Captain Dollar Warns Americans Not to Expect Too Much From Canal.

was installed recently. The annual edition of The Orego-nian, which was delivered to the Eng-lish-speaking natives of the isolated Palmerstone Islands in the South Seas, by Captain Hansen, of the Klona, last Spring, was the first news which they had had of the outside world for nine months. Pilot Board Meets at Astoria. ASTORIA, Or., June 24 .-- (Special.)-The State Pilot Board held a meeting here today with Commissioners Taylor, Kopp and Monks present. The only im. portant business transacted, aside from acting on routine matters, was to re-new the river pilot licenses held by Captain H. T. Groves and John Peter-son.

### BRITISH ADVANTAGE SHOWN

This difference in cost of transporta-tion is the lower interest charge and insurance rate for the foreign craft and the lower operating figure where the foreign flag permits a large percentage of Asiatic crews. Vessels of American of Aslatic crews. Vessels of American registry will have to pay so much more on these three items that their freight charges must be materially higher. Be-cause of this difference, the master of one important shipping line insists that the prospect for local mills to make headway on the Atlantic seaboard against the British Columbia product is not hopeful just now.

### Boycott Is Discussed.

Captain Dollar reached Portland yes. terday. He wired O. M. Clark, of the Clark & Wilson Lumber Company, to of the Chamber and Lumber Company, to Chamber of Commerce, and F. C. Knapp, of the Chamber and Lumber Manufac-turers' Association, were called into consultation and the four men dis-cussed the San Francisco lumber boy-cott situation.

cott situation. All three of the Portland men in the conference with Captain Dollar are to represent the Portland Chamber and the Portland lumber interests at a con-ference in San Francisco called by the United States Chamber of Commarce. United States Chamber of Commerce. None of them made any statement of the result of yesterday's meeting, but it is presumed that the question was put in better shape to be considered by the National Chamber officials.
