

MEXICAN ELECTIONS

Huerta, Diaz and Other Leaders Said to Have Agreed as to Details.

LIBERALS TO HOLD ALLOOF

Party of Madero Unlikely to Be Represented Unless Peace Is Restored

WASHINGTON, May 2.—Election for President of Mexico will be conducted October 29 by the Huerta government, according to advices to the Mexican embassy here today.

General Diaz is now expected to be the leading candidate for the presidency, although many persons believe that General Huerta also will enter the race.

Probably no adherent of the Liberal party of Madero will enter the race unless in the meantime peace has been completely restored.

SHELL KILLS WHOLE FAMILY

Federals Believed to Have Begun Advance on Guaymas.

NOGALES, Ariz., May 2.—The only apparent result of the shelling of Empalme today on the state troops was the killing of a man and his wife and several children.

A rifle fire late today indicated that the Federals had begun a movement in pursuit of the fleeing Constitutionalists, whose hasty exit caused the shelling on the part of the Federal boat.

General Pedro Ojeda, whose daring defense of Naco, Sonora, occasioned much official recognition, has been made commander of the first military zone, including Sonora state. A consulate report says that he has sailed for Guaymas to take the field against the same insurgents who drove him from Naco only after a grueling campaign of many weeks.

PEORIA FORGER CAUGHT

Illinois-Wanted Man Hides Self as Bartender Here.

After 18 months' residence in Portland, during which time he gained a large acquaintance with police officials, "Billy Hughes," bartender in a saloon at Williams avenue and Russell street was found last night to be Harry E. Bradley, Peoria, Ill., wanted there for forgery.

Bradley, who comes of wealthy and influential people in Peoria, was Deputy Collector of Customs in 1910, when he became heavily interested in real estate, paid out beyond his resources, and found himself facing debts he could not meet, according to his own story told the detectives.

After 18 months' residence in Portland, during which time he gained a large acquaintance with police officials, "Billy Hughes," bartender in a saloon at Williams avenue and Russell street was found last night to be Harry E. Bradley, Peoria, Ill., wanted there for forgery.

STATE DAY IS OBSERVED

(Continued From Second Page.)

There were no set speeches, every speaker was limited to five minutes. So we had our first bright and witty speeches—and the old people and the young people, too, were kept in the best of humor.

Never did I see such an audience! So many, so exceedingly many old people, women and men who came here or who both here in 1824, 1840, 1850 and 1860, but all like kids out at play!

There in his chair of state sat dear Father Matthew. Do not forget that, if you ever pray, then pray that he may be spared to the next year, and the next—and for many and many a year to come.

ALMA TUMTUM HYAKSILLIS KOPA KONAWAY BOSTON TILLICHOES KOPA OREGON ILLAHE.

Which, translated, means, "My heart feels very kindly to all of the inhabitants of the Oregon country."

Pomona List Given.

Here is a list of visitors who registered on the Pomona on our way up only those who arrived before 1889 have the year of their arrival mentioned:

EIGHT INDICTED IN BUNGO RING CASES

Second Accusation Against Detective Esola Included Among Findings.

"BLACK HAND" DISCLOSED

Important Witness Against San Francisco Police Men Threatened if He Is Not Silent—Bribery Described in Detail.

SAN FRANCISCO, May 2.—Eight indictments charging conspiracy were voted by the grand jury tonight

GLEE CLUBS OF JEFFERSON HIGH SCHOOL APPEAR IN CLEVER OPESETTA.

"A Nautical Knot," a rollicking, tuneful and interesting operetta, full of pleasing and amusing incidents, was presented last night at the Jefferson High School by several gifted members of the glee clubs of the school.

Both groups did some good acting and sang well. A thread of romance, enough love making and some jolly sailors, all essential parts of a nautical play, contributed much toward the charm of the evening.

The same programme will be presented again tonight, and the excellence of the operetta assures a large attendance. The complete cast is as follows:

Julia (soprano), belle of Barnstapole; Fay Wentz; (contralto), her friend, Daisy Gibson; Barnabas Lee (tenor), wandering artist, Harry Klein; Joe Stout (baritone), mate Bounding Billow; Jack Frost; Bill Salt (bass), boatswain, Eibert Paul; Jim Spray (baritone), sailor, Homer Edwards; Ned Bluff (baritone), sailor, Verne Everett; Jack Erace (tenor), sailor, Harold Demmon; Harold Brauch; Daisy, Madeline Brown; Doris, Nellie Springer, Chorus—Barnstapole girls, sailors, artists.

George O'Brien, Evelyn Wirtz, C. M. Sain, Mrs. William Ryan, Margaretta C. Olson, Mrs. C. W. Purdin, Mrs. J. E. Felt, J. W. Graham, E. B. Miller, Laura Miller, Anna Baker, Pearl Baker and Mae Baker.

COAL LANDS GIVEN UP

PUEBLA COMPANY SURRENDERS HOLDINGS WORTH MILLIONS.

Government Resists Contentions That Ruling of Secretary of Interior Is Final.

DENVER, May 2.—Coal land involving 3400 acres and valued at approximately \$1,000,000 was surrendered to the United States Government today by the Colorado Fuel & Iron Company, in consideration of the dismissal of a suit involving 5800 acres owned by the company.

Future entry on the land will be permitted under regulations and prices recently fixed.

The land originally was taken up as agricultural land, under the law that permits owners of forest land to return it to the Government and receive in return agricultural land. Subsequently the land was turned over to the fuel company. The Government's complaint against the company was that the entrants to the land knew they were getting valuable coal property.

For four years the company has fought the case through the Interior Department, where it secured a favorable ruling. Subsequently suit was started by the Government in the Federal Court, resisting the company's contention that the ruling of the Secretary of the Interior was final. New evidence was introduced and today's settlement resulted from negotiations that have been in progress several months.

BEAVER LEAVES FOR SOUTH

Flagship Carries 235 Passengers and 2300 Tons Freight.

The flagship Beaver, Captain Mason, left at 2 o'clock yesterday morning with 235 passengers and 2300 tons of freight, including a carload of salmon, for Los Angeles, en route from Bay City, Or.

Captain Mason has become quite a photographer and has a new kodak with which he snaps all his friends when they call on him. His collection, for an amateur, is large.

Knowing his latest hobby, a woman called on the captain just before he sailed and asked him to pose for a photograph, a request that he promptly granted. After giving instructions as to how he should stand, his friend pressed the button, and to the skipper's surprise a small door opened in the kodak and a kitten stubbed its head out.

STUDENTS SPANK "PROF"

Polka Dot Tie Gets University of Washington Instructor in Trouble.

UNIVERSITY OF WASHINGTON, Seattle, May 2.—(Special.)—Although it was campus day at the University of Washington, Physics Instructor Herbert Anderson came to college today with an artistic blue polka dot tie and an immaculate linen collar encircling his neck, immediately upon entering

EIGHT INDICTED IN BUNGO RING CASES

Second Accusation Against Detective Esola Included Among Findings.

"BLACK HAND" DISCLOSED

Important Witness Against San Francisco Police Men Threatened if He Is Not Silent—Bribery Described in Detail.

SAN FRANCISCO, May 2.—Eight indictments charging conspiracy were voted by the grand jury tonight

The instructor was severely spanked for wearing a tie prohibited on this day. The offending neckwear was removed and Professor Anderson withdrew to the seclusion of the physics laboratory. Professor Stark, director of the extension division, was subjected to the same indignities a few moments later because he wore the same taboo articles of dress.

KERN PRESSES INQUIRY

REIGN OF TERROR IN PAINT CREEK IS CHARGED.

Senator Says Government Is Concerned in Causes That Led to Strike in Coal Fields.

WASHINGTON, May 2.—Despite the settlement of the West Virginia Paint Creek coal strike, Senator Kern, the majority leader, is determined to press his Senatorial investigation of conditions which led to the trial of "Mother Jones" and the strike leader and the military regime. He declared today that appeals from ex-Senator Watson to abandon the investigation because the law would place grave and disregarded and he would bring up his investigation resolution when the Senate met Monday.

"The Senate is not concerned in the settlement," he declared today, "but in the condition which led to the strike. It wants to find out if there is penance, white slavery or a reign of terror, as has been reported."

The Senator declared he knew of one instance of those who had gone to report the trial of Mother Jones being deported from the state. Strikers were forced to take to the mountains for their lives, leaving their wages behind them, the Senator declared.

MINERS CONVEYED TO WORK

West Virginia Sends Special Train to Distribute Former Strikers.

CHARLESTON, W. Va., May 2.—A special train in charge of the Pennsylvania Railroad transported today many miners from tents along Cabin and Paint creeks to various mines throughout Kanawha county, where employment awaited them. The men and their families had been living in the tents since April, 1912, when a strike was called. The trouble was a result of a new law, both operators and miners agreeing to peace proposals submitted by Governor Hatfield.

The Governor announced tonight that he would place guards at the former strike zone to do police duty and that no mine guards would be permitted.

WHITMAN TAKES STAND

CONFIDENTIAL NATURE OF CONFESION DENIED.

Inspector Murtha, Not Previously Involved, Said to Have Tried to Gain Immunity.

NEW YORK, May 2.—District Attorney Whitman jumped into the breach today when the defense in the trial of the four former police officers accused of conspiracy made an effort to rule out important testimony involving one of the quartet.

The prosecutor mentioned Al Thomas, a detective on the stand and took his aide's place as a witness. Thomas had given testimony to show that ex-inspector Murtha, who had not been involved by evidence previously produced, had gone to the prosecutor's home after being indicted and sought immunity as a reward for turning state's evidence. The defense's objection to the revelation as a breach of confidence caused Mr. Whitman's intervention.

The prosecutor denied that Murtha's talk, heard by Thomas, had been confidential. Shortly after the prosecutor's appearance as a witness the state rested the case. Counsel for the defense called half a dozen witnesses in an effort to show that the ex-inspector, Murtha, Thompson, Hussey and Sweeney, did not conspire to obstruct justice by bribing grand jury witnesses to leave the state, as charged in the indictment.

WASHINGTON TO GUARD MAZATLAN.

GUNBOAT, May 2.—In answer to reports from Henry Lane Wilson, Ambassador at Mexico City, of precarious and disturbed conditions on the west coast of Mexico, the naval auxiliary ship Glacier, now at Topolobampo, with the gunboat Annapolis, will proceed at once to Mazatlan to guard American interests there and at Acapulco.

"Benjamin's" American clothes are the standard of the world and we keep up the standard, as our Spring styles will prove to you. It's not possible in the highest type of manufacturing to produce better suits than we show from \$20 to \$35. Come in today, just to get posted. Lots of new styles on display.

Buffum & Pendleton

311 Morrison, Opp. Postoffice

the university grounds he was surrounded by a yelling flannel-shirted bunch of undergraduates who shouted "hot hand! hot hand!" So the faculty member was raised to a horizontal position and given a lesson in how the energy of motion may be converted into heat by the impact with a solid.

Nothing Uncertain About This Water System

You don't take even the smallest chance when you buy a Mitchell Water System. If you have any doubt about this we will take you to a dozen homes where the system is giving satisfaction day in and day out. We will take you to the homes in which our first systems were installed and you will find the same satisfaction, the same enthusiastic owners. We have been putting them in for more than 5 years. We know how they should be built to give satisfaction, what capacity the system should have to furnish water for your individual requirements, and we know how to install the system so it will give desirable service and continue to do so year after year.

NO SUBURBAN OR RURAL HOME COMPLETE WITHOUT WATER UNDER PRESSURE

The service of the Mitchell-Leader System enables the owner to have his bath, his washrooms, his lavatories, anything and everything that depends upon a dependable supply of water under pressure, including PROTECTION AGAINST FIRE. Come and let us show the simple principle of the system and quote you a price on yours. If you can't call, just drop us a card for our Catalogues and Book, "The Paths of His Fathers."

—And many more. EVERY ONE of these people BOUGHT the Mitchell-Leader System on ITS merits.

and that when he did not stand in with the Sheriff's office he was in the position in which we all ought to be—responsible for anything that he did against the law of the land.

Essex Charge Repeated.

"I was present at a conference today at which one of the gentlemen in the Assembly from the county of Essex asked me if I had said that the great part of the delegation from that county exercised no choice of its own, but took orders. He did not ask me in those words, but the words do not make any difference. That is what I said and I said it not because I suspected it, but because I have lived in the state a good many years. I was an observer, and a very close observer, of the course of politics before I ventured upon that uneasy sea, and when I ventured I was not the lone lubber I looked. I knew the gentlemen who controlled the politics of Essex County. Knew them? Why, the whole United States knew them."

The President indicated that he was not disturbed by the opposition he had encountered among members of the Legislature.

"Losing Cause" Denied.

"Somebody told me," he said, "that things were so tangled up here that jury reform was going to lose anyhow, and they said, 'Why come up and fight for a losing cause?' Well, I know my fellow citizens in New Jersey and I deny that it is a losing cause. But suppose it was? I would rather have my body one of the first to fall by the sword than one of the last. And whether we win or lose, the battalions are coming on and the eventual outcome of the case is not in doubt. There is a God in heaven and all is well and I am not going to be impatient."

"The supreme test which the Democratic party has now to respond to is the test of the people's action in the New Jersey final guarantees of interested justice."

"Did you ever hear a bigger question than that stated? Is there any suspicion abroad that equal justice is not administered in the United States? If there is such a suspicion, who ought of all others to remove it? The men who are responsible for the administration of justice finally or the men who make the laws which underlie the administration of justice. I do know of no more solemn thing than happens when these gentlemen get together in Trenton. There is the temple in which is worshipped the god of justice and the god of intrigue and there is a high priest of intrigue who is to be seen lurking about the corridors of the temple. Are you going to burn incense to this god or are you going to burn incense to the god of mankind, the god of love and of justice, and of purity and of righteousness?"

Advice Given Workingmen.

"I am told that some of my friends among the laboring men have been told that this was a plan to see that they didn't get an equal share with the rest in the determination of what should be done in the courts of criminal justice. I ask them to answer me this question: 'In the game of politics do they generally get the advantage? In the present arrangement together to their liking? I haven't heard it praised from their ranks and what we are trying to do is to bring them to co-operate with the partnership.'"

"The game of politics has never gone

in their direction that I ever heard. What you ought to do then, those of you who specifically describe yourselves as workingmen—for some of the rest of us work and don't have any limited hours either—if there were more than one President I would form a union—but if those of you who choose to describe yourselves as in some particular sense workmen want to go for your share then I advise you to go in for jury reform."

KILL GAMBLING IS PURPOSE

Racetrack Law to Be Enforced in New York, Is Announced.

ALBANY, N. Y., May 2.—The State Law and Order Alliance is "going to see to it" that the racetrack gambling law is enforced on every track this year, according to superintendent West.

"The officers of this organization are going to do it in a sane, sensible way," Mr. West said tonight. "Their purpose is not to kill horseracing, but to kill gambling. They are not after the directors of racing associations or the law enforcement officers of the county; they are after the gamblers. They intend to co-operate with the directors of the racing associations and also the law enforcement officers where racing is held."

Gave Him A New Stomach

"There are thousands of sufferers from stomach and liver troubles whom I wish I could meet and tell what Chamberlain's Stomach and Liver Tablets would do for them," writes H. M. Young, editor of the Sun, Lake View, Ohio. "One bottle of these tablets would end the trouble for most of them. I suffered intensely after eating and never felt well, and no treatment or medicine I tried ever seemed to do me any good until reading an advertisement for Chamberlain's Tablets in my own paper. I tried a bottle. The first few doses gave me relief, and the second bottle seemed to give me a new stomach and perfect good health. I didn't think anything would give me such a complete cure. They are wonderful."
