"Original Wilson Man" Assails  
Sugar Schedule as Party  
Boomerang.

RANSELL READS LETTER

Republican Votes Aid in Getting  
Protest Before Senate—Cheers  
Resound When Caucus Ac-  
tion Is Denounced.

WASHINGTON, May 14.—Using an  
"original Wilson man" from Michigan  
with a fluent pen, for an oracle, the  
anti-free sugar Democrats, led by Sen-  
ator Ransdell of Louisiana, assailed  
the Underwood sugar schedule in the  
Senate today, despite strenuous efforts  
of Senator Simmons and other Demo-  
crats to stop the attack.

Republicans enjoyed the efforts of  
the Democratic leaders to prevent the  
reading of a long letter submitted by  
Senator Ransdell, written by Lewis C.  
Rowley, of Lansing, in which free-  
sugar advocates were characterized as  
"accursed, unpardonable apostates of  
Democratic faith," and the free-sugar  
schedule as a "boomerang to knock out  
the Democratic party."

Republicans Help Ransdell.

With Republican votes Senator  
Ransdell was aided in getting the long  
epistle before the Senate as a part of  
the arguments against the proposed  
sugar tariff. In the letter from Michi-  
gan, President Wilson's attitude on  
sugar, the party platform pledges and  
the President's campaign pledges not  
to hurt any legitimate industry were  
recalled, the writer declaring "there is  
almost imminent danger that in his al-  
most hilarious enthusiasm for the  
Democratic ideals, the President will  
try to do too much."

The Democrats also were forced to  
hear from this same trenchant Michi-  
gan protest that "the statesman or  
party leader who, in formulating im-  
portant legislative matters does not  
take into consideration the psychologi-  
cal effect, as well as the ultimate prac-  
tical results of those measures, is a  
raw hand at the business."

Wilson Not "Raw Hand."

He said he did not believe Presi-  
dent Wilson was "that kind of an im-  
mature leader."

"I refuse to believe," he continued,  
"that the President will commit the  
party to a radical course, which, how-  
ever sound theoretically, is calculated  
to alienate and alarm large numbers  
of voters in the most populous agri-  
cultural section of the country."

Republicans applauded when the  
Senate clerk read:

"In free trade to be inscribed as the  
party position which erstwhile bore  
the immortal watchword of free sil-  
ver? Again, when the administration  
was sound, that the Democratic party  
would "better effect changes moderate-  
ly and safely rather than hastily and  
at the dictates of a caucus, too many  
of whose members leave their private  
judgments and consciences where the  
Muslim leaves his shoes—the outside  
of the door," the chamber resounded  
to Republican cheers.

Penrose Denies Filibuster.

Senator Penrose later injected levity  
into the proceedings when Senator  
Simmons, on behalf of the finance com-  
mittee, tried to get an agreement for  
a vote on the issue. He had asked  
Senators on the Underwood bill. The Penn-  
sylvania Senator emphatically denied  
that he had any idea of conducting a  
filibuster on the issue. He had asked  
for public hearings, he said, because he  
conscientiously believed that they  
should be held and he felt sure that  
the Senator from North Carolina had  
not entertained any idea that he had  
ever capitulated any "legislative pirati-  
cal craft."

While Senator Simmons was epide-  
morizing to fix time for a vote the time  
for the consideration of the question  
expired and again it went over until  
tomorrow, at which time the Demo-  
crats will endeavor to bring the refer-  
ence of the bill and the Republican  
public hearing amendment to a vote.

BIXBY WITNESS ARRESTED

18-Year-Old Girl Found in Vice In-  
vestigation Wanted at Last.

LOS ANGELES, May 14.—Miss Mabel  
Johnson, a long-sought witness in the  
vice crusade and alleged to have been  
an occupant of the Jomquill resort, was  
arrested tonight by city detectives and  
will be kept in custody until she ap-  
pears before the grand jury tomorrow  
to testify to her alleged relations with  
wealthy men who have been involved  
in charges of white slavery.

WEIGHT FRAUD DENOUNCED

Redfield Says People Least Able to  
Afford It Are Cheated.

WASHINGTON, May 14.—Dealers  
who defraud the public by dishonest  
weights and measures were condemned  
today by Secretary Redfield of the  
Department of Commerce in welcoming  
delegates to the eighth annual con-  
ference on weights and measures.

NEW PLAN NOW PROPOSED

(Continued from First Page.)

For Central Pacific by approximately  
\$12,000,000.

It is understood that such secondary  
plans of the original dissolution  
project, for instance the lease to the  
Southern Pacific of the Tehama line,  
are embodied in the new plan without  
change. These are held secondary,  
however, because the Railroad Com-  
mission approved them. The Benicia  
short line subject was the rock on  
which the original plan split, and if  
such an agreement as was outlined in  
official communications is carried out  
it will probably solve the dissolution  
difficulty.

Ammons Vetoes Bill.

DENVER, May 14.—Governor Am-  
mons tonight vetoed the state income  
tax bill and the bill repealing the anti-  
horcott law and boxing bill. The bill  
permitting racing under supervision of  
a racing commission will become a law  
without the Governor's signature.

much to the already miserable condition  
of the sufferers.

The town is without light tonight  
and search of the ruins is being made  
with lanterns.

Several of the business places not  
wrecked by the storm were turned into  
temporary morgues and hospitals. Sev-  
eral of the injured are in a serious  
condition and several may die of their  
injuries.

Baseball Pavilion Obliterated.

Three hundred people were witness-  
ing a baseball game at the ball park  
on the west side of the city until with-  
in 15 minutes before the tornado  
struck. They rushed from the park at  
the approach of the storm and scatter-  
ed to their homes. This pavilion at  
the ball park was obliterated by the  
tornado.

Reports coming from towns west  
and north indicate that the destruction  
of property was extensive in several  
places, McCool Junction and Tomaro  
being the hardest hit. Four persons  
are reported killed and several injured  
at Tomaro.

Train Wreck Prevented.

Frank Tipton prevented the wreck  
of a Burlington passenger train, which  
he flagged on the outskirts of town.  
A telephone pole and other wreckage  
had been thrown on the tracks, and  
Tipton discovered the debris just in  
time to prevent the train crashing  
into it.

The Sheriff tonight swore in a large  
number of deputies who were at once  
assigned to duty patrolling the de-  
stroyed part of the town to prevent  
looting.

Governor Morehead notified the town  
officials that he had ordered a company  
of state militia to be held in readiness  
in the event of its presence being re-  
quired here.

Storm's Path Is 50 Miles.

Near McCool Junction, the home of  
Thomas Jordan, a wealthy farmer, was  
blown into the Blue River, some dis-  
tance away. One child was drowned,  
but other members of the family es-  
caped with bruises and a wetting.

A mile beyond a farmer, whose name  
was not given, was struck by lightning  
and killed.

The path of the tornado was from a  
few hundred yards to half a mile wide  
and cut a path 50 miles long, in which  
were many farm houses and other  
buildings. Several reports have been re-  
ceived of farmers in the field escaping  
the storm by prostrating themselves in  
furrows of freshly plowed fields.

BRYAN'S ADVICE IGNORED

Guarantee Made to Bondholders  
That Two-Thirds of Export Tax  
on Coffee Will Be Applied  
to External Debt.

WASHINGTON, May 14.—Private  
advices received here early today, say  
President Cabrera, of Guatemala, has  
agreed to the demands of the British  
Government for a settlement of the  
long standing British claims. The  
London Foreign Office recently issued  
an ultimatum to Cabrera, giving him  
until tomorrow to settle, and a British  
warship was on the way to Puerto  
Barrios to emphasize the demand.

Secretary Bryan, in an effort to  
help Guatemala out of her embarrass-  
ment, had expressed to the British  
Government the hope that she would  
extend the time named in her ultima-  
tum. No reply yet had been received  
today, but the settlement announced in  
the private advices probably ends the  
incident, which threatened to force  
development of the Wilson Administra-  
tion's attitude toward foreign debts of  
the Central American republics.

The Guatemalan Minister today con-  
firmed the earlier advices and an-  
nounced that under the arrangement  
with the British bondholders, "one  
dollar out of every dollar of a half  
cent of the coffee tax, which is a half  
cent of interest on the external debt."

The Minister declared the adjust-  
ment would aid in carrying out the  
proposed loan of \$30,000,000 with New  
York bankers, through which Guate-  
mala expects to pay off the English  
debt, reform its currency system and  
establish a National bank.

EX-CONVICT ADMITS THEFT

Charles O. Strong Found With Stolen  
Silver in Possession.

Charles O. Strong, alias William Ross,  
an ex-convict who was released from  
the penitentiary at Salem in January,  
was arrested last night by Detectives  
John Moloney and Heppner with about  
\$100 worth of silverware which he con-  
fessed to having stolen yesterday from  
the apartment of F. A. Krebs in an  
apartment-house at 780 Irving street.

He was arrested in a rooming-house  
at Second and Burnside streets, while in  
the act of packing up the silver to ship  
it out of town, an act which the de-  
tectives saw by lifting themselves to  
the transom of his door.

OMAHA, MAY 14.—Reports received  
here indicate that the town of Tomaro,  
12 miles west of Seward, and McCool  
Junction, 15 miles southwest of Seward,  
were entirely wiped out.

Four persons are reported killed at  
Tomaro and several at McCool Junction.  
Both are cut off from communication  
with the outside tonight.

Tomaro Reported Stricken.  
Lamb's Club Scorched.

An overheated furnace in the Lamb's  
Club, a cafeteria at 107 Sixth street, last  
night did damage to the restaurant to  
the value of about \$10.

OMAHA BADLY FRIGHTENED

Memory of Easter Tornado Adds to  
Terror of Storm.

OMAHA, May 14.—A storm of torna-  
do fury struck the southern part of  
Omaha at 7 o'clock tonight, unroofing  
numerous houses in the vicinity of  
Thirteenth and Gold streets and doing  
other damage.

Because the storm came so quickly  
after the Easter tornado, in which more  
than 100 lives were lost, many hun-  
dreds of frightened inhabitants rushed  
to cellars and other places of refuge,  
and persons in all parts of the city  
were in a nervous state until the storm  
had passed.

Three inches of rain fell in the down-  
town district.

The storm which struck this city  
was apparently the tail end of the tor-  
nado that hit Seward and other towns  
southeast of here. Its course through  
Omaha was nearly east and west and  
it spent its fury crossing the valley of  
the Missouri River. In its path across  
the city many trees were blown down,  
windows were smashed, several roofs  
were carried away and other minor  
damage was done.

The storm continued its course across  
into Iowa, where tonight it resolved  
itself into rains and thunder storms,  
which are still raging. Beyond the  
trough it gave to Omaha its effect  
was not serious in this city.

OKLAHOMA CHILDREN ESCAPE

Storm Wrecks Schoolhouse Shortly  
After Classes Leave.

CHATTANOOGA, Okla., May 14.—The  
Christian Church, the Bank of Chatta-  
nooga building and a schoolhouse were  
wrecked by a heavy wind storm here  
this afternoon. The school children  
had been dismissed 15 minutes before  
the storm struck.

Crops were almost destroyed in a  
strip of territory six miles wide  
through Comanche County.

Kansas Bridges Wiped Out.

TOPEKA, Kan., May 14.—Severe wind,  
rain and hail storms were reported from  
various parts of Kansas tonight.

At Newton two inches of rain fell in  
half an hour and hail fell for 20 min-  
utes. Many residences and business  
houses were flooded and dozen of small  
bridges in the vicinity were washed  
out. Sand Creek, running through the  
city, overflowed its banks.

Wind storms near Abilene and Junc-  
tion City blew down many farm build-  
ings and the fruit and other crops suf-  
fered much damage.

Many Buildings Demolished.

YORK, Neb., May 14.—A series of  
tornadoes, which had their climax at  
Seward, struck the towns of McCool,  
Lambton and Bradford, east of here, just  
before 6 o'clock tonight. Numerous  
buildings were demolished, but the  
number of casualties, if any, is not  
known.

SENATORS INCLINED  
TO FAVOR

West Virginians Oppose Inves-  
tigation of Strike Situa-  
tion in State.

MARTIAL LAW DEFENDED

Borah Says Governor Has Right to  
Establish Military Zones, but  
Offenders Are Entitled to  
Civil Hearings.

WASHINGTON, May 14.—Senator  
Kern's resolution for Federal invest-  
igation of conditions accompanying the  
strike of coal miners in West Virginia  
advanced through three hours of de-  
bate today to a point where its friends  
in the Senate believe that a vote on it  
will be taken.

Several Senators expressed doubt as  
to the wisdom of ordering a Senatorial  
inquiry by a Senate committee. From  
the support it received on the Republi-  
can side in the day's developments,  
however, advocates of the resolution  
were confident that it would be adopt-  
ed, whether it was referred to the com-  
mittee for a report or acted on directly  
by the Senate.

Fight Is Led by Kern.

Senator Kern led the supporting col-  
umn in favor of the resolution and  
Senators Borah, Root and Hollis con-  
curred in part in his demand for an  
investigation, while Senators Chilton  
and Goff, of West Virginia, expressed  
their disapproval. Senator Chilton  
argued against an investigation by the  
Senate and maintained that the  
courts were amply able to review them-  
selves and that it would be an invest-  
igation when the Senate adjourned.

Senator Kern read affidavits from  
men who declared that admission had  
been refused them to review them-  
selves in the strike region by employees of  
the mine operators. He said that men had  
been tried there by drumhead court-  
martial and writs of habeas corpus  
had been refused in the Supreme Court  
of the state and expressed the opinion  
that such judicial acts as these were  
responsible for a growing sentiment  
in this country in favor of the recall  
of judges and of judicial decisions.

Borah Cites Precedents.

Senator Kern told of pressure  
brought to bear to prevent the inquiry  
and expressed surprise that mine op-  
erators seemed opposed to an invest-  
igation if they were concerned as to  
the good name of their state.

Senator Borah, author of a resolu-  
tion of the same tenor last year, re-  
ferred to decisions of the United States  
Supreme Court in similar cases, and  
insisted that it had held that, while a  
Governor of a state might create a  
military zone such as existed in West  
Virginia, and might employ the militia  
to enforce an order, the men must be  
tried in the civil courts and under the  
ordinary law, not by military law. He  
declared that if men had been tried by  
court-martial in West Virginia, and  
sent to the penitentiary without re-  
gard to their rights of trial under the  
constitution and the laws, an investi-  
gation should be conducted.

Whole Nation Concerned.

"If such conditions exist," said the  
Senator, "it is of supreme concern to  
the people of the United States."

Senator Root approved the investi-  
gation, but stated that if men in West  
Virginia were being deprived of their  
rights of the protection of the law  
with the sanction of the state's au-  
thority, the Governor should  
remedy the situation.

Senator Goff admitted many inci-  
dents related by Mr. Kern, but declared  
that the creation of military tribunals  
was justified under existing condi-  
tions. He told of orators who went  
into the strike country and made in-  
flammatory speeches and of their sup-  
pression. He said that he did not op-  
pose free speech, nor did he believe the  
Senate opposed it. "But," he added, "it  
has never been held that free speech  
means license."

He praised the creation of the famous  
military commission by West Vir-  
ginia, and said that he believed any  
one in West Virginia, he said, P. Lovett,  
Oregon City.

Signs of the Times

Along about this time every year some six or seven million people  
settle down to the serious business of getting unsettled, then settling  
down again, and then settling up.

Now, there are only two reasons for moving, and the other reason  
is because you are getting a better home.  
It isn't any fun going around pulling a lot of carpets up by the  
roots, letting pictures fall on the children's heads, making a dray-horse  
out of a perfectly good husband, and otherwise upsetting everything  
from your furniture to your peace of mind, unless you get something  
out of it worth while.

Now this little talk is not to keep you from moving, but to help  
you secure some advantages in moving and to move with less trouble  
and care.

Every day in the rent ad columns of The Oregonian, under the  
heading marked "For Rent," you will find all the rentable places in  
this city which are really desirable.

Now, all you have to do is to go over this list, put a check after the  
places that have the comforts and the luxuries that you want or that  
are located where you want to be located, and then simply go out  
with this preferred list in your hand and look at the places you have  
checked.

In this way it will take you no time at all to find everything you  
care to look at.

You save time and trouble, and you get a list of everything in this  
city that is worthy of your attention.

If you are thinking of moving, try it now.  
Turn to these For Rent Ads, check this list, and mention The Ore-  
gonian, please, when you make your rounds.

Superfluous  
Hair Truths  
Stop Experimenting

There are but few depilatories sold.  
You think there are hundreds because  
you have used the same identical  
preparations under several different  
names. This is easily explained.  
Women stop using

So-Called Hair Removers

when they learn that they are harm-  
ful. Therefore, the hair removers sold  
under the same name for any length  
of time. Then the identical, worth-  
less, harmful concoctions which are  
sold under the name of hair removers  
and advertised again as  
totally different preparations to

Defraud the Same Foolish Women

who innocently buy them over and  
over again under different names, and  
this will continue as long as women  
are so unwise as to experiment with  
unknown, so-called hair removers.

DeMiracle  
Has Stood the Test of Time

DeMiracle has been sold as De  
Miracle for over eleven years, and its  
name has never been changed. It is  
acknowledged the world over by em-  
inent authorities as the one safe, per-  
fected hair remover, therefore it is  
the only depilatory you can use with-  
out experimenting.

Leaves No Tell-Tale Smell

If you use DeMiracle it will be im-  
possible for any curious person to  
know that you have used a hair re-  
mover because DeMiracle evaporates  
immediately after accomplishing its  
work, therefore leaves no odor what-  
ever. On the other hand, if you use  
any depilatory with a distinctive odor,  
an offensive, tell-tale smell will cling  
to your skin for hours.
