It is estimated that the payroll of the Willamette Pulp & Paper Company will be increased at least \$100,000 annually and at least 75 more men will be employed. More than 200 men will be affected by the change of schedule in this mill. The payroll of the Crown Columbia Paper Company also will be largely increased and at least 30 more men will be employed.

In one or two departments of the mills, which may be closed for four hours, the men will work 10 hours.

CONSTIPATION

Munyon's Paw-Paw Pills are unlike all other laxatives or cathartics. They coax the liver into activity by gentle methods, they do not scour; they do not grip; they do not weaken; but they do start all the secretions of the liver and stomach in a way that soon puts these organs in a healthy condition and corrects constipation.

Munyon's Paw-Paw Pills are a tonic to the stomach, liver and nerves. They invigorate instead of weaken; they enrich the blood instead of impoverishing it; they enable the stomach to get all the nourishment from food that is put into it. Price 25 cents. All Druggists.

"HINKEY DINK" RETURNED

Bond Issue of \$2,880,000, Proposed by Hearst-Harrison Faction, Carries — Republicans Outvote Progressives, 3 to 1.

CHICAGO, April 1.—Democrats swept the city in today's municipal election, returning 22 Aldermen and the Superior Court Judge, City Clerk and City Treasurer. The proposed bond issue of \$2,880,000, urged by the Hearst-Harrison faction of the Democratic party here, carried by a small margin.

Republicans elected 11 Aldermen, Progressives three and Independents one. The Progressives had candidates in every ward, but failed to show strength, being outvoted by the Republicans by nearly 3 to 1 throughout the city.

The vote was consistently scattered through all the wards.

Michael Kenna, known as "Hinky Dink," the fellow Councilman of "Bathhouse John" Coughlin for the First Ward, was returned as usual. He had no Republican opposition.

The single independent candidate to be elected is Alderman Merriam, a professor at the University of Chicago of Chicago and until recently a Progressive leader.

Steel Man Becomes Chairman Instead of President of Bethlehem.

NEW YORK, April 1.—Charles M. Schwab resigned today as president of the Bethlehem Steel Company to become chairman of the board of directors of the same company. J. E. Grace was elected president in his stead. Several other shifts were made in the personnel at meetings of the stockholders and the directors. They were the result of "the large increase in the business" of the company, it was announced, and were made "without any material bond adding greatly to their responsibilities."

Mr. Schwab's new office was created for him. He retains his office as chairman of the board of the Bethlehem Steel Company, and it is not his intention "to lose any of his personal interest in or contact with Bethlehem or the Bethlehem Steel Company," the official statement says.
