UNDER FAIR SKIES

Great Parade in Which Horse Is King Ushers in Annual Livestock Exhibition.

FUN IS FAST AND FURIOUS

Riding and Driving Races, Bucking Contests, Relays, Charlot Races and Din of Music Mark First Day--Crowd Expected Today.

BY ADDISON BENNETT UNION, Or., June 5,-(Staff Correspondence.)—The opening day of the fifth annual stock show of Union has passed and all records for high-class passed and all records for high-class stock, for track sports and attendance for opening day have been eclipsed. Tonight the good people of this coming little city, from the president of the show association down to the humblest and lowliest, are happy and jubilant. The weather has been simply perfect. Indeed, a fairer day never dawned and closed over this picturesque and prolific valley than was enjoyed today. Shortly after moon, through streets thronged with people, the affair opened with the parade, headed by President George Benson, followed by the Union band. Then came the beautiful float of the queen, Miss Venona Cross, and she looked as lovely as any real queen ever looked. looked as lovely as any real queen ever looked. With her were her four beau-tiful maids, Misses Carnie Vandervan-ter, Edna Eames, Etta Brown and Ag-

Horse Is King in Parade. Then came the horses, the ponies, the women and men mounted, the North Yowder band, other equestrians and questriennes, boys riding and driving. Shetland ponies, cowboys and cowgiris, imported and thoroughbred horses, led and driven. Then, but why repeat? It was a great parade, over half a mile long, a parade in which the horse was

long, a parade in which the horse was aing.

At the fairgrounds on the edge of town the grandstand of former days has been doubled in capacity; the aned and stables nearly doubled and the track has been put in fine condition. The fun there began fast and furious. The first event was the judging of the equestriennes, nine contending for prizes. Beauty of costume, the paces and style of the horses, the pose of the ridor—all of these counted.

After thorough inspection Miss Exer White, Mrs. R. C. Kingsley and Mrs. Myftle DeLay took first second and third prizes in the order named. Then a silver cup, presented by the O.-W. R. & N. Company, was awarded to Jack McCarthy, of La Grande, for the appearance and action of his Morgan stallion, Dan.

Bucking Exhibitions Given.

in this contest grooming, behavior and the general action of the animals only were taken into consideration. Then came the high jumpers, the Shetland pony race, an exhibition of bucking followed by a half-mile race, best two in three. This was won by Rotheda, driven by Morstam; Tom Avack, second: Delmos, third. Best time, 1:05%.

second: Delmos, third. Best time.

A five-eighths mile dash for the winmers, then a 2:30 trot, best two in
three, more bucking, then the charlot
and relay races. The 12½-mile relay,
each rider having six saddled horses,
a change from horse to horse every half
mile, was bitterly contested for 14
rounds between Fred Spain and Alton
Heneford, but Spain quit cold at that
point when Heneford headed him for
the first time. He said he and his
mounts were all in.

Another relay race of three rounds,
1½ miles, between Misses Oille Osborne
and Genevieve Pierce, was won by Miss
Osborne. This was, up to that time,
the most exciting contest of the day.
Miss Osborne won out by less than a
length.

The charlot races were also year.

the opening day and roses also will be plentiful. The horse show and stock stock the comment of the department of botany at the University of Idaho, who has retired to his orchard home on the West Side here, has just received a letter from Professor Cowless, of the department of botany of the University of Chicago and editor-in-chief of the Botanical Gazette, in which he is honored by the invitation to become the botanical guide for a large party of European and American botaniats, who will soon arrive in the Northwest for an exploration tour of the mountainous districts here.

Although the Summer's excursion of the European scientists and those from the European scientists and those from the American colleges who will accompany them will not be given by any botanical society, men of note from both continents will form the personnel," says Professor Henderson, "and I hope to be able to come to the Hood River Valley, where the most interesting flora of the Northwestern mountain regions are found."

M'MINNVILLE, Or., June 5.—(Special.)—It was the big day of the year yesterday for Yamhill's pioneers, pathflorers and early settlers as well as at augusters and native sons gathered here for the Elst annual reunion of the Yamhill County Pioneer Association.

The programme was excellent and the meeting of old friends a happy one. In the absence of Mayor W. T. Vinton the address of welcome was given by Professor J. Sharman, Walley.

and this place will soon have excellent ater service. At the ball park Sunday the Pleasant

tors' Association will have the united support of Idaho-Oregon fruitraisers was evident from the action taken at the meeting of the Idaho-Oregon Fruit. growers' Association today at Payette, when the Central Selling Agency was highly indorsed and a campaign opened to enlist the fruitraisers in Wostern Idaho and Eastern Oregon to sell this year's crop through the agency. The Idaho-Oregon Association is a strong one, representing the sub-central branches of the North Payers.

agency. The Idaho-Oregon Association is a strong one, representing the sub-central branches of the North Pacific, of Bolse, Nampa, Caldwell, Parma, Roswell, Payette, Wood Spur, Fruitland, New Plymouth, Emmett Twin Falls and Buhl.

Officers for the association were elected as follows: J. H. Lowell, Parma-Roswell, president; M. J. Higley, Buhl, vice-president; A. J. Shearer, Payette, scoretary-treasurer. H. E. Smith was elected manager.

The resolutions indorsing the North

EUGENE EDUCATOR TO DI-RECT SCHOOL IN CHINA.

Professor Guy C. Stockton.

EUGENE, Or., June 5.—(Special.)—Guy C. Stockon, for five years superintendent of the public schools of Eugene, has accepted a position as superintend. ent of the school for the American children in Shansphal, China. The school is maintained for the children of missionaries and Y. M. C. A. workers, and includes all grades from primary classes to high school work. The school is located in the "foreign settlement" of Shanghai.

Mr. Stockton received undersraduate and graduate degrees in pedagogy from the Colorado State Teachers' College; Bachelor of Arts degrees from Columbia College of Columbia University, New York, and did graduate work in the Teachers' College, Columbia University.

During his term in office in Eugene Mr. Stockton has been instrumental in the introduction of manual training and domestic science and domestic art into school courses. Professor Guy C. Stockton.

school courses.

Pacific distributors declare that the movement to co-operate the fruitgrowers of the Northwest into a central organization as a selling agency is the salvation of the fruit industry.

anon Peerless bands have been engaged to furnish music for both days.

The berries will be at their best by the opening day and roses also will be plentiful. The horse show and stock parade is expected to be the best ever held here.

Brownsville residents announced that they will come in force Friday in automobiles. Albany is also expected to send over a big delegation both days.

The programme was excellent and the meeting of old friends a happy one. The programme was excellent and the meeting of old friends a happy one. In the abence of Mayor W. T. FOREIGN SERVICE

War Secretary Proposes to Amend Law So State Troops Will Be Available.

FEDERAL AID SUGGESTED

Appropriation by Congress of Lump Sum for Distribution to States According to Strength in Arms Is Favored.

OREGONIAN NEWS BUREAU, Wash-ington, June 5.—To provide pay for the organized militia of the several states and to make the state militia available for service in foreign coun-tries are two reforms which Secretary of War Garrison has set out to accom-plish, with the sid of Conserved. plish, with the aid of Congress, and he is now at work on a bill or bills which will make these changes, otherwise improve the militia of the several states and make it more effective as an adjunct of the Regular Army.

There has been considerable talk during the past year or two about the adjunct of the Regular army.

There has been considerable talk during the past year or two about the advisability of passing a militia pay bill and such a bill was fairly well matured during the last Congress, though it failed of passage. Never has Congress given serious consideration, however, to the question of allowing the state militia to serve in a foreign country. Secretary Garrison believes the time has come when both these things should be provided for by Congress, and he so declared at a conference recently held at the War Department.

Fund Proposed for States.

at the War Department.

Fund Proposed for States.

Scoretary Garrison proposes to enlarge the present Dick militia law in such way that the Federal Government, through the states and not by direct appropriation, shall pay the members of all state militia organizations, as the members of all state militia organizations, as the proposes that Congress shall appropriate a lump sum annually for the pay of the militia, this lump sum to be appropriated among the states in the pay of the militia, this lump sum to be appropriated among the states in the present appropriation for equipment, oft., is made and apportioned. The states will then take the fund, and see that it is properly disbursed, relieving the Government of this much of the burden.

In order to make the state troops available for foreign service in time of war, the Secretary has found a way of meeting the constitutional provision that the militia can only be used to repel invasion. Heretofore this has been leid to render it impossible for the Pederal Government to call on the militia, as it would have liked to chail the militia, as such, can be sent to a foreign country, the Secretary and his legal advisers find that they can automatically transform the militia can be sent to a foreign country, the Secretary and his legal advisers find that they can be sent abroad, the same as the Regular Army in time of war or emergency.

Laws Need Recodification.

In addition to this, Secretary Garrison finds that an entity of the same as the Regular provide the necessary machinery, and when this is done, the militia can be sent abroad, the same as the Regular provide the necessary machinery, and when this is done, the militia can be sent abroad, the same as the Regular provide the necessary machinery, and when this is done, the militia can be sent abroad, the same as the Regular provide the necessary machinery, and when this is done, the militia can be sent abroad, the same as the Regular provide the necessary machinery.

Laws Need Recodification.

In addition to this, Secretary Garrison finds that an entire new codification of the laws relating to the state militia should be made so as to clear up the status of the state troops, and clearly define their relation to the Federal Government. Some of the existing laws are not suited to present day conditions; others are not clear as to their meaning, and it is found that a number of important changes are necessary in order to bring the state militia up to the standard which it is hoped ultimately it will attain.

"In my opinion," said Secretary Gar-

Osborne. This was, up to that time, the most exciting context of the day. Miss Osborne won out by less than a length. The chariot races were also vary exciting. There were two of these, two teams of four horses each in each race. The last heat was won in 59 seconds by less than half a length. Taken in its entirety it was an aft-strong of "some" sport, and tomerrow promises just as much fun. There were probably 2500 people on the grounds today, but tomorrow will see a much larger crowd. About 60 automobiles loads are coming from Baker and large delegations from La Grande and all the other nearby towns.

HOOD RIVER MAN HONORED

Professor Henderson to Act as Guide to Botanists.

It is open in this city tomorrow morning for two days. Numerous entertainming for wold and defenses have been ary forming for.

The chariot races were also vary exciting. There were also vary exciting. There were also vary exciting for two days. Will be grange day and the speakers will be largely from that one legislation which will make the militia in the Federal Government and addresses have been ary of the mately it will attain.
