Change in Foreign Conditions. Premature Bloom Appears on Sacramento Vines.

Bids of 14 cents for the new crop were made by two Salem hop dealers yesterday. The quantity sought was 1300 heles. One for as could be learned no business resulted.

Nothing has come by cable to indicate any change in the foreign crop situation. Lice are prevalent in some sections as is usually the case at this time of year, but if there has been any alteration in general conditions the trade has not been advised of it.

The Oregon crop is where it was a week mage, as far as prespects are concerned. The condition is a spotted one, with some of the larger sections making the poorest showing.

The outlock in California now is for a
grantler yield than has year.

California letters received yesterday sain
the how in the Sacramente section are
blooming already and for this reason the
growers fear the crap will be short. The
same early bloom occurred a few years ago
and was followed by a small harvest. The
Sacramenta News, of June 1, says:

The strawberry market broke badly yes-terday. The slump started in the early-morning with very large receipts on the public market. Under normal conditions the supply would not be excessive, but con-sumption is not yet on in full swing. Prices on the street ranged from 75 cents to \$1.50 crate. It is likely that prices will not lower, but may react today. The prom-

After noon, however, bidding was more brisk and offers ranged from 15 to 15% cents. Wool hauling is not yet completed, there being only about one-half the usual storage. Other sakes will be held on June 21 and July 11. Some of the wool sold today brought as low as 15 cents on account of the recent rain during the ahearing.

The highest bid was 15ted cents a pound for the J. E. Hinton lot of 64,785 pounds.

The net sales today were 1,000,000 pounds.

STOCKS ARE SUPPORTED AND LIQUIDATION SLOWS DOWN.

Bears Are Still Active but Losses Are Not Severe-Demand Better but Not Keen.

NEW YORK, June 5.—The stream of liquidation was checked today and efforts were made to support the atocks which form the backbone of the market. There were periods of pronounced weakness, but the market showed increased recuperative powers and railied briskly after a setback at the opening and a sharp bear drive in the afternoon. Increased pressure in the final dealings put the list well below year critically smaller than on the preceding day.

The demand for stocks was better, although not keen. Selling by London in this market continued today. It was chiefly because of these efferings that the market began the day with many loness of one to two points. After a sharp rebound the market grew dull, holding firmly on the higher level until a spirited boardive upset the list it, the early afternoon. Vigorous buying served to prop up the leaders, but the tone was unsettled until the close. Some stocks were under severe pressure. Can and Smelling preferred also were distinctly heavy.

The hond market was heavy with especial weakness among some of the 5 per cent lause. Missouri Pacific convertibles lost 15 and Denver & Rio Grande refunding 18 2%. Northern Pacific 2s fell hack 2%. Total sales (par value), \$1.506,000. United States and Pannima is advanced \$5 on call.
