

MISSING WITNESS' BODY FOUND IN SEA

Water Gives Up Private Crawford; One Flees to Canada, Third in Hospital.

SOCIALISTS STILL ACTIVE

Papers Attack Army Authorities Who Are Prosecuting Coffman on Treason Charge—Commander at Post Explains Stand.

PORT STEVENS, Or., June 20.—(Special.)—In the discovery of a body declared to be that of Private Crawford, the location of Private Lowe in a hospital at the Presidio near San Francisco, and a letter from Corporal Shade indicating that he fled to Canada on deserting from this post, the mystery that has surrounded the disappearance of the Government's three important witnesses, in the case against Private Waldo Coffman, who is charged with spreading treasonable propaganda among the troops, is believed to have been partly cleared up.

Identification is Strengthened. It is also so in the fact that certain insignia missing from the uniform were not worn by Crawford because he had been recently transferred from the Ninety-third Company to the quartermaster's corps and as a consequence had not been supplied with the ornaments worn by that branch of the service.

Private James Crawford disappeared the night before the trial of Coffman was to begin. He was last seen in a saloon on the riverfront in the City of Hammond.

The bartender who was in charge of the place on the night of the disappearance, when interviewed about the occurrence, said that though Crawford had been drinking, he observed that he seemed anxious to go to his quarters and that he could not in any sense of the word be termed drunk.

Another Missing Man Found. Another of the three missing witnesses, Private Lowe, who failed to report from the Presidio, has been discovered in a Government hospital at the California post. Deposition of his evidence has been obtained.

A letter received by one of the soldiers from Corporal Shade, who prior to his desertion, had acknowledged that he was offered heavy bribes, indicates that he is now in Canada. Shade was subjected to continual threats by Coffman's friends and testified on the first day of the trial that he was offered \$100 and suit of clothes to desert. It is generally believed that the Government will take steps to extradite him from Canada.

The Army authorities are anxious to learn just what pressure was brought to bear on Shade to induce him to desert, as it is a known fact that he was not satisfied with the service. Another significant point is that it has been discovered that the suit of clothing which he wore when he left belonged to one of Coffman's most intimate Socialist friends.

Colonel Explains Opinion. It is reported that Colonel Straub, commanding officer, indignantly refutes the idea that the Socialists are responsible for the disreputable tactics that have been adopted at Port Stevens. In fact he declares that the methods so far adopted are entirely proper and certainly not those of any political party. On the other hand he is being bitterly denounced by the leading organ of the Socialist party, the Appeal to Reason. He has been denounced in unmeasured terms by the Astoria Socialist paper, the Oregon Ballot, which alleges that Coffman is to be "railroaded." Socialists have subscribed to the Oregon Ballot for the Colonel for an indefinite period.

Coffman triumphantly announced the day before he was placed under arrest that in three weeks he would have the Colonel converted. It seems that the Colonel converted, it seems that the Colonel believed that Coffman held rather advanced ideas also.

Private Cameron, who was also investigated some time ago, told the Colonel that though he was not a member of the I. W. O., he was in sympathy with them, or words to that effect. He said capitalists, soldiers and open-air men were not admitted to membership in the I. W. O. Colonel Straub thereupon told Coffman to take charge of Cameron and try to bring him to an understanding of the danger of such ideas.

CORONER IS NOT POSITIVE

Body Found in Grays Harbor Garbed in Soldier's Uniform.

ABERDEEN, Wash., June 20.—(Special.)—According to Coroner R. F. Hunter, the body found in Grays Harbor near here and believed to be that of Private James Crawford, of Fort Stevens, has not been positively identified.

SUMMER GAMES PLANNED

Boys and Girls Will Tax Parks of City to Capacity.

Robert Krohn, physical director, has planned several athletic events to take place during the summer at the different public playgrounds. The 11 parks and playgrounds will be taxed to the limit when the young athletes start practicing for the meet.

Events will be held for girls as well as for boys but the method of segregating the various competitors will be different this season. The boys will be divided into three classes, those 4 feet 3 inches and under, those between 4 feet 3 inches and 5 feet six and the third class, known as the seniors, will be over 5 feet 6 inches but under 21 years of age.

On the Fourth of July a league will be formed comprising all the public playgrounds of the city. Each playground will hold meets in order to choose the athletes who will compete at the final meet held some time in August.

For the Fourth of July Mr. Krohn has scheduled for the 11 grounds a 50-yard dash, 75-yard dash, 100-yard dash, a relay race, three-legged race, an obstacle race and a somersault race. These events are for the boys, while the girls will compete in the following: Run and walk races, run and turn about race, flag race, relay, throwing the basket-ball for distance and throwing the medicine ball for distance.

This year the giving of an official emblem to the winner of each event will be inaugurated. The emblem will be a large letter of the alphabet, the letter "P. P. P." across it, the letters standing for Portland Public Playgrounds. Each park will have separate colors and the program will be made up so as to designate one park from the other. Should a young athlete be able to win more than one event he will be given a star for each win, which is to be placed on a circle outside of the original one.

More than 300 members of the police and fire departments held a "get-together" social and dance at Swiss Hall last night when the Portland Fireman's Band was the host to members of the police department. Members of the police and firemen's bands, both unique organizations, were present and serenaded the guests.

Plans for a monster benefit, at which both bands will play and which will raise funds to send the firemen's band to New York City this Fall for the convention of the fire chiefs of the Nation, were laid out and committees appointed. On behalf of the police band, Police Captain Keller offered their assistance in the benefit, which will be some time next month.

Speeches were made by Chief Engineer Battalion Chief Jay Stevens and Police Captain Keller, among others.

Plans for a social club whose object will be to bring together and encourage harmony between the police and firemen, were discussed, and a committee to arrange for social evenings, dances and speakers of police and firemen were appointed.

Closer co-operation of the fire and police department members was the theme of the evening's talks. The feeling, which has been for some time in both departments, that the two allied branches of the public service were not working in unison, it was declared, should be removed and the close cooperation of both branches for social and service purposes was aimed at.

WALLA WALLA, Wash., June 20.—(Special.)—With the biggest delegation at the Saengerfest which opened today, Portland is occupying most of the limelight in Walla Walla. The registration books at headquarters show that 41, and Seattle tied with 38. The total registered this evening is more than 200, with a few yet to come tomorrow.

One of the features of the big concert at the Keylor Grand theater last night was the singing by a mixed chorus from the Arion Society of Portland. The song "Forest Worship," from Abbott and Becker from Lucia, from Donizetti. L. E. Foster directed them. The only other organization to sing a separate group was Spokane.

All the arrivals were met at the depots by a delegation of the local Maennerchor and the Walla Walla band and escorted to headquarters. This afternoon the first rehearsal of the massed choruses was held, it being directed by Edgar Fischer of Walla Walla. The singing tonight was a grand concert of the week. The Walla Walla symphony orchestra, augmented to 40 instruments, played accompaniments to the 40 voices. Soloists were Mme. Heise-Sprotte and Mme. Wright Herbel. The event was the biggest event witnessed in the history of Walla Walla, which drew the largest crowd.

Following the concert a banquet was served. Mayor Gillis gave the address of welcome tonight and Jacob Schaefer, of Seattle, gave the reply.

The business meeting will be held Sunday morning. Boise is working hard to get the next meeting, and is endeavoring to have a Saengerfest held in 1914. In the past they have held it but once each two years. Tomorrow the parade will move at 10 o'clock, and in the afternoon an open air concert will be given and at the Keylor Grand theater tomorrow night, it, too, will be followed by a banquet. A volkfest will be the feature Sunday. The singers have taken possession of Walla Walla. Whistles and signs are everywhere and the visitors are taking advantage of them. In the afternoon processions of singers marched up and down the streets, playing pranks, singing, stopping traffic and having a good time.

Discrimination is Charge. Portland Fuel Dealers Ask for Uniform Rates in Future. SALEM, Or., June 20.—(Special.)—Alleging that the O. W. R. & N. and the Portland Railway, Light & Power Company discriminated in their rates for delivering coal and wood in certain parts of Portland, the Portland Fuel Dealers' Association yesterday appealed to the State Railway Commission to have the rates made uniform.

CRUSADE ON MILLIONS BEGINS IN CHICAGO

Trades Council Blocks Chance for Arbitration by Voting to File Lockout Ultimatum.

LEADERS RESENT ATTITUDE

Building Construction Employers Precipitate War by Ordering Lockout—Number of Men Out Is Estimated at 20,000.

CHICAGO, June 20.—(Special.)—Building trades were thrown in a turmoil today when Chicago employers locked out 20,000 unskilled employees as the first step in a crusade on the part of the Building Construction Employers' Association to break unionism in Chicago.

An opportunity for arbitration following the sending of its members out on strike back to their work on the Continental & Commercial National Bank building, thus automatically ending the lockout, was put aside by the Building Trades Council tonight. The 150 delegates to the executive session of the Council voted to file the lockout ultimatum and to leave further action in the hands of their officers.

Until this action by the Council the members of the employers' association expressed themselves as hopeful that the men on strike would go back to work in the morning. This, they said, would put the association in a receptive mood for overtures for arbitration.

Employers Refuse to Yield Point. E. N. Craig, secretary of the association, said that the return of the men on strike and the calling off the dogs of the lockout would not commit the association to arbitration.

The association wishes to arbitrate all questions which have arisen within the last several months. The Building Trades Council officers say they are taking up the demand for the return of the men on strike and especially to take up the demand for the return of the men on strike and especially to take up the demand for the return of the men on strike.

Lockout May Affect 60,000. Mr. Craig says that the employers have done everything they could within to avoid a labor dispute. Mr. O'Donnell said tonight that there were only about 200 men so far affected. Should all the contractors in the city obey the lockout order there would be 60,000 men out. The number of men out as estimated at headquarters of the Employers' Association is 20,000.

A meeting of the executive board of the employers was held this afternoon at which more plans for the continuation of the lockout were made for the Trades Council refuse to send its men back to work. These plans were not made public, but Mr. O'Donnell said Mr. Craig presupposes the hiring of non-union men to take the place of the men locked out. Such a thing, admitted the secretary, would be repulsive to the employers.

Officers of the Trade Council will meet tomorrow afternoon to discuss further the situation and take such action as they deem fit. Strikes were ordered in other cities on contracts for Window Glass, Chicago Ordnance Works and the Iron Company, Winslow Bros. locked out four journeymen and one shop apprentice. Their contracts in a dozen cities will be ordered struck.

STORM HITS PENNSYLVANIA. Death and Destruction Follow in Wake of Rain and Wind. PHILADELPHIA, June 20.—An unusual thunder storm, preceded by wind of great velocity and accompanied by tremendous downpour of rain, visited this city for a few minutes tonight, inflicting death and destruction upon a strip of Eastern Pennsylvania. Wire service for several hours was practically at a standstill. Southern New Jersey and Delaware, a 14-year-old boy was blown out of a cherry tree in Pottsville and instantly killed. In a portion of the city, trees were blown down and traffic suspended for more than an hour. Telegraph and telephone poles and wires were blown down in many sections and several people were injured by falling signs and loose bricks blown from chimneys.

NEW YORK, June 20.—A severe electric storm, accompanied by heavy rains, hail and high wind, which struck this city tonight did considerable damage. Telegraph and telephone service was demoralized, trolleys communication crippled by fallen wires and washouts.

WASHINGTON, June 20.—After the Cabinet meeting today it was said at the White House that President Wilson would sign the ready bill appropriation bill with its provisions for prohibition of its funds for prosecution of labor unions and farmers' organizations under the anti-trust law.

The President, however, will write a memorandum giving his attitude toward the exemptions and his reasons for signing the bill, nevertheless. W. E. CAMPBELL SOUGHT Mrs. Nettie Foster, of Roseburg, Asks Governor to Aid in Search.

SALEM, Or., June 20.—(Special.)—Mrs. Nettie Foster, of 304 Mill street, Roseburg, has written to Governor West asking him to locate William E. Campbell. She writes: "I have tried to find him through the pension department, but failed. He drew his April pension at Glendale, Or."

Lad of 16 to Wed Girl of 18. VANCOUVER, Wash., June 20.—(Special.)—Only 16 years old, but armed with the consent of his mother, Mrs. Jennie McMillen, Alonzo Glen McMillen today secured a license to take a girl himself a wife, Miss Lucy Bernash, 18 years old. Mrs. McMillen accompanied her son to the county clerk's office and gave her written consent to the marriage.

met twice before, with honors even, and so the contest today was in the nature of a rubber. It was watched with keen interest, as it was the first meeting between the two combinations before the Pacific Coast doubles tournament at Los Angeles in July, and one of the teams is expected to win that event and represent the Pacific Coast in the National doubles at Onwental, Ill.

Johnston and Fottrell are 18-year-old youths and hold the Oregon state doubles championship. All four combinations in today's match are club mates of Maurice E. McLoughlin, the National champion.

The tennis was clean cut and fast from start to finish. On the first set all four were at their best, and the 15 games played were productive of rally after rally, with all four at the net, and of high lobs, drop shots and hard drives. The tremendous pace told heavily upon the physical strength of Griffith, and he did not show up so well in the next two sets. Strachan fought hard all the way.

Pottrell played the best tennis of his career, a great reversal over the earlier game. He beat Johnston in the semi-final round of the singles. Johnston was there, as usual, with his hard hitting backhand drive, and at low volleying he was clearly the superior of the others.

The final score was 10-8, 6-0, 3-6, 6-3 in sets, and Johnston won. The only championship decided today was the women's doubles, which was won by Miss Sarah Van Vleet and Miss Jennie Myers, who defeated Miss Bessie Culley and Miss Laura Ferron in the final, 6-1, 6-2.

MILITANTS START ROW. ADVOCACY OF DESTRUCTIVE TACTICS CAUSES CLASH. Mrs. O. H. P. Belmont Cheers English Women Who Urge Violence at Suffrage Alliance Session.

BUDAPEST, June 20.—MILITANT suffragettes nearly caused a serious row at today's meeting of the National Suffrage Alliance. Mrs. Anne Coburn-Sanderson and Mrs. Charlotte Despard, both English women, advocated militant tactics and protested against their exclusion as fraternal delegates from full participation in the proceedings. They say, as fraternal delegates, they are entitled to the same rights as the official delegates.

Mrs. O. H. P. Belmont manifested sympathy with the attitude of the militants by standing up at the conclusion of Mrs. Despard's speech, cheering and waving her handkerchief. The non-militant delegates, however, resented the tone of the speeches as an abuse of the courtesy extended by the congress in permitting Mrs. Coburn-Sanderson and Mrs. Despard to speak at this year's meeting, and Mrs. Carrie Chapman-Catt, of New York, president of the alliance, prevented a rupture.

Mrs. Catt said the congress was anxious to welcome the delegates of all the suffrage societies on equal terms, but that the difficulty in so doing lay in the fact that the militant societies had no present conditions, when the number of suffrage societies had so increased.

Mrs. Catt protested against a few women claiming all the honor and glory as heroines and martyrs in behalf of woman suffrage, when she said that in the past there had been women equally devoted to the cause. Mrs. Stanley R. McCormick, of Chicago, was one of the five new members elected to the board of directors.

San Francisco is believed to have a good chance of securing the next congress. Mrs. May Wright Sewall presented the invitation to the Panama-Pacific Exposition to hold the next session in San Francisco. A decision will be made tomorrow.

CALL SENT TO PASTOR. REV. THOS. H. WALKER CHOICE OF LOS ANGELES CHURCH. Boyle Heights Presbyterian Committee Sure Portland Man Will Accept New Post.

LOS ANGELES, June 20.—(Special.)—Rev. Thomas H. Walker, pastor of Calvary Presbyterian Church of Boyle Heights, has received a unanimous call to become pastor of the Boyle Heights Presbyterian Church of this city. The Boyle Heights church feels sure that he will accept.

When the congregation decided to appoint a committee to select a new pastor, the Rev. Mr. Walker was the first name mentioned. The committee selected several pastors' names and began systematic, and quietly to inquire into the work of the Rev. Mr. Walker. The process of elimination followed, resulting in one name remaining, that of Mr. Walker being left. The committee felt he was exactly the man for the position.

Dr. Walker is a graduate of the University of Pennsylvania and of the Pittsburgh Theological School. Previous to coming to Portland a few years ago he was pastor of a church in Philadelphia. He said last night that it would be impossible for him to announce his decision to the church until he had called with the members of his congregation.

WILSON TO SIGN, WITH EXPLANATION. Views as to Exemptions. WASHINGTON, June 20.—After the Cabinet meeting today it was said at the White House that President Wilson would sign the ready bill appropriation bill with its provisions for prohibition of its funds for prosecution of labor unions and farmers' organizations under the anti-trust law.

The President, however, will write a memorandum giving his attitude toward the exemptions and his reasons for signing the bill, nevertheless. W. E. CAMPBELL SOUGHT Mrs. Nettie Foster, of Roseburg, Asks Governor to Aid in Search.
