

TEST ON TARIFF IN SENATE DUE TODAY

Both Sides Have Full Strength at Hand—Republicans Oppose Filibuster.

RUMORS STIR DEMOCRATS

Some Members of Party Said to Be Wavering on Free Wool and Free Sugar Clause, but Leaders Say All Will Stay in Line.

WASHINGTON, May 12.—Senator Penrose's plan to conduct an extensive filibuster in support of his proposal to hold open tariff hearings before the Senate finance committee will not receive the unanimous backing of his fellow Republicans when it comes up tomorrow, according to the views of leaders today.

Many prominent Republican Senators do not believe it wise to fire their tariff guns in the preliminary fight over the question of hearings. They argue that Republican oratory should be conserved until the bill is before the Senate and then their efforts should be directed toward showing the country what the party thinks of it.

Republicans Not Uilt. Several Republicans indicated today that they would vote against the Penrose amendment, to make the committee hold hearings. Persistent reports about the Senate say, however, that several Democrats will be found voting with the majority of Republicans for the Penrose amendment and the vote in consequence is likely to be close.

When Mr. Penrose made his motion Friday, the Republicans had enough votes to carry it, but before the Senate meets tomorrow, Democrats who were absent then are expected to be present and the first skirmish of the long fight probably will find both sides of the Senate fully represented.

Report of Pact Doubtful. Democrats on the finance committee were skeptical of a report that an agreement had been signed by seven Western Democrats who are opposed to free wool to vote against that provision of the bill in the proposed conference.

Democrats who keep in close touch with every phase of the situation did not believe that any such agreement had been made or is likely to be made. They declared flatly that they expected the Democrats of the committee to present the bill to the Senate with both the wool and sugar schedules as they were left in the House bill.

Metal Schedule to Be Changed. Some changes in important schedules will be made by the committee. The metal schedule notably will be altered and the sub-committee to which it was assigned several weeks ago met tonight with Chairman Simmons.

Senator Williams, a member of the finance committee, declared today that manufacturers who reduce wages or threaten to reduce them because of tariff reductions are taking up the case with the Department of Justice under the Sherman anti-trust act. The Senator said the Sherman law had been used against laboring men who combined to increase wages and it was just that it should be directed against men who conspire to reduce wages.

DR. FOSTER DENIES RUMOR

Speakers Have Not Cancelled Dates for Christian Conference.

Dr. Foster, of Reed College, yesterday denied the truth of rumors that some of the important speakers at the Second World's Christian Citizenship Conference might not be present. Dr. Foster, when he encountered such a rumor about the conference, took up the matter with some of the leading speakers scheduled on the programme by personal letter and their replies directly denied the rumors. He said that they will be here and take part in the conference as provided in the programme.

The selection of the Multnomah stadium for the place of holding the meeting was confirmed at the meeting yesterday and reports of all of the principal sub-committees were received. E. B. Riley, chairman of the music committee, announced that choirs of all of the churches of the city have agreed to cooperate in the music for the conference and that a great chorus will be drilled for the occasion by Professor Boyer.

F. W. Raymond, recently appointed chairman of the finance committee, announced that arrangements are to be made for special services in behalf of the conference in all of the churches of the city, at which collections will be taken for the conference. He also asked that all sub-committees prepare budgets of the expenses that will arise in carrying out their share of the work.

SLEEPER WALKS OFF TRAIN

Somnambulist Only Slightly Hurt and Fall Does Not Awaken.

ST. LOUIS, May 12.—William A. Smith, traveling from Canadian, Tex., to Mason City, Ia., walked off a passenger train in his sleep today and was injured only slightly. The train was running 25 miles an hour. The fall did not awaken Smith and the first thing he remembers is walking the railroad track. He went to a farmhouse and was brought thence to Kirksville. Here his wounds were dressed and in six hours he resumed his journey. The wounds principally were slight scalp injuries.

manuscripts with diverse textual pedigrees. The Times discusses this point and illustrates various resemblances and divergencies from the known text. For instance there is a divergence in the 11th verse of the second chapter of the Gospel of St. Luke. In the King James edition this reads: "Blessed be God in the highest and on earth peace and good will toward men." The manuscript of the present version reads: "Peace on earth among men in whom he is well pleased."

Erection of Monument on 100th Anniversary of Signing of Treaty of Ghent Proposed—All Nations to Be Asked to Join.

PEACE PLANS AIRED

(Continued from First Page.) the erection of suitable monuments in America and England and their respective dependencies identical in design and bearing an identical inscription. It is proposed that the foundation stones be laid by the King of England and the President of the United States and by their representatives in the colonial possessions. While this is in progress it is proposed that all work in both countries cease for five minutes. All nations are to be invited to send representatives to take part in the ceremonies.

As a method for promoting peaceful sentiments in all classes, it is proposed there be established in universities in both countries chairs of British-American history with provision for the interchange of professors. There also are to be established traveling and other scholarships for the study of history. Some of these are to be for journalists to permit them to study in all English-speaking countries.

The speakers at the banquet tonight were Senator Elihu Root, Secretary Bryan, Ambassador Spring-Rice, Lord Weardale, Sir Charles Reid, of Australia; Charles A. Magrath, member of the Canadian Parliament; Eugene Overbridge, of New Foundland; C. De Bruyn, of the municipality of Ghent, and Andrew Carnegie.

BRYAN ROUNDLY CRITICISED

London Paper Comments in Cynical Vein on Secretary's Peace Policy.

LONDON, May 12.—The Daily Mail comments in a cynical vein on Secretary Bryan's peace policy and describes Bryan as a "highly inexperienced diplomatist."

Referring to the Panama dispute, the difficulties with European nations arising out of the new tariff and the California trouble, concerning which it says that Japan's proposal to refer the matter to The Hague ought to be "accepted with effusion by such an expert for international arbitration as Mr. Bryan," the Mail concludes: "With so many hard nuts to crack it seems unnecessary for this eminent idealist to dissipate his energies in preparing for the millennium."

The other London papers warmly welcome and applaud the aspirations of President Wilson and Secretary Bryan, although in some cases with reservation. In regard to the Panama dispute the Chronicle says: "Mr. Bryan always has been a great apostle of peace and now has a magnificent opportunity to do practical work and his striking declaration of eagerness to sign arbitration treaties should have a world-wide welcome."

The Daily News, in an editorial predicting that the United States Senate will adopt the tariff bill, says that President Wilson's strength lies in the force of popular opinion behind him.

JAPAN TREATY FOUND IRKSOME

Arizona Senate Introduces Memorial Asking That Pact Be Annulled.

PHOENIX, Ariz., May 12.—A memorial

to Congress was introduced in the Senate today asking that steps be taken to abrogate the present treaty between the United States and Japan and a new one made which will permit states to enact their own alien land laws.

The Senate approved the anti-Alien land law passed by the House and it will now go to the Governor. The proposed law prevents an alien who has not declared citizenship intentions from owning real estate or leasing it for more than five years.

Owing to the brief period remaining before adjournment, the Legislature refused the request of the Phoenix Japanese Association for a public hearing on the bill.

CARNEGIE PEACE UNION GUEST

Pan-American Body 'Decides to Meet at Santiago, Chile, in 1914.

WASHINGTON, May 12.—For the first time in its history the governing board of the Pan-American Union invited an American to attend one of its meetings. The person so honored was Andrew Carnegie, who gave most of the money for the construction of the beautiful marble building here which houses the union. Mr. Carnegie, who is in Washington with the Ghent peace delegates, made a brief address, declaring that it was one of the most impressive sights he had ever witnessed, the gathering of plenipotentiaries of 21 nations at one table, considering ways and means of promoting peace, friendship and commerce among them all.

An illustration of the growing friendship among the American republics which form the union, when a telegram was read from Senator Pezet, Minister from Peru and Chile have come to war to settle differences and their boundary questions are not yet settled. Santiago was unanimously selected for the next conference to be held in 1914.

Traction Officials Make Proposal, but Leaders Decide to Continue Present Traffic Tie-Up

CINCINNATI, O., May 12.—The suspension of the car strike which has paralyzed transportation in this city since Saturday was postponed tonight when officers of the union of the street-car men refused to entertain a proposition by the traction officials to arbitrate their difficulties.

TRAINWRECK IS ATTEMPTED

Erie Road, Carrying "Scabs" of Paterson, N. J., Is Target.

PATERSON, N. J., May 12.—Another attempt to wreck a train on the Erie Railroad was made tonight, similar to that frustrated Saturday when the Chicago express ran into pile-up rocks, but did not leave the rails. Scrap iron and rocks were placed on the tracks eight miles north of the city. The engineer of a local train saw the obstruction in time to stop. He was proceeding slowly, in obedience to orders issued as a result of the incident Saturday.

A letter of the black hand type was received by the Erie board of directors a week ago, threatening accidents on the road if trains continued to stop for the accommodation of scabs of Paterson.

Store Is Traded for Farm.

FOREST GROVE, Or., May 12.—(Special.)—V. S. Abraham today traded his stock of general merchandise, residence property, business lots, etc., valued at approximately \$30,000, together with other valuable considerations, to E. F. Purdy for his 665-acre farm near Gaston, the consideration being \$65,500. Mr. Abraham has been engaged in the mercantile business in this city for six years. He is president of the Gaston State Bank.

COLONEL ASSAILS TWO OLD PARTIES

T. R. Indorses Sulzer's Direct Primary Bill at Progressive Dollar Dinner.

REMARKS OPPOSE FUSION

Colonel Says Bosses Like "Mock Fights" Between Republicans and Democrats, Both of Whom, He Says, Broke Pledges.

NEW YORK, May 12.—A dollar dinner given tonight by the New York county committee of the National Progressive party and designated as a conference, resolved itself into a discussion by the speakers of political issues. A letter from Colonel Theodore Roosevelt, who could not attend, was read, in which he endorsed the direct primary bill advocated by Governor Sulzer.

The speakers, Representatives Walter M. Chandler, Leonard M. Vestal, William L. Ransome, J. J. Fitzgerald, Mrs. Frederick Nathan, Amos Pinchot and J. J. O'Connell, discussed the coming municipal campaign, the general trend of their remarks opposing fusion with any other party.

Roosevelt Sends Letter.

In a letter to Dean George W. Kircho-way, chairman of the dinner committee, Colonel Roosevelt expressed his regret as being unable to attend and called attention to the fight being made by Governor Sulzer for a direct primary bill which he said he favored next. The progressive bill introduced at the session of the Legislature just closed, Colonel Roosevelt's letter follows: "I wish I could be with the Progressives of New York County at this dinner. As that is impossible, let me send my hearty greetings and call attention to the battle which is at this moment being waged in this state for a thorough-going and effective direct primary bill. While I think the progressive bill was the best bill introduced, nevertheless most cordially back the bill urged by Governor Sulzer, for that bill means a substantial measure of positive gain, and the energetic opposition of both the Murphy and Barnes machines to it is of itself sufficient proof that it is emphatically in the interest of the people as a whole. The battle between the machines and the Legislature shows how absolutely correct was our characterization of them last Fall.

Two Parties, Says T. R.

"Really at the present there are not three party organizations. There are but two, the party of progress, and against it the party of privilege, the party of reaction. This party of action is organized in two divisions, called Republicans and Democrat, the better to make effective the common opposition of both machines to the policy of genuine self-government. Making pledges the representatives as much as a mock fight between the two old parties, and that is all that the fighting is between them. Whether Mr. Barnes is on top or Mr. Murphy is on top, makes no difference; in either case privilege is entrenched, and in both cases the people are deprived of real power. The bosses and the machines of the two old parties are engaged in the effort to keep the state government out of the hands of the people and under the tight and certain control of the old party bosses.

Party Pledges Recited.

"I have been glad to support Governor Sulzer in this fight, and I earnestly hope that the Progressives will take the lead in the battle for a thorough-going direct primary measure. It should be borne in mind by all voters that the men who have been elected to the Legislature to defeat the solemn pledge in its pre-election platform. There can be no more of the type of political treachery and falsehood. I cannot believe that the people will submit to such action, and only by supporting the Progressives, can they avoid submitting to such action."

Midland Railway Announces Receipt of Anonymous Warning of Plot to Wreck Express—Bomb is Found Under Pavillon.

LONDON, May 12.—One of the bands of militant suffragettes, assigned to interfere with the pastimes of the men of the British Isles, celebrated Whit-Monday, which is a general holiday here, by burning down the headquarters of the Nottingham Boat Club on the banks of the River Trenton. The structure contained many valuable racing and other skiffs. The loss was \$10,000.

The fire at the boat club undoubtedly was the work of suffragettes, the police believe. Three oil cans and a woman's bonnet were found nearby. Officials of the Midland Railway received an anonymous letter today saying: "It is my duty to inform you that a desperate act will be attempted in a few days to wreck a main line express. A bomb operated by clockwork was discovered today under the veranda of the pavilion of the Limpfield Tennis Club in Surrey. Suffragette literature

DAIRYMEN RECEIVE ADVICE

College Experts Address Large Meeting in Tillamook.

TILLAMOOK, Or., May 12.—(Special.)—There was a large gathering of dairymen at the courthouse this afternoon to discuss the question of experiment stations and demonstration farms for Tillamook County. Charles Kunze, president of the Tillamook Development Association, presided.

The principal speakers were Professor R. D. Hetzel, of the Oregon Agricultural College, and M. S. Shrook, Deputy Dairy and Food Commissioner, who showed that by scientific methods and co-operation with the Agricultural College, the dairymen could obtain better results. Mr. Hetzel said the dairymen in Tillamook had used to a large extent scientific methods especially in their splendid system of manufacturing and marketing cheese, but felt concerned that by co-operation the land could be made to produce more feed.

The dairymen took a lively interest in the meeting, some of them coming 25 miles to attend. Charles Kunze, George Williams, George McKimms, Cyrus Randall and W. E. Noyes were appointed to work out the details.

Fry Fish in Cottolene

You can fry fish in Cottolene, and use the remaining fat for frying potatoes or other food.

The odor of the fish will not be imparted to the other fried food.

Cottolene is not alone economical for the reason that it can be used over and over, but also because it is richer than butter or lard, and one-third less is required.

It is twice as economical as butter, much more economical than lard.

Cottolene makes rich, digestible, tasty, healthful food. Does not make food greasy, and is free from indigestion.

Cottolene is never sold in bulk—always in air-tight tin pails, which protect it from dirt, dust and odors. It is always uniform and dependable.
