

JURY CONVICTS 4 BOYHAM OFFICERS

New York Police Officials Guilty of Obstructing Justice, Is Verdict.

MEN RETURNED TO CELLS

Result Regarded by Whitman as Most Important Yet Obtained in Effort to Expose Work of Police "System."

NEW YORK, May 6.—James F. Thompson, James E. Husey, John J. Murtha and Dennis Sweeney, the four demoted police inspectors, charged with conspiracy to obstruct justice, were convicted by a jury in the Supreme Court shortly after 8 o'clock tonight.

The accused officials stood outwardly unmoved as they heard the verdict. The crowd in the courtroom, however, caused a disturbance, shuffling chairs and feet until attendants checked the disorder. The prisoners were returned to their cells. Their counsel announced that a certificate of reasonable doubt would be sought, which would give the prisoners a chance to go free on bail pending efforts to obtain a new trial.

The conviction of Thompson, Husey, Murtha and Sweeney is regarded by Mr. Whitman as the most important yet in connection with his exposure of the police "system" that was shown to law enforcers with the city's underworld when Becker, the police lieutenant, hired the four gunmen to murder Herman Rosenthal, the gambler, last summer.

The men were on trial seven court days. District Attorney Whitman and his assistants produced evidence to show that the four plotted to buy the silence of George A. Sipp, a resort keeper, through bribing him to flee the state last December. The jury found the defendants guilty of conspiracy to obstruct justice, and the prosecutor's testimony before the grand jury the hotelman took flight.

On being returned to the court jurisdiction he declared he had been bribed with \$200 to leave. The prosecutor's inquiry into the story resulted in the joint indictment of the defendants, then inspectors.

The state introduced evidence tending to show that graft payments by Sipp reached the defendants, who in turn commanded the Harlem district, where Sipp's hotel was situated. The tribute was collected for Thomas Walsh, who was captain of a Harlem precinct, and Walsh divided with the inspectors according to his confession. The amount of graft exacted was in dispute during trial, but Mr. Whitman in summing up this afternoon said it was \$42,000 a year in Walsh's precinct; and Walsh and Sipp were the state's chief witnesses.

The prosecution also contended that besides the Sipp fund, a bribe of \$15,000 was planned by the defendants to bribe a police captain, Fox, a policeman and to provide for his family if he went to jail without "squealing." Fox awaits sentence for his part in Walsh's graft collection, his confession terminating the necessity of a fund by the "system" to insure his silence.

Other indictments pending against Thompson, Husey, Murtha and Sweeney. Against the first three named are two each for bribery. Against Sweeney are 15 for accepting acceptance of graft paid for police protection.

Or., May 6.—(Special).—Great interest is already apparent about the campaign in the annual student body elections of the University of Oregon, the nominations for which will be made at the regular meeting for that purpose tomorrow morning. This meeting was announced for one week ago, but it was postponed on account of a clause in the constitution providing that the nomination shall be held the first Wednesday in May.

One week will be devoted to campaigning, the elections being scheduled for Wednesday, May 14. This will make the next few days unusually exciting, since Junior Week-end, the annual college festival, falls at the same time.

Vernon Motschenbacher, of Klamath Falls, is the only avowed candidate for the student body presidency, though Donald Rice, of Portland, is mentioned as his opponent. For the editor of the Oregon Emerald, Henry Fowler, of Portland, appears to have a clear field. Harold Young, of Eugene, considered a rival, has made no declaration of his candidacy.

Two aspirants to be vice-president of the student body—Delbert Stansard, of Portland, and Elliott Roberts, of The Dalles. Sam Michael, of Baker, is the only man who is openly seeking to be manager of the Emerald.

Candidates for the executive committee are Willard Shaver, of Portland; Wallace Caulfield, of Oregon City; Everett Stuller, of Baker; and Daniel King, of Myrtle Point. For the athletic council, Carl Penton, of Dallas; Elmer Hall, of Baker; Robert Bradshaw, of The Dalles; Chester Huggins, of Hood River, and Joseph Jones, of Portland, are candidates. Three are required for each committee. For the secretaryship of the student body, candidates are: Portland; Ruth Beach, of Portland; Ellice Shearer, of Portland, and Norma Doble, of Eugene, are candidates.

DR. SCRIPTURE, OF NEW YORK, ATTRACTS ATTENTION.

Congress of American Physicians and Surgeons Presided Over by Colonel W. C. Gorgas.

WASHINGTON, May 6.—The ninth triennial Congress of American Physicians and Surgeons began its sessions today at meetings being presided over by Colonel William C. Gorgas, the United States Army surgeon who made the Canal Zone habitable. At the same time the 14 component bodies of the congress began sessions, at which many technical papers on subjects of great interest to the profession were read.

At the meeting of the American Neurological Association, Dr. E. W. Scripture, of New York, attracted much attention by a paper on "The Dreams of a Sleep Talker," in which he discussed the nature of dreams generally. He said that ambidextrous persons never dream, while right-handed persons dream with the right hemisphere of the brain because they use the left brain lobe for conscious thinking. Comparatively speaking, he said, modern scientists know as little about dreams as man did when the first sleeper had his first dream.

The members of the congress listened tonight to a paper on the sanitation of the Panama Canal and its relation to sanitation of the tropics generally, read by Dr. Gorgas. The meeting was followed by a reception.

SOCIAL WORK IS MAN'S DEAN SUMNER DEMANDS THAT SEX STAMP OUT EVIL.

Every Field of Women's Pursuit Declared to Be Overcrowded Except Domestic Service.

ATLANTIC CITY, N. J., May 6.—"It is the men of the country who must combat the social evil," said Walter Sumner, dean of Chicago St. Ignace and Paul Cathedral, in an address today to the clergy and laymen of the New Jersey diocese of the Protestant Episcopal Church, in attendance on the convention in progress here.

"Time was when that was woman's problem, but no longer. It is the duty of the church to remove the demand for such a gruesome business as this, that smirches so many American cities. It is the duty of the men of the church." Dean Sumner talked of social settlement work as serious and not mere idle pursuit. He said that statistics taken in Chicago showed that 50 per cent of the young men are not healthy enough to marry.

In the field of woman's work every pursuit, the dean said, now is overcrowded except the field of domestic service. Wages he considered ridiculously low for women to live an honest life on, and he urged every minister to do his part to make a minimum wage for women of at least \$7.50 a week. This the dean was hopeful could be achieved by the co-operation of labor and capital.

in 1914. The measure now goes to the Governor. Although he personally is opposed to equal suffrage, the Governor is expected to sign the bill. A referendum on the same question last Fall resulted in an overwhelming adverse vote.

BRYAN EVADES QUESTIONER Situation Declared Not Serious in Newspaper Sense.

KANSAS CITY, May 6.—William B. Bryan, Secretary of State, spent 20 minutes in Kansas City tonight, talked about the weather and the California climate, but on the Japanese question he remained silent. In fact, he cautioned a group of newspaper friends who gathered to greet him that the Japanese question was taboo. "Do you think the Japanese question will be put before the people of California at a referendum election?" he was asked.

"State department business, you know," smiled the Secretary and he launched into other subjects. "But really," he said, as the train pulled out, "the situation is not serious in the way you newspaper folk always look on the word. I think—and the train was gone before the sentence was finished."

The Secretary had said he did not think President Wilson would call a special Cabinet meeting to discuss Mr. Bryan's report. He cautioned the reporters to speak of his California experience as a "conference" without using a stronger word.

BOY IS BURNED BY AUTO Machine Backfires, Badly Injuring Marion Mulkey.

Badly burned about the body from the results of a gasoline explosion at East Eighteenth and Salmon streets about 10:30 o'clock last night, Marion Mulkey, 20 years old, a Seattle high school student, of 125 Prospect Drive, is lying in Portland Sanitarium, where he was taken immediately after the accident. The explosion followed a back-fire in the engine of an automobile near which he was standing with a party of young men.

Herbert Howell, of 48 East Fifty-third street, driver of the machine, had poured gasoline into a cylinder as a primer, when the spark set it afire, and also ignited a gallon can, which was within reach. The resulting blaze caught Mulkey and set fire to his clothes.

Howell seized a coat and threw it over Mulkey, smothering the flame. The young man was hurried to the hospital and his wounds dressed.

POLICE STAND BY AS SHERIFF IS HIT

Denver Official Attacked in Crowd While Trying to Arrest Woman.

PATROL 47 MINUTES LATE

Sheriff Openly Accuses Police of Being in Pay of Tenderloin. Plain Clothes Men Offer No Aid to Attacked Officer.

DENVER, May 6.—Sheriff Daniel L. Sullivan was fiercely attacked here tonight when he attempted to arrest Rose Hart, alleged leader of a white slave gang operating between New York and San Francisco. The assault took place on one of the most prominent corners in the city and the police department delayed 47 minutes in answering the Sheriff's call for the patrol.

A crowd of 200 persons was involved in a general fight which ensued when the attempt to rescue the woman from the officer was made. Alexander Ross, accused by Sheriff Sullivan of being the leader of Denver's blackhand gang, was arrested.

Crowd Quickly Gathers. On orders from the grand jury which is investigating alleged police department graft and vice in Denver County, Sheriff Sullivan arrested the Hart woman. A huge crowd gathered, though it was an hour before midnight. Sheriff Sullivan fought off the rescuers and the call for the police was given.

Meanwhile the crowd became riotous. The woman, loudly insisting that a regular city police officer be called, is said to have told the Sheriff that she had "paid them sufficiently, but did not have enough money to pay him."

Two plain clothes policemen are known to have been in the crowd, but neither offered aid. After the Sheriff had waged his fight against those who would release the woman for 45 minutes, a man struck him over the left eye with a pair of knuckles. Sheriff Sullivan, releasing his hold of the Hart woman, turned upon his latest assailant. Instantly a man's arm encircled his neck and the knuckles disappeared.

Two minutes later the policeman who regularly walks the beat appeared. The Sheriff accused him of purposely having absented himself. At the same time the police patrol arrived.

Sheriff Sullivan then asked the policeman to go with him to a nearby hotel, where Ross was under arrest. As Ross was placed in the wagon the Sheriff, with a hand cut and profusely bleeding, said: "Gentlemen, there goes the leader of the white slave gang and black-handers in this city. I've got him and I've forced the police to make the arrest, but he goes to the County Jail, where kind policemen can't release him, not to the City Jail."

Police Openly Accused. Two weeks ago Sheriff Sullivan made the charge before the grand jury that the police of the city were accepting tribute from women of the underworld. Since that time one police officer has been indicted by the grand jury on the charge. A woman named Morrill a week ago was hailed before the grand jury. She confessed, according to the Sheriff, to being a member of a gang of which the Hart woman is the head.

Sheriff Sullivan had watched Ross's saloon steadily until tonight, when the Hart woman appeared there. After the arrest the Hart woman declared, in the midst of a crowd, that she or her fellows would kill the Sheriff within a week. A stimulus threat was hurled at him from the crowd.

So dense was the crowd on the street that streetcar traffic was blocked.

JOB HARRIMAN LOSER

SOCIALIST VOTE IN LOS ANGELES LARGE, HOWEVER. Municipal Conference Candidate for Mayor to Battle at Polls With Rose, Independent.

LOS ANGELES, May 6.—Late returns from today's city primary election, which were far from complete, indicated that John Shenk, municipal conference candidate, and H. H. Rose, independent candidate, would battle for the Mayoralty at the election June 3.

Job Harriman, Socialist candidate, who made such a strong showing months ago, was apparently defeated, although the latest returns showed him less than 1000 votes behind Rose, who in turn was more than 12,000 votes behind Shenk.

The Socialist party, however, probably will have a good representation on both the Councilmanic and Board of Education tickets on the election ballot. Four or more Socialist candidates are assured of nominations, including Mrs. Milla Tupper Maynard, who is well known throughout the country as a Socialist lecturer. On the late returns Mrs. Maynard was among the nine highest candidates.

Approximately 15,000 votes were cast in the election today. Albert Lee Stephens, municipal conference candidate for City Attorney, and his closest contestant, Morgan, Socialist, appear to have won places on the final ballot.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP—25-CENT "DANDERINE"

Save Your Hair! Danderine Destroys Dandruff and Stops Falling Hair at Once—Grows Hair, We Prove It.

If you care for heavy hair, that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair. Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots perish, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug-store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made. We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff, no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.
