

NO VOTES EXPECTED IN ELECTION TODAY

All Day Boards Filled and Few Night Appointments Remain to Be Made.

POLLS TO BE OPEN ALL DAY

Large Vote Anticipated and Arrangements Are Made to Hurry Supplies by Motor When Call Is Made by Telephone.

Portland is in complete readiness for today's special charter election and the regular primary nominating election, which combined will make the largest election ever held in the city. At the close of business yesterday City Auditor Barbur reported that all the details for the day's work have been attended to and everything should run off without a hitch of any kind.

This is the first primary election in which the polls have been open all day, the hours heretofore having been from 12 o'clock noon until 7 P. M. Today the polls will be open from 8 A. M. to 7 P. M. Electors will be called upon to vote in two distinct elections at the same time. The first will be the special charter election, and the second will be the primary election. After voting on the proposed charter the voters will be given the ballot of the party under which they registered to express their choice of candidates.

The charter vote will be counted first when the polls close tonight. Persons not registered under any of the three parties will not be entitled to vote in the primary election, but may vote on the charter.

Count May Be Delayed.

This is the first election here in which women have been permitted to vote, and the increased registration of male voters will prolong the count of votes probably a full day beyond previous elections. It is expected that the majority of women registered will vote. This will practically double the number of votes cast, over the number cast in previous primary elections. The charter election is expected to bring out thousands of voters who ordinarily would not participate in the primary election.

Election boards practically are complete excepting night boards. Out of 1985 judges and clerks required to handle the election 1376 have been secured. All of the day boards have been filled and no trouble is expected in completing the night boards during the day.

The ballot boxes, 456 in number, were sent out to the polling places yesterday in automobile trucks. All day workers were kept at the telephone writing the date on each precinct. Heretofore this has been done by policemen. The weight of the four boxes made this impracticable yesterday.

Motors will handle supplies. Arrangements have been made for automobiles to be on hand at the City Hall during the entire day to take out supplies where needed. A force of clerks will be kept at the telephone writing the date on each precinct. Heretofore this has been done by policemen. The weight of the four boxes made this impracticable yesterday.

Boys Scouts Are Guests.

YANCOUVER, Wash., May 2.—(Special.)—Having recovered from "the junket to 'U' plank," the boys of the Boy Scouts of this city, were guests of honor at a banquet given them tonight by Mayor Charles S. Irwin in the parish hall, Arthur J. Dorland and William McGehee sang and several musical numbers were given. Addresses were made by the Mayor. The boys drilled before the banquet to show off their efficiency.

Charter's Fate Up Today

(Continued From First Page.)

said persons passing the store could see for themselves and draw their own conclusions.

C. L. McKenna is the Democratic candidate for Mayor and has no opposition. Jennings is seeking the nomination of the City Council from the Third Ward. The Democrats, however, will write in the names of members of their party and undoubtedly will nominate a complete city ticket.

The only contest on the Democratic side is that in the Tenth Ward, where C. L. Daggett, who was superintendent of the garbage crematory during the Lane administration, and Hannis P. Loy are fighting for the nomination.

It is estimated that the vote today will total between 45,000 and 50,000, depending considerably upon the weather conditions.

The total number of Republicans registered is 51,967; Democrats, 13,365; Progressives, 3473; Prohibitionists, 1972; Socialists, 1371; Independents, 1997.

Three After Auditorship.

A. L. Barbur and Dudley B. Clarke are contestants for the nomination of City Auditor on the Republican ticket, while F. G. Wilde is the Progressive party candidate. Mr. Barbur has served three two-year terms. Mr. Clarke is backed by many young men, especially members of the Multnomah Club, and was for two sessions reading clerk of the Oregon House.

City Treasurer Adams and City Attorney Grant have no opposition on the Republican ticket, consequently both will be re-nominated. Neither the Progressives nor the Democrats brought out a candidate for Treasurer, but the Progressives have a candidate for City Attorney in the person of Edward J. Brassell.

Two Women in Race.

The first women candidates in the history of the city are Dr. L. Victoria Hampton and Mrs. M. L. T. Hidden, the former seeking the Republican nomination for Councilman-at-Large and the latter the nomination for the same position on the Progressive party ticket.

Mrs. Hidden is certain of the nomination, but Dr. Hampton has plenty of rivals. These are: Ralph C. Clyde, incumbent; K. K. Kubik, E. H. Langford, who was elected by the Council a month ago to take the place of John H. Burns, resigned, and Charles N. Ryan and Sam Wagner.

There is a lively contest in the Tenth Ward, as usual, for the seat in the Council from that ward. Clinton A. Ambrose, Hubert Kubik, Fred W. Latham, L. D. Mahone, Harold C. Scharf, George W. Stitt, George Wells and A. Winans are the Republican candidates, while the Progressives have as their candidate Charles H. Beard. This ward always produces a heated contest and has the distinction of being the sole and only ward in Portland where a public official was recalled. Joseph T. Ellis was the Councilman who suffered in this regard. He was succeeded by James Maguire, who now seeks the Mayoralty.

In the Second Ward T. O. Daly, M. Monte Mayer and Charles O. Siglin are the Republican candidates, while J. B. Holbrook is the candidate of the Progressives.

E. D. Dunning, incumbent; E. C. Mears and E. J. Rathbun are fighting for the Council in the Third Ward as Republicans, with the lone Democratic candidate for the Council—L. Jennings being the opponent of the Progressives have no candidate there.

With Frank E. Watkins leaving the Council from the Fifth Ward, a neat little fight has developed between Thomas L. Garland, C. A. Proudfoot, Lloyd R. Smith and George B. Thomas are the Republican contestants, with Benjamin Goodman an Progressive choice.

M. J. Heiser and John Keating are contesting with R. E. Menefee, incumbent, for Councilman from the Ninth Ward. R. E. Menefee is the Progressive candidate there. Mr. Menefee is serving his second term of four years, making eight years of service, during which he has secured many things for that section of the city among them being the Broadway bridge.

JUNKET TO "U" PLANK

TRIP TO EUGENE IS PROTEST TO PARKINSON'S MOVE.

On Saturday, May 17, Oregon Society of Engineers Will Go on Excursion—Programme Outlined.

In the line of a public protest against the obstructive tactics being applied by H. J. Parkinson to the appropriation made by the Legislature to the University of Oregon, the Oregon Society of Engineers is planning an excursion Saturday, May 17, to Eugene and to the university.

Plans are now being arranged by a special committee, of which H. L. Vorse is chairman, and will include a luncheon with toasts at the university and a general entertainment programme under the joint auspices of the Eugene Commercial Club and the University of Oregon.

The engineers will leave at 7:30 A. M., arriving at Eugene at 11 o'clock. From the depot they will be escorted in automobiles provided by members of the Eugene Commercial Club to the university gymnasium, where there will be an informal session, embracing speeches of welcome and the usual response. This will be followed by lunch at 1 o'clock, when the engineers will discuss measures that may be used to offset the Parkinson plan to hamper the university.

After lunch the engineers will be conducted to the Eugene filtration plant and electric generating station and other points of technical interest, while their women friends will be entertained by the women of the Commercial Club.

An evening informal meal will be served at the Commercial Club rooms and the start for Portland made again at 7:30, which will be reached at 11 P. M.

MEMBERS OF PORTLAND FRUIT AND FLOWER MISSION ON VISIT TO MULTNOMAH FARM.

Members of the Portland Fruit and Flower Mission made their annual May-time pilgrimage to the Multnomah Farm yesterday, taking with them quantities of fruit, flowers, candy, cakes and magazines for the inmates of the county institution.

The party assembled at the day nursery on Twelfth street and with a big graphophone, a box of oranges, a bucket of candy and a generous amount of other good things to eat, all were taken out in machines through the country to the farm. Those who made the trip were: Mrs. E. C. Mears, president of the Mission; Mrs. O. A. Lyman, Mrs. Oscar Rasmussen, Mrs. W. J. Morrison, Mrs. F. E. Reed, Mrs. M. L. Kline, Miss Mabel Beck, Miss M. Jamison, Miss Lillie Fox, Mrs. Chester Deering, Mrs. Fred Harlow, Mrs. P. A. Spencer, Mrs. Dina Bonnar, A. Stark and H. Johnson. The Multnomah Farm is ideally located with a magnificent view on every side and the buildings are large, airy and afford plenty of sunshine for the old people who reside there. The home is a large number of the men of the institution was assembled on the steps to greet the visitors and as they approached the entrance with their arms laden with gifts, smiles were seen on careworn faces and there was a general flutter of excitement. One old Irishman, with all the gallantry of a country squire of the manor house, bowed the women in, saying, "Well, my girls, we're glad to welcome you."

Music Adds to Gaiety.

The graphophone was placed in the reception-room and while the members of the mission sang through the words with their trays of choice roses and dainties, the strains of popular airs added to the atmosphere of festivity.

Never were people more appreciative than the inmates of the institution. They took the candies and cookies and the fresh fruits with the pleasure of little children, and the flowers were admired and treasured as flowers in this city of roses rarely are. One lady, who wore a black net cap, put her pink La France rose in her hair in most coquettish fashion and the men all decorated their coat laps.

"This cap will keep me warm and will keep me from coughing during the night, so I won't wake the others." This is the spirit of the farm—thoughtfulness for others.

"It was 'cheerful' that brought me here," volunteered an old man who can't walk, but seems to be very cheerful. "I came in a stretcher, but I'm getting better. I can get up now. I can't get up to the handle. And, say, lady, our superintendent runs everything correct."

There are enough stories to be found among all these old and on the 20 women enough tales of human interest and heart-aches to fill volumes. No one can go among those old people without feeling that the greatest blessing they have is to be able to see company, too. "It gives us something new to think about, makes us forget ourselves," as one woman expressed it.

Rough Road Checks Gravel.

Thomas Johnson, aged 88, the entertaining old man, he comes to tell the story of how he got to the old farm when it was out on the Canyon road. "You see, I was found in a rooming-

Peninsula Dates Set

ROSE EXHIBIT AND BABY SHOW TO BE HELD JUNE 4-5.

Committees Named and Announcement Made That Peninsula Products Only Will Be Entered.

The special Peninsula Rose Exhibition and Baby Show will be held in the Peninsula Park auditorium and gymnasium June 4 and 5, the week before the Rose Festival, under the charge of the Women's Auxiliary of the North Portland Commercial Club. Two days will be taken up, and the rose show and baby exhibit will be held on separate days, the rose show June 4 and the baby show June 5. Chairman of the working committees are as follows:

Committee of decoration—Mrs. F. W. Valentine, of St. Johns, who will appoint her assistants; rose exhibit, Mrs. James Church, who will appoint her assistants.

Dr. Mary V. Madigan is chairman of the eugenic baby show and O. M. Plummer and Mrs. T. M. Shattuck are her assistants; prizes to be given, J. H. Nolte, A. Ruble, A. S. Hald and O. M. Plummer; programme, H. A. Ruble, H. S. Hald, Mrs. J. H. Nolte and Mrs. C. F. Nichols. The finance committee will be appointed at the next meeting of the auxiliary.

Dr. Madigan, who will have charge of the eugenic show, will issue cards in order to avoid confusion and delay at the show such as was experienced at the eugenic show held last year in North Portland. The auditorium of the new community building, under construction in Peninsula Park, will be used for the exercises and probably one of the gymnasiums will be used for the rose exhibit. The building will be ready by June 1. In connection with the shows some athletic games will be held on the grounds of the park. The rose and baby show will be confined to purely Peninsula products.

DR. BOYD TO SPEAK TODAY

"New and Larger Significance of Jesus" Is Noonday Topic.

The New and Larger Significance of Jesus will be the subject of Dr. John H. Boyd's address at the Y. M. C. A. this noon. This is regarded as one of the most important lectures in his series on "Some Changing Ideas in Religious Thought."

This meeting, as well as all others in the series, are open to men, whether members of the Y. M. C. A. or not. Attendance is served, all who wish to attend and are not registered for the work should telephone this morning to E. R. Perkins, religious work director of the association. There is no fee except a small charge for luncheon.

POLK TEACHERS CONVENTION

Sentiment Shown to Be Opposed to University Referendum Move.

AIRLIE, Or., May 2.—Over 150 school teachers of Polk County convened here today when a regular teachers' institute was held. Instructors from all the rural sections were in attendance. Special attention was given to results being obtained in bringing the home-making and school into closer relationship and in the perfecting of the center of the district.

That sentiment in Polk County is strongly opposed to the Parkinson refer-

ALBANY LAW MOST RIGID

Owners of Buildings Where Liquor Is Sold May Be Punished.

ALBANY, Or., May 2.—(Special.)—A rigid ordinance making all places where liquor is sold or kept for sale in Albany nuisances and providing for punishing not only the men conducting such places but the owners of the buildings and increasing the maximum penalty for the violation of the ordinance from \$100 and 90 days in jail to \$200 and 100 days in jail.

At present alighting the film companies in that locality. It was very drastic in its provisions and would cause great loss to the producers of that state. At one of the Saturday night meetings I called upon the talk on the subject, and told them of our volunteer board of censors in the Northwest, and that they worked very admirably and satisfactorily. The producers there are unorganized and they allowed it, through neglect, to be favorably reported out of committee. Now they have started out to work against the censor, perhaps it is too late. I, however, pointed out the fact that if passed it would likely be unconstitutional as being class legislation.

Presentation is Inferior.

"I am happy to state that I saw nothing throughout the State of California which showed any higher standard than we have through the instrumentality of the People's Amusement Company in this city. The standard of Los Angeles the seating capacity is limited to 900. I saw nothing in California that equaled the People's Theatre of this city. Their method of presenting their shows does not equal ours in any sense of the word.

"Baseball, Bud Anderson and the proposed alien land law of California are the things that are uppermost in the public mind. They have a notion there that Los Angeles is going to win the pennant, although I told them that when the Portland team discovered its stride we would prove to be good mud horses and would be found in the leading column at the finish of the struggle.

"Bud Anderson is recognized by all sports as one of the coming men, the only comment being that his manager should not permit him to rush ahead too rapidly. They all admit he has strength but needs experience to give him ring generalship. The opinion in California is that Mandot will be easy for Bud, as he is continually improving and can easily make weight without losing strength. He is liked because he is a good, clean boy and lives a proper life.

"Concerning the alien land law, it appears that Governor Johnson, backed by a progressive Legislature, despite President Wilson's position, intends to push through such a bill as suits California without regard to the rest of the United States and paying no attention to whether or not such a bill, if passed, will violate United States treaty obligations. The public mind in California is to a certain extent inflamed on the subject, and Governor Johnson is simply bowing to the public will."
