

KAISER FRIENDLY TOWARD BRITAIN

Daughter's Wedding to Prince of Cumberland Gives German Emperor Chance.

ENGLISH SPIES PARDONED

Much More Attention Given in Berlin to Coming Visit of King George Than to That of Czar of Russia.

BERLIN, May 19.—The preparations for the wedding on Saturday of Princess Victoria Louise, only daughter of the German Emperor, and Prince Ernest August of Cumberland give striking prominence to the Emperor's apparent desire to make the occasion contribute to a betterment of the relations between Great Britain and the German Empire.

Officially, the non-political character of the marriage has been emphasized, but the real attitude of the Emperor was illustrated by the granting of a pardon to three English spies who now are undergoing terms of imprisonment in Germany.

Another evidence of German concern in the forthcoming visit of King George and Queen Mary is contained in the official programme, published this evening in the Nord Deutsche Allgemeine Zeitung, which prints, in a prominent position, a half-column article on the reception arrangements for the British sovereigns and in a few lines in another column describes the preparations for the reception of Emperor Nicholas of Russia.

Emperor Nicholas Slighted. According to the programme two squadrons of cuirassiers and dragoons will compose the escort of King George on his arrival in Berlin on Wednesday, while the only squadron assigned to escort Emperor Nicholas the following day. The German newspapers are giving much attention to the political importance which the wedding may have in bringing about a manifestation of friendship between Germany and Great Britain, but they have little to say concerning a similar manifestation towards Russia.

Emperor William will spend a busy forenoon on May 22. He will make three journeys to the railroad station in the short two and one-half hours in which he will receive successively the Grand Duchess Louise of Baden, the Duke and Duchess of Cumberland and the Russian Emperor.

Visitors to Make State Entries. The visitors will make state entries into the city, each through two and a half miles of streets, and will be accompanied by crack guard troops, and their welcome by the Emperor will necessitate three changes of uniform on his part. Six German sovereigns and the representatives of several other German reigning houses also will arrive during the day, making necessary more or less formal receptions.

Many British and Russian officials arrived in Berlin today to supervise arrangements for the safety of King George and Emperor Nicholas. The nuptial banquet will witness a revival of the mediaeval functions of titulary high cupbearer and butler, which offices are held by Prince Hatzfeldt and Prince Radolin, respectively, who actually will preside over the soup to the guests at the beginning of the dinner.

RATE BENEFITS PORTLAND

Railroads Will Enable This City to Compete With Puget Sound.

Many thousand acres of wheat land in the Big Bend country of Eastern Washington will be opened to Portland millers and shippers through the publication of a through rate via the Great Northern, Northern Pacific and North Bank roads, which will become effective on June 2.

The rate will apply on the Great Northern line between Spokane and Adrian, Wash., on the Northern Pacific between Adrian and Pasco and on the North Bank between Pasco and Portland, East of Harrington, Wash. The rate will be the same as that to Puget Sound. West of Harrington the rate will be slightly higher than the Sound rate. However, this will enable Portland to compete effectively in the territory that heretofore has been open to Puget Sound exclusively.

Washington Maids Meet Death Few Days Apart.

The often expressed wish of the three Scovell sisters, spinsters, who have resided for the last eight years on a farm near Republic, that when death claimed one the others might follow soon, has been gratified by a remarkable chain of

fatalities. Laura, the youngest, died May 3 after a lingering illness with tuberculosis, and was buried in the little cemetery at Curlew on May 6. On May 9 Alice, the second, fell a victim to the same malady, and was buried beside her sister on May 11, and on May 12 Melissa, the oldest of the three, while driving from her home to Republic to come to Spokane, accompanied by her brother, H. M. Scovell, of Middle River, Minn., was thrown from the vehicle in which they were riding and instantly killed. Manager of Coos Bay Telephone Company Cited to Appear.

BANDON, Or., May 19.—(Special.)—The council has instructed the recorder to serve notice on the manager of the Coos Bay Telephone Company and have him appear and explain why the service is so poor.

Many complaints have been made on the service of this company. It is now asking that a bonus of \$5 be put up prior to installing a new instrument.

The trouble encountered by many in receiving and transmitting telegraph messages through the Coos Bay Telephone Company lines some time ago prompted the Bandon Commercial Club to secure direct telegraph service. As a result of this effort, Mr. Carlton of Marshfield, appeared before the council at its last meeting in behalf of the California Telegraph & Telephone Company and asked for a franchise to install a direct line to Roseburg. This matter has been under advisement and a report will be made at an early meeting.
