

WOMAN ARRESTED AS AUTO ROBBER

Chicago Police Think They Have Solved Mystery of Daring Hold-Ups.

NEWSBOY FURNISHES CLEW

Observant Youth Notes Number on Waiting Automobile and Detectives Enter Home and Find Telltale Evidence.

CHICAGO, June 22.—(Special).—Mrs. Irene Brunner, of 2317 South Dearborn street, was arrested today in connection with the hold-up and robbery of the dry goods store of Mrs. Elizabeth Foley, 756 East Forty-seventh street, Saturday night. Mrs. Brunner was today identified by Mrs. Foley as the woman who held a revolver in her face and rifled the cash drawer of the store Saturday night after buying a five-cent handkerchief.

Mrs. Brunner, who is the wife of Joseph J. Brunner, owner of a garage at 1443 South Washburn avenue, was taken into custody at her husband's garage three hours after the robbery had taken place.

Newsboy Gives First Clew. The first clew to the identity of the first woman automobile robbery in the history of criminology was furnished by a newsboy. He said that a woman answering the description of the one sought had left an automobile bearing the license number 12,715 at Cottage Grove avenue and East Forty-seventh street a few minutes before the time of the robbery, and had walked, leaving the car in charge of a man.

The license was traced and the arrest followed. Detectives working on the case entered Mrs. Brunner's home and there found a black bag which answered the description of the one carried by the woman auto robber, a revolver and a new handkerchief, which was later identified as the one bought at the time of the robbery.

Cost and Skirt Discarded. The brown skirt and coat were also found in the home, lying on the floor, as if discarded in a hurry. When these facts were communicated to Captain Lavin, of the Hyde Park station, the woman was removed to that station. In the arrest of Mrs. Brunner, the police believe, they have a woman who has perpetrated several daring holdups on the South Side. Her victims have been asked to identify her tomorrow.

BURGLAR CAUGHT IN ACT

Pockets Contain 4 Purses, 8 Rings and Other Jewelry.

SPOKANE, Wash., June 22.—(Special).—Surrounded by neighbors and the police, Frank Smith, 22 years old, was arrested shortly before 11 o'clock last night as he attempted to leave the home of C. J. Kemp, of Kemp street, 404 S. Union avenue, following his discovery in the act of burglarizing the residence.

Prior to the capture Mr. Kemp fired a shot at Smith as he was attempting to leave the house by way of a second-story window. All the members of the family were absent at the time the house was entered. As Mr. Kemp approached his residence he noticed a flash of light from the rooms of the upper story, and he immediately knew that a burglar was at work. He hurried into the house, seized a shotgun, and then called the police. The alarm was sent to the police station. Officers found the house unoccupied. Smith was arrested as he came from the front door. His pockets contained four purses, eight rings and other jewelry. The jewelry was identified as Kemp's.

MOVEMENT FOR RECALL ON

Oregon City Mayor and Six Councilmen Accused.

OREGON CITY, Or., June 22.—(Special).—Charging a long list of alleged violations of the city charter, on the part of the administration, a movement has been started here by Henry W. Drum and several other citizens to invoke the recall on Mayor L. E. Jones and Councilmen Beard, Albright, Holman, Horton and Meyer. While the movement has been under way for two weeks, it did not become known until last night, when announcement was made by Justice of the Peace Slevens, who, on hearing their purpose, refused the office as a meeting place for the men. The party then decided to call a mass meeting for next week.

Among specific charges made against the administration are alleged failure to provide a fire alarm system, the employment of a Portland man as City Engineer and an alleged contract for a public elevator, the cost of which would be in excess of the bond issue.

NEW DANGER SEEN

English Amateur Appears in Flimsy "Draperies."

ACT IS UNCONVENTIONAL

New York Interested in Novelty, and Grace of Performance Is Admitted—Dress Reform Ideas Interesting.

NEW YORK, June 22.—(Special).—Lady Constance Stewart Richardson, who came over from England recently for the avowed purpose of teaching American women not only how to dance, but how to dress as well as dance, has her first week trying to please American amusement seekers. It can be said that she has succeeded in part. Theaters-goers seem to appreciate her originality, but the critics say she dances without the professional finish they had led to expect. The flimsiness of the draperies she wears may have something to do with the crowds she is drawing.

Richardson's Lady Constance Stewart Richardson is a first really public appearance in Gotham. She danced here once before, but that was at a charity entertainment, and only members of "society" were permitted to buy tickets. Previously, however, she had danced in English music halls and had caused something of a furore. She also danced at a good many houses at which she was a guest and several times appeared before King Edward. Though she has appeared at public amusement houses she rates as an amateur.

BRAZILIAN STARTS WEST

Trade Envoy to Make Two Stops on Way to Coast.

CHICAGO, June 22.—The Brazilian Minister of Foreign Affairs, Dr. Laurin Muller, spent an active day here today after leaving tonight for San Francisco. Several changes in the plans of the South American guest, who is here promoting relations between Brazil and the United States, were announced before his departure for the West. Instead of going direct to San Francisco without further stops, he will spend tomorrow in Omaha and a stop of one day will be made in Denver. After several days in San Francisco, Dr. Muller and his party will return to New York by the Southern route, stopping at St. Louis and Pittsburgh.

ment largely neutralizes the advantage of the money issued on them as security, because the banks cannot draw back more from the Government than they have already invested in the bonds, but where a bank can put up its good assets it is able at all times, without sacrifice, to secure any additional circulation that the community may need and the governing board can be trusted to issue its Treasury notes to the regional reserve banks on terms that will be fair and just.

"The business interests, I think will welcome this bill as an unalloyed blessing. It gives them, through their banks, a promise of relief in any time of stringency, and it gives this promise without putting in the hands of the banks a power that might be used against the public. The bill is a faithful fulfillment of the promise made in the Baltimore platform."

Secretary Is Confident. "I feel sure that the Democrats of the Senate and House will rally to the support of the bill and I am sanguine

enough to believe that it will receive a cordial support from Republicans as well."

Administration leaders said tonight they were at a loss to understand how, in view of the urgency with which President Wilson will present the situation tomorrow, coupled with the statement from the Secretary of State tonight, there can be any hesitation on the part of Congress in complying with the President's desires. The currency bill made public last week will be introduced in both houses and the House budget committee, which is expected to meet early this week to begin consideration of the measure. A tariff will be under consideration by the Senate Democratic caucus most of the week.

CAUCUS FIGHT TO BE FEATURE.

The caucus fight on free wool and free sugar will be the important event of the week so far as tariff is concerned. When the majority members of the committee report on the income tax feature of the bill there may be a lively discussion in view of the divergence of views among Democrats as to the basic exemption. The Senate budget committee has reduced the exemption from \$4000 to \$2000 for unmarried persons, but some Senators think it should be still lower. For the first time in many years a real reform in Congressional appropriations appears to be in sight.

FRIEDMANN HAS \$49,000

DOCTOR'S NET GAINS IN AMERICA ESTIMATED.

Total Receipts Said to Have Been \$65,000, of Which \$12,000 Went to Press Agent.

NEW YORK, June 19.—It is estimated that Dr. Friedrick Franz Friedmann on calling for Germany after a four months' stay in the United States took with him approximately \$49,000 as the gains of his so-called tuberculosis serum. Dr. M. A. Storm, Dr. Friedmann's former assistant, made the figures. He said that Dr. Friedmann had received \$30,000 from patients treated in Providence, \$20,000 from those in the New York institute, and \$2000 from a private patient. Of this sum, \$12,000 went to the doctor's secretary—press agent, C. Vidal-Hunt, and \$16,000 to his brother, Dr. A. C. H. Friedmann, leaving approximately \$49,000 to take back to Germany.

Dr. Friedmann said on board the Kaiser Wilhelm der Grosse just before he sailed that he had "fallen into bad hands" in America. He added: "They say that seven of my patients died. What of it? The average is much smaller than any other country. I had in view of the fact that I treated more than 800 persons." Dr. Friedmann said he was satisfied with two of the three members of a newspaper commission appointed to investigate his treatment in Germany. The third man, Dr. Wolff-Eisner, Dr. Friedmann said, opposed him when he made his memorable speech announcing the cure before the Berlin Medical Society on November 8, 1912. For that reason, he said, he did not think Wolff-Eisner could conscientiously serve on the commission.

FEDERAL COLUMN IN TRAP

Mexican Armored Train Stranded Between Burned Bridges.

NOGALES, June 22.—General Ojeda's federal column, advanced toward Hermosillo, is surrounded completely by insurgent state troops, said today's official state adviser received here. It was ascertained that the federal armored train was stranded between burned bridges and that the insurgent troops were on the defensive. Fifty federal soldiers who left Guaymas to reinforce Ojeda's group were met and routed by state troops near Empalme late yesterday. The state officials insist that desertions are occurring daily from the federal ranks. "Nothing was said in today's dispatches regarding the operations of the federal column," the state adviser said. "The federal garrisons lying in the harbor. Advice received here said that the fighting had not been continued since dark last night."

Pig Tongues With Pineapple Sauce Already Here, but Mutton Chops Perfumed With Violets Violate Canons of Cookery.

REAL GOURMETS RESOURCEFUL.

That was a new one for some of the patrons who overheard the order, but the supper garcon never batted an eyelash. He brought the order with many genuflections. That was an easy one. The real epicure orders a dinner like this:

Clams and lemon marmalade. Baked tripe and chafed orange peel. Boiled mutton with shrimp sauce. Hashed brown potatoes, pomegranate flavor.

Spinach with roquefort cheese dressing. Currant jelly and chopped green pepper tarts.

Vanilla flavored coffee. Perfumed cigarettes.

Although they laugh at the futurist cooking, the chefs admit there are many good ideas to be gained by the revolution on foods and the manner of preparing them.

SOME SUGGESTIONS ACCEPTED.

Misses Henri Raymond, who manages a kitchen much better than he does the English language, maintains, with a wealth of gesticulations, that many changes may be made to enhance the succulence of regular foods. For instance, he suggests a drop or two of rum in meat gravies.

"Ah, we get many of us, so what you say, freak orders," said Arthur Maitre. "A man calls for pig tongues and pineapple sauce. Yes, it is very fine; and broiled mackerel and cranberry sauce. Omelet with oysters, ooh, excellent; but not pie perfumed food—no, no it is bad for sea stomach."

Dr. Friedmann's idea is one of the extremes. Chops perfumed with violets, and fried chicken heavy with the perfume of carnations are among the leaders.

Hotel men say it is only a step to herring with raspberry jelly, sardines au camembert, and low cream garnished with pearl onions. For the vegetarian futurists, parboiled corn and chopped turnips, or pickles cut raw sweet potatoes and dill pickles will be favorites.

LIQUOR MEN FIGHT

Nebraska Initiative Amendment to Be Attacked.

ISSUE GOING INTO COURT

Hope Lies in Securing Reversal of Supreme Court Decision on Inaugurating Party Ballots for Indorsed Amendment.

OMAHA, June 22.—(Special).—A fight to defeat the object of the initiative and referendum amendment to the Nebraska state constitution passed last Fall is planned by the liquor interests of the state, according to John P. Breen and other prominent attorneys here, who say they have information that such a campaign is to be pursued with vigor. This will be a retaliatory measure against the initiative proposition of the Anti-Saloon League, which proposes to eliminate some 300 saloons of the state by means of a three-fold proposition to be initiated at the 1914 election.

The propositions to be submitted by the Anti-Saloon League are that there shall be no saloon within two miles of

WASHINGTON, being asked for his views on the statement by the Secretary of the Interior of the conditions for water power permits.

"Leaving out of consideration any legal questions involved, I think the Secretary has laid down some good principles to control in the granting of permits for the development of water power. Representative La Follette and I conferred with him the other day regarding the Pen d'Oreille River, and several of these points were suggested by us. The great essential in the development of water power is cheapness to the consumer. Even monopoly is not so objectionable if production of power is stimulated and a cheap rate is furnished the consumer. Recognition of the fact that the local public utilities commission is more competent to control interstate rates than some more than 2000 miles away is wise and in the interest of the people, and the incentive to development and low rates by making the National charge low is a simple and practical plan. The provision in regard to monopoly is in line with the amendment I proposed to the Connecticut River dam bill last session, and which was adopted by the Senate."

Y. W. C. A. CONFERENCE HAS MISSIONARY SERVICES.

"Stunt Day" Celebrated With Pageant Representing Various Phases of Activity and Campaign.

GEARHART, Or., June 22.—(Special).—The Rev. Herbert P. Gowan, of Seattle, came to Gearhart Saturday as the special speaker for the Sunday services at the Young Women's Christian Association convention. In addition to the regular services, the programme provided for denominational and missionary meetings at the vesper hour. Seven special group meetings were held.

The Saturday "stunts" included a pageant given by all the girls of the conference representing the activities of association work in the four phases of college life. In the open court, in the city and in other lands. The principal part, the association spirit, was taken by Miss Beulah Spill, of Portland. The groups in different costumes made an impressive sight assembled on the lawn of the hotel. Before the hour for the pageant a dip in the ocean was indulged in.

Tomorrow morning the technical course for board members will be led by Mrs. Stephen B. L. Penrose, of Walla Walla, president of the National Young Women's Christian Association, elected at the recent convention for two years. The National work will be presented at the night session by Miss Edith M. Dabbs, Miss Edith N. Stanton and Dr. Anna L. Brown.
