# ROSE FESTIVAL IS TO ATTRACT CROWD

Rosarians Arranging Numer ous Events of Entertainment for Visitors.

#### MONEY URGENTLY NEEDED

Members of Organization Say Many Citizens of Portland Are Not Contributing to Support of Fete as Expected.

California is coming in organized force to attend the Rose Festival next

From every other part of the West and Northwest great numbers are com-

The people of Portland are confronted now with the pleasant duty of provid-ing entertainment for these friendly

invaders.

Last Winter when the Royal Rosa rians went on a special train from Portland through the southern state to San Diego the hospitable people of California opened wide their doors and bid their northern visitors a joyous wel-

Now the Rosarians want to recipro Now the Hosarians want to recipro-cate. They want to do more than that. They want to show not only that hos-pitality begets hospitality but that Portland is able to dispense a de-gree of cordial welcome and good fel-lowship that no other city on earth

A whole lot of entertainment for these enthusiastic Californians will be provided by the Rosarians themselves, individually and privately. Still more will be furnished by that organization

#### Festival Fund Is Low.

But something more than this is expected—something from the people of Portland, the rank and file and the citi-zens generally. For this the visitors will look outside the ranks of the Rosarians. And it is for the people out-side the Rosarian band to say to what extent this public entertainment is

forthcoming.

Thus far the festival fund remains low. Money is urgently needed. Fully \$20,000 must be raised if the right kind of entertainment is to be provided.

In Seattle they have raised more than \$60,000 for their Potlatch this year. That is all they set out to raise. They say they could have collected more had they saked for it.

they could have collected more had they asked for it.

This year's festival will offer a more diversified field from which to attract visitors than any that have gone before. In addition to the conventional festival programme there will be a variety of other proceedings, all of which will add to the gaiety of the occasion.

The following is only a partial list of the events that are scheduled for festival week, to say nothing of the regular parades, concerts and carnival

United Artisans' grand lodge meet-United Artisans' grand lodge meeting, June 9 to 11; conference of festival cities. June 9 to 14; Pacific Northwest Photo Engravers, June 9 to 12; State rally, Ladies of the Maccabees, June 9 to 14; National Convention of Nurserymen, within the festival week; State Dental Society, June 9 to 14; Interstate Federation of Motorcyclists, June 9 to 11; Amateur Athletle Union championship meet, June 14; Osteopathic Physiship meet, June 14: Osteopathic Physicians' Association, June 9 to 10; Ma-Grand Lodge of Ore to 14; Architects' League of the Pacific

Coast, June 9 to 11.

Now it is certain that these several events, any one of which is of considerable importance in itself, will serve to attract great numbers of people to

#### Rosarians Give Guarantee. The Hosarians have guaranteed to

give it to them. But they can't do it all alone—at least not the financial

So they have sent up another appeal to the public spirited property owners and business people who have not yet subscribed to help swell the festitval

Some of the biggest men in the city belong to this Rosarian band. They have given generously of their time and money in promoting this year's festival. They are preparing to do so again when festival time comes.

But there are other big men in the community who, it is pointed out, have

overlooked the importance of the fes-tival. Neither by affiliation with any of the patriotic organizations that are promoting it nor by subscription to the funds that are to make its success a possibility have they lent their sub-stance or their energy to the movement that annually does more, probably, to advertise Portland than any single other institution. The Rosarians have suggested that some of these men— mayhap some women—now join in the

It is evident that the Californians themselves intend to furnish a large share of the fun incident to the festi-val, as the following extracts from letters recently received from that source seem to indicate:

source seem to indicate:

"Believe me, we are going to have some swell uniforms," writes Frank G. Hogan, "liege lord" of the Knights of the Rose Tournament of Pasadena. "They will consist of black silk top hat, scarlet cutaway coat, white waist-

#### SHRINERS WILL LEAVE THURSDAY FOR DALLAS

At Session of Imperial Council, Regular Business of Order Will Be Transacted, With W. C. Cunningham, Imperial Potentate, Presiding.

W.C. Bristol

W.C. Cunningham

To attend the Imperial Council of the Mystic Shrine, to be held in Dallas, Tex., May 13-18, representatives from Al Kader Temple, Portland, and other temples throughout the Northwest will leave this city on a special car tomorrow morning.

D. G. Tomasini, illustrious potentate of Al Kader Temple, will head the Portland party: other representatives are Dr. C. C. Newcastle, W. C. Bristol and George Taylor, the latter of Albany.

At the session of the Imperial Council the regular business of the order will be transacted, with W. C. Cunningham, imperial potentate, presiding.

# ARRIVES IN CITY

Frank S. Myers Says Work on New Building Will Start in Six Months.

WILSON "MAN OF HOUR"

President Handling Congress as He Did Jersey Legislature, Declares Appointee, Who Finds Oregon Senators in Prominence.

"Work will be started on Portland's new postoffice building in about six months, according to present plans of the Treasury Department," said Postmaster Frank S. Myers, who arrived from Washington yesterday, and who will probably assume the duties of the office this morning, succeeding W. E. Williamson, who has been acting postmaster since the death of C. B. Merrick.

"Tentative plans, providing for en-

trances of equal importance on Broadway and Park street, have been ap-proved by the Postoffice Department, and while personally I preferred that Governor West Notifies Officials of the main facade should be on Broadway," he continued, "I am assured that the building will lose nothing, either in architectural beauty or interior utility.

quests had been received for the Park street as for the Broadway entrance.

"Neither the style of architecture nor the materials that will be used have yet been determined, but I found officials of the Postoffice Department enthusiastic over the rapid growth of the Portland Postoffice in recent years, and they declared that we were entitled and would get the most beautiful and commodious building possible with the appropriation. The present policy in building new buildings is to allow 100 square feet of floor space for each employe in the portion that will be used for postoffice purposes. This is figured on the probable number of employes ten years in the future."

Wilson, "Man of the Hour."

The rule in the construction of Federal buildings is to allow two years."

schedules, that they will offe serious protest, in all probability."

Oregon Senstors Prominent. "Both Oregon Senators are remark-ably well-placed on committee," said Postmaster Myers. "Either Senator Chamberlain or Senator Lane is on every committee which has to do with matters affecting Oregon. Senator Chamberiain is the chairman of the committee on public lands, and a memcommittee on public lands, and a mem-ber of the committee on agriculture and forestry, appropriations, commerce, mli-itary affairs. National banks and ter-ritories. He is also a member of the ritories. He is also a member of the Senate steering committee, whose members are in close touch with the Administration and which maps out the Senate programme. Senator Lane is chairman of the committee of forest reservation and the protection of game, and is a member of the committees on claims, coast defenses, Indian affairs, war Department expenditures, public publishers, fisheries, irrigation and the

War Department expenditures, public buildings, fisheries, irrigation and the Philippines.

"Senator Lane is already attracting a great deal of attention in Washington official life. He is one of the Senate's hardest workers, misses no meetings of the committees of which he is a member, and gives his personal is a member, and gives his personal attention to all mail concerning mat-

#### LUMBERMENS GETS LEASE

Bank to Occupy Entire Ground

The Lumbermens National Bank has taken leases on the entire ground floor of the Lumbermens building at the northwest corner of Fifth and Stark streets, and the space will be occupied by the banking offices of the National bank and those of the Lumbermens Trust & Savings Bank, which is now being organized. The whole quarter block of floor space will be used except the public corridor and elevators maintained for tenants of the upper floors.

The bank has relinquished its lease of

The bank has relinquished its lease of the Public Library property at Seventh and Stark streets, with consent of John W. Blodgett, the owner. E. G. Crawford, one of the vice-presidents, recently went East and met Mr. Blodgett in Chicago, where he presented the views of the officers and directors of the bank. It was finally decided to accept their recommendation that the option be released and that the bank remain where it is. This was entirely satisfactory to Mr. Blodgett.

"We do not believe we could better our present location, considering its proximity to the business center of Portland," said G. K. Wentworth, president of the bank, discussing the plans yesterday. The bank has relinquished its lease of

for each \$1,000,000 expended, Postmaster Myers was told, so that he believes that it will be at least two and a half years before the building is ready for occupancy.

"President Wilson is quite the man of the hour in Washington." said Postmaster Myers. "Congress seems disposed to give him every assistance in carrying out his policies. In fact, he is handling Congress in pretty much the same way that he handled the Legislature of New Jersey—getting just what he wants without friction or sore spots. He is thoroughly the master of the situation, and it is freely predicted that he will be one of the greatest presidents since the Civil War."

That the Administration's taniff bill will be enacted without serious opposition, and that Congress will probably adjourn immediately after its enactment, leaving the currency question and other problems to be tackled at a later session, is the opinion of the new Postmaster.

"While some of the Western Senators are not entirely satisfied with schedules affecting their states," he said, "they consider the Underwood Administration bill as a whole so much better than the existing Payne-Aldrich schedules, that they will offer no serious protest, in all probability."
