

# WAR DAUGHTERS TO MEET ISSUE TODAY

## Three Factions Represented in Race for High Office of Congress.

### IMPLICATION IS RESENTED

#### Mrs. Matthew T. Scott Tells Opposing Faction They Have Right to Want Change of Administration but Not to Libel Officers.

WASHINGTON, April 15.—With the nomination in the Continental Congress tonight of the three avowed candidates for president-general, about whom a political storm has centered for weeks, opposing factions of the society of the Daughters of the American Revolution made final preparations for tomorrow's election—the all-important event of the year with the Daughters. "Dark horses" failed to materialize at tonight's session, and the only names presented in the president-generalship race were those of Mrs. John Miller Horton, of Buffalo, popularly known as "administration candidate"; Mrs. William Cummings Story, of New York, head of the conservative party, and Mrs. Charles B. Bryan, of Memphis, Tenn. Each was nominated by a member of the new chapter and seconded by four delegates from other chapters.

#### Congress Recesses at Midnight.

Full tickets for all of the other general offices were put in the field. The nominating session passed off quietly, trouble threatening only once. This was when somebody suggested that seconding speeches be limited to one minute each. It was near midnight when the congress recessed.

#### Attacks by conservative leaders on the conduct of the financial affairs of the Daughters were denounced as unfounded today by Mrs. Matthew T. Scott, retiring president-general, in her report on the indecency on Continental Hall here.

Mrs. Scott declared these reports had been circulated by the faction of the society that desired a change in the administration of the society's affairs.

#### Intimation Called Libelous.

"There may be reason," said Mrs. Scott, "why you may prefer a change in the administration of your affairs. To every woman in the organization belongs the inalienable right to have her own opinion on these matters, and to every woman also belongs the inalienable right to give that opinion expression on the ballot. But the intimation that such a change is necessary in order that money contributed to the payment of the debt on memorial Continental Hall specifically may be applied to the payment of that debt is a libel on the integrity of our organization and is a libel on the integrity of the administration."

The morning session today was taken up by reports of various officers and committees. The afternoon session was devoted to further reports and receiving of contributions from chapters amounting to many thousand dollars. The course was the "benefit" plan, which yielded a large return.

## ALIEN BILL AMENDED

(Continued From First Page.)

the state, and that to avoid offending other foreign capital this question might safely be left to the next Legislature.

Opponents feared the delay incident to the amendment would open the way to the defeat of the measure, impatiently demanded a roll call and voted against the amendment, 65 to 4.

Assemblyman Finnegan contended the Japanese could evade the law by transferring title among themselves within the year of ownership permitted, but a viva voce vote defeated this amendment.

Assemblyman Johnston then proposed to put the bill back in its primary form by amending it to read throughout, "aliens not eligible to citizenship."

#### Foreign Capital Welcome.

He received considerable support on his plea that foreign capital had done much to develop the state, and that word should not go abroad that California did not desire foreigners to come within its boundaries, and also that an alien sometimes desired more than a year to decide whether to remain after coming to the state.

"Many a young Englishman," he said, "coming to America with money to invest had promised his parents that he never would surrender his allegiance to the mother country. But he made no worse a neighbor for that, and his children have grown up as good citizens as any of us."

#### "America for the Americans,"

 replied Assemblyman Scott. "These young Englishmen do not think enough of the country from which they make not only a living but frequently sufficient to return to the old country and live in ease, to become patriotic citizens, let us have men who will."

#### New Race Problem Feared.

"It is a question greater than dollars and cents," said Assemblyman Bloodgood. "It amounts to another great race problem. Ten miles from Sacramento I saw a Japanese man and a white woman living together. There was a baby. What was the baby? Not an octopus. It was the beginning of a new race problem. A problem of the fusion of races unassimilable."

The amendment was lost, 66 to 20. Assemblyman Bradford, spokesman for the bill, waived argument, and the rollcall followed.

#### Important features of the bill are:

Section 1. No alien shall acquire title to or own real property within this state or take the same by descent, devise or purchase, except as provided in this act.

#### Limit of One Year Fixed.

Section 2. An alien may acquire title to real property by demise, descent or purchase and hold the same for one year from the date of so acquiring such title; and if any alien at the date of so acquiring title be a minor he may hold such title for one year after attaining his majority.

The court of appeals held that Stockton had not misrepresented his goods and that his responsibility ended there if he did not cheat his customers.

#### Trousdale Sees More Smell.

TROUTDALE, Ore., April 15.—(Special.)—Smell started running again today in the Sandy River.

clare his intention according to law to become such a citizen.

#### Burden of Proof on Owner.

"Section 3. It shall be the duty of the District Attorney of the county wherein the property is situated, or the Attorney-General of the state, should the District Attorney fail or neglect to act when he shall have reason to believe that any real property in the state is being held contrary to the provisions of this act, to institute suit in behalf of the state in the Superior Court, praying for the escheat of the same in behalf of the state, and he shall proceed therein as in cases provided by law for escheats of land or property where such property has no known owner, provided that the service of process shall be made and service upon the holder of the title be had as provided by law. The burden of proof shall be on owner of the lands alleged to be held contrary to the provisions of this act. Said court shall tax as costs such fees as shall be reasonable, not exceeding 20 per centum of the amount which shall be bid for such real property at any such sale thereof. Any such proceeding shall be suspended upon proof that the alien owner of the real property involved has become a citizen of the United States, or has filed the certified copy of his declaration of intention to become such citizen, provided for in section 2 of this act, or that the title to such real property has been conveyed by such alien in good faith absolutely to a citizen of the United States.

#### Present Owners Excepted.

"Section 4. This act shall not apply to real property now owned by aliens so long as the same shall be held by the present owners, their wives or children, and the right, title or interest in or to any real property hereafter acquired by any person entitled to hold the same shall not be questioned or impeached by reason of the alienage of any person through whom such title may have been derived.

#### Section 7. No contract, agreement or lease of real estate for agricultural purposes for a longer period than five years shall be made to any such alien and no contract, agreement or lease of any town or city lot for a longer period than five years shall be made to any such alien, and any lease, agreement or devise of real estate made to any such alien, contract to be so made, or of this section shall be null and void.

#### Section 8. Every corporation, the majority of the issued capital stock of which is owned by aliens who are ineligible to become citizens of the United States under the naturalization laws thereof, shall be considered an alien within the meaning of this act."

## ARIZONA HAS ALIEN STATUTE

#### Federal Officials Discover Law That Never Has Been Enforced.

PHOENIX, Ariz., April 15.—That Arizona has a law on the books since enactment a year ago—prohibiting persons not eligible to American citizenship from acquiring title to real property in the state—has been brought to the attention of Federal officials here today.

The Government authorities said they would call the measure, enforcement of which never has been attempted, to the attention of the State Department. Under the provisions of the law all aliens holding land at the time of its enactment must surrender title within five years.

Even when title is acquired by the enforcement of liens or judgments, title must be surrendered in the same period of time. The law, however, does not apply to mining claims or to lands considered necessary to the proper operation of mines or reduction works.

## SEATTLE OPPOSES LAND BILL

#### Chamber of Commerce Holds All Aliens Should Be Treated Alike.

SEATTLE, April 15.—The Seattle Chamber of Commerce yesterday sent the following telegram to the Chamber of Commerce of San Francisco and San Diego in answer to requests for the opinion of the local organization on the alien land bill pending in the California legislature.

"This Chamber always insisted that legislation relating to aliens should apply to all nationalities alike. We believe enactment by any coast state of laws directly or indirectly discriminating against any nationality will greatly embarrass commercial relations with people of countries affected, with the resentment centering against trade through state passing such laws, but in effect impairing volume of business for entire country and subjecting to severe strain all international relations."

## MEETING CALLED IN TOKIO

#### Anti-Alien Legislation to Be Subject for Consideration.

SAN FRANCISCO, April 15.—A Tokio cablegram received today by the Japanese American Japanese daily newspaper of this city, says that a joint mass meeting will be held by the Constitutionalists and Liberals in Tokio April 17 to discuss anti-alien legislation pending before the California Legislature.

T. Oseki, Vice-President of the Japanese Diet, called on the Minister of Foreign Affairs today and the California situation was thoroughly discussed at the conference, the cable says.

## SMELTER PROBE SPREADS

#### Guggenheim Action in Federal Company's Business Is Reason.

WASHINGTON, April 15.—Complaint to the Department of Justice by Sidney Norman, of Spokane, Wash., that the Federal Mining & Smelting Company is being dealt with unfairly by the Guggenheim smelter interests will be investigated by the Government in connection with the pending general inquiry to determine whether the American Smelting and Refining Company is violating the Sherman anti-trust law.

Mr. Norman protested as a minority stockholder of the Federal, the majority stock of which is owned by the American Smelters' Securities Company, which in turn is controlled by the American Smelting & Refining Company. The complaint alleges that the Federal Company does not receive a fair price for its ore output from the American Smelters' Securities Company.

The Government will conduct a wide inquiry into the smelting situation, which will require several months to conclude.

## LOADED DICE NOT ILLEGAL

#### Federal Appeals Court Frees Man Who Advertises Their Sale.

CHICAGO, April 15.—The Federal Court of Appeals here freed today Eugene M. Stockton, of Chicago, sentenced to three years in the Leavenworth Penitentiary for mail frauds in selling crooked gambling devices.

Stockton advertised "loaded dice" and other implements, saying that they were for "catching suckers."

## LOBBY CURB PROPOSED

#### CONGRESS BILL PATTERNED AFTER STATE METHODS.

Senator Kenyon Would Require Registration and Bar ex-Members From Acting as "Agents."

WASHINGTON, April 15.—A bill to regulate lobbying in Congress, similar to laws enacted by several states, was introduced today by Senator Kenyon. It provides that every person, whether acting for himself or for another person or corporation as counsel or agent, to promote or oppose any measure before Congress, shall file his name with the Secretary of the Senate and Clerk of the House, with a statement of the

particular legislation he is interested in.

This list of lobbyists, the bill provides, shall be open to the public.

The bill would prohibit a person whose name is not on the lobby register from appearing before any committee of Congress, unless requested to do so by the committee, or consult with members of either house of Congress unless requested by a member.

Another provision is that no one who has ever been a member of either the House or the Senate shall act as a "legislative agent." At the close of each session, the bill provides, each lobbyist shall file statements of all his expenses. A penalty of from \$500 to \$5000 is provided.

Mail Clerk Lassoed by Wire.

FLORAL PARK, N. Y., April 15.—John Dunning, a mail clerk on the Long Island Railway, was lassoed and whipped out of the door of his car today by a wire trailing from a passing freight train. He was dragged beside the train and badly injured.

Manager of Zion Institutions Is Elected Mayor, Voliva's Guard to Be Chief of Police.

ZION CITY, Ill., April 15.—The Zionist Church party triumphed in the city election here today, securing the Mayor and two Aldermen beside other officers. The Theocrat party, as it is known, thus obtains control of the Zion City Council, for some time in the hands of the independents.

As an immediate consequence of the election will be the appointment of A. A. Walker, bodyguard of Overseer Voliva, to be Chief of Police.

W. H. Glendenin, general manager

## ZION INSTITUTIONS

of Zion institutions, was elected Mayor, Elder Ernest Harwood and C. A. Brune were elected Aldermen. John D. Thomas, leader of the Zion choir, was elected City Clerk, and Theodore Sorby, assistant editor of Leaves of Healing, the Zionist magazine, was elected City Attorney.

#### Sterilization Bill Defeated.

LINCOLN, Neb., April 15.—The State House of Representatives sustained today the Governor's veto on the Heasty bill providing for the sterilization of criminals and mental incompetents. The Senate re-passed yesterday the bill over the veto, but the friends of the measure in the House were able to marshal but 35 votes to 55 against the measure.

#### Deputies Approve Gold Export Tax.

MEXICO CITY, April 15.—A measure imposing a tax of 10 per cent on exports of gold from Mexico today received final approval from the Chamber of Deputies and was sent to the Senate for consideration.
