**L. S. Kelsey, 60, Prominent North Powder Resident, Suffers Broken Neck.**

**GIRL'S SKULL FRACTURED**

**Nellie Slater, 16, May Not Live, and Mr. and Mrs. R. S. Slater and Mrs. Clark Are Victims of Accident Near Haines.**

BAKER, Or., May 15.—(Special).—One was killed and four injured at 3 o'clock this afternoon when an automobile skidded and turned turtle four miles south of Haines. The dead man was L. S. Kelsey, aged 60, a prominent North Powder man, who was internally injured and his neck broken. Those seriously injured are Miss Nellie Slater, aged 16, daughter of R. S. Slater, internally injured, skull fractured. She may not live. Slightly injured—R. S. Slater, aged about 45, proprietor of the North Powder Hotel, knee injured and body and face bruised; Mrs. R. S. Slater, bruised on face and body; Mrs. "Boots" Clark, foot crushed. Kelsey was driving the car and Slater was on the front seat with him. The three women were in the rear seat. In turning a sharp corner the car skidded, ran over a ditch and into a fence. Then it turned turtle. Kelsey and the little girl were pinned underneath. All were rendered unconscious. On the way here Kelsey died. The others were brought to St. Elizabeth's Hospital, where they were cared for and an operation performed on Nellie Slater. Mrs. Clark was able to go to Haines as her injuries were not serious. The automobile is a wreck.

**ACQUITTAL RESULT IN SMUGGLING CASE**

**J. A. Ralston, Found Not Guilty in Seattle, Will Stand Trial in Portland.**

**CUSTOMS MAN INVOLVED**

**Inspector McArthur, Who Is Missing and Mysterious "Henry Wellman" Mentioned as Members of Opium Ring.**

SEATTLE, Wash., May 15.—Charlie Louie and James A. Ralston, accused of conspiracy to smuggle opium, were acquitted by a jury in the United States District Court today after a trial lasting three days. Ralston, who was arrested in Portland March 2 with a trunk in his possession containing \$7500 worth of opium, will be taken to Portland to stand trial there on a charge of smuggling. The jury was out five hours. During the trial testimony was given that customs officers in Seattle were "crooked" and on the stand Ralston said some of the customs men were in the opium ring, but mentioned no names. Ralston admitted carrying large quantities of opium from Seattle to other cities in the Northwest, but said he had nothing to do with bringing the opium into this country, this being done by a mysterious Henry Wellman, who was his employer. Customs Inspector Involved. The government alleged that Louie was Ralston's principal, but this Ralston and Louie denied, both testifying that their friendship was the result of visits to race tracks together. The name of Earl MacArthur, a customs inspector, who disappeared a week before the trial began, was frequently brought into the case by the government, the District Attorney alleging that MacArthur and Louie were on intimate terms and producing witnesses to show that MacArthur had passed the opium trunk found in Portland when Ralston was arrested. Assistant District Attorney Sullivan was greatly surprised by the verdict, but made no comment. Ralston denied that he knew Customs Inspector McArthur or had "fixed" him. He asserted that all the manipulations of the opium ring had been conducted by Henry Wellman, a mysterious person whose address was 508 New York block. Wellman, he said,

**WARRANT OUT FOR MISSING CLUB SECRETARY**

**W. Pines, Who Is Being Hunted.**

CHEHALIS, Wash., May 15.—(Special).—A warrant has been sworn out against W. Pines, the missing secretary of the Citizens' Club, of Chehalis, who disappeared from here early Sunday morning after being found short in his accounts with the club. Pines had been secretary of the organization since April 15, 1912. His father is an Episcopal clergyman and is said to live in Australia. The total amount of the young man's shortage has not yet been given out.

**TRADERS ON WHOLESALE SCALE**

**It was our custom," Ralston said, "to send out samples of small lots of opium, taken from big consignments. These samples would be considered by the customer just like other merchandise samples, and if they were up to grade orders for large shipments would follow. We never retailed the drug. Wellman told me that all the stuff coming into Seattle was imported direct from China, and that all of the large lots came that way. "I don't know anything about the business between here and Canada, never made any trip to Canada. Wellman said that when the stuff arrived it would be passed by inspectors and then brought off the boats. Most of it came on the Chinese steamers, although considerable came on the Blue Funnel Line. Some of it would be unloaded at Seattle and some at Tacoma. Louie's Connection Denied. "Charles Louie was not connected with it so far as I knew. He was merely an old friend of mine. The opium that he arrived in Seattle would be brought off the vessels and secreted in various places, some times in my room. I had in my room a number of opium jackets, with pockets running around the sides. Whenever a big consignment of opium came in a bunch of Chinese would call and get the jackets. With them they brought the opium ashore. "Wellman gave me a letter to a Chinese in Astoria, Or., three months before I made the trip to Portland. He said he might want to change his orders some time and have me make a trip to Seattle. United States Attorney Sullivan, in his address to the jury declared that the mysterious Wellman was no other than Louie himself.**

**RIDERS TO SHOW SKILL**

**WILD WEST TO BE FEATURED AT ROSEBURG.**

ROSEBURG, Or., May 15.—Bronco busting, rough riders, lasso throwers, cow punchers and many more features will be among the attractions at the Fourth Annual Strawberry Carnival which is to be held in Roseburg from May 21 to 24. Tiller, the isolated town on the South Umpqua River, 28 miles from a railroad, is to furnish one big feature of the carnival by sending 75 of the best horsewomen and horsemen in Douglas County to Roseburg. The Tiller people are famous for their skill in the saddle, and nowhere in Oregon are there better riders. One afternoon will be devoted to a wild west show. Horses that have never before been ridden will be mounted by Tiller men and women. Cowboy races will also be a feature and the Tiller cowboys will give exhibitions of steer roping, throwing and branding. Another feature will be a stage coach robbery. A typical stage coach of the olden times has been procured. The occupants will be "robbed" and the "highwaymen" will make their escape. Later a band of cowboys will arrive and after pursuit and a battle the robbers will be caught and summary justice will follow. Auto and motorcycle races will be held at intervals. Three riding races are scheduled, one for women, one for men and a free-for-all. Liberal prizes have been posted for the winner of each event. Stock parades, school children parades, automobile parades, forest service exhibitions, a baby show, strawberries and cream, black-face comedians

**BANK SAFE IS DRILLED**

Expert Called to Aid of Institution at Union. UNION, Or., May 15.—(Special).—After four days and a half of constant drilling by an expert, a five-inch hole was finally completed today, puncturing the wall of a steel safe in the First National Bank of this place. This safe had been accidentally locked while the clock was detached for cleaning, and it became necessary to call a Portland expert to the task. The hole once drilled, a small electric light was inserted and the catch holding the lock was lifted and the door opened. The safe is made of alternate layers of hard and soft metal. The former were drilled by the use of a hollow copper tube drill dipped in turpentine and carburendum, with which a hole was gradually worn through the hard metal. The softer layers were punctured by the use of highly tempered drills under heavy pressure. The walls of the safe are about three inches thick.

Economic problems will be presented by Dr. Gilbert, of the University of Oregon.

**MEDFORD RANCHES SOLD**

Ware and Kizer Places Go to Californian for \$95,000. MEDFORD, Or., May 15.—(Special).—An orchard deal involving \$95,000 was closed yesterday when J. B. Doner, of Uplanda, Cal., secured the Ware and Kizer ranches, aggregating 37 acres, trading the same for a hardware business and city property in the California town. Mr. Doner will move to Medford with his family, making his home in the handsome Ware residence near the city and managing both properties. A. K. Ware is secretary of the Medford Commercial Club and will remain in Medford. With the death of his wife last fall he has been anxious to sell his property, including a \$20,000 residence, one of the show places of the valley, and secure a business for his two sons, who will manage the hardware business in Uplanda. The Ware orchard comprises 27 acres of pears and apples just coming into bearing.

**PHYSICAL TRAINING URGED**

State Superintendent Addresses Mothers' Club at Baker. BAKER, Or., May 15.—(Special).—At a meeting of the Mothers' Club this afternoon State Superintendent Churchill explained the influence of physical training and outdoor exercise on the mind and morals of children. He emphasized the declaration that every mother should know the kind of exercise that is beneficial to children at certain periods of their growth. Dr. Carl W. Patterson, who has specialized in children's diseases, gave a talk on the faulty positions of the growing child and how to correct them. Another feature of the programme was the address given by Dr. H. J. Horton on the care of the teeth. Several musical numbers by the Haines orchestra and a motion song by ten primary pupils were additional numbers.

**Beautiful BUST GUARANTEED in 30 days**

I have helped thousands of women to obtain perfect development through a simple means by which any woman can easily enlarge her bust to the exact size and firmness desired.

**Free to Readers of Portland Oregonian**

Thousands of women are today the possessors of beautiful busts and perfect forms as the result of an accidental discovery made more than two years ago by Madame Margarette Merlain, whose fame has now spread to nearly every part of the world. While taking a new prescription for building up her health, Madame Merlain suddenly noticed that her bust was growing from almost nothing to a very large size; in fact, her bust measure increased six inches in 30 days. Physicians and chemists to whom the matter was reported arranged to try the new treatment she had used on ten other women without busts. The results obtained within a few days truly astonished the sages of medicine and science, and in a few weeks each of the ten women had obtained a most marvelous enlargement of the bust. Next it was tried on 50 women without busts, and the same marvelous enlargement was obtained. Madame Merlain is herself a living example of the great power of her remarkable discovery. By many she is considered to have the most beautiful bust and most perfect form of any woman in Europe. But best of all this wonderful discovery not only succeeded in her own case and in those where special tests were made, but it seems to have worked even more astonishing results in the cases of others, even after ordinary pills, massage, wooden cups and various advertised preparations had all been tried without the slightest results. Miss Helen Marion Buckett, of 106 Cholmeley Road, Reading, writes: "Since using the Venus-Carnis treatment my bust has developed in all four inches, an improvement for which I am extremely thankful." Madame de Zisbrovsky, of Paris, says: "My bust was flat and soft, and, thanks to your marvelous treatment, I now have a bust, firm and well-developed, which is the admiration of all. I am all the more grateful to you as I had already tried several other remedies which had all been without the least results." Madame Dixon, of Cannes, says: "The great hollows in my neck, which were my despair, have completely disappeared. My bust has become firm and considerably larger, and I am now able to wear low-necked gowns without shame and humiliation." Mrs. McGee, of Colwyn Bay, Wales, says: "My breasts, which were a short time ago quite flat and undeveloped, are now, I am proud to say, round and just as large and firm as I desire to have them. I also feel much brighter and better than before." Madame Districh, of Leipzig, Germany, writes: "I am entirely satisfied, and I never imagined that such results would be possible, because for several years I have been ill and was constantly following treatments of one kind or another. I have not only obtained a beautifully-curved form and firm flesh, but my general health has been greatly improved." Dr. Colonna, of the Faculty of Medicine of Paris, declares: "No matter whether a woman be young or old, nor what her condition of health may be, I firmly believe that in the Venus-Carnis treatment she has an infallible method for developing and beautifying her bust." Dr. Domenico Scuncio, of Prato Sannta, Italy, states: "I beg to confirm my previous letters concerning the Venus-Carnis treatment, and I have pleasure in informing you that my patient has used this treatment and is very satisfied with the really marvelous results that she has obtained. I can therefore conscientiously state that this treatment is excellent, and that it can in no way be compared to others of its kind claiming to give the same results." There are hundreds of just such statements as the above on file in my office, as well as actual photographs taken one month apart, before and after the use of this remarkable treatment. You could see them for yourself, but as you cannot call, I will gladly send you, absolutely free, and under plain-sealed cover, complete information regarding the exact means by which you can enlarge your own bust to the size and firmness you desire. All I ask is two 2-cent stamps to help cover cost of mailing and I positively guarantee you a beautiful bust in 30 days, no matter how flat or undeveloped you may be at present. What this treatment has done for others it is bound to do for you. Use the free coupon below today."
