CHANGE IN POLICE SYSTEM ANNOUNCED

Bureau of Research Says Department Needs Complete Reorganization.

DUTY HELD EASILY SHIRKED

With Present Conditions It Would Be Miracle If Disregard of Duties Were Not General, Says Investigators' Report.

That reorganization of the Portland police department is necessary if the laws and city ordinances are to be enforced is the declaration of officials of the New York Bureau of Municipal Research, who have completed a detailed investigation of the department. Conditions are reported to be bad in a report of findings made public by the bureau officials yesterday.

"Until the routine methods of the department are changed from top to bottom; until record blanks are put in which call for information and comparing that will tell the Chief, Mayor and the public what is going on in the department," says the report, "it is unfair to expect the enforcement of the laws regarding vice and crime. Conditions are now analogous to those of the New York vice squad, except that Portland's Chief has less information than the New York commissioner, although closer personal contact with men. With a large number of householders, prostitutes and men related to both who have reasons for not complying with the law, and with police officers working under conditions where no one will know if they overlook violations of law with or without compensation, it would be little short of a miracle if there were not general disregard of duty—not to say absolute corruption—in the police department.

Law Enforcement Advised.
The enforcement of the city ordinance, not its passage, will discourage commercialized vice. Passage without enforcement is almost certain to mean encouraging and blackening commercialized vice and demoralizing the police.

"Portland should overhaul from top to bottom its organization of the police department, systematize the delegation of authority by the Chief to captains, provide a deputy and make other changes. The opening of new headquarters in October, 1913, makes at once the propitious time to begin. "For want of a proper signal system, reporting in of men on post is meaningless, for they may easily report several times from the same place, or, for that matter, from their rooms. Field inspection is inadequate to see whether false reports are made; but no inspection can possibly equal electric signal boxes. Many of the beats are so large that proper inspection is impossible; in fact, so large as to themselves to discourage patrolmen and sergeants.

Methods Are Criticized.
"General instructions are read to the police in a perfunctory, profitless way by a captain. The officers probably remember more of these instructions and description of crooks and burglars, of tattoo signs and birth-marks, etc., than the same number of citizens could remember; but in any case, they can get almost nothing except confusion and misinformation. "The detective bureau states frankly that its methods are antiquated. Card indexes are lacking, as are case registers. A complaint may be easily lost sight of entirely; neither the detective force nor the police officers are equipped with the admirably conducted fingerprint and photographic room; not even of lessons in the use of such records; men do not know what to do although for their own protection and that of the captain, they are required by the captain to keep a day-book of ground covered. There is no plan of auditing or checking up this book of establishing accountability, proving efficiency or inefficiency.

DUNIWAY GETS JUDGMENT

Attorney Allowed for Services After Property Is Transferred.

Judgment for \$484.17 and interest on that amount since 1909 was given Ralph Dunlavy, attorney, by a jury in Judge Gates' court yesterday, against S. B. Cobb, C. C. Woodcock and C. W. Miller. The amount represents the value of Mr. Dunlavy's services in obtaining a reduction by the city of assessments against the same defendants a few days ago in the vicinity of Grand avenue. Mr. Dunlavy recovered judgment of \$484.89 in Judge McGillin's court against the same defendants a few days ago in the judgment carrying interest at the rate of 8 per cent from June 4, 1909. This was part of the same transaction. There is still another suit to come to trial. The evidence was that Mary C. Mayer, Sophia Klosterman and other owners who thought the city was charging them too much employed Mr. Dunlavy to fight the assessments, agreeing that he should receive as compensation a third of whatever reductions he secured. Subsequently the property was transferred to S. B. Cobb, C. C. Woodcock and C. W. Miller and they attempt to deny that they are interested into by their predecessors in ownership. The trials of the cases were marked by considerable asperity.

WATER MAIN BEING LAID

Supply for Peninsula to Be Increased by New Line.

A large force of men under the charge of Foreman Edward Gray is laying the 30-inch water main which will extend from the higher Mount Tabor reservoir to North Portland on the Peninsula. The men are working through Rose City Park toward Mount Tabor on East Sixtieth street. This line will supplement the supply for the Peninsula district and intervening territory which at present is tributary to the single main that was laid about ten years ago from Mount Tabor to Portsmouth, but which has become inadequate for that growing district. The new main will more than double the water supply for that part of the city. It will be completed in time to prevent any more water shortage in North Portland.

Line Permitted in Lewis.
CENTRALIA, Wash., April 17.—(Special.)—The Chehalis & Cowlitz Railway has been granted permission by the Lewis County commissioners to extend its line Southeast from Chehalis across the Newaukum Prairie. The work will begin at once.

KIRMESS IS ON BILL

Two Performances to Be Seen at Lincoln High.

ARTISTIC MERIT PROMISED

Oregon Federation of Women's Clubs Sponsors for Attraction, Which Will Introduce Little Folk in Old-Time Dances.

All is in readiness for the kirmess that is to be given tomorrow at Lincoln High School under the patronage of the Oregon Federation of Women's Clubs. There will be a matinee and a night performance, and at both programmes of exceptional artistic merit are promised. The costumes to be worn by the little folks who are to dance are said to be beautiful and are expected to add materially to the attraction of the various numbers. Laura Shay, who will give several songs and dances, has appeared at recent entertainments and has received many compliments upon her ability. At the Press Club, at the meeting of the Daughters of the Confederacy held at the home of Mrs. A. E. Rockey and at the Portland Woman's Club, she danced and sang so gracefully that her art suggested to Mrs. Frederick Egert the idea of having an entertainment of stately dances to mark the vast difference between the old-time and the modern dance.

Lorris Gratke won laurels at the "Follies," and Jeanette Dentler was selected as the best dancer among 1000 children at an exhibition at Dallas, Tex. Lois Cameron, another dainty little miss, will appear in a variety of intricate steps and is to wear a most becoming costume. Winifred Hopson is rehearsing a Scotch dance, and Muriel H. Horford and George Beggs are among the gifted little folk who are to take part. The programme is replete with interesting features. The children have been drilled by Professor Beggs. Mrs. Alexander Riddell is chairman of the committee of arrangements, and among the prominent women who will appear as patronesses are: Fredrick Egert, Mrs. Herman Hepper, Mrs. Ross Seiling, Mrs. Allen Todd, Mrs. Albee Welster, Mrs. Sarah Evans and several others.

"HEART BREAKER" SUED

50-YEAR-OLD MAN ACCUSED OF BILKING MAIDEN WOMEN.

Louise Stevens Causes Indictment of W. B. Proctor, Charging Larceny by Baillee of \$40.

W. B. Proctor, about 50 years of age, heavy set, spectacled, with iron gray hair, an alleged breaker of the hearts of maiden women past the first blush of youth, was placed on trial in Circuit Judge Kavanagh's court yesterday on a charge of the larceny by baillee of \$40, the property of Louise Stevens, one of his alleged fiancées. Around the corner were ranged several other women who are to be placed on the stand by the prosecution to testify that at various times he was engaged to marry them, and that he got the best of them financially. Miss Stevens, the complaining witness, was the first to take the stand. She declared that first and last Proctor had bilked her out of a sum total of \$555 while she was his fiancée. The indictment against the defendant is based on \$40 which he is accused of having obtained from Miss Stevens to purchase steamship tickets for both of them to San Francisco. The state charges that Proctor purchased only one ticket and went alone, leaving Miss Stevens in Portland without knowledge as to his whereabouts. Finally she complained to the police and Proctor was arrested and extradited from California. He has been in the County Jail for several months. The contention of the defense is that the money was a loan given on a verbal promise to repay whenever the financial circumstances of the defendant warranted.

RAIL CHIEFS TO BE FETED

Carl R. Gray and William Sproule Will Be Guests in Portland.

Informal entertainment is planned by members of the Commercial Club for Carl R. Gray, president of the Great Northern Railway, who is due to arrive in Portland on an official visit next week. Mr. Gray is one of the most active members of the Commercial Club, and even now is doing much to develop the resources of the state. His many friends here want to give him a humble recognition of their appreciation. It is probable that this desire will crystallize in a luncheon of dinner if it is convenient to Mr. Gray. Similar hospitality will be extended to William Sproule, president of the Southern Pacific, who is due soon to visit Portland. If it can be arranged satisfactorily to Mr. Sproule. Seattle stems are being used as a substitute for cotton.

MILWAUKIE RATE CASE UP

If It Loses, Streetcar Company Must Reduce \$110,000 in Fares.

Final hearing of the Milwaukee rate case before the United States Supreme Court has been set for Monday, April 22, and attorneys in the case will go to Washington to attend. Franklin T. Griffith will represent the Portland Railroad, Light & Power Company, defendant and appellant, while A. M. Crawford, Attorney-General, and Clyde B. Aitchison, member of the State Railroad Commission, will represent the state.

The case first was brought before the State Railroad Commission by residents of Milwaukee in 1907. The petitioners originally asked for a five-cent fare between Milwaukee and Portland, and the State Railroad Commission granted the prayer on a commutation basis. The case then was taken up on appeal by the railroad company. The company retained the right to collect the old rate of fare, but gave
