

COURT CONSIDERS UNEMERGING PLANS

Attorney-General Opposes Further Delay Asked For by Union Pacific.

MARKET IS DISREGARDED

McReynolds Says Any Loss Incurred by Railroad Will Be Result of Own Remissness—Exchange With Penny Asked.

ST. PAUL, June 12.—Attorney-General McReynolds served notice today that the Government was opposed to giving the Union Pacific Railroad any further extension of time within which to dispose of its holdings of Southern Pacific stock, as ordered by the Supreme Court.

In going so he made known to the railroad attorneys and to United States Circuit Judges Sanborn, Hook and Smith, at a hearing in the Supreme Court proceedings, his objections to the two latest plans proposed by the railroad for getting rid of its \$125,000,000 worth of Southern Pacific stock.

Mr. McReynolds declared that he could see no objection to the proposed exchange by the railroad of \$25,000,000 worth of its Southern Pacific stock (a little less than one-third of its total holdings), for \$21,000,000 worth of Baltimore & Ohio stock, held by the Pennsylvania Railroad. He asked the court for a brief time, however, within which to investigate the stockholdings of the various railroads involved.

Permit for Exchange Asked. Permission to make this exchange was sought by the railroad in a supplemental plan of dissolution filed today.

After hearing lengthy arguments on both sides, the court took the matter under advisement. No intimation was given whether the court would approve the plan submitted, involving a year's delay, would be approved or whether the court would follow the Attorney-General's suggestion and attempt to dispose of the stock itself through the medium of a receiver.

"We are anxious to comply with the mandate of the Supreme Court and dispose of our Southern Pacific holdings, but we are unwilling to sell it for the price we could get at the present state of the market," Chairman Lovett, of the Union Pacific board, told the court.

McReynolds Opposes Delay. "The Supreme Court ordered the Union Pacific to relinquish its Southern Pacific stock by July 1," responded Attorney-General McReynolds. "That time practically has arrived and the Union Pacific has not complied with the mandate. The time has come for this court to take this matter in hand and order something done, if loss is incurred by the immediate sale of the stock it will be the result of wrongful action on the part of the railroad."

In his statement to the court, Mr. McReynolds declared he had been hopeful that the financial interests would get together and arrange an exchange of stock whereby the Union Pacific would acquire the Central Pacific, which runs from Ogden to Sacramento, in return for its Southern Pacific stock. Failure to negotiate such a deal, he said, left the Government with no alternative but to institute an expensive litigation against the Southern Pacific to compel it to relinquish its control of the Central Pacific.

The two plans proposed by the railroad were explained to the court by N. H. Loomis, of Omaha, assistant to Judge Lovett. He thought the railroad should have a year to carry them out, if approved.

Good Faith Is Assured. In discussion of the primary plan providing for the sale of the stock by public subscription through the Interstate Commerce Commission, Judge Smith asked the railroad lawyer what there was to prevent the syndicate from fixing a prohibitive price on the stock, thus preventing a popular sale and thereby leaving control of the Southern Pacific in the hands of the Union Pacific.

Mr. Loomis professed that the railroad was acting in good faith and desired no prohibitive price placed on the stock. Judge Smith's suggestion that the court should fix a maximum for the minimum price provided the figure was not below par.

RAYMOND WILL BE HOST

Plans Are Laid for Entertaining State Aerie of Eagles.

RAYMOND, Wash., June 12.—(Special)—All arrangements have been made for the entertainment of the State Aerie of Eagles in this city three days, beginning June 15.

Committee have been working for months on the arrangement for entertainment, hotel accommodations, program and other essential features. While this will be the largest gathering ever assembled in the city, numerous smaller gatherings have given the citizens of Raymond good first-hand knowledge as to the manner in which they should be entertained. A special train will bring the Gray Harbor delegation numbering about 250, and a second special train bearing the members of Seattle and Tacoma Aeries numbering perhaps 400 will arrive on Wednesday, June 18.

TELEPHONE TO FIGHT FIRES

Lines Being Constructed to Summit of Strawberry Mountain.

PRAIRIE CITY, Or., June 12.—(Special)—Cyrus Bingham, of John Day, head forester of this reserve, under instructions of the Government is constructing a telephone line from the summit of Strawberry mountain to connect with the general telephone exchange at Prairie City.

The top of Strawberry mountain is 10,000 feet elevation and occupies a part of the forest reserve of this section. There will be a telephone station in charge of a competent operator on the extreme summit of the mountain, thus placing the entire reserve under the eye of Mr. Bingham at all times during the period of danger from fires, as the telephone exchange at Prairie City is in connection with all forest reserve stations in this district.

SALOON CASE IS WATCHED

Injunction Sought Against Third Barroom in Dallas, Or.

DALLAS, Or., June 12.—(Special)—The injunction proceedings against the opening of a third saloon in this city occupy the limelight. Each step is being watched closely by Dallas citizens. The last step was taken Sunday, when Attorneys Coad and Holman, representing the city, and District Attorney Uphoff, fortified with affidavits, invaded Tillamook, and prevailed upon the newly-appointed judge of this district, Webster Holmes, to hold court in this city tomorrow for the purpose of hearing a motion to dissolve the injunction. There is a question as to the legality of such a proceeding, owing to the fact that the first term of court in this county under the new district is in August of this year.

NEGRO FREE FOR FIVE DAYS

Court Grants Johnson Extension to Prepare Writ of Error.

CHICAGO, June 12.—Jack Johnson, negro heavyweight prizefighter, obtained five more days of freedom when Federal Judge Carpenter today granted him a five-day extension to prepare a writ of error to bring the negro's case before the United States Court of Appeals. Johnson was sentenced to a year and a day in the state penitentiary when he was convicted of violating the Mann white slave act. The suspension of sentence is now until June 19.

MRS. MORROW IS WITNESS

(Continued From First Page.) marriage to Miss Newcomb was polygamous.

The loyal backing given the prisoner by the woman yesterday was arrived at only after many waverings, in which at times Mrs. Morrow, on showings that Von Klein had deceived her, declared her intention of abandoning the fight, but each time she relented and returned to his side. Once it was shown her that a woman in Little Rock, Ark., supposed to be Mrs. Temple, one of his alleged victims, sent him \$100 since his arrival here. At this Mrs. Morrow decided to throw up the fight, but soon she changed her mind again, and announced that she would remain his friend.

As the aggregate bond for the prisoner is now \$10,000 cash, and her own is \$2000, and she is reported to have but \$5000 here, present release of the prisoner is unlikely. The grand jury probably will take up the case next week.

WASHINGTON, June 12.—How the Government Printing Office and the Postoffice Department helped in the fight against free sugar and the Congressional frank sent tons of anti-free sugar literature circulating throughout the land, was brought out today by the Senate lobby investigation.

Truman G. Palmer, Washington representative of the United States beet sugar industry, was on the stand the entire day, and as the subject of a sweeping cross-examination testified that more than 1,500,000 copies of arguments in behalf of beet sugar had been turned out by the Government Printing Office, made public documents by order of Congress, and had ridden on the franks of Senators and Representatives to the ends of the country, postage free. "Sugar at a Glance," prepared by him, he said, had attained a circulation of 250,000 copies under the frank of Senator Lodge. "Report of the Finance Committee," by the same Senator, had beaten the pamphlet by 80,000 copies.

Free Postage Big Saving.

The franks of Senator Smoot, ex-Senators Curtis and Dick and the late Representative Malby, ex-Representative Pickett and Representative Martin had swelled the total to more than 1,500,000. The printing of some of this matter had been paid by the beet sugar people, the witness said, but the free postage had saved them about \$25,000. Mr. Palmer developed that "Sugar at a Glance," which he intimated was inspired by the Federal Sugar Refining Company, and which was an argument in behalf of free sugar, also had been printed as a public document and circulated under the frank of privilege. He did not say, nor did the committee ask, whose frank was so used. Mr. Palmer said that the beet men had spent about \$160,000 in their campaign against free sugar since 1902. About \$50,000 had been spent last November and about \$14,000 of that amount since the beginning of the present Congressional session. Much of it had been spent in "publicity work" in printing, salaries and a good-sized sum in motion pictures. He said the beet men had spent the money in a very judicious way, and he said the last assessment was made in April, bringing in about \$18,000, and the previous one in February, about \$17,000.

Assessments Cover Needs.

"When did you make these assessments?" asked Senator Reed. "When we needed the money," Mr. Palmer said. "The committee in trying to find out all the details of how 'Sugar at a Glance' came to be printed as a public document, although Mr. Palmer was privileged for three hours on practically nothing else, when he left the stand committee members said they were amazed at the dark as they were when the pamphlet was first mentioned. Mr. Fitzgerald said he did not favor the settlement of the efforts to abolish it, and unless some final action was agreed on by the House he was willing to report an appropriation to continue its existence until the December session. This would involve an item of approximately \$30,000 to cover the salaries of the judges and employes and other regular expenses. "The judiciary committee probably will hold hearings soon on the Sims bill and on a measure introduced by Representative Broussard which would make the Commerce Court the Supreme Court in bankruptcy matters and in cases arising from the Philippines, Porto Rico and the Panama Canal Zone.

(From American Health Journal.) Shampoo either a dry, itchy scalp, or an oily head of hair with the thick soothing lather of this simple shampoo, which you can make at home by mixing a teaspoonful of castor oil with a cup of hot water. It will loosen every particle of dust and excessive oil, stimulate the hair roots to healthy action and restore the hair to its natural color while making it soft, glossy, fluffy and easy to do up. Nothing will so quickly restore faded hair to natural color after exposure to sun and winds.

For beautifying the complexion nothing equals this inexpensive, homemade lotion which, when applied to the skin, dries quickly and is invisible. It corrects complexion faults and gives the skin a velvety softness of texture and that much prized youthful tint. COURT NOT TO 'STARVE'

NEW LEASE WILL BE GIVEN COMMERCE TRIBUNAL.

Pending Settlement of Fate by Congress, Appropriation for Salaries Will Be Made.

WASHINGTON, June 12.—The Commerce Court, for which no appropriation has been made for the coming fiscal year, will be continued until the next session of Congress unless the Democratic caucus of the House will be held June 15 at least. This program was agreed on at a conference today between Representatives Fitzgerald, chairman of the House committee on appropriations; Clayton, chairman of the House committee on the Judiciary; Sims, of Tennessee, author of the bill to abolish the court, and Assistant Attorney-General Denton.

Mr. Fitzgerald said he did not favor the "starving" the court pending a settlement of the efforts to abolish it, and unless some final action was agreed on by the House he was willing to report an appropriation to continue its existence until the December session. This would involve an item of approximately \$30,000 to cover the salaries of the judges and employes and other regular expenses.
