

NEW TREATY MAY SAVE JAPAN'S FACE

Suggestion Made That Nations
Disclaim Desire of Citizens
to Own Lands.

CHINDA TO SEEK BRYAN

Returning Secretary, However, Will
Want to Confer With President
and Probably Will Seek to
Delay Conference.

WASHINGTON, May 7.—First among Secretary Bryan's callers when he reaches Washington tomorrow morning probably will be Viscount Chinda, the Japanese Ambassador. It has been assumed that the Ambassador has been awaiting an opportunity to deliver personally to the Secretary of State a protest from his Government against the California Alien Land Law, but it is believed now that the first effort of the Ambassador will be to get from the Secretary some idea of what the Administration proposed to do after Governor Johnson signs the land bill, as it is generally expected he will do.

Before answering this question, however, Mr. Bryan must report and confer with President Wilson regarding his California mission, so he probably will suggest that his conference with Viscount Chinda be postponed for a short time.

New Treaty Suggested.

It is well understood that the effect of this will be simply to delay the presentation of the Japanese protest, unless Secretary Bryan is able to suggest some means of dealing with the present phase of the question that will make the protest unnecessary. It has been suggested that this might take the form of a proposal to negotiate a new treaty to replace the one of 1911, which has been unsatisfactory to both parties. A new treaty expressly disclaiming the right of citizens of either country to acquire real property in the other might meet the needs of the case and save Japanese pride by removing ground for the charge of discrimination.

International Law Involved.

Some of the legal minds of the Administration have come to the conclusion that the California law is in violation of the principles of international law. It is contended in the courts, the case must rest not on the existing treaty, which they say the law does not technically violate, but on the broad principles of international law.

Japan May Obviate Difficulty.

LONDON, May 8.—The Morning Post, in an editorial commenting on the difficulties facing the American Government, especially should Japan insist on referring the anti-alien land dispute to the Hague, says that as Japan herself has seen the need for guarding against economic dangers from without it is more than possible that she will recognize America's difficulty and not press the Federal Government too hard.

NURSES OF NEEDY ELECT

Visiting Association to Seek Larger Membership.

New officers for the ensuing year were elected by the visiting Nurse Association, which yesterday held its monthly and annual meetings. Mrs. Robert G. DeWitt was elected president; Mrs. T. H. Hodge, first vice-president; Mrs. S. B. Montague, second vice-president; Mrs. Sigmund Frank, treasurer; Mrs. James Honeyman, secretary; Mrs. R. J. Marsh, assistant secretary. The association is one which expends its energies in relieving the poor and the sick and at the meeting yesterday, it was urged by all those in attendance that a larger membership should be had. The dues are \$3 a year and the work is largely supported in this manner. Membership dues may be sent to Mrs. James Honeyman, 200 St. Clair street.

LAD, BURNED, IMPROVING

Police Inquiry on Accident Shows
Delay in Reporting.

Marion Mulkey, 20 years old, a high school student who was seriously hurt when a gasoline can caught fire and ignited his clothing late Tuesday night, was removed yesterday, slightly improved, to the home of William J. Lewis, at 725 Prospect Drive, Portland Heights. The lad is catcher for the Lincoln High School baseball team. His burns are chiefly about the front of the body and would have been more serious but for the quick work of Herbert Howell, another high school youth who threw his coat about the young man and smothered the flames.

Police investigation of the accident was hampered by the Portland Sanitarium, where the boy was taken. An employee of the institution in telephoning to the police the details of the accident, supplied the youth with a fictitious name, which was not recalled.

BANKERS LOSE LOAN CASE

Suit Involving Usury Decided by
Washington Supreme Court.

VANCOUVER, Wash., May 7.—(Special.)—The decision of Judge H. E. McKenney, in the case of Marion G. Lay, against E. F. Bouton, president of the Vancouver Trust & Savings Bank, and T. E. Adams, president of the Vancouver National Bank, has been reversed by the Supreme Court of the state.

defendants, as private individuals and not in any way connected with the banks named, had loaned Mr. Lay \$4000, and Mr. Lay alleged that they had exacted from him a bonus of \$2000 and \$2500 in real estate. The defendants contended that the excess amount was their share in the profits from the sale of certain real estate.

Judge McKenney held for the defendants in the Superior Court of Clark County. After the case was first tried in the Superior Court Mr. Lay died, and his widow appealed to the Supreme Court.

"T. M. Hurlburt—Sir: Believing that the success of the new charter providing a commission form of government is dependent upon the personnel of the commission, we, the undersigned, request that you become a candidate therefor and pledge your support.

Your record as City Engineer justifies our conclusion that your experience, integrity and ability fully qualify you for membership upon the said commission.

"R. Lea Barnes, R. W. Schmeier, W. A. Holt, Inman-Poulsen Lumber Company, Standard Box & Lumber Company, John Montague, Harry L. Corbett, Sig. Schel, J. L. Hartman, E. L. Thompson, George W. "Having participated in the preparation of the new charter and supported its adoption, I feel that its success is largely dependent upon securing the service of men qualified to administer the important trust therein vested, in which movement personal ambition should play no part.

"I desire to acknowledge the honor at your hands, express my appreciation thereof and pledge you my best efforts in the future as in the past to secure honest and efficient municipal government. T. M. HURLBURT."

LIFE TERM BEGINS AT 22

Judge Laments He Cannot Give
Death Sentence to Assaulter.

SAN BERNARDINO, Cal., May 7.—Alberto Vasquez, 22 years old, was sentenced to life imprisonment at Folsom today for an assault on Mrs. Maryne Stenbrook at Grafton. The jury was out only three minutes.

In passing sentence, Judge B. F. Blewett deplored his inability to sentence Vasquez to pay the death penalty and incidentally the jurist decried those who would do away with capital punishment.

"This case," said the court, "is almost of a character to demonstrate the unsoundness of the views of those ill-advised reformers who are endeavoring to do away with capital punishment."

DIVORCE EVIDENCE SEALED

New York Judge Forbids Newspaper
Publishing Testimony.

WATERTOWN, N. Y., May 7.—Justice E. C. Emerson, of the State Supreme Court, today forbade newspaper reporters publishing the evidence in divorce cases. The justice said it was the policy of the court to have as little publicity as possible in divorce cases, and inasmuch as the evidence is always sealed, he did not believe that it should get into the newspapers.

Defense Declares Criticism Is Rapidly

and Will Be Eliminated as
Time Rolls On.

WASHINGTON, May 7.—Charges of maladministration, reckless extravagance and undue expansion, induced by a spirit of monopolization and aggrandizement, were made today before the Interstate Commerce Commission by Louis D. Brandeis, of Boston, against the officials of the New York, New Haven & Hartford, and the Boston & Maine railroads. The charges were made in the course of oral arguments submitted to the Commission upon the testimony adduced at the Commission's investigation of the operation of the New England railroads recently taken in Boston.

Mr. Brandeis said both had suppressed competition at "undue cost." "For five out of the last six years the New Haven has been paying in

dividends more than it has earned," said he. "It has pursued a policy of consolidating from the stockholders and from the public the character of its methods and policies."

"Affairs Managed Recklessly." "The Boston & Maine has outstanding \$24,500,000 of short-term notes which, in natural course, it will have to meet during the coming year, and yet it is about to pass its provisions, and it is doubtful whether it can meet its fixed charges.
