That's a common expression by those coming to Los Mollinos from other parts of California. While stock is suffering for feed in other localities, Los Mollinos has thousands of acres of burr clover, sifilierilla, while stock is suffering for feed in other localities, Los Mollinos has thousands of acres of burr clover, sifilierilla, wild outs and other succulent grasses.

You can use this pasture FREE.

If your cows are without feed where you are, come to Los Mollinos and get a tract of land and take advantage of the free pasture.

Firsty of moisture on the ground. Fine rais last week and it's raining this week. Affair can be seeded for thirty days or six weeks yet and will make two or livre tons per acre this year.

Next year it will make eight or ten tone per acre.

Many farmers took \$150 worth of hay per acre from their land last year—more than the cost of the land.

Hay now worth \$14 per ton and will be higher this year.

Best irrigation project in California—gravity irrigation, enough water during year, including rainfail, to cover land 63 inches deep.

Soil 20 feet deep—sit loam.

All the cows you want furnished on butter fat payments.
