

SLAIN DESPERADO MAY BE PETTYJOHN

Dayton, Wash., Man Believes The Dalles Corpse That of His Brother.

JURY EXONERATES SLAYER

Hope McCullough, Suggested as Possibly Being Dead Youth, Found Alive—Investigators Believe Drug Cause of Crime.

THE DALLES, Or., June 12.—(Special.)—Officers here today reported their original belief that the desperado killed Tuesday by Artie Harriman in defense of his home was Cecil Pettyjohn, of Dayton, Wash. This theory was again accepted today, after Hope McCullough, the Echo youth, was located alive by his brother Thomas, of Dayton, who yesterday feared it was he. A second confirmation of the first identification, as Cecil Pettyjohn, was given by his brother Thomas, of Dayton, who talked to Coroner Burget over the telephone.

Thomas Pettyjohn telephoned to the Coroner today, he said Cecil started toward The Dalles several days ago, adding that he was "reasonably sure" the dead desperado is his brother. He will reach The Dalles tomorrow morning, when the mystery may be cleared up.

Killing Held Justifiable. "Justifiable homicide" was the verdict returned by the coroner's jury this afternoon in the case of a man who was breaking into the Harriman ranch-house, eight miles south of The Dalles. The coroner's jury went into session yesterday afternoon at 3 o'clock, the investigation lasting until after midnight, when it adjourned until 1 P. M. today, returning a verdict two hours later.

The jurors were ready to exonerate Harriman yesterday, but believed the dead man had been definitely established as Cecil Pettyjohn, who returned a verdict two hours later. The jurors were ready to exonerate Harriman yesterday, but believed the dead man had been definitely established as Cecil Pettyjohn, who returned a verdict two hours later.

Ed Wallace, who was made captive by the desperado at the E. Hire ranch Tuesday and compelled to walk to the William Richman farm and break into the house and search for a pair of spurs, testified at the coroner's inquest that the wild stranger urged Wallace to kill him (the desperado), saying his life was not worth anything and that there was a reward of \$10,000 for him, dead or alive. Wallace refused and then the unknown man shook hands with Wallace and walked away.

Girl's Information Valued. The opinion first held by the officers, that the dead man was Pettyjohn, was based on information received from Miss Besie McCullough, of Echo, Or., from whom the dead man had received several love letters which were found on his person. The girl identified the desperado as Cecil Pettyjohn, whose brother Thomas, at Dayton, confirmed the identification in talking to Coroner Burget over the telephone. Identification was then believed definitely established, but E. K. Ware, ex-postmaster of Echo, and C. R. Bonney, formerly of Echo, viewed the body yesterday and made the announcement that the dead desperado either was John or Frank McCullough, of Echo. Both McCulloughs, however, have been seriously crippled by the desperado's attack on their brother's ranch near Echo, but they said the dead man might be their brother, Hope McCullough, whose whereabouts was not known, saying the description tallied with their brother. Coroner Burget this afternoon received a message from Hope McCullough, saying they had located their brother Hope.

NEW LAW CAUSES STRIKE

Springfield Teamsters Return to Work Without Definite Agreement.

SPRINGFIELD, Or., June 12.—(Special.)—What promised to be a serious strike of teamsters employed by the City of Springfield, has temporarily settled and the men are all at work again. Had they remained out, pending operations, which have just begun, would have been seriously crippled. The men struck against a reduction of hours of labor, resulting from the new state law, which went into effect last week. The teamsters are back at work without a definite agreement as to the wages they will receive, but it is said that the City Council is inclined to be liberal. The wages for teamsters before the new law went into effect were \$5 a day for man and team, but they were reduced to \$4 a day for the shorter hours.

The Clark & Henry Construction Company, which has a contract here, pays its men with teams \$4.50 a day for eight hours, and it is thought that the city will agree to that wage.

CAMPAIGN STOPS BUSINESS

Broker, Once Candidate, Has No Report to Make.

SALEM, Or., June 12.—(Special.)—Upon his own admission, a candidate for Commissioner played havoc with the private business of E. C. Mears, of Portland, who has applied for a license to do business under the blue sky law, which became operative June 3, wrote to Corporation Commissioner Watson, explaining: "I was so busy with campaign matters I had no time to transact any other business." W. E. Davidson, of Portland, was the first stock broker to apply for a license. Under a ruling of Mr. Watson, all corporations dealing in stocks and bonds for a profit are stock brokers and are conducting their business at their own risk until licenses are obtained. It will take at least four months to examine reports submitted by brokers preliminary to passing upon their qualifications for licenses.

Clam-diggers Are Left "Stranded" in Middle of Bay.

RAY CITY, Or., June 12.—(Special.)—Will Spalding and T. M. Terry, of Tillamook, had a narrow escape from drowning today while digging clams on the sand flats opposite Bay City. The men became interested in the clam and overtook the incoming tide until it had peaked at their boat, which they had backed at low water, and carried it away, leaving them "stranded" in the middle of the bay. A passing boat noticed their predicament and took them aboard, landing them at Bayocean. The tide carried their boat, containing their coats, shoes and fishing tackle, across the bay towards Bay City, where it was discovered by small boys, who brought it ashore. Excitement in the mean time ran high until the fate of the clam-diggers was learned.

for the health and happiness of her family, simplifying her house-keeping problems and relieving her of worry and care. In making Shredded Wheat Biscuit we steam-cook the grains of whole wheat, draw them out into delicate, filmy shreds, form them into little loaves or Biscuit and bake them a crisp, golden brown. Because of its biscuit form you can do so many things with Shredded Wheat which you cannot do with other breakfast cereals.

For breakfast heat the Biscuit in the oven a few moments to restore crispness; then pour milk over it, adding a little cream; salt or sweeten to suit the taste. It is deliciously nourishing and wholesome for any meal with stewed prunes, baked apples, sliced bananas, preserved peaches, pineapple or other fruits. At your grocers.
