

OLD STYLE SUMMER BAKES CHICAGOANS

Drownings and Prostrations Numerous.

HEAT WAVE IS WIDESPREAD

Fatalities Expected With Return to Work Today.

GRAIN TRADERS ANXIOUS

Buying Orders Placed for Opening of Board Today in Belief That Great Area of Wheat Is in Danger of Drouth.

WARM WEATHER PREDICTED.

WASHINGTON, June 15.—Warm weather with clear skies over the greater part of the country is predicted for the coming week by the Weather Bureau.

No important storm is charted to cross the country in the week, although a disturbance of minor intensity will form Tuesday or Wednesday over the Western plateau region.

CHICAGO, June 15.—(Special.)—Good old sizzling Summer, who has been lurking in the offing ever since last Winter, entered boldly into the open today and baked, blistered and roasted Chicago and all its adjacent territory to a fine brown.

Owing to the fact that it was a holiday, there were no deaths, as the population was able to avoid the heat, which came down suddenly; but there were numerous prostrations, five of them being serious.

Numerous Drownings Reported.

At Cedarlake, Ind., three men were drowned and two other occupants of their boat rescued by guests at Clark's Hotel. Edward O'Hara, aged 24; Chris Kaitrous, 28, and Nicholas Kaitrous, 32, were the victims. They sank at a point where the lake is 40 feet deep and their bodies have not been recovered.

In Milwaukee there were 12 serious prostrations and four drownings. Otto Schroeder, aged 21, drowned at Evergreen Park, in the sight of thousands of pleasure seekers, who were unable to rescue him. Charles Lasco, aged 24, drowned in Wauwatosa pond. John Noonliu, aged 69, a Civil War veteran, perished while trying to escape the heat by swimming in the lake at the Soldiers' Home.

Woman's Rescuer Loses Life.

Charles Johnson, aged 37, lost his life while rescuing a woman who had fallen from a boat. He managed to hold her until assistance came and dragged her to safety, but Johnson, overcome by his exertions, sank back to death himself.

Five additional drownings are reported from various Northern Illinois lakes, patronized by Chicagoans, who were fleeing from the stifling heat of the city.

That the heat wave is general over the Middle and Central West is shown by a comparison of temperatures. Chicago, St. Louis, Montgomery, Jacksonville, Fla.; Kansas City and North Platte, Neb.; all sweltered under temperatures of 84 degrees. Cincinnati was four degrees cooler. New Orleans was 10 degrees cooler than Chicago, while Phoenix and Tucson, Ariz., were two degrees hotter. Omaha, St. Paul and Des Moines baked under 96 degrees.

Wave Expected to Extend.

Weather forecasters do not hold out any hope of immediate relief. They predict the heat wave will continue several days and spread over other sections of the country, chiefly South and East. The far Southeast is just recovering from the coldest June weather it ever experienced, which may explain why Florida points were cooler today than Chicago, or even Green Bay, the much advertised frigid resort of Wisconsin.

With thousands enervated by today's sudden heat resuming work tomorrow, it is feared the death toll will begin to swell in this city.

Wheat traders are anxious over conditions bordering on disaster in the Northwest and it is understood heavy buying orders have been placed for the opening of the board Monday. Heavy rains in some limited districts have been of vast benefit, but there is a great area in peril for lack of moisture.

PRINCE MADE "PRISONER"

Waives in Maneuvers as Private Searched for Dispatches.

LONDON, June 15.—(Special.)—The Prince of Wales, who is serving as a private in the officers' training corps, which is out for annual practice near Aldershot, was taken prisoner in the maneuvers on Saturday. His pockets also were searched.

The Prince was sent on scouting maneuvers near the camp on Friday. He was ambushed and captured by the "enemy" and had his rifle and cartridges taken from him. He was also searched for dispatches. The Prince was jolled by his captors, who did not recognize him. He was, however, rescued shortly afterwards by his own corps. His captors fled.

RIGHT COOKING TO CUT LIVING COST

KANSAS SAVES \$1,000,000 BY TEACHING WOMEN.

Seven Hundred Girls Complete Domestic Science Course in State Agricultural College.

TOPEKA, Kan., June 15.—(Special.)—Through the teaching of domestic science and economy in the home, Kansas gained \$1,000,000 last year and the amount will be increased at the rate of \$500,000 a year until practically there will be no waste food in the entire Sunflower state. That is the aim of the Agricultural College, and the state is spending \$40,000 a year to help in cheating the garbage can.

Seven hundred girls completed the domestic science course at the Agricultural College last week, and the college has just closed its movable cooking schools, which were attended by 11,000 women during the ten weeks which they were operated.

Kansas decided two years ago that the way to cut the high cost of living was to stop the waste that goes out of kitchen doors and into the garbage can. One of the plans was the movable cooking schools and the other was high school domestic science work.

BOOTH'S SWEETHEART DIES

One of Last Acts Is to Write Apology for Lincoln's Assassin.

BIRMINGHAM, Ala., June 15.—(Special.)—In a corner of a cemetery at Birmingham, Ala., practically unnoticed, was buried the body of the woman whose name will be handed down in history as the last sweetheart of John Wilkes Booth, the actor, who killed Abraham Lincoln.

She was known as "the woman of many loves," but the crowning affection of her life was the soulful-eyed, handsome, dashing, fiery tragedian whose deed shocked the whole world in his day.

One of the last acts of this woman's life was to publish an autobiography in which she based the great love of her life and sought courageously in even this late day to lift some of the stain which clings to Booth's name by mitigating his deed.

QUEEN MARY BARS POKER

Guests Must Eschew Baccarat and Make Bridge Stakes Light.

LONDON, June 15.—(Special.)—When Queen Mary's guests at Windsor Castle for the Ascot races assemble at the card tables after dinner they will find printed notifications that baccarat and poker are barred and that stakes at bridge must not exceed half a crown a hundred points.

Heretofore baccarat has been the favored gambling game at this Windsor race party and exceedingly high stakes have been played for. Lately Queen Mary has been carrying on a campaign against gambling among members of the royal household, and especially among the ladies-in-waiting, who have thus sought relief from the dullness of the court. Betting on the races among the royal servants is also prohibited, but it nevertheless goes on to a tremendous extent.

It is expected that at next year's Ascot party there will be no card tables at all.

24 INJURED IN COLLISION

Trolley Car Telescopes Another in Darkness on Curves.

ST. LOUIS, June 15.—Twenty-four persons, most of them women and children, were injured in a rear-end street car collision on the Creve Coeur Lake line in St. Louis County tonight. Mrs. Dora Bingham and Mrs. Regina A. Carothers probably will die. A score of others were bruised and cut by flying glass, but refused to go to a hospital.

Both cars were open air cars carrying about 100 picnickers each. The trolley of the first car came off just as it rounded a curve, leaving the car in darkness. Before the trolley had been replaced the second car, running 40 miles an hour, crashed into the rear. The cars were interlocked and both telescoped.

ATLANTIC LET IN CANAL

Gatun Locks Flooded: Dredges Now to Excavate 2,000,000 Yards.

PANAMA, June 15.—(Special.)—The water from the Atlantic Ocean was let into the lower level of the Gatun locks yesterday.

This was for the purpose of testing the valves and the test was considered completely satisfactory. Dredges will now complete the excavation from the ocean to the locks, which will amount to about 2,000,000 cubic yards.

YALE COMMENCEMENT ON

President Hadley Pleads for More Courageous Thought.

NEW HAVEN, Conn., June 15.—The commencement exercises of the 213th year of Yale University were formally begun this morning with the baccalaureate address of President Hadley. His address was an earnest plea for more courageous thought in this "an age of reform movements."

THREE MONARCHS STAND FOR PEACE

Berlin Meeting Gives Room for Optimism.

NO ULTERIOR DESIGN SEEN

Albanians Still Factor in Settlement of Conflict.

BRIGHT FUTURE PREDICTED

Tacé of 3,000,000 Produces High Percentage of Fine Soldiers and Able Men, but Feared Slavs Like Turks.

BY DR. WOLF VON SCHERBRAND.

VIENNA, June 15.—The results of the tri-monarch meeting in Berlin are judged throughout Austria-Hungary as being more important for what they promise in the future than what they actually mean in the present.

Though strictly of a family and private character, it is pointed out in the press of this monarchy, the crowned heads of the three most powerful European nations could not possibly meet on an extremely friendly basis and discuss their affairs without a reflex effect on their own nations and on the rest of the world. It is here pointed out that even if no formal agreement to that effect has been reached between the monarchs of England, Russia and Germany, at least a tacit understanding has been had to prevent a general conflagration growing out of the great Balkan wind-up.

No Ulterior Design Seen.

As one of Austria's leading statesmen put it to me: "All three monarchs have convinced themselves that neither England nor Russia nor Germany harbors ulterior designs in this whole gigantic upheaval; on the contrary, that the chief purpose of each is to bring about a lasting and fruitful peace in the Balkans as well as in Asiatic Turkey. And the Anglo-German-Turkish bargain in regard to the Bagdad Railway came very much apropos to clinch the point, for it terminated to mutual satisfaction one of the most dangerous controversies of years' standing."

"Besides which, Emperor William no doubt has been able to convince both the Czar and King George that the enlargement of Germany's army has absolutely no sinister meaning. We, as Germany's close ally, cannot but feel highly elated at these results, since we benefit from them in equal measure."

As regards the condition just now of the Balkan belligerents and their disposition towards each other, the peace

LIEUTENANT WINS 2 RACES

Airship Carries Him 80 Miles in 90 Minutes Between Events.

BERLIN, June 15.—(Special.)—Lieutenant von Egan-Krueger, the noted horseman, won the steeplechase at Midsgeberg this afternoon. Immediately after the race he flew to the Guenwald, near Berlin, in a biplane.

He made the trip of 80 miles in 90 minutes and arrived just in time to ride his own horse and win the Potsdam gold cup.

MINE OPERATORS PREPARE DEFENSE

Blame for Conflict Will Be Denied.

STORY OF GUARD ATTACKED

What Committee Can Do Now Interesting Question.

REMEDY NOT MADE PLAIN

Legislation Possible Only as to Interstate Features—Miners Getting Together Documents for Presentation.

MINERS VOTE TO RENEW STRIKE IN PAINT CREEK FIELDS.

CHARLESTON, W. Va., June 15.—(Monday.)—Word came to Charleston early this morning from various sources that the miners at work in the mines on Paint Creek and Cabin Creek had voted, at a mass meeting yesterday, to renew the strike which for a year has convulsed the coal-field. According to reports reaching Governor Hatfield, meetings at Eskdale and in the mountains above Kayford voted not to return to work this morning.

The miners were at work under an agreement framed by Governor Hatfield and agreed to by miners and operators. Representatives of the miners appearing before the Senate committee investigating the strike received confirmation of the report that the strike would be renewed this morning.

Governor Hatfield was at the executive office early this morning awaiting further word from the field, and the suppressed excitement in Charleston increased.

CHARLESTON, W. Va., June 15.—The coal mine operators of West Virginia will begin presentation of their case tomorrow before the Senate mine strike investigating committee. The attorneys for the operators lined up today scores of witnesses they will produce to show that they are not to be blamed for the conditions which threw the Paint and Cabin Creek mining districts into a state of civil war.

Much of the activity of the mine operators' lawyers will be directed toward breaking down the story of Lee Calvin, an ex-mine guard and star witness for the miners, who told the committee Saturday of his experiences on the armored train which shot up the camp of the miners at Holly Grove on

EXTINCT VOLCANO TO BE FORTRESS

TROOPS STORE SUPPLIES IN HAWAIIAN CRATER.

Americans Lay Out Gardens and Build Living Quarters for Possible Extended Siege.

BOSTON, June 15.—(Special.)—American troops in the Hawaiian Islands have taken possession of the crater of a large extinct volcano situated on the coast, and are working night and day to convert it into a fortress capable of withstanding a long siege. Ammunition and food supplies are being stored within it, guns are being mounted, a water supply has been arranged for and gardens have been planted on the slopes of the crater to provide food and thus render the place self-sustaining in case it is besieged for any great length of time.

This information reached Boston yesterday from an authentic source in Honolulu, and the communication further said that Americans residing in the Hawaiian Islands, including troops, are much exercised over the Japanese situation.

The communication says that Americans have moved into the crater bag and baggage; that living quarters are being prepared within, and that guns are being mounted all around the rim so that a fortress capable of resisting an attack either from land or sea will confront any forces that may try to attack the place.

BRIDE WRITES HER LICENSE

Deputy County Clerk Completes Work With Unique Experience.

ALBANY, Or., June 15.—(Special.)—To write her own marriage license was the experience Saturday of Miss Daisy D. Savage, a deputy in the County Clerk's office. When Truman D. Babb appeared at the Clerk's office shortly before 5 o'clock and asked for a marriage license, the other members of the staff insisted on Miss Savage writing it, and she took up the task bravely.

"What is the lady's name?" laughingly asked Miss Savage, with the customary query when that part of the proceedings was reached. Babb gave the deputy her own name and it was written in. R. M. Russell, chief deputy in the Clerk's office, signed the necessary affidavit for the issuance of the license.

Miss Savage has issued a great many marriage licenses and the issuance of her own was her last official act as a deputy County Clerk. She and Mr. Babb will be married next Tuesday, the bride's birthday.

SOLDIERS ON LONG HIKE

Sergeants to Tramp 3,500 Miles to Show Advantages of Army.

NEWPORT, R. I., June 15.—(Special.)—To give a better idea of the advantages of the Army of the United States, Louis A. Mohr, late sergeant of the One Hundred and Ninth Company, Coast Artillery, stationed at Fort Grable, and Sergeant Karl Ritzman, of the Eighth Company, Rhode Island Guard of Pawtucket, left this afternoon on a 3,500-mile hike to San Francisco.

Mayor William MacLeod presented them with letters to the Mayor of Newport, Ky., and Mayor Rolph, of San Francisco.

BULGARIA AGAIN SHAKEN

Earth Still Rumbles at Tirnova, Where Many Persons Are Killed.

SOFIA, June 15.—The earthquakes of yesterday were renewed today in many parts of Bulgaria. Two violent shocks occurred today at Crabovira, where much damage was done.

The seismic disturbances at Tirnova continued throughout Saturday and the rumbling of the earth had not ceased this morning. At that place many people were killed and churches and private buildings were damaged. Thousands are homeless and destitute.

WOMEN TO STUDY POLITICS

Classes to Open as Soon as Dunne Signs New Suffrage Bill.

CHICAGO, June 15.—Special classes in politics for women are to be opened in some of the churches as soon as Governor Dunne signs the woman's suffrage bill passed by the Legislature last week.

The first of these classes was announced today by the People's Liberal Church.

AUSTRIA ORDERS AIRSHIPS

Six Zeppelins, Armed With Machine Guns, to Be Delivered After 1914.

VIENNA, June 15.—The visit to Vienna of Count Zeppelin in the dirigible airship Sachsen, a few days ago, according to the report here, has impelled the Austrian government to order six Zeppelins for delivery after 1914. They are to be armed with machine guns.

THREE RISE 15,480 FEET

Perreyon and Two Passengers Set New Aviation Altitude Record.

VIENNA, June 14.—The French aviator, Edmund Perreyon, who holds the world's altitude record for an aeroplane, both for pilot, and pilot and one passenger, broke the world's record for carrying two passengers today. He reached a height of 15,480 feet.

VON KLEIN NAMED IN ANOTHER THEFT

Story of Robbery and Death Told.

FOUR WOMEN ACTIVE IN CASE

Mrs. Morrow Would Besmirch Miss Newcomb's Character.

'MISS VERMONT' SENDS AID

'Mrs. Weber,' Who Charges That Prisoner Drugged Her and Stole Valuable Diamonds, Desires Freedom Shall Be Denied.

While four women in widely scattered sections of the country are bending every effort to affect the status of Edmond E. C. von Klein, held here under indictments charging him with stealing Miss Ethel Newcomb's diamonds and with living polygamously with her, a new charge against the prisoner has developed, making the fifth misdeed attributed to him with some degree of supporting evidence.

The newest accusation is supplied by James Anderson, a Minneapolis commercial traveler, who was a witness before the grand jury which returned the indictments against Von Klein last Friday. Mr. Anderson was called merely to testify that he knew Von Klein in Minneapolis, and that the prisoner was the lawful husband of a woman in that city. Outside the grand jury room, however, he gave a veiled account of a transaction said to have occurred in Minneapolis, following the same line as other exploits charged against the prisoner.

Restitution Is Forced.

Knowledge of the story attributed to Mr. Anderson is denied at detective headquarters by the District Attorney's office. It is to the effect that Von Klein, while living in Minneapolis, became involved with a married woman and gained possession of her diamonds. There came an exposure, the husband pursued her, and the husband resorted to part of the jewels. For this reason the charge is not one out of which a criminal prosecution may develop.

Of four women who are now active in the case, one is in Oregon, another in Arkansas, a third in Missouri and a fourth in Chicago. Two are doing what they can to keep the man in jail and two are striving to effect his release.

Mrs. Morrow Leaves.

Most interesting of the four is Mrs. Rena R. Morrow, third Chicago woman recently acquitted of the murder of her husband and who was Von Klein's bondsman to the amount of \$14,000 in Chicago. She left Portland, it is believed, Saturday night, after being here a week with the purpose of effecting his release under bond of \$20,000. While her name was put into the position of a witness against him and is under bond of \$1000 to appear at his trial.

Mrs. Morrow's avowed purpose in returning to Chicago is to probe for evidence against the character of Miss Ethel Newcomb, who is the witness against Von Klein in the trial here. Before leaving she swore to a "fugitive from justice" complaint which will be held in abeyance until its use becomes necessary.

"Mrs. Weber's" action was made necessary by the sudden change of front on the part of the third woman in the case, Mrs. C. A. Temple, of Little Rock, who identified Von Klein in Chicago as Weaver B. Clark, who stole her diamonds in Milwaukee.

Change of Front Made.

At that time she seemed determined to prosecute him, but since his incarceration here he has received sums of money and telegrams from "Miss Gertrude Vermont" of Little Rock, and the police are positive that this is a pseudonym used by Mrs. Temple.

The fact that Von Klein received \$100 from "Miss Vermont" was exhibited to Mrs. Morrow in an effort to undecieve her as to the prisoner's attitude toward her, but Von Klein told her that he had spurned the money and sent it back. Even when she was shown where the sum was credited to the prisoner on the books at the County Jail, she refused to believe that he was "double-crossing" her.

Miss Newcomb Has Admirer.

The fourth woman in the case, pretty Ethel Newcomb, who, 18 months after being deserted and robbed at the Portland Hotel, by "George B. Lewis," saw Von Klein in Chicago and identified him as the absconder, is living quietly
