BUMPER CROP OF WHEAT FORECAST

RECORD HARVEST OF WINTER GRAIN PREDICTED.

Acreage Is Third Largest Ever vorable for Abundant Yield.

WASHINGTON, June 3.—A bumper wheat crop, sufficient to mill more than 180,500,000 barrels of flour and which may reach the proportions the record wheat harvest of 1901, if onditions from now on are exception ally favorable, was forecasted today the Department of Agriculture its June crop report.

Government experts estimated this year's harvest would be 744,000,000 bushels, of which 492,069,000 bushels will be Winter wheat-a record for this crop- and 252,000,000 bushels will be Spring wheat. The third largest acreage ever planted and favorable growing conditions account for the prospect for an abundant yield.

An increase of more than 1 per cen over last year's acreage was planted to oats this year, but the condition of this crop on June 1 was below the 10year average and officials estimate he production will be 1,104,000,000 bushels, or more than 200,000,000 bush els below last year's harvest. The acreage planted to barley was less than that of last year and the produc tion is estimated at 177,000,000 bushels.

VANCOUVER, Wash., June 9 .- (Spe

tal.)-Three couples in succession from Portland, today were refused man lage licenses here by William N. Mar. shall, County Auditor, because they did not have witnesses. One wanted to-be husband argued for 30 minute with the auditor, saying that in his particular case that the law should be set aside, and that the license should be granted, because he did not know anyone here. The new law in Oregon is throwing a large amount of money into the coffers of Clark County in marriage license fees at \$4.50 each.
June promises to be the largest nonth's business in Cupid's line, in the history of the county. When a couple are compelled to pay \$2.50 or more for a health certificate in Oregon in many cases they laugh at the law and come to this city and are married here. The ministers are profiting somewhat by the new regime and the Justice of the peace turns more fees into the county.

WASHINGTON, June 9 .- Holding that one shipper cannot sue for rebates as demanded because competitors received rebates, the Supreme Court re-versed the decision of the Pennsylvania courts awarding to the International Coal Mining Company, of the Clear-field region of Ponnsylvania, a judgment of \$12,000 against the Pennsylvania Railroad.

Justice Pitney dissenting, declared the decision practically annulled the right of shippers to sue for damages conferred by recent legislation, leaving a right to sue only in the almost ineligible instances, where the goods of a shipper came into competition with shipper came into competition with competitors who received rebates.

This and the binding over of Von Klein to the grand jury to answer to the charge of stealing \$3500 worth of diamonds from Miss Ethel Newcomb were developments yesterday in the celebrated case. Miss Newcomb withstood a terrific grilling by Attorneys Pitzgerald and Johnson for the defense, and emerged triumphantly.

Her charge that Von Klein, after participating in an illegal ceremony with her in San Francisco, fied with her diamonds, was corroborated by the tes-timony of Detective Day, who identified Von Klein as George B. Lewis, who was here at the time, posing as Miss Newcomb's husband, and by that of J. H. Marble, a barber at the Portland Hotel, who said he had known "Lewis" for 12 years and saw him the day of his flight with a handkerchief full of jewelry. He positivaly identified Von Klein. The defense offered no testi-

She said she knew of improprieties committed in Chicago by Miss Newcomb. The story she told was recognized by Detective Day as identically the same as one told him in Chicago by Mrs. Morrow.
