BUILDING BRAINY MEN

Perhaps you can't build brains with food alone-but a food that supplies, in digestible form, every element needed to build a perfect human body must help some -and that's the reason, no doubt, that cereals have taken the place of desserts in the students' dining hall at Harvard University. The food to study on, to work on, to grow on, is

Shredded Wheat

contains all the body-building material in the whole wheat grain made digestible by steam-cooking, shredding and baking. It forms

deliciously nourishing desserts when combined with berries or other fresh fruits.

Two Biscuits, heated in the oven to restore crispness, and then covered with strawberries or other fresh fruits and served with milk or cream will supply all the nutriment needed for a half day's work or play.

OREGON EXTENDS

Definite Programme to Help Newcomers in Settling in State Is Adopted.

COUNTIES WILL ORGANIZE

Meeting of German-Speaking Citizens With Immigration Commit-Arouses Enthusiasm in Move Viewed Important.

With German-speaking residents in attendance from all parts of the state, the meeting held under the auspices of the Oregon immigration committee yesterday at the Portland Commercial Club resulted in a definite programme to attract German immigration to the state and to aid the prospective new-comers in becoming located to the best advantage in their land of adoption. While the entire day was devoted to the discussion of methods of handling the immigration question, a note of enthusiasm characterized the deliberations.

It was the sentiment of the meeting that a movement of tremendous importance to the state had been launched and it was reiterated by many speakers that with the opening of the Panama Canal, Oregon would be among the first on the list of states to profit through the operation of a practical immigration programme.

In explaining the purposes of the movement, C. C. Chapman, state immigration agent, declared that it was necessary to have strong support of German-Americans living in the state and that without their co-operation the immigration commission could not be expected to bring about results that 1913 class of the Good Samaritan Hos-

He explained that the Legislature had appropriated \$20,000 to carry on immigration work and as this sum must be expended at home, it was necessary to raise additional funds in futhering the campaign in foreign countries. He announced that through the efforts of the Oregon Development League and commercial organizations.

The Commission concluded its hearing of the case yesterday after four days. W. W. Cotton, for the O.-W. R. & N. Company, and C. H. Carey, for the North Bank, exhausted the entire day in arguments in support of their respective contentions, which arguments were supplemented by the submission of detailed estimates of the cost of the structure.

These estimates revealed some startvalue of real estate.

of the upper deck.

Mr. Carey contended that the lower deck alone should be considered, and the grand total price of this portion of the structure, he said, is \$1,090,984.94.

Mr. Cotton says, the lower deck is worth \$1,304,930.38. The upper deck, according to the estimate of Ralph Modjeski, engineer, cost \$821,124.45. The real estate connected with the upper deck.

Mr. Cotton says, is worth \$228,794.

A GRAND ARMY veteran called at the Albee headquarters in the UPPER DECK IS INJECTED Henry building yesterday morning and inquired for B. E. Kennedy, campaign manager.

"I served in a Michigan regiment during the war with a man by the name of Albee," said the veteran. "I never met a better man in my life; he was my captain. What I want to know is whether your candidate is any relative of his."

The candidate is a son.

The telephone company has disposal of bonds, a stockholders more than 1200 subscribers. These estimates revealed some startling variations, although the figures
of both parties were prepared by experts and specialists on such details
as construction, price of material and
value of real estate.

According to Mr. Cotton's figures the entire bridge, real estate and all is worth \$2,383,662.09, while Mr. Carey could see no more value than \$1,347.835.80 in the same property. Mr. Carey's figures include interest to August, 1912, and the cost of the interlocking plant on the east approach, now being built and which, according to the estimate of George W. Boschke, chief engineer of the O.-W. R. & N. Company, will cost \$28,000.

Mr. Cotton wants the North Bank to go into full partnership with the O.-W. R. & N. Company and the Southern Pacific, paying one-third of all the costs, including interest on the cost of the upper deck.

Mrs. Abigall Scott Duniway, Dr. L. Victoria Hampton, L. M. Lepper and C. A. Bigelow will be the speakers at the mass meeting which will be held tonight in the Woodstock Methodist Church under the auspices of the Woodstock Good Government Club. Monday night another public meeting will be held. L. G. English is chairman of the committee on speakers. The club desires that all candidates shall be heard in Woodstock before the June election.
