DUTY ON PAPER IS VEXATIOUS ISSUE

Senate Sub-Committee Seems falli to Favor Retaliation on Canadian Product.

EXPORT TAX IS RESENTED

Representative of Publishers Opposes Such Action and Accuses Americans of Curtailing Output of Mills.

WASHINGTON, June 6 .- For several hours today the Senate finance subcommittee, of which Senator Johnson, of Maine, is chairman, discussed the paper schedule of the Underwood tariff bill, and it is reported tonight that an amendment to put a retaliatory duty against Canada on print paper valued at not more than 2% cents a pound is being seriously considered.

Because the majority of the subcom-

mittee was inclined to this view it summened from New York John Norris, chairman of the paper committee of the American Newspaper Publishers' Association, who reiterated opposition to the imposition of any countervailing duty.

Question Hangs in Balance.

No decision was reached, but it was learned from an authoritative source that the aubject hangs in the balance, with the leaning toward putting in the countervailing duty. In the Underwood bill retailatory duties are imposed on higher-grade papers valued at more than 2½ cents a pound. The import tax is fixed at 12 per cent ad valorem and the countervailing duty is directed against Canada because of restrictions on pulp woods and pulp.

The proposal of the American paper manufacturers is that the added tariff be extended to print paper.

Print paper in the Underwood bill is on the free list, and the amendment being considered would provide "that if any country, dependency, provinge or other subdivision of government shall impose any export duty, except license fee, or other chargé of any kind what.

seever on printing paper, wood pulp, or wood for use in the manufacture of wood pulp, there shall be imposed upon print paper when imported either directive or indirective a duty equal to the Question Hangs in Balance.

the woods, but Miller strenuously denies it. Circumstantial evidence against Miller is strong and he is being dewood pulp, there shall be imposed upon print paper when imported either directly or indirectly a duty equal to the amount of such export duty or other export charge imposed by such country," etc.

American Output Curtalled.

In his argument before the sub-com-littee Mr. Norris in addition to reiterating his argument against any countervailing duty called attention to a proposal of American paper manufacturers to establish a system of operating their mills only five days a week instead of six.

The consumption of paper has been growing stendily." Mr. Norris said in his brief, "at the rate of 99,000 tons per annum or 300 tons per day, but in the year 1911 not a single paper machine was built by the manufacturers in the United States.

People, and Uniortimately Me Is Not in That Class.

with on a reasonable basis."

Senator Hitchcock's proposed amendment to the tariff bill, which would put an increased graduated tax on tobacco and its manufactures in accordance with a plan submitted by Attorriey-General McReynolds, reported today, may not be accepted by the finance committee. The feeling expressed is that such legislation should not be made a part of the tariff bill and that it should receive prolonged consideration.

The discovery of the child resulted in a plan to put a number of hounds on the trail to find the kidnaper or panther, which was at first supposed to have taken him.

D. L. Stanley, a neighbor, found the boy. He said that last night when he was going to bed after having searched several hours for the baby he say a star fall about a mile away. Instantly the thought came to his mind that the falling star might point to the infant's whereabouts. He went out and searched a while but could not find it. The impulse to go where the star fell was so strong that he returned this morning and about 300 yards beyond where he went last night he found the child.

STIRS UP RUMPUS

Postmastership

LANE IS RULED IS CHARGED

Chairman Fry, of Democratic Committee, Says Senator Chamberlain and Junior Senator Are Swapping Old Friends for New.

SALEM, Or., June 6.—(Special.)—As a result of the appointment and confirmation by the United States Senate of R. L. Guiss, a Republican, postmaster of Woodburn, it is openly charged by prominent Democrats of

this county that Senator Lane is dom-inated by Senator Chamberlain. Daniel J. Fry, chairman of the county Democratic committee, made every possible effort to have Lane rescind possible effort to have Lane rescind his action indorsing Guiss, but all to no purpose. It is further charged that the junior Senator from Oregon purposely misstated conditions in order to have the appointment confirmed. The appointment of Guiss has stirred the Democracy of the county, and Mr. Fry has appealed to Postmaster General Burleson to have the appointment set aside if it is possible to do so. In a letter to Mr. Burleson Mr. Fry says: "Guiss is a brother-in-law of a Republican (Cook Patton) of this city, who is a close friend of Senator Chamberlain, and it looks to us like Chamberlain, and Lane are swapping old friends for new ones. The present postmaster is a Republican, and the Democratic Administration is to put in another Republican as his successor."

Office Pays \$1500.

The committee indersed J. J. Stangel for the place, which pays about \$1500 a year, but Mr. Frye says he was willfor the place, which pays about \$1000 a year, but Mr. Frye says he was willing that any capable Democrat of Woodburn be appointed. Mr. Fry, soon after learning that Guiss was an applicant, went to the County Clerk's office and found that he registered as a Republican, in 1910 and 1912. It also was generally known that he was a Republican. Affidavits that the applicant was a Republican were sent to Senator Lane. A letter accompanying them urged him by all means to oppose the appointment. Mr. Fry received a telegram from Senator Lane last Monday saying that Senator Coamberlain had indorsed Guiss as a Democrat and a personal friend of his. Senator Lane said it was upon that information that his recommendation was based.

Mr. Fry telegraphed Senator Lane that night protesting against the appointment of Guiss and again calling attention to the records, which show that he is a Republican. The telegram concluded:

"In the interest of Democratic harmony in this county we ask that you withdraw your recommendation."
Senator Lane replied Wednesday as follows:

Lane Telegraphs "Teo Late Now."
