

# BIXBY IN CONTEMPT OF JUSTICE COURT

Long Beach Banker Cited Because He Fails to Appear to Answer Summons.

## OTHER BANKERS CALLED

Los Angeles and Fullerton Financiers Wanted in "White Slave" Cases, Whether as Principals Is Not Told.

LOS ANGELES, May 6.—Two bankers, one of Los Angeles and the other of Fullerton, an Orange County city, will appear tomorrow before the county grand jury to tell what they know of the existence of white slavery in Los Angeles.

That was the announcement made today by W. J. Ford, assistant district attorney, who declined to say whether the two bankers were wanted as witnesses or whether they had been named as principals by any of the girls taken into custody by the police in their raid of social hotels in this city.

George H. Bixby, the Long Beach banker indicted on two charges of having contributed to the delinquency of two minor girls, appeared today before Township Justice Reeve in response to a citation in contempt issued when he failed to answer a subpoena requiring his presence in the hearing of Mrs. Emma J. Goodman, alias Jessie Rosenberg, indicted on two charges of pandering.

Bixby told the court that he had been informed by attorneys connected with the Goodman hearing that his presence was not required until they gave him a particular date on which they wanted him to testify. He said he had not intended to evade or ignore the summons.

Justice Reeve told Bixby that he should have asked the court whether his presence was required and contended that he had not intended to evade or ignore the summons.

## NEW CITY HALL ADVOCATED

Oregon City Live Wires Propose Four-Story Modern Structure.

OREGON CITY, Or., May 6.—(Special.)—A four-story, reinforced concrete municipal building for this city was advocated today by John W. Leder, chairman of the City Hall committee of the Live Wires, of the Oregon City Commercial Club.

If the committee's plan is adopted the present building will be razed, as well as the brick jail in the rear, and an entirely new structure erected. The basement of the new building will contain the jail and police quarters, the street floor will be rented for stores, thus giving the city a substantial revenue to apply on the cost of the building. The second floor would be used for city offices, the third floor for council chamber and committee rooms, together with rooms for the various fire companies.

The fourth floor the Commercial Club will agree to rent for a term of years for its permanent home. Plans for a new bridge between Gladstone and Oregon City and the construction of a connecting road, were also discussed.

## CO-OPERATIVE STORE AIM

Mutualists Organize Association on West Side.

At a meeting, attended by about 60 persons, at 511 Yamhill street last night it was unanimously decided to organize a central mutualist association. Officers will be elected at the next meeting. It is planned to have a store, a restaurant and a meeting place on the West Side. Forty applications for membership were received.

It was decided to model the store and restaurant after the plan of the English co-operative stores. Each member must pay one \$5 bond in the association and may buy \$1000 bonds, which are to pay 5 per cent interest. The member, however, will have but one vote, no matter how many bonds he possesses.

Rev. Charles A. Husebaum and Samuel Pearson spoke in favor of adopting the English system.

Announcement was made that the mutual store in Albina had done about \$25,000 worth of business since it was started about a year ago.

## VILLAIN IN "MOVIES" SHOT

Excited Spectator Goes to Rescue of Canvas Hero in Distress.

LEAVENWORTH, Kan., May 6.—Patrons of a moving picture show here tonight were momentarily panic-stricken when a spectator, believing the villain was going to murder the hero of the picture, drew a pistol from his pocket and fired at the struggling figures on the canvas.

The shot rang out just as it appeared the hero would be thrown over a precipice.

The place was crowded and there was a wild rush for the doors, but order soon was restored by the orchestra, which played throughout the incident. No one was injured.

## UNITARIANS IN SESSION

Rev. William G. Eliot Speaks at Convention at Oakland.

OAKLAND, Cal., May 6.—The 25th annual convention of the Unitarian Church of the Pacific Coast was opened here today with 100 delegates in attendance.

Rev. C. F. Dutton, of Brooklyn, N. Y., spoke on the subject, "The Mission of Unitarianism in the 20th Century," and Rev. William G. Eliot, Jr., of Portland, Or., delivered an address on "The Foundations of Unitarianism." The convention will close Thursday evening.

## 'INFANT CLAUSE' DEFEATED

Southern Presbyterians Again Fail to Amend Catechism.

LOUISVILLE, Ky., March 6.—For the second time the proposed amendment

to the confession of faith in connection with the much-discussed "elect infant" clause has failed to receive the necessary three-fourths vote of the presbyteries of the Southern Presbyterian Church. Although defeated on a former occasion, the general assembly last year again submitted to the presbyteries the matter of changing the language of the confession of faith.

Returns received up to tonight by the Christian Observer, of Louisville, show that 22 presbyteries already have voted against the proposed change, thus insuring its defeat.

It has been charged that the language of the confession as it now stands "elect infants dying in infancy," etc., can be construed as declaring that some infants are elect and some are non-elect. Those who favor the change argue that the church believes all children dying in infancy are saved and that the confession of faith should be revised so as to convey this idea clearly.

## HARRIMAN RUNS THIRD

CONFERENCE TICKET WINS IN LOS ANGELES PRIMARY.

Early Prospect Is That Shenk Has Majority of All Votes Cast in Contest for Mayor.

LOS ANGELES, May 6.—Approximately 75,000 votes were cast in the municipal primary election today, which, according to early returns tonight, resulted in a victory for the "municipal conference" ticket.

Incomplete returns indicate that John Shenk, municipal conference candidate for Mayor, may have a majority of all votes cast. Should the primary not result in an election for Mayor, the ballot for the June 3 election will not contain the name of Job Harriman, Socialist candidate, if the early ratio is maintained.

As predicted there was a heavy falling off in the Socialist vote with Harriman, who led all candidates in the primary election of November, 1911, running third in today's race. H. H. Rose, Independent candidate, is leading Harriman by several thousand votes.

Albert Lee Stephens, municipal conference candidate for City Attorney, and his closest contestant, Morgan, Socialist, appear to have won places on the final ballot.

A number of Socialists may be nominated for the City Council and Board of Education.

## WIRELESS 'KICKS' IGNORED

Strike Leaders Say 16 More Operators Leave Posts.

SEATTLE, Wash., May 6.—The Marconi Company, which insists that its regular wireless service is being maintained on sea and shore, is ignoring all complaints made to the effect that no messages are obtainable from ships after they leave port. According to the strike leaders, 16 more wireless operators struck yesterday, among them operators on the steamship City of Seattle, Jefferson, Curacao, Pennsylvania, Yosemite, J. A. Hooper, Paraiso, George W. Elder, Beaver and Carlos.

The wireless companies are reported to have declined to furnish road to strikebreakers, and the engineers, it is alleged, do not supply electric current for the wireless instruments. Operators are being taken off tugs and freight boats to supply passenger vessels, the strikers say.

The steamship companies, with offices here, are unable to furnish patrons with news of the movements of boats.

## BOND ELECTION IS OPPOSED

Aberdeen's Incoming Mayor May Kill Bridge Provision.

ABERDEEN, Wash., May 6.—(Special.)—Efforts will be made at the first meeting of the new Council tomorrow night under the leadership of Mayor France, to avoid the ordinance passed some time ago, calling a special election to decide the bond issue of \$50,000 for the construction of a bridge across the Wishkah River at Wishkah street.

The new Council is said to be divided six to six, on the question. The Mayor is expected to cast the 13th vote, killing the ordinance.

Mayor France is expected to name appointees tomorrow night and it has been declared he may ask the Council to call for a commission government election.

tion, still all their food had given out, and, worst of all, their fuel," he said. "Then it must be remembered that they were experiencing terrible storms, and a man cannot see in any direction when these storms are blowing.

"When we had secured all the equipment and the records of Captain Scott, we laid the bodies side by side and said a burial service for them. Then we removed the poles from the tent and covered the bodies over with the canvas. On top of this we built a cairn of snow and ice about 15 feet high. We then took two skis, bound them together in the form of a cross, erected it on the top of the cairn—a last memorial to the dead—and left them where they fell."

## BATTLE IS IN CITY

Old Grudge Leads to Fight Between Mexican Federals.

AMERICANS TOLD TO LEAVE

Yankees Remaining in Matuhuala Requested to Aid in Defense of Town; Government Reverse Is Reported at Cuernavaca.

MEXICO CITY, May 6.—A long-standing grudge between Julian Roldan and Sylvester Mariscal, Commandants of irregulars at Acapulco, resulted in a battle in the streets of this city today. Some of the fighting occurred in front of the American Consulate.

The engagement had no direct connection with the revolution. Each army draft beginning June 1 is authorized by a decree issued by President Huerta today. This order will apply whenever voluntary enlistments are inadequate to fill vacancies in the ranks. It applies to all Mexican males between the ages of 18 and 45, regardless of social standing except in the case of heads of families or those who show their families are dependent upon them. Those drafted shall serve three years with the colors and three years in the reserves.

CORPUS CHRISTI, Tex., May 6.—Dionisio Arraga, secretary to provisional President Huerta of Mexico, en route to Washington on a special

diplomatic mission, was in Corpus Christi tonight. Senator Arraga would not discuss the purpose of his trip to Washington, but says he expected the United States to recognize the Huerta administration soon. Recent advices he said, gave grounds for this belief.

THREE BRANCHES MAY JOIN  
Proposal Pending at Presbyterian Assemblies at Atlanta.

CHICAGO, May 6.—When the assemblies of the three branches of the Presbyterian Church meet at Atlanta next week a proposal will be made in an expression of the broad general beliefs which are common to all of them. The form of the proposal was drafted by Rev. W. S. Plummer Bryan, of this city, who made it public today and who said that he had received many assurances of support from influential members of each of the three assemblies.

A formal expression of the beliefs which are common to the branches of the church, it is Mr. Bryan's opinion, will provide evidence to the public that the points on which the churches are at one are more numerous and more vital than those on which they differ.
