WAY TO FINISH JAIL FOUND

Money in Department and General Funds to Be Used.

By using a sum of \$10,000 which will be left over at the end of the year in the Department fund, the majority of the money received in the general fund from the Portland Railway, Light & Power Company for streetcars, Mayor-elect Albee and members of the new City Commission hope to be able to complete the new city jail on Second street.

The jail is one of the problems which will be inherited by the Commission from the present administration.

The amount in the fund for the completion of the jail has been exhausted, excepting \$2000. To finish the jail will require an expenditure of about \$50,000. Just how the Rushlight administration expected to raise the money for the completion of the structure has not been explained.

The election of Mr. Albee to the Mayoralty has made an investigation and found that the money can be raised in the manner indicated.

It is said the money should be used for other purposes, there being a serious deficiency in the city funds but the completion of the jail is considered the most important improvement now pending.

After the close of the examination today the papers will be sent to Salem to be graded.

Assisting Superintendent Armstrong conducting the examinations are A. R. Draper, W. M. Peterson, Mrs. Flett, R. Draper, Professor H. J. Boyd, Mrs.

new official from the Mayoralty on down the list on hand and to start the new government off with a hurrah.

There will be present Mayor-elect Albee, Mayor Rushlight, members of the new Commission, the City Council, the Rushlight Executive Board and members of other city boards, all of the city officials who take office July 1 or leave office on that date, all the newspaper men who have "handled" the City Hall "beat" and all the ex-officials that can be assembled.

Those who are backing the plan got together yesterday at the City Hall and appointed a committee on arrangements comprising George S. Shepard, ex-Councilman, chairman, and J. E. Verlein, ex-City Treasurer, and L. A. McNary, ex-City Attorney.

The committee a series of meetings will formulate a programme for the affair. They expect to make it decidedly lively with a series of stunts and a list of speeches.

It is expected there will be 150 persons present, including Councilmen and Mayors for many years back.

Especially interesting will be the stunts, which will be along political lines. With so many new and old officials present it is said there are great possibilities for a lively session.

TRIAL HINGES ON "S"

FURRIER'S CLERK SUES FOR \$25,000 DAMAGES.

Saul Silverfield Has Seized in Gumbert's Store All Furs Bearing "S" Brand.

The letter "S," the distinguishing mark placed by Saul Silverfield, pioneer Portland furrier, on all furs handled through his establishment, is playing an important part in the trial in Old Court Judge Davis' department, of the suit of Ross C. Barnes, a former employe, against Mr. Silverfield to recover \$25,000 for alleged false arrest and malicious prosecution.

After leaving Mr. Silverfield's employ last Summer and entering the fur business at Gettysburg, a rival furrier and manager of the Hudson Bay Fur Company, Barnes was arrested on the complaint of Mr. Silverfield, who alleged that Barnes had been a whole-sale thief while in his employ.

A quantity of furs found in Gumbert's store marked with an "S" were seized and later turned back to Gumbert after the grand jury had returned a true bill as to Barnes and he was released.

Silverfield did not accuse his rival of being a party to the alleged thefts, but thought that Barnes was disposing of the furs he believed to have been stolen from him through Gumbert's store.

The plaintiff called to the stand yesterday another furrier, Louis Schumacher, who said that he also marked his furs with an "S." Gumbert testified that he had purchased from Shild Brothers, of New York, and that the mark was theirs.

The contention of the defense is that Mr. Silverfield acted in good faith and without malice in causing the arrest of Barnes and that because of the absence of justice and integrity on the part of the plaintiff he is not entitled to recover.

The question which the jury will have to decide is whether or not he acted in good faith and with integrity.

Commence putting on witnesses today.
