

GREY SAYS WAR IS NARROWLY AVERTED

British Secretary Declares
Powers' Agreement Reached
in Nick of Time.

PACT ESSENTIAL TO PEACE

Montenegro's Continued Activity
Held to Be Merely War of Con-
quest While Albania Is Said to
Be Fighting for Liberty.

LONDON, April 7.—There would have been an European conflagration but for the agreement reached by the powers regarding the frontiers of the future state of Albania, according to an opinion expressed by Sir Edward Grey, the British Foreign Secretary, in the House of Commons this afternoon.

Sir Edward was emphasizing the importance of the international character of the naval demonstration now being made on the Montenegrin coast and the importance of upholding the European agreement on the subject of Albania, when he made the grave statement:

"That agreement is essential to the peace of Europe and in my opinion it was only accomplished just in time to preserve the peace among the great powers."

Sir Edward explained that Great Britain had become a party to the naval demonstration because it was necessary to uphold the agreement reached by the powers regarding the future autonomous Albanian state.

"The war now proceeding has long since ceased to have any bearing upon the war between Turkey and the Balkan allies or to be a war of liberation. The operations being conducted by Montenegro against Serbia are part of a war of conquest and there is no reason why the same sympathy felt for Montenegro and other countries contending for their liberty and national existence should not be extended to the Albanian population of Serbia, who are contending for their land, their religion and their lives."

The powers propose that unless Montenegro complies with their wishes in regard to raising the siege of Scutari the blockade of the Montenegrin ports of Antivari and Dulcigno shall begin in three days.

Austria is urging that the blockade be extended to the Albanian ports occupied by the Serbians and that special steps be taken at Belgrade, as Serbians now are playing the chief role in the siege of Scutari. No decision has been taken on this point as yet.

GERMAN SOUNDS WAR WARNING

Nation Ready to Aid Austria Against
Russia, if Needed, Says Chancellor.

BERLIN, April 7.—If outside forces should threaten us, Germany must stand ready with her arms, declared Dr. von Bethmann-Hollweg, the Imperial Chancellor, in Parliament today, while submitting the Government's bill for increasing the army and providing new forms of taxation. His speech was a striking one, although he qualified his warning with the admission that "a European conflagration in all probability will not occur."

"The good intentions of the French and Russian governments are beyond question," declared the Chancellor, but Germany must reckon with the great force of modern public opinion which, in the form of French militarism and Russian Pan-Slavism, threatens the peace of the world against the wishes of the great masses of both peoples.

The Chancellor declared he had made special efforts since assuming office to cultivate good relations with Russia and believed the Russian ruler and the Russian Minister reciprocated.

"But the events of the war," he added, "have greatly strengthened the Pan-Slavic feeling in Russia, and this is a danger for peace."

Germany, the Chancellor said, "has been working to dissipate the Austro-Russian tension, but should war break out, the German Empire would unhesitatingly fight beside her ally."

The Chancellor then reiterated Prince Bismarck's saying:

"If the French wait for us to attack them, they will wait forever," and concluded that Germany cannot ignore the aspirations of such French and Pan-Slavic circles."

Greek Bombardment Deadly.

ATHENS, April 7.—The Greek destroyer Kerkiras bombarded a military camp at Vourla, near Smyrna, killing eight and wounding 120 Turks. This action was taken as it was reported that the Turks were concentrating troops in the Gulf of Smyrna in order to land them on the island of Chios, now in the hands of the Greeks.

ZIONISTS FIGHT DEPUTIES

"Crusaders" Insist on Singing Near
Factory Employers Who Smoke.

ZION CITY, Ill., April 7.—Attempts by adherents of the Zionist Church to drive users of tobacco out of this city caused renewed disorder here today. Clashes between Deputy Marshals and bands of "crusaders" have been of almost daily occurrence for months since an "outside" electrical factory, the employees of which disregarded the Zionist ban on tobacco, was opened here.

Five "crusaders," three of them women, were arrested and locked up this afternoon after 20 deputies had scattered nearly 1000 singing and praying Zionists bent on holding a meeting under the walls of the factory.

NEW TYPE OF VESSEL USED

First Electrically Propelled Boat for
Navy in Commission.

VALLEJO, Cal., April 7.—The new collier Jupiter, the first electrically propelled vessel ever built for the United States Navy, was formally placed in commission today, with Lieutenant Ernest A. Brooks, formerly commander of the receiving ship here, in command. She will probably make her trial trip before June.

The Jupiter is driven by twin screws, turned by electric motors, for which current is supplied by turbo-electric generators. If the system shows the economies expected, it will be adopted for other naval vessels.

FAMOUS SUFFRAGETTE LEADER IN PRISON, GARBED IN PRISON ATTIRE.

MRS. EMMELINE PANKHURST.

WOMEN MAKE PLEA

500 Suffragists Received at
Extra Session Opening.

VOTE RIGHT IS DEMANDED

National Capital Is Extremely Or-
derly as Bearers of Petitions Ar-
rive — Chamberlain and
Mondell "Do Honors."

WASHINGTON, April 7.—Five hundred women suffragists, representing every Congressional district, armed with petitions demanding a constitutional amendment for women's suffrage, marched to the Capitol today and delivered their demands in person to their Congressmen.

In marked contrast with the disorderly scene, attending the suffrage parade here on March 3, when unruly crowds swamped the police, the marchers today moved over perfectly clear streets and under a police guard which was almost as numerous as the suffragists.

Miss Paul Leads Procession.

When the procession reached the interior of the Capitol building, Miss Alice Paul, who headed it, was greeted by Representative Bryan, of Washington, who halted the marchers long enough to make an address of welcome. He declared:

"There are enough men in the Senate and House to make it certain that the flag of woman suffrage will never be pulled down in the United States."

Each of the women carried into the Capitol a copy of a petition to the members of Congress asking support for the equal suffrage legislation.

Formal resolutions proposing constitutional amendments giving women the right to vote were introduced in both houses of Congress, together with scores of petitions and memorials from various societies and individuals. Senator Chamberlain, of Oregon, and Representative Mondell, of Wyoming, introduced the constitutional amendment resolutions in their respective houses.

their plans. Placards bearing the words "Release Pankhurst" were posted nearby.

Disaster probably would have overtaken the suffragists had it not been for the meeting in the Music Hall at Piccadilly this afternoon but for the prospective action of the police. Hostile crowds, 400 strong, had gathered with the intention of invading the meeting, when a big force of police officers marched onto the scene, broke up the mobs and established a rigid cordon, which effectively prevented the projected assault.

Miss Kennedy, presiding at the meeting, said Mrs. Emmeline Pankhurst would be among them "in a few days, if not within a few hours."

Clergy Attack Militancy.

Militancy is beginning to receive attention from the pulpits of the British Isles. Dr. Leonard G. Broughton, the pastor of Christ Church, Westminster Bridge Road, formerly of Atlanta, Ga., castigated the women unsparingly yesterday for their actions. He said:

"A small bunch of rampant anarchists, who ought to be in prison or in the lunatic asylum, are bringing disgrace on their sex and hindering their noble cause, a cause which soon would be victorious, if it were not for the methods of anarchy used by these women with the idea of forcing it."

Three uninhabited houses, including a mansion near Norwich, were set on fire during the night. The damage was not serious. Oil cans were found in the vicinity with suffrage literature.

Marriage Ceremony Attacked.

A campaign against the "indignities" to women contained in the Anglican marriage service is the latest effort of the Suffragists' Spiritual Welfare League. Such moral humiliations are mentioned in the manifesto which the league is sending, not only to every clergyman of every church in England, but to all persons whose forthcoming marriage is announced in the daily papers.

The first two indignities alleged are the words "obey and serve him," which the bride is required to promise, and the question put by the minister, "who giveth this woman to be married to this man?"

One of the remedies suggested for both is the omission of the words, the alternative is that the bridegroom be required to promise to "obey and serve her," and that the minister also ask "who giveth this man to be married to this woman?"

"Three indignities surround the marriage ring and the bridegroom's accompanying declaration. The words 'with all my worldly goods I thee endow' have never been true," says the manifesto. The government is urged to drop the ring ceremony and its formula or to enforce an exchange of rings and the use of a formula containing "no economic falsehoods or moral offense."

The government is urged to drop the ring ceremony and its formula or to enforce an exchange of rings and the use of a formula containing "no economic falsehoods or moral offense."

Humiliation No. 7 is the minister's pronouncement that they shall be man and wife together. The implication complained of is that "the woman is wholly of the man and the man not wholly a husband."

Protesting that the first of the Psalms addresses itself wholly to the bridegroom, the league demands its omission or that it is supplemented by another addressed to the wife.

The petition that the man shall love his wife as himself, the church is an "appalling humiliation of women and a pernicious exaltation of men."

The thirteenth indignity is quoted by St. Paul's words:

"Wives submit yourselves unto your husbands as unto the Lord; for the husband is the head of the wife, even as Christ is the head of the church, his body, of which he is the savior, who himself saves the church with the word of his own water."

The league strenuously opposes the idea of the husband being the head of the wife, and suggests:

"Husbands, do not submit yourselves unto your wives, as a supplement to this second exhortation to the wife."

Forebode Feeding Denied.

The Woman's Social and Political Union, representing the policy of the suffragettes, issued a statement today declaring that the policy of the organization had not been changed as a result of the imprisonment of Miss Pankhurst. The attacks made by members still would be on property alone. The Union will continue to respect human life, but the warfare on property will be intensified, in consequence of the government's measures of coercion.

John L. Griffiths, United States Consul-General, has received several letters from America reproaching him for failing to take measures for the release from jail of Miss Zelle Emerson, of Jackson, Mich. As a matter of fact, the Consul-General was busily occupied with the case immediately after Miss Emerson had been imprisoned. Griffiths then approached the Home Office and received permission to visit Miss Emerson in Holloway jail. The Vice-Consul-General went there and assured himself she was being treated the same as the Englishwomen who were prisoners there.

KRUTTSCHNITT ON STAND

Patent to Southern Pacific Land
Contested as Mineral Bearing.

NEW YORK, April 7.—Julius Kruttschnitt, chairman of the executive committee of the Southern Pacific Railway, was examined today in a suit brought by the Government in the United States District Court of California to cancel the Federal patent by which the Southern Pacific in 1904 obtained title to 6200 acres of land in Elk Hills, Kern County, California.

The Government claims the railroad road obtained the land by fraudulently representing that it contained no oil, whereas the Government maintains the land does contain oil and is worth \$15,000,000.

IOWA SHELVES SUFFRAGE

Women Do Not Want Members of
Their Sex to Decide Issue.

DES MOINES, Ia., April 7.—Woman suffrage was shelved today as far as the present Legislature is concerned when the enacting clause was struck out of the House bill, requiring the subject to be submitted to the women of the state at the next general election.

The measure was not pleasing to the women of Iowa, who had no funds to fight for a favorable vote, and feared apathy on the part of their sex would defeat the suffrage amendment. Their efforts killed the Chase bill.

GIGANTES SOLACE WOMEN OF ROYALTY

Lady Rowena Patterson Dis-
turbed by Suffragists Is
Calmed by Nicotine.

50 "PILLS" USED DAILY

Militants Had Better Stay at Home
and Mind Children, Oppines Sis-
ter of Lord Huntington as She
Puffs at Favored Brand.

SAN FRANCISCO, April 7.—(Special.)—Lady Rowena Patterson, daughter of the late Earl of Huntington, and sister of Lord Huntington, and Mrs. Maurice Gifford, widow of the late Viscount Gifford, and sister-in-law of Lord Gifford, V. C. of England, were passengers on the Japanese liner Chiyu Maru, which arrived here from the Orient today.

Both British noblewomen have well defined ideas as to the drastic suffrage movement in their country. They declared aboard ship today that they were decidedly against the suffrage movement, especially the militant brand.

Both Smoke Cigarettes.

Lady Patterson was notably puffing in a cigarette and the upper deck of the Chiyu when she proffered her opinion that it would be well for English suffragettes to stay at home and mind the children.

Mrs. Gifford, who is the wife of the late Honorable Maurice Gifford, who lost his right arm in the Matabele revolution in 1896, and possessed of estates at Grantham, Lincolnshire, shares Lady Patterson's pronounced opinions as to the suffrage movement, and is also a cigarette smoker.

"It seems so bally strange to me," said Mrs. Gifford, "that when American women come to England, they find great solace in a cigarette; but when an English woman smokes a cigarette in America, a row is raised about it."

50 "Cigs" Used Daily.

"I smoke on an average of 50 cigarettes a day without any perceptible evil effect in fact cigarettes are a nerve-strengthening to me."

The English women were the only women aboard who indulged in cigarettes. Lady Patterson and Mrs. Gifford were seen puffing their special Turkish blended tobacco on deck or in the ladies' smoking room with freedom.

Lady Patterson is touring the world with her husband, Graham Patterson. Mrs. Gifford has been hunting in the jungles of South Africa and has sent the pelts of three lions and other wild animals. She said she had planned a hunting trip in Mexico, but had decided to abandon it after hearing that the country was shooting going on in the Southern Republic.

FEDERAL FUNDS GIVE AID

\$2,000,000 LOANED TO BANKS IN
DAYTON BY GOVERNMENT.

Money Shortage Occasioned by Flood
to Be Relieved—State, City or
County Bonds Are Security.

WASHINGTON, April 7.—Secretary McAdoo, of the Treasury Department, will deposit \$2,000,000 in the National bank of Dayton, O., to relieve the money shortage resulting from the flood, accepting Government, state, city and county bonds as security.

This will be the first time since 1903 that the Government has accepted as security for deposits bonds other than those of the United States.

This action was decided upon as a result of the telegraphic advices today from National Bank Examiner Goodhart, who has been investigating the conditions and requirements of the banks in the flood district.

All the seven national banks of Dayton will be designated as Government depositories, and the funds will be deposited with them as soon as they offer security sufficient to satisfy the Government. He expects the amount will offer effective relief to the financial stringency in Dayton.

In the last few days the Government has shipped from Washington and Chicago a total of \$2,300,000 to the Subtreasury at Cincinnati to meet the pressing demands for money.

CAIRO LEVEE STILL HOLDS

Barring Heavy Rains, River Is Ex-
pected to Recede in Few Days.

CAIRO, Ill., April 7.—The flood situation at Cairo showed little change today. Barring heavy rains, the river is expected to recede in a few days, and by the end of this week Cairo probably will be relieved from her present dangerous position.

Adjutant-General Frank S. Dickson, who returned this afternoon from his relief trip to Shreveport, La., reported having found great distress existing among the refugees there.

OJEDA'S TROOPS BOMBARD

State Troops, Numbering 2000, Fall
Back Before 300 Federals.

NACO, Ariz., April 7.—General Ojeda's 300 Federals late today went out from Naco, Sonora, and again bombarded the state troops' line. The state troops, who number nearly 2000, fell back and Ojeda returned to town.

But the state forces continue to threaten attack. At least, Governor Pasquerra telegraphed General Ojeda to hasten his march against Naco so that the movement might be made against Guaymas. Oregon is said to be waiting for artillery from Hermosillo. In the meantime, Ojeda is reported having strong fortifications about the border town.

MRS. TRUMBULL LAUDED

OREGON PRISONERS' AID SOCI-
ETY ELECTS OFFICERS.

New Committee Will Investigate
Prisons With View to Correcting
Undesirable Conditions.

Resolutions thanking Mrs. Millie R. Trumbull for her many years of faithful service as secretary of the Oregon Prisoners' Aid Society were adopted at a meeting of that organization held yesterday at the First Unitarian Church. Various speakers expressed their appreciation for the work she has done.

The following officers were elected: President, William F. Woodward; vice-president, Ben Selling; secretary, C. D. Mahaffie; counsel, C. D. Mahaffie and R. B. Hurst; treasurer, G. L. Jubitz; superintendents, Philip Bauer and W. G. MacLaren.

Besides the reappointment of the regular committees, a new committee, on prison investigation, composed of W. G. MacLaren, Ben Selling and J. P. O'Hara, was appointed.

Superintendent Bauer told of the good that had been accomplished by the work of the society. W. G. MacLaren, who suggested the committee on prison investigation, charged that conditions are bad for prisoners in various jails and at rockpiles and that the society should endeavor to correct these conditions. President Woodward gave some of his pleasurable personal experiences in dealing with paroled and released prisoners in the six years that he has headed the society and Ben Selling, Mrs. Trumbull and others related their experiences.

W. A. Burke and Fred L. Olson, candidates for the Republican nomination for Municipal Judge, addressed the meeting.

"PETTICOAT KING" PLEADS

Salo J. Jackson Accused of Defraud-
ing Banks and Factories.

NEW YORK, April 7.—Salo J. Jackson, the "Petitcoat King," pleaded guilty today on a charge of grand larceny growing out of the failure of the Jackson-Mack Manufacturing Company, of which he was the head. His counsel withdrew a former plea of not guilty when the members had been chosen for the jury which was to try him. Sentence was deferred.

Jackson obtained extensive credit at a time when his company was said to be manufacturing 3000 petticoats a day. He was arrested in Mexico after a long search.
