are playing at top speed. Chicago is playing fairly consistent ball. St. Louis is better placed in the race than was expected. The Boston wordl's cham-pions are playing far below form.

In Detroit, Jennings has a difficult problem to solve. Box weakness is the Tigers' main complaint, although the infield situation is worrying Hughle. Frank Chance also is worrying over the New York infield, and these facts seem responsible for the persistent rumors that Hal Chase might be traded to De-troit. Jennings obviously could use Chase to splendid advantage.
