PORTLAND, MONDAY, APRIL 7, 1913.

FREE WOOL COULD BE DEFEATED.

If free wool should be imposed on If free wool should be imposed on and the United interview of the woolgrowers, it will be through the surpassed by the Transval as mitted one year before the trial; a the votes of Democratic Senators from the chief gold-producing country of mountain missionary pleaded with the governor for clemency on the grounds the votes of Democratic Senators the world, having a majority of eight in the Senate, five Democratic Senators THE L could, by voting against a party meas-ure, defeat it. The great woolgrowing states which have two Democratic Senators each are Oregon, Colorado, tending the Progressive caucus. Just Montana and Arizona. One of the why the Progressives should descend Montana and Arizona. Senators from Ohio, another wool- to the discredited expedient of holdgrowing state, is also a Democrat. Any five of these men could, by offer-ing determined opposition, prevent the placing of wool on the free list.

Yet dispatches from Washington tell us that only one or two Senators are disposed to hold out against being bound by a caucus pledge to support the whole Underwood tariff, free wool Included. Senators from woolgrowing states are lying down. They are be-ing whipped into line by the Presigressive. dent. They are ready to sacrifice one of the greatest industries of their states to party harmony.

In contrast with their supine, submissive attitude is the determined, pugnacious resistance of the Louis- is better off without him, for every are the President and the Congress cause, he subtracts a genuine modicum leaders in their insistence that the from its prospects of success. Yet Underwood bill shall go through unchanged, they have offered some concessions to the sugar Senators. The latter reject the offer and ask only an opportunity to prove to the President the justice of their demands.

The contrast does not put the wool Senators in a favorable light in the eyes of their constituents.

WILDCAT MINING COMPANIES.

The wall which has gone up from of mining stock against the nomination and then a Progressive slue sky" law shows that that nomination last year. It is high time law shows that that "blue sky" hits the bullseye. The law was that a harrier be raised against a almed at just such operations as similar performance in of mining stock merchants.
